

PUBLIC SPEAKING!

HON. W. W. THAYER. Democratic candidate for Governor, will address the citizens of Jackson county at the Court House in Jacksonville on Saturday, May 4, 1878, at one o'clock P. M.

COUNTY COURT.—The May term of the Probate and County Commissioners' Courts will be held next week.

HON. W. W. THAYER, the Democratic candidate for Governor, is largely interested in mining enterprises in this county. He is not only an eminent lawyer, but also a high-minded, public-spirited citizen.

REDEMPTION OF WARRANTS.—Treasurer Orth elsewhere gives notice of the redemption of quite a number of county warrants. A considerable amount will this year be applied to this purpose, thanks to our economical county administration.

THE mass meeting called for to-morrow by the Siamese twins, Brown and Cox, is likely to prove a contemptible fizzle. There is such an insane scramble for office that it is very improbable whether the discordant clans can harmonize. The movement is showing itself in its true colors.

ENLARGEMENT PROPOSED.—It is our intention to enlarge the TIMES to a twenty-eight column paper at an early date. To accomplish this will necessitate a considerable outlay of money. We are therefore now sending out statements of account to those indebted, and request a prompt response, that we may carry out the object in view.

LARGE BAND OF CATTLE.—Mat. Obenchain will drive a large band of cattle to Lake county in a few days, where they will be put in condition for the California and Nevada markets. This band numbers near 800 head and is one of the largest driven out of the county for a long time. George W. Stephenson is interested with Mr. Obenchain.

NOT SO FAST.—The Sentinel rushes in great haste to announce John Orth, the present incumbent, as an independent candidate for County Treasurer. Mr. Orth authorizes us to announce that the report is without any foundation whatever. This sublimely effort to impugn his Democracy is as unavailing as it is audacious. The Republicans are evidently pushed to great straits to indulge in such willful misrepresentation.

Went to HER REST.—After a protracted illness the estimable wife of Sheriff Manning departed this life on the morning of the 2d. She died in the prime of her usefulness and her loss is mourned by a large concourse of friends. Respected by all who knew her, her death has cast a gloom over the entire community. Her mortal remains will be consigned to their last resting-place to-day, proceeding from the M. E. Church, where services will be held at 2 o'clock P. M. by Rev. M. A. Williams.

THE attempt being made by Bybee, Cox & Co. to switch off the Greenbackers from the legitimate objects those who are sincere in the matter profess to have in view, is not meeting with any great success as yet. Greenbackers from principle are opposed to being transferred to the safe-keeping of the motley crew who have serious designs on the county offices and know no other principles. They cannot see how such amalgamation will further their cause any and do not propose to lose caste in order to assist hungry place-hunters to the spoils of office.

ENCOURAGING PROSPECTS.—R. J. Cameron was over from Uniontown on Monday and gives a good account of matters in that vicinity. The mining season has been a very favorable one and still continues so. The cool weather that has lately prevailed prevents the snow from melting off rapidly, which will keep up the supply of water during the Summer. Gin Lin cleaned up Saturday and is doing well. The Sterling Company is tearing away a large amount of ground and seems to be on the right lead of gravel. There is still a great amount of rich mineral land there that has never been worked. A water ditch of good capacity is all that is necessary to make that section a very lively mining camp.

BRIEF MENTION.

J. S. Howard is in town. Beautiful Spring weather. Gov. Thayer speaks to-morrow. J. B. Coats is in from Beaver creek. Simon Caro has returned from Portland.

More new goods at Reames' and Bilger's. There are ten patients in the County Hospital at present. Cameron Bro. are bringing a fine lot of fish into market.

Don't fail to see the next Governor of Oregon to-morrow. Copp's Hand-book of Mining Law for sale at the TIMES office.

Ben. Haymond, of Rock Point, left for San Francisco Tuesday. Sol Sachs still sojourns in Germany and will not return until Fall.

Rev. W. Hurlburt will preach at the M. E. Church on Sunday next. Those indebted to the TIMES office are requested to settle at once.

Slight showers of rain since our last issue have benefited the crops. We are under obligations to Mrs. Vining for some excellent cake.

The store near Chavner's bridge will wind up business in a few days. A pleasant party occurred at the residence of Geo. Schumpf on the 24th ult.

J. M. Sutton has returned from California somewhat improved in health. Col. Stone, Superintendent of the O. & C. Stage Co., was in town yesterday.

Bybee's pack-train of 20 mules arrived last week from Galice creek for supplies. A marked increase in the attendance on the M. E. Sunday School is noticeable of late.

Dr. W. Jackson will be in Lakeview during the June term of the Circuit Court there. Matt. Dillon is still on hand with a fine stock of liquors and cigars. Call and "smile."

