THE RESULT AND ITS CAUSES.

Beaten in its ancient stronghold by prejudice, treachery and corruption, the Democratic party of Jackson county is yet able to lift its voice in defiant challenge to Mitchellism within or without its ranks. The result of Monday is mortifying, and, as to the Democracy of this county, humiliating in the extreme. The means employed to accomplish it make this a public calamity and raise it above the level of mere party disaster. To those Democrats who coatributed, by active effort and silent sympathy, toward this defeat, we have much to say. But why say it to men who have been led, like sheep to the shambles, by ranting mercenaries like Cox and other paid emissaries of Mitchell? We can only inquire of them: what have you accomplished? The defeat of a Democratic Governor, Secretary of State, Treasurer, Printer and Superintendent of Public Instruction-is this the record of Jackson county to which Democracy in the future must "point with pride?" Or is it the defeat of a major part of the County ticket and the election to office of men who have repeatedly, in past years, with your sanction and by your own effort, been discarded as unfit and unworthy representatives of the people? Or is it the election of a mixed delegation to the Legislature and an implied endorsement of the Presidential fraud?

With all its splendid record, lustrous with victories reaching through long and weary years, the Democratic

Assassination Rampant.

Another attempt on the life of Emperor William of Germany was made June 2d. It was more successful than guns, on an excursion up Salt River the one made sometime previously, but the prospects are favorable for the recovery of the victim. Nobeling,

the assassin, fired twice with a doublebarreled shot-gun, about thirty small shot from which the Emperor received in his face, head, arms and back. Al though severe, it is not likely that the wounds will be fatal. The assassin is Carl Edward Nobeling, native of Kolleno; is a resident of Berlin, a doctor of philology, and a habitue of democratic socialistic clubs. He fired on the per-

A Redceming Feature.

In the midst of the defeat of the Democracy of Jackson county there is a matter which affords every true Democrat occasion to be proud of. We re-Messrs. Kelly and Watson, the latter fer to the gallant young Democracy, which distinguished itself on election day by not only casting its maiden vote en masse for the straight Democratic ticket, but also exhibited its fidelity to the cause thus espoused by energetically laboring for its success. Monday's conflict, we find that incompetence, trickery and scandal-but above all, incompetency-have accomplished the full measure of their designs. They have in part achieved the temporary disintegration of the Democratic party organization here. But there is this consolatory reflection: that the rewards are amply proportioned to the characters and anteced ents of the men who, under the guise of purity and honesty, have obtained them.

Gallaut Josephine.

Little Josephine, which has never gone Republican since her organization, distinguishes herself by giving the Democratic State ticket from fifty to seventy majority. When we consider that it was expected that the Greenback party would defeat any hopes of a Democratic success, the result is certainly agreeably surprising. J. B. Caldwell is elected Representative, while the greater portion of the Democratic county ticket also has a majority. Had the balance of the State done half as well, the result would now be beyond cavil. All honor to the gallant Democracy of Josephine!

Advices from the State at large are of a meagre character. Whiteaker is elected Congressman, with chances in favor of the election of the Republican State ticket by a small majority.
