

DEMOCRATIC VOTERS

of Jackson county, scan your ticket carefully and see that it is genuine; that it contains the names of the candidates you desire to vote for.

COUNTY COURT.—The June term of the Probate and Commissioners' Courts will be held next week.

TRUE DEMOCRATS cannot subserv the interests of their party better than by working and voting for the straight Democratic ticket.

BOUND OVER.—John Gale was this week examined in Justice Kent's Court on a charge of an assault with a dangerous weapon upon Wm. Healy.

SPEAKING.—The county canvass closes at the Court House in this place to-morrow at one o'clock P. M.

BYBEE is best known as a supernatant political hack who is always up for office. He has been laying his pipes for Sheriff for the past ten years and has been anything and everything in that time.

CONTRACT SUBLET.—A. H. Boomer, Superintendent of the Northwestern Stage Company, running through Eastern Oregon and Idaho, has been in town this week.

A GRAND MISTAKE.—The nondescripts have been holding out that E. D. Fosdick, Esq., is favorable to their cause. Nothing could be more at variance with the truth.

WHAT is Dave Thompson's mission to this section at this opportune moment? Has he come to distribute Mitchell's corruption fund, and does that account for the reputed flushness of the nondescripts' exchequer?

WATSON is now industriously engaged in an attempt to explain away his Chinese record. He never thought it worth the while until he became a candidate for office and sadly needs the votes of the white miners he sought to deprive of their mineral land.

GOOD REPORTS.—As the canvass progresses the best of reports come in from all portions of the county. The Democratic ticket is gaining steadily each day, and that it will be elected by a handsome majority is well ascertained.

DEMOCRATS cannot afford to vote for a single man on the nondescript county ticket, much less for any of the legislative nominees. Taking it for granted that neither Messrs. Ross, Kahler nor Fountain will vote for Mitchell, it is a dead loss of votes for a Democratic U. S. Senator to elect either of them.

Bybee has been itching for the Sheriffship for the past ten years, and he will scratch for as many more ere his insane desire for office will be realized. The people have a desire to hear from Mr. Watson on his record as County Judge. He is asked to clear up a multitude of charges against him.

BRIEF MENTION.

Don't swap. Summer fights lively. B. F. Dowell has returned. Look out for bogus tickets. Vote the Democratic ticket. Cope's Hand-book at this office. Dave Crosby is the man for Constable. Miss Kate Darwin has gone on a visit to Lake county. J. M. Sutton is canvassing the county as a book agent. Sheriff Manning has returned from the Willamette valley. Vote for Jas. Jeffrey for Surveyor. He will give satisfaction. J. D. Fountain returned from Portland on Wednesday last. A child of Mr. Fountain was drowned at Althouse the other day. Lost, strayed or stolen.—The Republican party of Jackson county. J. R. Tozer will be our next Sheriff. Everybody should vote for him. Our politest bow to Mrs. J. H. Penn for a liberal supply of delicious cherries. Jacksonville is promised a new tailor-shop, also another wagon-shop. Deputy Sheriff Seybert and R. L. Ish have returned from the Willamette. Sam Steckle is the man for Assessor. He is qualified and should be elected. We are sending out statements of account and request an immediate settlement. M. A. Houston was in town yesterday and gives a good report from Table Rock. The jury in the case of the U. S. vs. Griswold could not agree and was discharged. The Sterling Company is talking of putting in another pipe and extending the ditch. M. Ryder, of Kerbyville, will give a bait on the Fourth of July. Advertisement next week. Thus, G. Reames should and will receive a large complimentary vote in Southern Oregon. The Democratic ticket is steadily gaining votes every day. It is much the best one of the two. A correspondent informs us that Beck will not get four votes in Langdon Valley, Lake county. The "dear people" will find that Matt, Dillon always furnishes the best brands of liquors and cigars. Dr. A. C. Stanley, of Table Rock, will hold an inquest on the defunct nondescript carcass Monday night. If the people desire to make the carpet-bagger from Josephine, Cox, their Sheriff, let them elect Bybee. Wm. Carl was in town this week. He says it is undecided when the stages will commence fast time. J. S. Howard has received a large supply of boots and shoes and a fine assortment of general merchandise. Let the measure of competency the *Sentinel* seeks to apply be applied to Wm. Bybee, its candidate for Sheriff. John A. Boyer has returned from Portland, where he attended the recent session of the I. O. O. F. Grand Lodge. The Boulon Troupe serenaded the Times office during its sojourn in town. The music was excellent and daily appreciated. "Gen. Floney" will be at Ashland during the balance of the season. He will not return to Jacksonville after this week. M. S. Burrell, of the Sterling Company, who has been visiting this section for the past few weeks, has returned to Portland. Why don't the legislative nominees of Mitchell's side-show tell us whether or not they propose voting for the Senator with an *alias*? Democrats should not be misled by their opponents, who are attempting to distract our strength. Vote the straight Democratic ticket and none other. Some wretch poisoned W. C. Myer's Percheron horses, White Prince and Pride of Perche, at Albany last week, but fortunately not fatally. Thos. F. Beall returned last week from a visit to Illinois. He has been gone several months and the trip seems to have agreed with him. Democrats should not fail to be on hand early next Monday. Turn out and work for the election of the straight Democratic ticket. Cox, the carpet-bagger from Josephine county, is the nondescripts' leading card and mouth-piece. He is the right man in the right place. C. C. Beckman, Republican candidate for Governor, returned on yesterday's stage. His countenance has grown longer since he left us. We have had warm and cold weather alternately during the past week, with considerable rain sprinkled in. Crops have been benefited much. The nondescripts have given up all hopes of electing their ticket, though they are desperately striving to trade and scratch in Bybee and Watson. Bybee has been itching for the Sheriffship for the past ten years, and he will scratch for as many more ere his insane desire for office will be realized. The people have a desire to hear from Mr. Watson on his record as County Judge. He is asked to clear up a multitude of charges against him.