Call and see Fisher's elegant stock of Spring and Summer goods, which is now arriving. Miss Lucinda Bradley, of Butte creek, aged about 18 years, died one day last week.

Some valuable land in Phoenix will be sold at guardian's sale on the 25th. Read the notice elsewhere. J. R. Cameron intends buying up a large number of wetters for the California and Nevada markets.

Gin Lin cleaned up 134 ounces of gold at his Uniontown diggings on Saturday, the result of 24 days' run. We have seen some Turk colts that for size and action compare favorably with the best raised in the State.

Wm. Angle drove a band of 125 cattle to Applegate on Wednesday. He will keep them there for sometime. J. E. Tozer is busy putting up a cabinet shop at Ashland in conjunction with W. C. Daley and H. S. Eneary.

Mrs. Farren and Miss Zella Zigler, who have been sojourning at Yreka for sometime past, returned Tuesday. Our cotemporary's solicitude for the welfare of Democrats at this time is altogether too opportune to be genuine.

May-day was well observed everywhere. Woodville, Butte creek and Phoenix each had a party in the evening. Friday last was the anniversary of Odd Fellowship. Albany and other lodges had a grand excursion to Roseburg.

The party at the Club Room last Wednesday evening was a pleasant affair. The music and supper were first-class. The road to Roseburg is improving fast. Robt. H. Dean made the round trip in ten days with a four-horse team.

Several cows have died in this vicinity recently. Wild parsnip is supposed to have been the cause of their death. Don't forget that job printing of every description is neatly and promptly executed at the TIMES office at lowest rates.

Bybee & Mondschein's team ran away on Monday last, but collided with a tree and were stopped before any serious injuries resulted. Hon. W. J. Snodgrass, of Union county, Grand Master of the Odd Fellows, will be in this section on official business ere long.

J. B. Thomas and Joel Dixon, of Table Rock, have returned from the Willamette. They disposed of their horses at fair rates.

The mining season is nearing a close in many portions of the county. It has proved a prosperous one throughout Southern Oregon.

Mrs. Brentano has just received a full and elegant stock of Spring and Summer millinery. The ladies should not fail to give her a call.

Hon. J. M. McCall, of Ashland, was in town last week. It is reported that he wouldn't refuse a place on the Mitchell legislative ticket.

The base-ball season promises to be a lively one. Challenges have been issued by the Jacksonville boys, but no games are announced as yet.

Thos. G. Reames, D. G. M. of the Grand Lodge of Masons, was over to Kerbyville on official business this week, returning Wednesday.

Henry Conn, Deputy Sheriff of Lake county, passed through town this week on his way to East Portland with one Logan, who has been adjudged insane.

Kahler & Bro. have just received a full and superior stock of school books, drugs, stationery, etc. Give them a call if you want anything in their line.

We learn that the Greenbackers of Josephine have nominated Chas. Hughes for Clerk, H. Thornton for Sheriff and M. F. Baldwin for County Judge.

The May-day picnic at Bybee's Grove, under the auspices of the M. E. Sunday School, was well attended by young folks and passed off pleasantly.

David Dunlap, of Big Butte, informs us that everything is flourishing in that section. Quite an immigration has flowed in there during the past year.

We learn that the gubernatorial canvass will commence at this place, while the candidates for Congress will begin in Eastern Oregon. Due notice will be given.

S. Booth has offered a premium of \$50 for the best Scamperdown colt foaled this season and \$25 for the second best. Further particulars will be given hereafter.

We learn there is a project on foot to organize a Democratic club in Table Rock. A good idea. Every precinct should have one, and now is the time to establish them.

The Jacksonville Brass Band is practicing regularly and will be in good trim for any occasion that may require its services. A new bass drum has just been procured.

Stop that terrible cough, and thus avoid a consumptive's grave, by taking Dr. Pierce's Golden Medical Discovery. As a cough remedy it is unsurpassed. Sold by all druggists.

N. Delamater, of Kerbyville, and Miss Mary Berry, of this place, were joined in matrimony at the residence of the bride's parents on Sunday last, Rev. M. A. Williams officiating. The happy couple left for their future home after the ceremony.

It is understood that a certain gentleman of Jacksonville aspires to be private secretary to a certain candidate for Governor. In either case no sleep should be lost on that score. Public life will never disturb their dreams as citizens of Southern Oregon.

Henry Judge, a former resident of this place, has returned from San Francisco and will probably purchase J. Nunn's saddle and harness establishment. The latter gentleman retires on account of ill health, but will remain among us for the present.

Ike Sachs, formerly of this place, has entered into a copartnership with Greenbaum Bros., wholesale dealers in gent's furnishing goods, San Francisco. We learn that he will in course of time establish himself as purchasing member of the firm at New York.

