MORE NUGGETS.

Last week Mr. J. Slagle, who has been mining on Savage creek, a stream near Foot's creek, about 15 miles from town, turned the water off from his ground, slued and picked up a number of solid gold nuggets, varying in value from \$11 to \$27.

The Salem papers say Mr. John Orth, Treasurer of Jackson county, has turned over to Hon. A. H. Brown the sum of \$10,000 as taxes due the State from that county.

Roads are fast improving and the stages have again resumed their regular winter time. Billy Carl is in town the other day "fixing things" along the line.

A view of our valley at this time naturally brings to mind the words of that old Methodist hymn— "Oh! the transporting, rapturous scene that rises to my sight! Sweet fields are sown in living green and rivers of delight."

Mrs. H. S. Laky lectured at the Court House on Friday and Sunday evenings last, to good houses. Her topics were of a religious character and she sustained the reputation of a good speaker if nothing else.

Jo. Rapp keeps up his hick, rain or shine, and in addition to his regular supply of vegetables furnished our citizens, supplies us with choice apples. He has our thanks for a liberal bucket-full on his last trip.

The Sentinel says the owners of the Emeline Quick-silver Mine have received a proposition from San Francisco parties to lease their mine for six or eight months at \$50,000. The Company have not yet decided to accept the offer.

We hear there will be quite an attendance—an unusual number of delegates—from this county at the coming Republican State Convention.

F. Dowell went down on Monday last, and Max Muller, W. A. McPherson, J. H. Skidmore, Simon Caro and W. C. Myer will be on hand. "What de carnion is dar will be buzzard be also."

J. S. Howard, Superintendent of the Spruce Lake Ditch and Mining Company came into town on Wednesday, on business for the Company, and returned on Thursday. He says the digging of the ditch is finished and the fitting up of the claim for work will be commenced at once. They expect to be running in a very short time.

Charley Hurt, formerly employed by the Sterling Company as overseer on their ditch, but who for some months has been afflicted with rheumatism, has so far recovered as to be able to resume work, and has engaged with the Squaw Lake Mining Company and will commence work in a day or two. Charley is a good fellow, a No. 1 miner, and will be a host for his employers.

W. J. Plymale is refitting his livery stable and intends making an active summer campaign in the livery line. He sold his fine horse "Tampson" to a Yreka man the other day for \$500, and it is probable that Jas. McDonough, who took the horse to Yreka, has also sold his fine trotting horse "Major," which he took along, for \$800. Jackson county raises a class of horses that bring money when put on the market.

Patrick Maroney, of Josephine county, was last week taken to the Insane Asylum at East Portland by Deputy Sheriff Delamater. He was a veteran of the Mexican war, and his life was once saved on the battle-field by Col. E. D. Baker, of whom he was ever after an almost insane admirer. For several years he has been tunneling in a barren mountain in Josephine county, and declaring that he had struck another Consolidated Virginia. He finally became so violent as to require confinement.

POSTOFFICES IN OREGON.—The telegrams of April 7th say that a Postoffice has been established at Foot's creek, in this county, with Silas Draper as Postmaster, and the Dairy and Sprague River offices in Lake county have been discontinued.

BRIEF MENTION.

State Convention met the day before yesterday.

A new post-office has been established in this county at Pioneer with James Purvis as Postmaster.

The Greenbackers of Ashland have called a meeting for to-morrow to organize a Club at that place.

The Board of Town Trustees will hold a regular meeting at the Town Hall on Tuesday evening, April 16th.

Mat. Dillon keeps a cozy little place at the east end of California street. All you can want to drink or smoke is there.

W. H. S. Hyde, formerly of this place, has received the nomination for County Clerk on the Democratic ticket in Coos county.

Daniel Reynolds, as will be seen by card elsewhere, declines to run for County Commissioner. We do not think his objections apply to himself.

Business in the livery line is increasing and Jim Gardwell is making preparations to meet the demand by buying new teams and vehicles thereof.

The Salem papers say Mr. John Orth, Treasurer of Jackson county, has turned over to Hon. A. H. Brown the sum of \$10,000 as taxes due the State from that county.

