GENERAL NOTES AND NEWS.

Buckwheat cakes have met their Tirnova and they are ours.

Since last May \$600,000 worth of cattle have been sold from Grant county.

Large lots of wheat are changing hands at Eugene City, \$1.05 to \$1.07 being paid. A Coos county man is reported as having sold \$100 worth of eggs last year from forty

hens. L. G. Jackson has retired from the Salem Statesman, and W. H. Odell is now sole proprietor.

The Yamhillers are getting excited over the prospect of a railroad. Amity has subcribed \$30,000.

It is now said that the fall of Kars was brought about by the treachery of a Turkish Pasha, name not given.

If a man "reap whatsoever he soweth," what a harvest of coats and breeches the tailors will have one of these days.

Col. A. B. Meacham, formerly of this State, is to be editor of a new Philadelphia monthly to be called the Council Fire.

Seven hundred Sioux Indians are on the war-path in the Deadwood country, attacking trains and causing general consternation. Ex-Controller Connolly, of New York, has

contessed judgment for the full sum claimed (\$8,000,000) in the suit of the people against Suspend a sweet potato in a jar of water.

It will sprout luxuriantly, and you may train the vines about your windows during the win'er. The shaft at the Henryville mine, Coos Bay, is about 300 feet below the ocean level,

and still they find beds of oyster shells and petrified oysters. Orders have been issued from army head quarters for the departure of a number of troops-cavalry, artillery and infantry-for

the Rio Grande. A woman purchasing cups and saucers was asked what color she would have. "Why, I ain't particular," said she; "any

color that won't show dirt." The reason why a Baptist minister is nevsentatives is because Congressmen do not believe in getting to heaven by the water

Coos county has made its first shipment of wheat and oats. The grain came out of the Coquille. The amount was 100 tons, and was taken by the schooner Mose to San Francisco.

The shipment of cattle east on the Union Pacific Railroad has increased so rapidly of late that the company are now building three hundred new cattle cars for the business next year.

The original "Champagne Charley" is now dead. His name was Charley Thorpe, a young Englishman, with an income of \$50,000 a year, inherited. Thirty-four years penses of sale. of age. London.

Charley Ross' father has expended \$60,000 | ment. in his searches, and made about 300 fruitless journeys. He is now poor, his business having gone to naught through neglect, and he has engaged as a travelling salesman.

Cincinnati, Dec. 1 .- At the session of the National Grange to-day the Grange Bulletin, Frey's Boot and Shoe Store, published by the national executive committee, was ordered discontinued. The grange adjourned, to meet next year in Richmond.

The St. Paul Press reports Joseph as saying to Gen. Miles that he wants to return to his home in Idaho, which he loves as he loves his mother. He was much dejected on being told that he would be taken to Fort spectfully informs the public that he is Leavenworth. Evidently Joseph does not know how injudicious it would be for him to teed. return to Idaho. He tells Gen. Miles that the trouble began with the death of a dear friend of his by the hand of a white man. This is a reference to the Indian who was killed in Wallowa valley some time since.

It is said that Senator Sharon, of Nevada, when elected to the Senate supposed himself worth about \$20,000,000. The failure of the California Bank, death of Ralston and heavy shrinkage in stocks have so crippled him that his financial salvation is by no means assured. He is now in San Francisco attending to his private affairs instead of filling his seat in the Senate. Should the Republicans insist on his occupying his seat, he will resign. In that case a Democrat would be appointed in his place, as the Governor of Nevada is a Democrat.

"Three years since I was very much reduced with a dreadful cough, which resulted in Bronchitis, affecting me so severely as to render it difficult to speak in an audible voice. To this was added severe night sweats, and I was fearful of going into a decline. After recourse to various remedies, to no purpose, I made use of Dr. Wistar's Balsam of Wild Cherry, a few bottles of which fully restored me to health. Since that time I have had several severe attacks of cough, but the Balsam has always removed them. I always keep it by me, and should not know how to do without it." Sold by all druggists.

Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application.