Bybee voted against LaFayette Lane in accordance with instructions from his tutor, Cox. He also voted against one of the Tilden Electors.

Democrats everywhere are standing up to their ticket to almost a man. They propose to bury the mongrel ticket, from top to bottom, beneath a round majority.

Judge J. B. Sifers returned Wednesday from Portland, having been a witness in the Griswold case. He reports Democratic prospects of success very good.

Dad Ross's canvass has been the straw that broke the nondescript camel's back. His Foot's creek tirade and his exhibition at Applegate were especially edifying.

Bybee cannot fill the Sheriff's office and must have some one else to do his work. Tozer is known to be a good business man and will be Sheriff in fact, not by proxy.

We have received an excellent communication from a Douglas county friend, but it arrived too late to secure publication in this issue. We hope to hear from him again.

Mr. Beckman, through his private secretary, accepts the appellation of "demagogue," applied by the TIMES. We are pleased to know that he delights in it, for it fits him so well.

T. B. Kent, Esq., has filled the office of Justice of the Peace of this precinct to the satisfaction of all. He is in every way better qualified for the position than his opponent. Vote for him.

John Orth has recently received a fine sausage-machine. We are under obligations to Chas. Brandle, his assistant, for the first bologna manufactured by it, the same which was excellent.

The nondescript ticket is neither fish nor fowl. The Republicans despise it, the Greenbackers won't take it into their bosoms and, worse still, the people will cast it into merited oblivion next Monday.

H. Kelly, candidate for District Attorney, says he prefers business to politics. And he can rest assured that the people will allow him to continue his mining operations without any interruption.

If Hon. Henry Klippel was not energetically working for the success of the Democratic ticket, as any true Democrat would do, the nondescripts would be at a great loss for something to write or speak about.

No Democrat should for a moment think of scratching Mr. Thayer and voting for Mr. Beckman, who has always been a positive opponent of the Democracy. We invite a comparison between the two candidates for Governor.

A desperate attempt will be made to elect Wm. Kahler, who is known to be favorable to Mitchell. Fountain, Ross and the balance of the nondescript ticket will be swapped off to accomplish this result, which Democrats must guard against.

Watson and one of his strikers canvassed Jackson creek on Monday last. The citizens there say one more such visit will find him with none to do him reverence. His arrant hypocrisy is at a grand discount with the honest miners of Jackson county.

Mr. Plymale has never contributed a single line to the columns of the TIMES during the entire campaign. He is not guilty of writing laudatory articles of himself or billing the press with a defense of his record and candidacy. How about Watson?

The rumor from below that Mitchell money would be scattered through Jackson county is said to have become a living fact. The strikers for the ticket nominated by his side-show are throwing coin about lively, but evidently without any perceptible effect.

Democrats should vote against Wm. Bybee en masse. He has always been a chronic disorganizer and has done more to create discord in the Democratic party than any other man in the county. Vote for Tozer and put an everlasting quietus upon this pretender.

Wonder if some second-handed scribbler, not a thousand miles from this place, didn't concoct that absurd falsehood published in the *Bea* concerning Tom Reames being a partner of Lin's? The ear-marks seem familiar. It is certainly one of the meanest lies of the campaign.

The Boulon Troupe performed in Jacksonville on Saturday and Monday evenings to large houses. The performances were good, especially the musical portion of it. Paul Boulon, on the violin and cornet, is not to be excelled, while the ladies' band, which is a prominent feature of the combination, was duly appreciated.