We give the following from an exchange as a sample for practice by our young elocutionists; and it will also, by a simple change of name to suit the case, serve for use when the gait-lounging fever shall require hyperbolic climax at its culmination:

I stood upon the ocean's briny shore, And with a fragile reed I wrote upon the sand— "Agnes, I love thee!"

The mad waves rolled by and blotted out The fair impression, I'll trust ye no more; But with giant hand I'll pluck From Norway's frozen shore Her tallest pine, and dip its top Into the crater of Vesuvius; And upon the high and burnished heavens there, I'll write— "Agnes, I love thee."

And I would like to see any Dogged wave wash that out.

The gophers are said to be doing mischief on the mining ditches, particularly in the Sterling camp. They bore holes on the lower side of the ditches which of themselves are insignificant, but the rush of the water through them soon increase their size to such an extent as to carry away the bank and sometimes make large breaks in the ditch before they are noticed. It requires constant watching to circumvent these pestiferous rodents.

G. E. Strong and Lieut. Moore came in from Fort Klamath, on Tuesday last.

H. M. Thatcher was a guest of our burg during the week. He has disappeared, however, without so much as good bye.

On Wednesday Wm. Bybee, accompanied by Surveyor Chas. J. Howard, went down to Grave creek to survey the ditch spoken of by us last week.

Alex. Martin has decided to remove from this place soon and calls upon all who are indebted to him to step forward and "square." We hope he will change at least the first part of his decision.

Newman Fisher started for San Francisco on Saturday last. It is his intention to lay in a large stock of goods for this market and in a short time will have one of the most extensive and varied supplies ever brought to Jacksonville.

Wm. M. Turner returned last Saturday from his visit to the Josephine creek diggings. He found too much water in the ground yet to allow prospecting successfully. He is confident of having a "big thing" there and will spare no efforts to develop and work it as soon as possible. It is in what was once a very rich camp and competent judges say his prospects are good as could be found anywhere.

THE "PALMER BOY."—A correspondent of the Sentinel, from Williams creek, after detailing the character of the boy and the rough treatment by his father, asserts that the boy William Palmer did attempt to run away; that he was seen to enter Bear creek but was never seen to emerge therefrom, thus inferring that he was drowned. It may be that the boy will turn up all right,—it is to be hoped so, at least,—and we trust that if his whereabouts are discovered, the facts will be communicated to us at once. His description will be found in this paper, and any information concerning him will be at once conveyed to his parents.

Since the above was in type we believe we have found distinct trace of the boy. About the time of his disappearance a lad fully answering his description, applied to our fellow townsman Smith, Courtney & Co., for employment, stating that he came from about the region of Williamsburg or Applegate, and that he had had a difficulty with some boys over there and as they had threatened to take his life he was afraid to return. He also stated that he had recently worked on a farm, making rails, &c., for a ranchman on Williams creek, and that he had no money, having spent all he had for a pistol to protect himself with in case the boys over there should attack him. Mr. Courtney advised him to return, and not to carry a pistol, and took him to his house and gave him a breakfast. From then he was not seen by any one about the shop. We are confident that was Wm. Palmer, and doubtless fearing to return home he has obtained employment elsewhere and will take care of himself. There seems to be much feeling about the matter in the neighborhood of the Sentinel's correspondent, but we think unnecessarily so; and that time and a little cool judgment will fix things all right and restore harmony. One rash act may get them all into unnecessary and serious trouble.

GREENBACK CLUB.—Last week a Greenback Club was formed at Central Point. J. B. Wrisley was chosen Chairman and J. S. Grigsby as Secretary. They reported 26 members for a starter, with Isaac Cox for the opening orator and expounder. The next meeting of the Club is called for the 20th at the Manzanita Church.

Judges of Election.

The following Judges of Election for the different precincts throughout the county were appointed to serve at the June election by the County Court last Thursday:

Ashland—Thos. Smith, A. S. Jacobs and Jacob Wagner.

Applegate—T. G. Daws, Wm. Sonson and Royal Benedict.

