

GENERAL NOTES AND NEWS.

Women who read newspapers are always bright, good-natured, and full of common sense.

Men are born with two eyes, but with one tongue, in order that they should see twice as much as they say.

The agrarians in the lower cities all have canes, so that the officers can see that they have a visible means of support.

"At what age were you married?" asked she inquisitively. But the other lady was equal to the emergency and quietly responded, "At the parson-age."

If she doesn't invite you into her house, after having escorted her home, it isn't worth while to waste any more ice cream on her—your case is hopeless.

A clergyman started his flock a few Sunday evenings ago by telling them: "Hell is not half so full of men and women as men and women are full of Hell."

The exports from the Willamette Customs District for the month of October amounts to \$900,000. There are now twenty-five ships in the river at Portland.

Andrew Jackson was accused of bad spelling, but John Randolph defended him by declaring that "a man must be a fool who could not spell words more way-station one."

A young man named Baker was shot and instantly killed near Forest Grove, Sunday before last, by another man named Dickens. The shooting is claimed to have been accidental.

A farm on the Rio Grande belonging to Col. Ring consists of 160,000 acres, all fenced. He owns 22,000 horses, 30,000 cows, 72,000 sheep, and 30,000 mules. He employs 300 Mexicans as herders.

Sitting Bull told the Commissioners that he did not want to kill Gen. Custer and his command, but they fought so desperately and refused to surrender that he was compelled to kill him and his troops.

Columbia, Nov. 17.—Judge Townsend overruled motions for new trials in cases of Cardoza and Congressman Smalls. Motions in arrest of judgment were then made. The court holds these under advisement till the 29th inst.

Senator Morton's full name was Oliver Hazard Perry Throck Morton, and he used to be fond of prefixing all these initials to his surname. It was his legal preceptor, John Newman, who persuaded him to leave out some of these names.

The white cigar makers in San Francisco are endeavoring to get the manufacturers in that city to discharge the Chinamen in their employ and employ white cigar makers from New York. It looks as if the movement would be successful.

Wealthy Chinamen of San Francisco are suspected of crippling the feet of their little girls, after the fashion in their own country. Ah Moon is under arrest for having removed the bones from his daughter's feet, so that they could be compressed.

Senator Booth has submitted a resolution calling upon the President for information concerning the Nez Perces war, number of soldiers and Indians engaged therein, lives lost, cost of war and what disposition had been made of Chief Joseph.

One of the San Francisco hotels has introduced a new and useful feature. It is a "drunk room." When a customer becomes so much intoxicated that he can't take care of himself he is put into that room and kept there until he is able to navigate.

We are informed, says the Mercury, that Mrs. Lorenzo Stewart, of Molalla, Clackamas county, who has been afflicted with a cancer on her left cheek for three years past, has received permanent relief, under the treatment of Mr. Wm. Green, of that city.

Claiborne F. Jackson, once Governor of Missouri, married five sisters. When he went to ask for the last one his venerable father-in-law replied: "Yes, Claib, you can have her. You have got them all; but for goodness sake, don't ask me for the old woman!"

In Massachusetts, a man who cannot read the Constitution in the English language, or who cannot write his name, or who has not paid his taxes, is not allowed to vote. This is a good item for Southern patriots. It would look well floating from the "mast-head."

A gentleman walking up Main street at Salt Lake, said, in a loud tone of voice: "How are you, prophet?" Fourteen hydra-headed fellows turned around and told him it was none of his business. The crowd of prophets is unusually large this year, but the quality is decidedly poor.

The uses of the telephone continue to multiply. One of the latest examples being given on a New York Central train the other day, when communication was opened between the locomotive and the rear car, so that ordinary conversation between two extremes was distinctly carried on in spite of the noise of the moving train.

He was a wild Texan, just from the frontier, and boarded the train at Fort Worth for Dallas. It was his first ride on the "keers," and as the conductor reached in his hip pocket for the punch the sharp eye of the Texan caught the glimpse of his polished handle. Quick as thought he leveled a navy six on that conductor, saying, "Put 'er up for I'll blow daylight through you. No man can get the drop on me."

It costs the Methodist Episcopal Church \$270,000 to convert 2,000 Chinamen to Christianity in seventeen years. Such high-priced religion as that should be of the very best quality. All these Chinamen want now is to learn a little more of our banking system. That will complete their civilization and confirm them in the true faith.

DURING a thunder-storm two dogs that howled dismally at night were struck by lightning. Howling dogs should cut this out and paste it in their hats.

Ayer's Sarsaparilla

For Scrofula and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetter, Ringworm, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhoea, arising from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skillfully combined that the full alternative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruption which develop into loathsome disease. The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known, that we need go no more than to assure the public that the best qualities it has ever possessed are strictly maintained.