The *Sentinel* has never had a word to say in favor of its candidates, but prefers to resort to small demagogism and misrepresentation to gain votes for them. Comparisons with the Democratic nominees would be odious to the nondescripts, and their organ prefers to appeal to the prejudices of the masses than to utter a word of legitimate argument in behalf of that ticket.

Look out for roorbacks and lies on the eve of election. They are the nondescripts' chief stock in trade, and, like drawing men catching at straws, they use anything and everything, no matter how greatly at variance with the truth it may be. Beware!

J. R. TOZER.

"Let the office seek the man" has been so often used by broken-down politicians that the sentiment—good of itself—has become a by-word. If there ever was a case in which these words could be truthfully applied to a candidate in the field, it is to the gentleman whose name appears at the head of this article. That he has been a life-long, true and consistent Democrat up to the time he became a resident of Jackson county we have the word of a gentleman of undoubted veracity, who knew him intimately while a resident of Josephine county. The only blur or stain on his Democracy is that, coming among us as a stranger, he was misled by Bybee and his pals, and, believing them to be Democrats, voted for him and others on his ticket. Many other good Democrats committed the same error; but the last Presidential election showed them conclusively that they could not expect common justice even from the hands of those with whom they cast their political fortunes. It taught them also that if they desired to see Democratic principles perpetuated that it must be by keeping intact our party organization, even down to precinct officers. Actuated by this principle, we find them all at present steadfast and true to the party.

Now there are none so loud-mouthed in condemning the indiscretion of Tozer and others in voting for Bybee as are the tools and creatures of this man themselves. Men who for years have voted the straight Democratic ballot find no trouble in voting the ticket as it stands, while men who have for years been coquetting with Republicans affect to strain at it because some man is in it whose record is not clear from the Territorial organization data. And they now advise Democrats to commit the same error chargeable to Tozer.

Wask of you, citizens of Jackson county, to contrast these two rival candidates—Tozer and Bybee. See which of them you think most entitled to your suffrages; which of the two you would in any case hold up as a model for your sons, brothers or friends to emulate.

Naught can be said against the character or reputation of Job Tozer by his most bitter enemy—if one he has. His qualifications are undoubted. His Democracy is good enough for every one who denounces the Presidential steal, and his moral sentiments such that none of you will fear to allow your sons and daughters, wives or mothers, to come in contact with him. We have no better man among us than Job Tozer—none more quiet and unobtrusive, or so little inclined to seek office or better qualified when elected.

A Loving Embrace.

"O, would some power the gift give us, To see ourselves as others see us."

The above is a representation of Grassy Cox and Watson congratulating themselves after the mass meeting upon the great success of the ring slate. There will be quite a change of attitude in the above after Monday next.

For County Clerk.

The voters of Jackson county cannot do better than to elect W. J. Plymale to this important position. No one can say aught against his integrity and he will make a capable, painstaking and accommodating officer. He is a pioneer of the valley, thoroughly identified with our interests, and in positions of trust has proven himself to be ever watchful of the welfare of his constituents. No acts of negligence will be laid at his door, and the people are assured that he will do the best by all of them. A vote for W. J. Plymale will not be amiss.

Painfully Incompetent.

Wm. Bybee, who again comes to the surface as a candidate for Sheriff, is utterly incompetent to fill the office, and, if elected, must rely on deputies to do the business, without being able to judge whether it is right or wrong. Everybody knows that to be the fact, and it is one which should engross the attention of all thinking men. The people are fully competent to name the Sheriff themselves without Bybee being delegated to appoint him, as he himself will be that officer in name only, in case he is elected.

A Card from Mr. Tozer.

ASHLAND, May 28, 1878. TO THE EDITOR OF THE TIMES: It having been asserted that in case I should be elected Sheriff of this county some one of my relations would be my deputy, I hereby declare the statement wholly false. No relative of mine, either by blood or marriage, will be deputy under my administration in the event of my election. J. R. TOZER.

WHY is it that the nondescript organ says nothing of the county canvass now progressing? Is it because the nonsensical bellowing of Cox, the disgusting oratory of Dad Ross and the humiliating failure of Watson upon the stump proves too strong a dose for even its gagrened stomach?

ENCAMPMENT MEETING.—The members of Table Rock Encampment No. 10, I. O. O. F., are requested to be present on the second Tuesday in June, at the usual hour, as business of importance is to be transacted. SILAS J. DAY, C. P.

THE duty of true Democrats—Vote and work for the straight Democratic ticket.

"A FEW WORDS TO VOTERS."

Under the above caption the *Sentinel* indulges in a hypocritical appeal to the voters of Jackson county, in the course of which it delivers itself of the following:

Within the past few years our county has fallen deeper and deeper into debt and the taxes have increased accordingly. Among the causes which have tended to produce this result are: The consolidation and expenditure of special funds under the plea of necessity, no such necessity existing except in the demands of the ring.

