

DEMOCRATIC COUNTY TICKET.

For State Senator, J. N. T. MILLER, of Jacksonville. For Representatives, W. M. COLVING, of Rock Point, JOS. A. CHAIN, of Jacksonville. For Sheriff, J. R. TOZER, of Ashland. For County Clerk, W. J. PLYMALE, of Jacksonville. For Treasurer, NEUMAN FISHER, of Jacksonville. For Assessor, SAMUEL J. STICKLE, of Grant's Pass. For Commissioners, JOHN DALEY, of Little Butte, DANIEL RYNDOLD, of Table Rock. For School Superintendent, JAMES D. FOUNTAIN, of Ashland. For Coroner, DR. A. C. STANLEY, of Table Rock. JACKSONVILLE PRECINCT TICKET. For Justice of the Peace, T. B. KENT, For Constable, D. W. CROSBY.

A Radical Truth.

Senator Howe, of Wisconsin, a leader of the Republican party, said in his speech in the Senate a few days ago that "If Louisiana did not vote for Packard the whole world knows that Louisiana did not vote for Hayes." And the world knows well enough that Packard wasn't elected, and recognizes Nicholas as the de facto and de jure Governor of that State. Hayes knows and openly recognizes this fact, without the slightest effort at concealment or denial, and this too, in the face of the fact that Packard got 2,000 more votes in Louisiana than some of Hayes' Electors. Howe further adds that "If Hayes is not a usurper, Nicholas is," and comes to the conclusion that the President has either usurped his own office, or has aided Nicholas in usurping his. There seems to be several unpleasant horns to Mr. Hayes' dilemma.

A Great Race.

At Louisville on July 3d a race will be run, four mile heats, between the champion of the turf, Tenbroeck, and the never-beaten Mollie McCarty, for \$10,000 a side. This will be the most remarkable race ever run in the United States, if not the world, for Tenbroeck has eclipsed the best time ever made, and the California mare has never lost even a heat, much less a race. Mollie McCarty is owned by Theodore Winters, the most notable stock raiser on the Pacific Coast, owner of the celebrated Norfolk, and a large stud of well known animals. Mollie McCarty is a grand daughter of Norfolk, by Monday, out of Hennie Farrow, and is one of the finest bred and most beautiful animals on the turf. Mr. Winters is willing to run this mare against Parole, Aristides, Tom Ochiltree, or in fact any horse in the world, miles heats for \$5,000.

Greenback State Convention.

The delegates of this new political organization met in State Convention at Albany, on the 3d instant, and put a ticket in the field as follows: For Governor, M. Wilkins of Lane county; Representative in Congress, Prof. T. F. Campbell of Polk (the same who ran for Governor on the Independent ticket four years ago); Secretary of State, N. T. Cates, of Union; State Treasurer, F. Southerlin, of Douglas; Supt. Public Instruction, W. W. Parker, of Clatsop; State Printer, D. W. Craig, of Marion.

PINCHBACK, of Louisiana, visited Hayes, at his temporary residence in the White House, the other day. He says His Fraudulency took to him kindly—they had a good time. Pinchy says Louisiana has now the best governor within his recollection and the people are better satisfied than heretofore with public affairs, although, as elsewhere, there are complaints of hard times. The only thing of which Pinchy complains is that a few children nearly white in the public schools in New Orleans have been required to leave. His own children were included in the number removed by the school authorities.

TO BE RE-ADVERTISED.—The dispatches of the 5th, from Washington, state that in consequence of technical defects in the bond of the lowest bidder (a Mr. Pease, of Atchison, Kansas), the Postoffice Department has decided to re-advertise for bids for carrying the mails between Reading and Roseburg. The present price paid is stated to be \$73,000 per annum.

JUDGE J. H. REED and Sidney Dell have formed a partnership in Portland for the practice of law in the courts of this State.

REPUBLICAN COUNTY CONVENTION.

