

TO ADVERTISERS.

The TIMES has the largest circulation ever attained in Southern Oregon by any newspaper and therefore offers superior inducements to advertisers.

FOUND.—A coral ball, evidently a portion of an earring, was found the other day. The owner can recover it by calling at the Times office.

THANKS.—We are under obligations to Jas. A. Carlwell, agent of the Fireman's Fund Insurance Company, for a neat ruler—just the article we have been in need of for some time.

FOR ASHLAND.—The Jacksonville Dramatic Association has some intentions of visiting Ashland at an early date and giving an entertainment, if satisfactory arrangements can be made.

SCHOOL BY SESSION.—Differences having been adjusted in Big Butte district, a school was commenced this week under the direction of Wm. H. Parker. The attendance is quite large, over thirty pupils responding to roll-call.

CHALLENGE ISSUED.—The Jacksonville District Schoolhouse has challenged the Ashland second nine to a game of ball, to be played at Bybee's Grove on the 1st of May. Should the latter accept, a rattling game may be expected.

SUPPLEMENT.—There being a great and increasing demand for the space of the TIMES by business men, we will occasionally issue a supplement containing several columns of choice miscellaneous reading matter. It is our intention to do full justice to both our readers and advertisers.

DELINQUENT TAX LIST.—The County Commissioners at their last session, ordered the County Clerk to make out a list of the taxes returned unpaid by the Sheriff, with a writ attached commanding the latter officer to make the amount out of the property of said delinquent taxpayers, which has been done.

ANOTHER HOTEL FOR JACKSONVILLE.—The New State Hotel will be thrown open to the public next week—perhaps as early as Monday. The proprietor, C. W. SAVAGE, has spared nothing to make this establishment complete in all its departments and he will be persistent in his endeavors to give general satisfaction.

A LITTLE OFF.—Henry Menser informs us in publishing the challenge to the foot-racers of Jacksonville, Douglas, Josephine, Lake and Siskiyou counties. He does not intend a game of ball and therefore avers to the impression going out that he is anxious to meet the foot-racers at the offshore Coast.

AIRY.—A daughter of Hon. J. B. Gifford of Williams creek, aged about thirteen years, was thrown from a fractious horse last Saturday and seriously hurt. The vicious brute kicked her several times, fracturing the skull and inflicting internal injuries. Dr. Aiken, who is attending, informs us that her case is rather doubtful one.

SCHOOL DISTRICT ORGANIZED.—The voters of Table Rock district, which was until recently a portion of Antioch school district, held a meeting last Saturday and elected E. P. Pickens, B. Vincent and L. N. Gregory directors, and J. S. March clerk. The services of Miss Hattie Tett have been engaged and a three-month school will be commenced immediately under her management.

OUR QUARTZ MINES.—Since the advent of Messrs. Chadwick and McNevin in our midst the quartz interests of this section have assumed an importance they never before possessed. Leases have been obtained for a year, being re-leased, the latters in many instances intending to prospect them thoroughly. Nor can it be said that our anticipations are entirely unwise, for the time is near at hand when our mines will receive the attention that is justly due them.

EGGLE POINT ITEMS.—The district school reopened last week with a large attendance. W. T. Locke, formerly of the Ashland Academy, is charge. Eggle Point is improving steadily. Some new buildings are now being constructed and the erection of others is contemplated. The Butte creek mills have been repaired and are now in the best order. Arthur Pool has recently opened a blacksmith-shop here. Sticky is disappearing. Cross look well and stock is picking up.

ESCAPE.—Wm. Applegate, held to answer on a charge of larceny by James Waters of Ashland, made his escape last week when Constable Mayfield was allowing him a little outdoor exercise. That official fled several shots after him as he went, but this only accelerated his speed, and he reached the brush in time to elude his pursuers. Applegate is a half-witted fellow, in whom there was no particular harm, and his escape was doubtless permitted in order to save the county the expense his trial would have incurred.

RECEIVER APPOINTED.—Judge Hanna has granted the motion for a receiver made by defendants' counsel in the case of the Cayote Creek Mining Company vs. Wm. and Walter Rubell, and appointed Garrett Crockett to that position. Mr. Crockett will enter upon his duties as soon as his bonds, which are fixed at \$5,000, are approved. Depositions in this case will be continued at Salem on the 29th, at Jacksonville on May 14th and at Mounton on May 19th. The main issue will be tried at the June term of the Circuit Court for this county.

