You know the times are stringent, And doilars hard to get;-But tug a little harder, Is what I mean to do.

And scrape the dimes together-Enough for me and you.

I can't afford to drop it-I find it doesn't pay To go without a paper, However others may. I hate to ask my neighbors

To give me their's on loan -They don't just say, but mean it, Why don't you have your own? You can't tell how we miss it,

If it by any fate, Should happen not to reach us, Or come a little late: Then all are in a hubbub. And things go all away;

And printer, if you're married,

You know the reason why.

I cannot do without it: It is no use to try; For other people take it, And, printer, so must I. I, too, must keep me posted On what is going on,

Or feel, and be accounted,

A fogy simpleton. Then take it kindly, printer, If pay be somewhat slow; For cash is not so plenty, And wants not few, you know; But I must have my paper, Cost what it may to me,

I'd rather dock my sugar, And do without my tea. So, printer, don't you stop it, Unless you want my frown; For here's the year's subscription, And mark it right down; And send the paper promptly And regularly on,

And let it bring us weekly It's welcome benison.

#### Ozcena. AN OPEN LETTER. IT SPEAKS FOR ITSELF.

ROCKPORT, Mass., April 2, 1877. MR. EDITOR:-Having read in your paper N. FISHER. | am induced to tell "what I know about catarrh," and I fancy the "snuff" and "inhaling tube" makers (mere dollar grabbers) would be glad if they could emblazon a similar cure in the papers. For 26 years I suffered with catarrh. The nasal passages became completely closed. "Snuff," "dust," "ashes," "inhaling-tubes," and "sticks," wouldn't work, though at intervals I would sniff up the so-called catarrh snuff, until I became a valuable tester for such medicines. I gradually grew worse, and no one can know how much I suffered or what a miserable being I was. My head ached over my eyes so that I was confined to my bed for many successive days, suffering the most intense pain, which at one time lasted contiquously for 168 hours. All sense of smell and taste gone, sight and hearing impaired. body shrunken and weakened, nervous system shattered, and constitution broken, and I was hawking and spitting seven eights of the time. I prayed for death to relieve me of my suffering. A favorable notice in your paper of Dr. Sage's Catarrh remedy induced me to purchase a package, and use it with Dr. Pierce's Nasal Douche, And by confining ourselves strictly to one class of work, by employing none but the which applies the remedy by hydrostatic pressure, the only way compatible with common sense. Well, Mr. Editor, it did not cure me in three-fourths of a second, nor in one hour or month, but in less than eight minutes I was relieved, and in three months entirely cured, and have remained so for over sixteen months. While using the Catarrh Remedy, I used Dr. Pierce's Golden Medical Discovery to purify my blood and strengthen my stomach. I also kept my livhis Pleasant Purgative Pellets. If my experience will induce other sufferers to seek the same means of relief, this letter will

have answered its purpose.

Mustang Liniment,

FOR MAN AND BEAST. This liniment very naturally originated in America, where Nature provides in her laboratory such surprising antidotes for the maladies of her children. Its fame has been spreading for 35 years until now it encircles the habitable globe. The Mexican Mustang Liniment is a matchless remedy for all external ailments of man and beast. To stock owners and farmers it is invaluable.

A single bottle often saves a human life or restores the usefulness of an excellent horse, ox, It cares foot-rot, hoof-all, hollow horn, grub, serew-worm, shoulder-rot, mange, the bites and stings of polsonous reptiles and insects, and every such drawback to stock breeding and bush life. It cures every external trouble of horses, such as lameness, scratches, swinny, sprains, founder, wind gall, ring bone, etc., etc. The Mexican Mustang Liniment is the quickest cure in the world for accidents occurring in the family, in the absence of a physician, such as burns, scalds, sprains, cuts, etc., and for rheumatism, and stiffness engendered by exposure.
