San Francisco. tions; a report, not made in the conscien tious discharge of a high duty, but for the manufacture of cheap political clap-trap, not made to improve the public service, but to carry elections. These designs, however, are too transparent to deceive anybody, and will fall as far short of realization as the report does of the truth.

The persons composing the committee seem to have resolved themselves into a political junta; they meet and issue their manifesto; they then give notice that they have adjourned, subject, however, to be called together again by their chairman. This notice bonis non of the estate of O. D. Hoxie, deis undoubtedly designed as a menace against ceased. those whom the committee have maligned, Those having claims against the estate will and is intended as a gentle intimation that present them with the proper vouchers to the committee is hable to "come back" and administer another dose of personal abuse, son county. Oregon, within six months after the first publication of this notice. should they dare to reply.

By such tactics the committee hope to prevent their falsehoods from being exposed. There are some people, however, who are