Big Butte—Jno. May, A. C. Howlett and J. A. Obenchain.

Chimney Rock—Mathew Fountain, J. L. Worlow, and S. A. Carlton.

Eden—Woodford Reames, T. H. Moreland and E. K. Anderson.

Evans Creek—Chas. Williams, W. P. Willis and Jacob Evans.

Foot's Creek—R. A. Cook, A. D. Heald and Silas Draper.

Florence—Eug. Gordon, S. B. Holl and Chancey Nye.

Grant's Pass—Jas. Wallace, Lafayette Allen and J. P. Toffis.

Jacksonville—A. C. Jones, L. J. C. Duncan and C. C. Beckman.

Leland—L. N. Browning, S. Isham and Lewis Ash.

Little Butte—Henry Brown, H. C. Fleming and Eber Enery.

Manzanita—Jesse Richardson, R. V. Beall and J. B. Wrisley.

Rock Point—John Woods, Geo. Lance and C. Shiffelin.

Sterling—Thos. H. Gilson, John Heard and S. Salmarsch.

Table Rock—W. A. Childers, A. Houston and Joseph Satterell.

Uniontown—Jas. Buckley, John Cantrell and Theodorie Cameron.

Willow Springs—Jas. McDonough, Jno. W. McKay and Wm. Kanler.

FROM WILLIAMSBURG.—A friend sends us the following few items from Williamsburg, Josephine county:

The greenbackers are coming out in blooming colors, at least about twenty-five or thirty have organized a club in Josephine county. It is their intention to put a ticket in the field at the coming election. The only trouble arising is finding a sufficient number of candidates in their ranks to fill the several offices. The suppositions are, that they will resort to a general calling from the most lukewarm of the two great political parties.

Preliminary steps have been taken for the establishment of a county road, extending from Williams creek in a direct route over the mountain and terminating at Sailor Diggings, shortening the present route about course by nearly two thirds the distance.

The removal of the county seat is now being agitated to a considerable extent in this locality. Many prefer the present site, providing a practical route can be obtained over the mountains, which will bring the market at Sailor Diggings and Corvallis, in closer proximity to this place.

The present outlook of the mining enterprises in this section appear quite flattering; from the prospects an unusual yield is anticipated.

NEW PATENTS.—Through Dewey & Co., Patent Agents, San Francisco, we receive the following list of U. S. patents granted to the Pacific Coast inventors, viz: for the week ending, March 19th: R. H. Campbell, Red Bluff, Cal., flame; N. P. Chipman, Red Bluff, Cal., mode for bunching lumber for running through V-shaped funes; W. H. Abrams, Eugene City, Oreg., saw-mill head block; E. Moreau, S. F., apparatus for the production of hot air; (labels) W. S. Halpruner, S. F., valve.

NEW DOORKEEPER.—The following is a dispatch from Washington, of the 5th:

The Democratic caucus this evening nominated as doorkeeper in place of Polk, Gen. Chas. W. Field, of Georgia, on the first ballot. Gen. Field is a native of Kentucky, graduated at West Point in 1849, served in the confederate army under Gen. Lee, and soon after the close of the war entered the army of the Khedive of Egypt, where he remained until 1877, when he returned to the United States. His political disabilities were removed about two months ago.

A CONTEMPORARY alleges that when a Congressman receives one of the new "In God We Trust" dollars, he hastes him away to a quiet spot not remote from the Capitol, makes "rye" faces and wipes off his chin.

THE NEW DOLLAR.—The dies for the new dollar reached the San Francisco mint on the 7th, and ere this the "dollar of our daddies" is doubtless on 'change in the bay city and surrounding villages.

The English and Russians have not yet locked horns, and it now seems possible that some sort of compromise may be made and war avoided.

POWDER—Giant, Blasting or gun powder, all kinds, and caps and fuse, for sale in quantities to suit, by JOHN MILLER.

AN elegant assortment of Pocket and Table Cutlery for sale by J. MILLER.

A CARD.