Our cotemporary reminds us of the fable of the mired ox, which, in its endeavors to extricate itself, only succeeded in getting deeper into the mud. We hardly expected that organ to furnish the club wherewith to break its own head; but, having done so, we avail ourselves of the opportunity.

In connection with the above extract we would call the attention of our neighbor to the following order, made by the County Court May 3, 1876, to-wit:

"It is ordered by the Court that the County Treasurer of Jackson county turn over the building fund collected and paid into said Treasurer for the assessment of 1875 into the general county fund, to be used for the redemption of the outstanding indebtedness of said county, and that the general fund be charged therewith, to be replaced in the building fund upon the order of the County Court."

The organ of the hungry brothers, in making these random charges, is hoisted with its own petard. We sympathize with its victims.

Watson was the County Judge when that order was made, and is wholly responsible for it. He ought to have known that in making this order he violated section 3, article 9, of the Constitution. This is very strong proof that Watson should not be again elected to any office.

The article from which the above is taken is replete with glaring falsehoods. The writer must have taken position before a mirror and seen the reflection of himself and co-laborers to have inspired it.

BEAVER CREEK GRAVEL MINE.

Another new mining enterprise has been brought into existence and promises to be one of the most important in Southern Oregon. The proprietors, Henry Pape, J. S. Howard, Charlie Schultz and Chas. J. Howard, have just returned from a survey of their claims. From them we learn that the company has acquired the title to 80 acres of the ancient gravel channel of Applegate, being upon the east side of the river, below the mouth of Beaver creek, and about seven miles above Uniontown. This old channel is some 50 feet above the river, which secures plenty of grade and dump. The gravel is from ten to one hundred feet deep and prospects very well. Some good was panned out during the time of the survey and is the smooth, heavy channel gold. The ditch, as surveyed from Beaver creek, is only 2 1/2 miles long, which brings the water 290 feet above the river. We learn that capitalists have made overtures to dig the ditch and put on the pipe for a contingent interest in the claims. We congratulate our old friends upon their good fortune.

POOR WATSON! He started out in the campaign with a grand flourish of trumpets, but the wind has suddenly been taken out of his sails. His record as County Judge, his solicitude for his Chinese friends, and divers other matters he has been unable to explain, haunt him wherever he goes and he has collapsed under the strain. He has refused to take the stand, and, worse still, his organ gives assent to all the charges against him by a painful silence. But then he ought to have known better than to run for office with such a vulnerable record staring him in the face.

DISCLAIMER.—The *Sentinel* persists in its silly statement that Wm. M. Colvig used the following language: "I do not care for the petty office as there is no money in it, but I have been studying law and want to be elected so as to pay my expenses to Salem and back, as I want to be admitted to the bar." With the authority of Mr. Colvig we brand the above as false. It is a very small attempt to presume upon the intelligence of our voters, to say the least; but it is in keeping with the cause in which it is made.

SEVERAL Democrats went to see those celebrated tickets of which our cotemporary has so much to say. It was found that not more than five were in the same hand-writing, and some of these had different names upon them. Thus this ridiculous romance has been dispelled and leaves its originators in the position of arrant demagogues and prevaricators.

THE poll-books of Eden precinct show that W. J. Plymale voted for Breckenridge and Lane in 1860. We invite Turner & Watson to see for themselves. Mr. Plymale's Democracy is good enough for anyone.

THE CANVASS.—The joint discussion now going on is very favorable to the Democratic cause, whose champions have captured the laurels everywhere. The attendance is good, much interest being manifested. Wm. M. Colvig, J. R. Neil and others represent the Democracy, while Cox, Ross and Watson excuse the presence of the "What-is-it" in the campaign. It is decidedly a one-sided affair, the nondescripts making a very poor show indeed. Cox, with his cranky and fanatical notions, which have been thoroughly exploded, is his main stay. Ross's exhibitions are not at all complimentary to himself, while poor Watson consumes his time in a rapid defense of his record. Messrs. Colvig and Neil have gained their points throughout and leave a fine impression wherever they go. The canvass, as the election will be, is conceded by all a complete Waterloo for the opposition.

BYBEE, as is the case every time he comes up for office, promises almost anything to catch votes. He has proven unreliable in this regard, as two years ago he promised that he would never again be found fighting the Democracy. Can Democrats vote for a man who is a bitter enemy of their party and has been doing everything to overthrow it?

IN TOWN.—Messrs. Levinson & Arrington, agents for the Taber and Packard organs, are now in this section and ready to take orders for these celebrated instruments. They are registered at the Franco-American.
