The Democratic Times.

FRIDAY,.....MAY 24, 1878.

COUNTY CANVASS.

W. M. Colvig, A. C. Jones, H. K. Hanna, Henry Klippel, J. R. Neil, Daniel Gaby and others, will address the citizens of Jackson county upon the political issues of the day at the following times and places, to-wit:

In the grove at the mouth of Foot's creek, Friday, May 24th.
Sam's Valley, at Stanley's Hall, Saturday, May 25th.
Applegate, at Bolt's store, Tuesday, May 28th.
Eagle Point, Wednesday, May 29th.
Phoenix, Thursday, May 30th.
Ashland, Friday, May 31st.
Jacksonville, Saturday, June 1st.
Speaking to commence at 1 o'clock P. M. The opposition is invited to participate.

ONE week from Monday next is election day. Every Democrat should make it a point to be on hand and do all in his power for the straight Democratic ticket.

AFFRAY IN LAKE COUNTY.—A report from Sprague river gives the information that Clinton Brown was shot twice by Fred. Muntz one day last week and seriously, though not fatally, injured. The trouble grew out of some stock matters.

WORSE AND WORSE. — Insanity seems to be epidemic of late, as three subjects for the asylum have been examined within the past ten days by Dr. Vrooman and all pronounced insane. Jackson county is again well represented at East Portland.

SOCIETY OF PIONEERS OF SOUTHERN OREGON.—The annual meeting of the Society will be held at Ashland on Thursday, the 6th day of June next, at which time officers of the society will be elected for the ensuing year.

WM. HOFFMAN, Secretary.
May 20, 1878.

BRO. KAHLER evidently feels nervous over the situation. He writes to a certain gentleman: "Tell our Republican friends that I am not so much of a Greenbacker as they think I am." His politics are similar to Sambo's coon-trap. "It kotch 'em bofe ways, comin' and goin';" only it may not work as he desires it to.

GOOSE OR GANDER.—Watson, the Janus-faced candidate for Clerk, is playing a very cunning game. He attempts to carry water on both shoulders and declares he is a Republican or Greenbacker, as may best suit his purpose. He is afraid to show his hand for fear he may lose the votes of either wing. But then he doesn't mean to touch the Greenback State ticket anyway. What do the Greenbackers think of this?

FAILED TO RESPOND.—To the utter disappointment of the Democracy, A. C. Edmunds, the high-priest of the Greenback movement, failed to put in appearance here on Monday last. It is now announced that he will not fill his appointments in Southern Oregon. Edmunds is an artful dodger and is not inclined at this juncture to wander off on any wild-goose chase, as a trip to Southern Oregon would surely be. He is fully aware that the Greenback crop will be most awfully short.

VERY TRANSPARENT.—While the legislative nominees of Mitchell's side-show, in the hope of catching votes, deny that they favor the re-election of the person in whose interest this affair was principally conceived, why is it that prominent Republicans known to be in the Senator's interests are industriously endeavoring to swap off any portion of the mongrel county ticket for votes for the legislative candidates? This speaks louder than the hypocritical professions made to the contrary through the *Sentinel*.

DEMOCRATS should make it an especial point to vote against Wm. Bybee, who has Mitchell's endorsement for Sheriff. He is not only a superannuated office-seeker, but a chronic disorganizer besides. Bybee has done more to foment discord in the Democratic party than any other man in the county. To again sink him under an unmistakable majority would put a quietus on his pretensions. Besides they will spare him the infliction of being elected to an office which would "be an injury to him."

THE managers of the recent mass convention have not the first idea of electing their ticket. The hopelessness of their cause is so very evident that they are prone to acknowledge it. But nevertheless by indiscriminate swapping-off and skullduggery consistent with their bushwhacking proclivities they hope to scratch in one or two of their favorites. Democrats should be on their guard and discountenance any such illegitimate proceedings. A glorious victory is in store for us and we must not be robbed of the fruits of it. Don't scratch or swap.

BRIEF MENTION.

The election of the entire Democratic ticket is a certainty. The majorities in some instances will exceed 100 votes.

J. H. Huffer for Justice of the Peace and J. B. Griffin for Constable are the latest victims offered up by the nondescripts.

Some rain has fallen during the past week, which materially benefited the crops. Some portions of the county are in need of more.

Arthur Langell and Miss Emma Pearson arrived from Lake county last week. They returned Wednesday, accompanied by Miss Eliza Langell.

Henry Smith, of Wolf creek, called on us Thursday. He reports everything flourishing but the crops, which are inclined to be somewhat short.

Hon. John Whiteaker, our next Congressman, gave us a call yesterday. He is in good spirits and predicts general success of the Democracy throughout the State.

The Democratic candidates for Sheriff and Clerk, Messrs. Tozer and Plymale, have all the qualities requisite for first-class officers. They will serve the people well.

It keeps the managers busy filling vacancies on the mongrel ticket. E. K. Anderson has been nominated by them for Commissioner and H. Kelly for District Attorney.