TO THE DEMOCRATIC VOTERS OF JACKSON COUNTY:—Having been advised of my nomination for the office of County Commissioner, I would say that I think the office an important one—one that should be filled by a thorough business man and good financier, and being neither, I take this method of respectfully declining the nomination.

DANIEL REYNOLDS, Sam's Valley, April 5, 1878.

MARRIED.

HARTLEY—GILSON—At the residence of the bride's father, by Rev. M. C. Miller, April 7, 1878, J. T. Hartley and Miss Sarah Gilson—both of Josephine county.

HARRIS—BOWMAN—In Sam's Valley, by C. C. Gull, J. P., April 3, 1878, Israel Harris and Miss Mary V. Bowman.

DIED.

FLETCHER—In Jacksonville, of Consumption, M. R. Fletcher, aged about 52 years.

Deceased was an old citizen of this place, and a universally respected one. He came to this place in 1823, and has resided here continuously since. For the past 12 or 14 years he has served in various positions of trust and honor and none can say that he was other than an honest and faithful man and employer, though he failed to accumulate sufficient means to sustain himself properly in his long and painful illness of many months. He was a native of Ohio, where relatives are now living, who will bear his death with little less of sorrow and regret than was evinced among his numerous friends here, many of whom have known him from their infancy.

Mars' Moons.

When the telegraph announced the discovery by Prof. Hall that our neighboring planet had two satellites, and the dispatch was read the next morning at tea thousand American breakfast tables, what think you was the effect upon hearts? Some colloquy similar to the following was sure to occur: "Mars has two moons, hey? Pass me the milk, Kitty. Strange, isn't it, that astronomers never saw them before. Another planet, I wonder what they'll discover next? These moon cakes are excellent. What's the latest from Europe?" We have become so accustomed to startling discoveries and announcements that we take them as a matter of course. Even truth must appear in flaming colors to make herself seen. The virtues of Dr. Pierce's Golden Medical Discovery and Pleasant Purgative Pills have been tested in ten thousand households, whose inmates will tell you that they consider the discovery and introduction of these remedies of far greater importance to the world than the moons of Mars.

SHUBAN, Ill., June 13, 1876.

Dr. R. V. Pierce, Buffalo, N. Y.: Dear Sir—Last fall our daughter—aged 18—was fast sinking with consumption. Different physicians had attended her case ineffectually. I obtained one-half dozen bottles of your Golden Medical Discovery. She commenced improving at once, and is now as healthy as a pig. Yours respectfully, RAY, ISAAC N. AUGUSTINE.

BY UNIVERSAL ACQUAINTANCE AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious and successful chemical investigation, and their extensive use, by Physicians in their practices, and by all civilized nations, proves them to be the best and most effective purgative Pills that medical science can devise. Being purely vegetable no harm can arise from their use. In intrinsic value and curative powers no other Pills be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, soothing and effective, they are especially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest purgative to employ for children and weakened constitutions, where a mild, but effective cathartic is required. For sale by all dealers.

Polish the Youngsters' Teeth With SOZODONT, and when they grow up their mouths will be garrisoned with sound and handsome ones. The foundation of many a toothache is laid in childhood by neglect, and it is very important to the well-being of either child or adult that the teeth should be well polished. Bad teeth are no fit instruments of the food, and breed dyspepsia. Make them white and strong, therefore, with SOZODONT, a preservative of supreme excellence and purity. Use it without delay.

I visited St. Helena for change of climate but found it too hot. Then I went to Hayward's and it was too dull. At Berkeley the students annoyed me with their hoodlumism. It was too foggy in San Francisco and too bleak at Santa Cruz. Wherever I went I was uncomfortable, uneasy and unsettled. A friend suggested that this state of affairs might possibly be occasioned by biliousness, or a disordered stomach, and advised a trial of Fesse's Hamburg Tea, giving me a package as a present. Since then I use it occasionally, and was never better in my life. I advise all to try it.

The National Gold Medal was awarded to Bradley A. Robinson for the best Photographs in the United States, and the Vienna Medal for the best in the world. 429 Montgomery street, San Francisco.