This body assembled in meagre numbers at the Court House last Saturday, and after going through the usual forms "for such cases made and provided," quit about where they began. The attendance of delegates was slim, but after an adjournment they succeeded in drumming up enough to conduct the business on hand. Little interest was manifested and little done—and we may add little will be for it to do. A Bish was chosen Chairman and Ed. F. Lewis Secretary. Committees on Credentials and Order of Business were appointed by the Chair when the solemn body adjourned to drum up the dilatory and try it again after dinner. On re-assembling thirty-one delegates were (out of a possible 42) reported as entitled to seats—many of these "proxies."

After "Reports of Committees" the Convention proceeded to the solemn business of selecting seven victims for the slaughter at Salem on Wednesday next. They were W. A. McPherson, Simon Caro, B. F. Dowell, M. Muller, J. H. Skidmore, N. Langell and W. C. Myer. The Convention then enacted that the present members of the County Central Committee—we don't know who they are—conduct the services for the ensuing term of two years. After instructing their delegates to do the best they can for this portion of the State on the State ticket, the solemn convocation dissolved and was absorbed in the whirl and throng of homeward going school children.

They wisely refrained from putting up victims for county sacrifice—doubtless leaving that Herculean labor to the adolescent "greenbackers," who now, together with their kinsmen the grouse, are just beginning to "hoot." And thus closed in the calm quiet of stillbirth, the first act in the drama of party burial.

A Declaration.

Our fellow-townsmen C. C. Beckman, whose name has been very freely used by the Republicans as a possible candidate for Governor on their forthcoming ticket, comes out in a card in the last Standard, declining the proffered honor. After disclaiming any exalted political ambitions, he hopes "that the Republican convention will select a candidate more desirous of political honors, acceptable to the people, and better fitted to discharge the executive duties." On the whole we are constrained to admit that the party might select a much worse candidate than Beckman, but we commend his judgment in declining the empty honor of candidacy with the certainty of defeat. We learn, from the language of his card, however, that certain "conjunctions" might induce him to submit to the chance of being "struck by lightning."

How to Kill Oregon of Chinese.

Under this heading for a leader, among other things the Portland Standard of the 5th says:

Having stopped all further swarming of Asiatic slaves to this country, the people must then turn their attention to the Mongolians that are already here. We are opposed to all incendiary methods of driving them away, but it is in our power to frame laws that will be so distasteful to the heathens that they will be glad to leave us almost of their own accord. We must therefore look to the men who are nominated on our tickets for the State Legislature. There must be no weak men, willing to promise anything and then as willingly forget after election. Candidates must be outspoken in their determination to do all in their power to wipe out the Mongolian curse, that is blighting the whole Pacific Coast, by all legislation within the range of constitutionality. The cubic air law, as favoring sanitary measures should be enforced; laws prohibiting the retention of Chinese corpses for shipment to China, should be passed; a heavy per capita tax should be placed on every Chinaman arriving in the country; the queues of Chinese found guilty of crime should be cut off, thus barring their return to the Celestial Kingdom; their idols should be destroyed as a mockery to our intelligence and an insult to our God, and their superstitious fires and punk burning be stopped for the safety of our city. These are but a few of the many laws that might be passed if we only put "the right men in the right place," and we feel assured that if our people at large will but catch the spirit that actuates the Portland Working-men, we may yet rid ourselves of the obnoxious Chinese.

GOBBLED IT.—One Federal Colonel O. L. Sheppard of Newport, R. I., who is on the retired list, has been court-martialed and sent to prison for one year and thereafter until he refunds \$1,903 and interest since 1864. He was made the keeper of money collected to build a monument on the site of the battle of Stone river and he keeps it too well.

THE CANDIDATES.

Just as we were putting the paper to press yesterday afternoon we were shown a dispatch from Chas. Nickell to Thos. G. Reames of this place stating the following nominations so far made on the Democratic State ticket: For Congress, Whiteaker, of Lane; Governor, Thayer of Multnomah; Secretary of State, T. G. Reames, of Jackson; Treasurer, Brown; State Printer, A. Noltner; Supt. Public Instruction, Emory.