DRAMA ENTERTAINMENT.—The entertainment given by the Jacksonville Dramatic Association at Veit's hall last Saturday evening proved much of a success. The attendance was large, every seat being taken. "Among the Breakers," a drama by Geo. M. Baker, followed by the farce "Dont Judge by Appearances," was the bill for the evening, and both plays were presented in a manner acceptable to the audience and creditable to the performers. Tomorrow evening the last of this series of entertainments will be given, upon which occasion "A Revelation," another of Baker's plays, and "Sarah's Young Man," a farce, which popularity, will be placed upon the bill. Other attractions will be included in the programme.

BRIEF REFERENCE.

Fickle weather. Wm. Carl is in town. The roads are improving. Local correspondence solicited. Snow fall at Sterling one night this week. May-day will be duly observed by the young folks.

Several cases of sickness are reported this evening.

Remember the entertainment to-morrow evening. W. J. Stanley has taken charge of the Manzanita district school.

Geo. W. Elliott will receive his new stock of merchandise this week.

C. C. McClelland exhibited a fine Grey Eagle coat on our streets this week.

The receipts of last Saturday evening's entertainment amounted to \$84.50.

Several showers of rain have fallen during the past week, to the benefit of all. Miss Lizzie Hargaline and E. F. Rockfellow, of Ashland, were in town this week.

Several cases will come up for trial in Justice Huffer's Court to-day and to-morrow.

Several heavy wind-storms prevailed this week, but did no particular damage.

W. C. Myer keeps Gen. Fleury at Eugene City, Junction City and Harrisburg.

Very few descriptions of blanks may be found at the Times office. Prices reasonable.

A large number of hides have been shipped from this section in the past few weeks.

Everybody uses the Singer, and so do their sisters and their aunts and their cousins.

An unusually large number of people were noticeable upon our streets last Saturday.

Don't fail to call at A. Fisher & Co.'s and see those novelties they have just received.

J. F. Gazeley and W. R. Willis, attorneys in the Canyon road case, have returned home.

A correspondent writes us that a bridge across Sardine creek should be looked after.

R. F. Dowell will return to Salem next week, his presence being required there on the 25th.

Beautiful visiting cards, of every description, printed at the TIMES office at Eastern prices.

Ben. Sachs is a chief salesman in Schweitzer, Sachs & Co.'s establishment in San Francisco.

Thos. Chavner has a threshing machine, in good order, that he will sell or trade on liberal terms.

The wind this week demolished the old blacksmith adjoining the premises of Mrs. Crosby.

We regret to learn that Geo. A. Jackson of San's Valley is lying seriously ill at Soda Springs.

A party was given by W. L. Bilger on Wednesday evening last, which proved a pleasant affair.

Our friend Robt. Kahler steps unannounced. A young druggist arrived at his home Thursday morning.

Not. Edgings has resumed his place on the box and is again driving between Rock Point and Barrow's.

The high waters of a few weeks ago swept off of tallings that had accumulated in various streams for years.

The Board of Trustees transacted some important business at its regular session last Tuesday evening.

The K-hall tax recently levied by the citizens of Eggle school district is being collected by the clerk, J. H. Berry.

Miss Caldwell, who was seriously injured in being thrown from a horse at Williamsburg last week, is said to be improving.

Ex-Governor Chadwick left for Salem Wednesday morning. He will return in a few weeks and resume the mining enterprises he has projected here.

John Murphy's fine Percheron stallion will be at his place, four miles east of Ashland, during the balance of the season.

A Miss Atkinson was immersed in Bear creek at the hands of Elder M. Peterson, of the Baptist church, Sunday before last.

The stages did not change time this week, as anticipated, owing to the rough roads and the unsettled condition of the weather.

The wife of Rev. J. S. McCain, Presiding Elder of this district, died at her home in Eugene City on the morning of the 7th inst.

J. S. Howard keeps blank township plats and mining notes constantly on hand. Persons desiring either should give him a call.

J. R. Farley is conducting a flourishing school at the old Drake school-house. He has about forty pupils in regular attendance.

Thos. McAndrew, of Bear creek, lost a bright boy this week by what is supposed to have been diphtheria. He died after an illness of only a few days.

The State Investment Insurance Company has settled with J. Hoack of Ashland, paying him \$808 on account of damage his hotel property sustained by fire.

Sol. Sachs, formerly of this place, has established himself in business in Germany. He is interested in a wholesale leather house and is doing well, we learn.

A. Slocum, the well known traveling agent, is in town. He still represents Frank Ross, a Portland firm dealing largely in agricultural implements and wagons.