Democrats should beware of roorbacks, circulated for effect by the partisans of the mongrel ticket. They are their only stock in trade, and are used on every and all occasions.

Lieut. J. W. Duncan has been promoted to the first lieutenancy of his company and will be stationed at Fort Klamath. He is a deserving officer and well merits his promotion.

Bybee and Watson are desperate. They are outdoing themselves in their anxiety for office; but the people will quietly retire them to their respective avocations wiser if not happier men.

C. B. Watson is back from Lakeview on business. He refuses to again be sacrificed and declines the nomination for Prosecuting Attorney conferred on him by Mitchell's side-show.

The miners of Jackson county remember Watson's attempt to place the moon-eyed Mongolian on an equal footing with them and will also again remember him at the polls next June.

The Democratic nominee for Assessor, S. J. Steckle, is just the man for the position. He is an old resident of the county, which gives him a good conception of matters pertaining to the office.

Democrats, vote the straight ticket and thereby subserve the best interests of your party. Give no heed to the misrepresentations of our natural opponents, who ask you to scratch your ballot.

Bro. Turner is afraid that Hon. H. H. Gilfry is to be Mr. Thayer's private secretary. He has evidently given up the idea of becoming Mr. Beekman's, but can't restrain his jealousy in the premises.

One of the best cards the Democrats have in the field is Bybee's flunky, Cox. The calibre of this individual is so well known that the Democracy is almost inclined to offer a bonus to keep him on the track.

The Boulon Family Concert and Dramatic Troupe will perform at the Masonic Hall to-morrow evening. The company is well spoken of by the California press and has as a prominent feature a ladies' cornet band.

There is an attempt being made upon the part of the Mitchellites to swap off any of the candidates on the mongrel county ticket for a vote for their legislative ticket. Democrats do not take kindly to such a proposition.

The outlook for the Democratic ticket is favorable everywhere and daily becoming better. Democrats cannot be switched off from supporting their ticket, though the efforts of the opposition are mainly in that direction.

Attention is called to the advertisement of Knapp, Burrell & Co., of Portland, extensive dealers in hardware and agricultural implements. Their stock is the best and just what it is represented to be. E. M. Moore is their agent at Roseburg.

Sheriff Dinwiddie, of Sonoma county, Cal., passed through Ashland the other day, armed with a requisition from Governor Irwin for Wm. Lee, the wife murderer arrested recently near Clear Lake by Noah Holt and now confined at Lakeview.

Thos. Chavner is making some substantial improvements in this place. He is having the shanties west of his brick store, heretofore occupied by Chinese, torn away and will replace them with new buildings. This cannot but add to the appearance of our town.

Watson & Co.'s strikers are offering high prices for votes. We hear of instances where money has been offered to Democrats to vote for certain candidates on the so-called "Citizens'" ticket. Such despicable methods of campaigning ought to be frowned down.

Democrats cannot afford to lend themselves to aid in the election of a single man on the mongrel ticket. It is composed of a combination of chronic office-seekers and disorganizers, and a vote for any one of them is a blow against the best interests of the party. Vote the straight ticket by all means.

Beek.'s private secretary's attempt to catch the votes of our Democratic German citizens by quoting from the subsidized Portland *Deutsche Zeitung*, an organ always Republican, is as futile as it is demagogical. Thayer is just the man they want, and no such nonsensical passages as Turner quotes will switch them off.

The legislative ticket placed in the field by the Democracy of Jackson county is one of the best ever presented. It combines ability with experience, and will be elected by a large majority. Democrats have especial interest in it, as the members vote for U. S. Senator. The ticket put out by the opposition is a mere nonenity, distinguished for nothing but its mediocrity.

Here is richness for you. Our cotemporary with the sublime assurance that always characterizes him informs us candidates should not be selected simply because they want office, and then goes on in laudation of the mongrel ticket. Ye gods! A ghastlier conglomeration of superannuated political hacks could not have been conceived. There is not a nominee from Senator down to Treasurer, with some of the balance thrown in, but what is known as a chronic office-seeker of the most confirmed nature. And then we hear them prating about "people's voice," "citizen's ticket," and so on.

THE Democrats who for a moment suppose the Republicans that have joined the so-called Greenback movement in this county will vote that State ticket must be very credulous indeed. They are only hoodwinking them; and, while they hope that their Democratic brethren will vote the Greenback ticket, they themselves will cast a straight Republican ballot. This movement is only organized to distract the Democratic party and is in the interest of the Republicans.

THE *Sentinel*, which exhibits more than a common interest in the election of one of its editors as County Clerk, impugns the Democratic nominee's competency for that position. Our present efficient Clerk, Mr. Foudray, says Mr. Plymale does fully as well as any one could with the same experience. Are we to prefer a prejudiced journal's opinion to that of a disinterested officer who is qualified to speak in the premises?

WE have just received several copies of Copp's Hand-book of Mining Law.

THE CONGRESSIONAL CANDIDATES.