These were all the nominations made up to noon of yesterday and we congratulate our fellow townsman Tom Reames on his good luck. We have only time to say, what all who are acquainted with the gentlemen will admit, that so far the ticket is a good one, and we hope the remainder may be of the same stamp.

COUNTY COURT PROCEEDINGS.

The following are the proceedings of the April term of this Court:

The petition of Abraham Miller and 38 others, praying for the establishment of a new precinct, was granted by the Court. It is to be known as Chimney Rock precinct, and the voting place is to be at the house of J. Freshour.

Another road district was also established out of District No. 32, and G. W. Bronfield was appointed Supervisor.

A petition bearing the names of 51 signers of this city was presented asking for the opening and removal of all obstructions on the road leading to Sterling, opposite the residence of John Weiss, which was granted. Supervisor instructed to have it surveyed and opened at once.

The County Judge was instructed to purchase two more road scrapers to be used in repairing the county roads.

The County Clerk was authorized to advertise for proposals for the keeping of the county poor for one year. Bids will be received up to 12 o'clock, June 5th.

Messrs. J. M. McCall and C. K. Klum petitioned the court to be released from official bond of W. A. McPherson as Justice of the Peace of Ashland precinct. Decided that Court had no jurisdiction in the matter.

Proposals were ordered to be advertised for to construct bridges across Bear Creek and Elk Creek on the county roads, and R. V. Beall was appointed Superintendent of construction for the former and Uriah Gordon for the latter.

JUST WHAT YOU NEED.—Every miner, attorney and business man needs Cope's HAND BOOK OF MINING LAW, Price only one dollar, advertised in our columns. The third addition of this work is now out, and it is praised on every hand as just the thing needed in our mining camps. The officials at Washington, who construe the mining law, speaks of this book as follows: Commissioner Williamson says, "The work has evidently been prepared with great care and cannot fail to be of great value to all interested in mining property." Asst. Attorney General Marble says, "The Digest of Decisions appears to be brought down to this date. The arrangement of statutes and instructions, by topics, is very convenient, as it is novel. It is an admirable compendium of mining law." Col. Ford, Chief of Mining Division of General Land Office, says, "It contains the only complete list of mining patents ever published." Law Clerk Tiffany says, "The knowledge that may be obtained from it would enable claimants to so prepare and prosecute their claims that much delay, loss and litigation would be avoided." Law Clerk Brainard says, "By consulting this book mine-owners and claimants will be able to avoid the payment of consultation fees for legal advice; and by having the laws of decisions before them they may also avoid expensive and unnecessary litigation to many cases." Law Clerk Howe says, "I know of no publication on the subject containing so much information. It is on my desk for constant reference." Lawyer Mendenhall says, "As a book for easy reference it is invaluable. The work is destined to become the code book of all attorneys resident in the mineral regions." Ex-Commissioner Drummond says, "No other work that we have met with contains so much information on the subject treated in so small a compass."

THE Earl of Leitrim, of Vaughan county, Ireland, together with his clerk and driver, were assassinated on the highway on the 2nd instant. He had some trouble with his tenantry, some of whom have been arrested for the deed. The London Times says an unexpected declaration of war would not have produced greater consternation than this affair has done.

THE contested election case, McDowell vs. Williams, of this State came before the House Committee on Elections in Washington a few days ago, and was summarily dismissed.

A CARD.

TO THE VOTERS OF JOSEPHINE COUNTY: WHEREAS, There have been various rumors about concerning the Court I would pursue in case the County Seat should be moved to this place, I take this place of making known what action I shall take in the premises.

I shall, for the consideration of the sum of One Dollar, give a Warranty Deed to a plat of land within the limits of the town of Wilderville, as selected by Messrs. S. Harkness, John Wells and Alex. I will also give my hall, rent free, for the use of the county, for court purposes, until such time as the county shall build a Court House.