Rev. D. A. Crowell, in a partial canvass of this place, succeeded in raising \$85 for the purpose of making necessary repairs to the M. E. Church and parsonage.

Reames Bros. and Neuman Fisher have just received an assortment of elegant ribbons, ties, handkerchiefs, hats, etc. Call early, as they are going off like hot-cakes.

Jacob Wagner of Ashland was in town Wednesday. He informs us that sealed proposals to furnish material for the proposed Masonic building have been invited.

J. E. Biggs and A. W. Pressley's boys hold company with one another by means of a telephone they have constructed between the residences of their respective parents.

We have had some very cool weather in the past few days, but fortunately little frost. The fruit crop is almost entirely out of danger and promises to be unusually large.

Messrs. Brown and Sessions, of Moloc county, Cal., who were in this section last winter, are negotiating for a considerable number of cattle in the vicinity of Grant's Pass.

Schweitzer, Sachs & Co., the well-known San Francisco firm, to keep pace with an increasing business, contemplate adding another story to their already spacious building.

D. W. Prentice & Co., music dealers at Portland, send us a piece of instrumental music entitled "Berencuse." If there is anything in a name, it ought to be contained in "Berencuse."

Hon. L. F. Lane is captain of the Uppanga Guards, a military company recently organized at Roseburg by authority invested in Gen. Jos. Lane by Brigadier-General Reames of this place.

Thos. who have occasion to travel the Herrin line will be gratified to learn that the county authorities entertain intentions of doing something for that infamable and half-hole next Summer.

Frank Emis has connected his cabin and boarding-house at Sterling with an acoustic telephone. This is another triumph for the inventive genius of man; but it's bankruptcy to Frank's labors.

"Dick Turpin," a well-bred horse of fine proportions and many excellent qualities, is advertised in this week's issue. He is owned by Jas. W. Collins of Table Rock. See the advertisement elsewhere.

Hon. T. H. Brents, Delegate to Congress from Washington Territory, has appointed Hiram Jacobs, son of Judge O. Jacobs, former Mayor of Jacksonville, to a readership at the Annapolis Naval Academy.

Linn discharged the duties of the County Treasurer's office in an acceptable manner during the absence of Mr. Fisher. Dave is no novice in the business, having been Treasurer himself for several years.

H. P. McNevin, the mining expert, has gone to California, but will return before long with his family. He will thoroughly prospect several quartz ledges in this section in the interest of capitalists from abroad.

Geo. Schump has just retitled his bath-room and is prepared to furnish bath kits on short notice. He will soon be in receipt of a powerful force-pump that will prove of immense service in case of fire.

A suit for the recovery of personal property, in which John C. Akers was plaintiff and John Albride defendant, was tried at Sam's valley, in Justice-Chandler's Court, on the 7th, and decided in favor of the latter.

The TIMES office is turning out a large amount of job-work of every description. It has better facilities for executing the finest work at the lowest prices than any other establishment in Southern Oregon.

W. R. Willis and Sol. Abraham, of Roseburg, were in town this week. They are interested in the proceedings in the Canyon road case, that is up again before Judge Hanna in one of my many different phases.

Eugene Waldorf, who is in charge of W. C. Myer's horses, will be in town on Thursday, the 24th inst., with "Arabian Boy," a late importation by Mr. Myer, and an animal of high breeding and much beauty.

We are told that soldiers from Fort Belknap have gone down to Klathum on the hunt for Ochoco and some of his renegade tillicum who has escaped from the former place and gone in the direction of the latter.

We learn that M. Colwell's stock has been attached at various points along the mail route between Ashland and Lakewood and there is some probability of service being suspended. Mr. Colwell is endeavoring to avert this.

Mrs. Dr. Robinson will return to the Williams valley as soon as it becomes possible for her to travel. Her condition is somewhat improved and it pleases us to learn that there are some prospects for the ultimate recovery of the lady.

E. R. Reames returned from San Francisco last Monday. He reports times very dull at the Bay, but improving again. Even had to give up the idea of buying a new carriage for the elegant stock of Spring goats for Reames Bros.' establishment while there, which will arrive soon.

The foot-race between Henry Menser of this place and W. C. Stough of Ashland, announced for last Saturday, did not come off much to the disappointment of the crowd that assembled to witness it. Stough was present, but did not seem anxious to run.

J. W. Manning and M. Obenchain have returned from Roseburg, at which place they were met by Lieut. J. Q. Adams, Quartermaster at Vancouver, who accepted the thirteen mules purchased in this section recently for government service by Mr. Manning.