And now H. Kelly, Esq., who has been stowed away on Grave creek for ever so long, suddenly appears on the scene and stretches forth his little plate for his share of the pie. We hear that his Republican brethren propose to appease him with the nomination for Prosecuting Attorney.

Capt. Kelly reports mining interests in the northern portion of the county as flourishing. Three miles of the Grave creek ditch have been completed and twenty miners are busily engaged on the seventeen miles remaining. Miners on Cayote creek are cleaning up and realizing largely on the season's work.

The appointment of Judge Tolman as Surveyor-General was unacceptable to several Republicans in this county, to whom the appointee would not crook the plant hinges of the knee. Their organ here has taken up the plaint and is much exercised over the complimentary notices given the Judge by the opposition press.

The slate decided on by the Mitchell crowd will be ratified at the Court House to-morrow. A mass convention has been called for the purpose of catching gudgeons, who will have no more of a voice in the cut and dried proceedings than so many wooden men. The Republican conspirators have taken the legislative ticket as their share in the spoils, leaving the county offices to the general scramble.

Bybee will doubtless be accorded the Shrievalty, although, a la Beekman and Hines, he has repeatedly declined it. This is now-a-days considered a sure sign that "Barkis is willin'." The Clerkship seems to be the only one that there is likely to be any trouble in assigning, though it is now announced that the matter has also been arranged satisfactorily to the ring. The public complacently awaits the arrival of the hantling.

TEMPERANCE LECTURES.—W. R. Dunbar, G. W. C. T., will lecture on temperance as follows, commencing at early candle-lighting, viz: Forest creek, Tuesday, May 14th; Williamsburg, Wednesday, May 15th; Slate creek, Thursday, May 16th; Kerbyville, Friday, May 17th; Waldo, Saturday, May 18th; Rogue River Lodge, Monday, May 20th; Elm Valley, Tuesday, May 21st; Eagle Point, Wednesday, May 22d; Manzanita, Thursday, May 23d; Jacksonville, Friday, May 24th; Willow Springs, Saturday, May 25th; Rock Point, Sunday, May 26th.

BARGAINS AT ROSEBURG.—J. C. Floed, of Roseburg, lately received a complete and first-class assortment of general merchandise, and is now prepared to furnish the public of Southern Oregon with the best of everything in his line at the lowest rates. He is also the agent for the celebrated Fish Bros' wagons, which he will sell at Portland prices. Mr. Floed is a pioneer merchant of Roseburg and, being well acquainted with the wants of this section, is bound to give satisfaction. He also buys wool, wheat and produce, paying the highest cash price therefor. Read his advertisement elsewhere.

TOO TRANSPARENT.—A writer in the Sentinel replies to "Greenbacker's" communication in last week's TIMES, arguing that a coalition with the Republicans would be in order. He subscribes himself a "True Greenbacker," but the vain sophistries that characterize the article expose the ear-marks of a certain professional in town, who has acquired a great proficiency in writing letters from the "dear people" about election-time. He evidently puts a poor estimate on the intelligence of our Greenback citizens to suppose they are so easily gulled.

GOVERNMENT CONTRACTS.—Sealed proposals for transporting 200,000 lbs. (more or less) of military supplies from Roseburg to Fort Klamath will be received by the Chief Quartermaster of the Department of the Columbia until 12 o'clock P. M. on May 15th next. Also for transporting the military mail from Linkville to Fort Klamath for a year, and for furnishing coal, wood, charcoal, oats, barley, hay and straw to the latter post for the same space of time. For particulars address Geo. H. Weeks, Chief Quartermaster, Portland.

THE ring-masters of the Republican meeting to be held to-morrow have three different petitions in circulation, the contents of which future events will more fully develop, for, consistent with its bushwhacking principles, this organization circulates them only under a veil of darkness and secrecy. What objects they have in view is well enough known. Like a nocturnal animal of peculiar fragrance they can't belie their existence.

APPROACHING COMPLETION.—Hon. Henry Klippel was over from the Big Applegate diggings on Monday last, and reports the ditch as almost completed and ready for operations. It is expected that piping will be in progress in the course of a few weeks.

THE Greenback club of Willow Springs is one of the things that were. It commenced with less than ten members, none of whom attended the second meeting, which has never been held. Mitchell's side-show is not as successful as fondly hoped for.

IN TOWN.—Hon. W. W. Thayer, Democratic candidate for Governor, arrived yesterday and will speak at the Court House to-morrow. He was met at Rock Point by a delegation of citizens and escorted to town, where he met a hearty reception.

THE POINT.—A well known Republican, whose name appears on the call for the mass meeting to-morrow, exhibited a deal of truth when he admitted that the sole object of this movement was to defeat the Democratic party, and they had no hope of doing it otherwise. Democrats should consider this well. Those hypocritical references to one-man power, packed conventions, and complimentary notices of Democrats not on the ticket, are only intended to divert attention from the main issue. Democrats should not be deceived by the advances of these wily tricksters. If you have the interests of your party at heart stand squarely up to your principles and the ticket.