Hon. John Whiteaker and Rev. H. K. Hines, Democratic and Republican candidates for Congress, held a joint discussion at the Court House on Wednesday last. The attendance was not large, owing principally to the fact that insufficient notice had been given. Judge Prim presided as Chairman of the meeting and first introduced Mr. Hines, who occupied his time in a monotonous rehash of what has been reiterated time and again by the Republican press and speakers before him. If there was anything remarkable in his address it did not fully appear to his audience. He gave no evidence that he particularly combined any of the qualifications that go to make a Representative in Congress. Mr. Hines' reputation as a preacher may have been established. He handled his texts as though engaged in a theological discourse, not forgetting the characteristic twang that often haunts the ministerial profession. But he ingloriously failed to convince his hearers why he should be sent to Congress instead of his adversary.

Mr. Whiteaker followed and in a few moments laid threadbare the fallacies advanced by his opponent. He evinced that he was fully acquainted with the important questions he discussed and also that he fully appreciated the wants of the people. Although suffering severely from a cold he left a favorable impression upon his hearers, none of whom will doubt his fitness for the position to which he aspires. His views upon the financial questions are unusually clear and candid, while the general tenor of his remarks denotes that he knows whereof he speaks.

We regret that our limited space precludes an extended account of the affair, which it merits.

Have Enough of Him.

Watson's career as County Judge is still green in the memory of the people of this county. One term in that capacity has afforded them an elegant sufficiency of him, and they have no longing for his services in the Clerk's office. The greatest efficiency Watson exhibited in that time was in drawing his salary with commendable punctuality. The profligacy that was a feature in his administration is no secret to the tax-payers who footed the bills. His appointments were often unfortunate, especially in probate matters. Through his carelessness the Nus and other estates were grossly mismanaged and sustained more or less vexatious delay and pecuniary injury. Mr. Watson is certainly not the best man for the place. He does not combine the precise and painstaking characteristics of his opponent, which entitle Mr. Plymale's claims to more than a passing notice from the voters in June next.

Scratch, Democrats, Scratch with Care.

BY TURNER & CO.

Scratch, Democrats, scratch with care,
Scratch, and give us our Senataire.
Scratch—don't you see our little game?
Scratch, and we'll bury *Mitchell's* shame,
Scratch, and perpetuate his fair name.
So scratch, Democrats, scratch with care;
Please scratch and give us our Senataire.

Scratch, Democrats, scratch with care,
Scratch, and we'll have our Senataire,
Scratch, (we have a point to make),
Scratch for Wm. Bybee's sake.
Scratch, give Watson another stake.
Scratch, Democrats, scratch with care,
Scratch, we must have our Senataire.

Scratch, you'll sustain our policy then—
You'll send to Washington our own men.
The C. P. R. R. then for joy will sing;
Great joy to Hayes' heart you'll bring,
We'll rule your State with our own ring.
Scratch, Democrats, scratch with care,
Oh! scratch and give us our Senataire.

Just in Time.

Hayes has admitted the hypocrisy of his order prohibiting the assessment of office-holders for political purposes in time for the Oregon election. Federal subordinates can therefore participate in conventions and elections and respond to the call for money from headquarters as heartily as they did in Grant's palmiest days. And that they are doing it is quite apparent. Mitchell's return to the Senate is life with them, and they are making desperate efforts to accomplish it, which could not be more strongly manifested than in Jackson county at this date.

How is It?

While the *Sentinel* man is enquiring after the school fund, let him "rise and explain" how it was that Bro. Beekman induced a Republican School Superintendent of Jackson county to appraise and sell to him at a nominal value all of the mineral lands included in the school sections and thus deprive many white men of valuable mining ground. The "children and parents" of Jackson county would like to know how these little things were manipulated.

Bound to Win.

The Democracy of Multnomah county last Saturday nominated a very strong ticket and one which will doubtless be elected. It consolidates the opposition to Mitchell in that county, inasmuch as several independent Republicans have places on it. The *Oregonian* heartily supports the combination and the entire press of the city, with one exception, does likewise. Our much-married Senator finds his pathway very rocky indeed.

WATSON AS A NATURALIZER. —At the time Watson attempted to secure the naturalization of several Chinamen there was a contest for certain mining property in this county. If Mr. Watson could have been successful, the declaration to become a citizen would have been sufficient to guarantee the rights and privileges sought and he would now be able to muster some of the votes he now so badly needs.

BYBEE, while attempting to excuse the position of Ross, Kahler and Fountain on the Senatorial question, said that these gentlemen, if elected, would do all in their power to defeat the election of a U. S. Senator if a Greenbacker could not be elected. It is very gratifying to know that there is no danger of them ever being able to institute such revolutionary proceedings and thus leave Oregon with only one Senator.

GOT AWAY WITH THEM.—It must be very edifying to those old Republican war-horses, Langell, McKenzie and others, to have a carpet-bagger from Josephine, Greenback Cox, capture their organization and make away with it. He not only has his favorites occupying prominent positions upon the ticket nominated on May 4th, but he even exults loudly and struts about referring to that mess as "my ticket."