Great excitement was occasioned by the announcement that John Miller's skeleton had been found in Ashland; upon reading his advertisement elsewhere a second time, it was discovered that he was only disposing of his stock of goods at prices that defy competition.

R. S. Osburn, formerly of this place, was a heavy loser by the Reno (Nev.) fire. The stock of drugs and building with which he owned a half interest was totally destroyed, occasioning a loss of \$29,000, with only \$5,000 insurance. Mr. Osburn proposes to resume business immediately.

MINING NEWS.

Water is falling fast. Many of the miners are cleaning up. Mining blocks of every description for sale at the Times office.

Gun Lin cleaned up 151 ounces of gold-dust Tuesday, the result of three weeks' run with two pipes.

Cook & Henderson's Steamboat Lodge will be prosecuted by an incorporated company that is now being formed here.

Everyone interested in mining should have a copy of Copp's Hand-book of Mining Law. For sale at the Times office at \$1 a copy.

Water is still plentiful in the Jacksons mining district and the miners are sanguine of favorable results. That section never fails to be heard from in the clean-up.

The miners of Gall's creek and vicinity promise a good report this season. Orme Bros. are moving a large amount of gravel by means of their hydraulic, with good results.

A. W. Sturges & Co., who are engaged in mining a portion of the Fall homologal claim, had occasion to make a few shafts the other day and cleaned up about \$900, we learn.

The Sterling Company has a large supply of water as yet and will be enabled to run several months longer by the snow in the mountains, which lies there in considerable quantities.

The cool weather of the past week prevents any considerable diminution of the supply of water. This change in the atmosphere and occasional showers of rain benefit the miners to quite an extent.

H. P. McNevin has let some contracts for work upon the quartz ledge recently purchased of Bookman, Klippel & Co. and situated near Fisher's Rogue river ferry. Prospecting will be commenced soon.

Operations were delayed at the Hamilton diggings while by the dammed pitching of into the Applegate, but work was resumed a short distance below this point soon afterward. The prospects continue excellent.

The "Little Giants" are proving to be just the thing that has been wanted by the miners of Northern Oregon for years past. Many will next season discard the old-fashioned hydraulics and invest in the new, which are a decided improvement in every way.

Saltmarsh & Co., on Sterling creek, have been unable to operate as rapidly as desirable this season, owing to the extreme hardness of the ground in which they are working. They have a fair supply of water still, and are nevertheless sanguine of the best results.

W. J. Plymale returned from Josephine county Wednesday. He gives a favorable account of the mining outlook there and says the reports from Briggs' creek are of such a character as to leave no doubt but what that camp is very rich and even better than Silver creek.

Henry Klippel, Superintendent of the Squaw Lake diggings, was in town Saturday. He informs us that, after several months' delay, piping has again been resumed and is progressing finely. He is still apprehensive of slides, which have been very troublesome during the winter.

L. N. Browning, of Leland, was in town Saturday, attending a meeting of the Rising Star Mining Company. He informs us that the miners of the northern portion of the county are still favored with a fair supply of water and have every prospect of a remunerative season.

Geo. Clough, J. Brailey, Wm. Nickell and Geo. Howard started for Josephine county Tuesday morning. The two former will tarry at the Briggs' creek mines, but the latter will proceed to Silver creek and try their luck in that region. They went provided with a supply which they intend loading with gold-dust upon their return.

Thos. P. Kahler brought \$258 in gold-dust to town Saturday—the result of a partial clean-up at the Fort Lane diggings. Although the supply of water has been rather limited here this season, the returns have been quite satisfactory. We learn that the proprietors propose increasing their facilities and will operate on a more extensive scale next winter.

R. Cook, who has been prospecting for a quartz ledge at Steamboat, is quite sanguine that he has struck a vein which will be found to be one of value. The old Steamboat ledge was among the richest ever discovered, but petered out after about a quarter of a million dollars were taken out of it. Some are of the opinion that it was nothing but a slide; yet there is no general agreement upon this point.

"Uncle Jimmy" Leslie returned from Applegate this week, where he has been engaged in mining operations for several months past. He is interested in Jas. Lawrence, Fred. Grob, and Clark Winter in every particular, and informs us that there is every probability that they will succeed in opening an excellent hydraulic claim. The work this season has been principally confined to ground-slaining.

The mining season is proving to be a quite favorable one and of greater length than miners at first supposed it would be. When we consider that more improved mining apparatus has been brought into use this year than ever before and that the miners were well prepared for water when it did come, it would seem as if the yield of gold will be quite large and is destined to compare favorably with that of former seasons. We have cause to congratulate ourselves upon our narrow escape from the dry season that at first threatened us.