REAL ESTATE TRANSACTIONS.—The following transactions in real estate have been recorded since our last: Matthew P. Phipps, in consideration of \$1 and his love and affection, deeds to his wife 314.39 acres of land in Manzanita precinct.

H. Farlow to H. Smith, lot in Ashland, Consideration, \$30. Jas. Cameron to Theodore Cameron, certain premises in Uniontown precinct. Consideration, \$500.

W. Prefontaine to G. Karowski, mining property on the right fork of Jackson creek. Consideration, \$300. W. W. Gage to Henry Carnell, 160 acres in Manzanita precinct. Consideration, \$1,350.

REPORTS from every precinct are of an encouraging character. Democrats see the desperate attempt being made by the Republicans to capture the county and give Mitchell three votes for Senator, and are not disposed to bring about such events through any efforts on their part. They appreciate their responsibility in the matter, and, knowing that there is nothing to be gained and everything to lose in the election of any of the mongrel ticket to be placed in the field to-morrow, are putting their shoulder to the wheel with a determination of effectually squelching these scheming pretenders. Let the good work go on.

SUCH sturdy Greenbackers as Giles Wells, Sam Colver and others, who are such from principle, are unalterably against any coalition with the Republicans, and will firmly oppose such action throughout the campaign. We learn that Mr. Colver proposes to be at the mass meeting to-morrow.

RETURNED.—His Honor, Judge Prim, accompanied by Messrs. Hanna, Watson and Jones, returned from Kerbyville Friday, where Circuit Court was in session during the week. They report a large crowd in attendance and more business on hand than usual.

A BEAUTIFUL spectacle—the Sentinel in one column upholding all the infamous acts of the Republican party and in the next reading Democrats a moral lesson on county politics. "O, consistency, thou art a rare jewel, indeed."

PERSONAL.—A. Noltner, Esq., editor of the Portland Daily Standard, and Democratic candidate for State Printer, arrived in town Wednesday and was heartily welcomed by his many friends here. He will remain a few days.

LOST.—On Friday last, a golden hair-pin. The finder will be rewarded by leaving it at the residence of Alex. Martin.

THE Pot Calls the Kettle Black. The Sentinel rushes to the rescue of its gubernatorial candidate, and is prone to excuse the fact that Mr. Beekman is a swamp-lander by accusing the Democratic candidate of being in the same boat. We only incidentally mentioned the fact of Republican culpability in the premises, as this has been a favorite scare-crow of theirs. The truth hurts, however, and our cotemporary becomes greatly exercised, hastening to admit more than we had any idea there existed. We believe there is not a single nominee on the Democratic State ticket that has acquired an acre of swamp land, and challenge anyone to prove to the contrary.

QUININE and arsenic form the basis of many of the Ague remedies in the market, and are the last resort of physicians and people who know no better medicine to employ for this distressing complaint. The effects of either of these drugs are destructive to the system, producing headache, intestinal disorders, vertigo, dizziness, ringing of the ears, and depression of the constitutional health. AYER'S AGUE CURE is a reliable discovery, containing neither quinine, arsenic, nor any deleterious ingredient, and is an infallible and rapid cure for every form of Fever and Ague. Its effects are permanent and certain, and no injury can result from its use. Besides being a positive cure for Fever and Ague in all its forms, it is also a superior remedy for Liver Complaint. It is an excellent tonic and preventive, as well as a cure of all complaints peculiar to malarious, marshy and miasmatic districts. It acts directly on the Liver and biliary apparatus, thus stimulating the system to a vigorous, healthy condition. For sale by all Dealers.

DIED. MANNING.—In this city, May 2d, Sarah C. wife of J. W. Manning; aged 32 years and 24 days.

I visited St. Helena for change of climate but found it too hot. Then I went to Hayward's and it was too dull. At Berkeley the students annoyed me with their hoodlumism. It was too foggy in San Francisco and too bleak at Santa Cruz. Wherever I went I was uncomfortable, uneasy and unsettled. A friend suggested that this state of unrest might possibly be occasioned by biliousness or a disordered stomach, and advised a trial of Fressé's Hamburg Tea, giving me a package as a present. Since then I use it occasionally, and was never better in my life. I advise all to try it.

POLISH the Youngsters' Teeth With SOZODONT, and when they grow up their mouths will be garnished with sound and handsome ones. The foundation of many a toothache is laid in childhood by neglect, and it is very important to the well-being of either child or adult that the teeth should be well taken care of. Bad teeth are no fit masticators of the food, and breed dyspepsia. Make them white and strong, therefore, with SOZODONT, a preservative of supreme excellence and purity. Use it without delay.