The news from Silver creek is varied. N. P. Mosely, who has just returned from there, expresses an unfavorable opinion of the mines. He reports all the beautiful ground claimed, but rights are preprobable at reasonable figures. Nothing of consequence has been done by the miners as yet, and Mosely believes that there has been much exaggeration in the premises. Others are sanguine that the camp will prove a rich one and assert that developments made so far illustrate this to be a fact. While we learned there are rich diggings in the Silver creek country, it is hardly possible that a new "Edorado" has been discovered and undue excitement is hardly necessary.

RELIGIOUS ITEMS.—Rev. D. A. Crowell will hold services at the M. E. Church on Sunday morning at the usual hour, and at Manzanita at three o'clock p. m. Elder Martin Peterson will preach at the Haber Grove school house next Sunday morning at the usual hour, leaving his text from 2d and 4th Daniel, etc.

M. A. Williams will hold services at the same place at 2 o'clock p. m. Rev. Mr. Alden, a Baptist minister from the north, held services at Ashland last Sunday, at the conclusion of which six converts were immersed in the factory race.

BASE BALL.

The second game between the third nines of Ashland and Jacksonville was played upon the grounds of the latter on Saturday last. A large number of spectators witnessed the contest, which proved to be a close one. The Jacksonville team did not close, and the Ashland team did well, with its excellent music. Both nines did well, mistakes being few and extra plays not unfrequent. The Ashland boys led for several innings, but were finally overhauled and defeated, though but by three runs. The following is the score:

Jacksonville. R. O. Ashland. R. O. E. Hanley, p... 5 H. Giddings, p... 3 2

Mensor, c... 2 J. J. Millon, c... 4 2 H. Hubbel, s... 4 A. Prentice, s... 2 3

H. Veyll, in, lb 2 F. Gillette, 2b... 0 0 H. Cromwell, 2b... 2 F. Ralph, 3b... 7 2

W. Cardwell, 3b... 2 G. Edwards, lf... 0 2 H. Hookston, lf... 0 J. L. Wimer, cf... 2 3

H. Babb, cf... 2 R. Helman, rf... 3 1 F. Overbeck, rf... 1 J. J. Stanley, 1b... 2 4

22 27 19 27 The visiting club accepted their defeat with becoming grace and concluded to remain for the entertainment in the evening, to attend which they were extended an invitation by the Jacksonville boys.

Each nine having been successful once, a third and deciding game becomes necessary, and this will doubtless be played at Phoenix in a few weeks.

DEFICULTY ON APPELLATE.—David Wilbey of Williams creek on Tuesday last swore out a complaint against Wm. Farris, Henry Jones, Wm. Sisson, John Louisa, M. Rexford, Wm. Johnson, John McDaniel and Blake Baldwin, charging them with an attempt to do him bodily injury. The whole affair is the result of a misunderstanding concerning a school-house that is said to be situated on Wilbey's land and which he has been desirous of moving for some time.

Many of the residents of that vicinity are averse to his doing so and the difficulty above mentioned grew out of this disagreement. Deputy Sheriff Caton served the warrant Wednesday and the accused parties are now in town undergoing their trial, which commenced in Justice Huffer's Court yesterday. We hear that the complainant will also be arrested on a similar charge.

REAL ESTATE TRANSACTIONS.—The following transactions in real estate have been recorded since the last issue of the TIMES: Fanny Pelling to Wm. Wooley, 100 acres in Little Beck precinct, Consideration \$200.

R. N. McKinstry to Susan N. McKinstry, premises in Ashland. Consideration \$200. J. A. Bayley and wife to Sarah A. Farnham, 4.88 acres in Ashland precinct. Consideration \$21.

H. Fox and wife to J. A. Bayley, certain parcels of land in Ashland precinct. Consideration \$150. Thos. Curry and wife to Alex. Martin, 100 acres in Table Rock precinct. Consideration \$1,154.

Alex. Martin to F. Deason, 160 acres in Table Rock precinct. Consideration \$300. Five U. S. patents to J. C. Tolman and one to E. Stinson have been recorded.

Wool. PROSPECTS.—Sheepmen are now engaged in shearing their flocks and wool is arriving in town, though in small quantities. The Spring clip will hardly be as large as usual, owing to early and unfavorable winter. Still the diminution may not be perceptible, as the number of sheep wintered was considerably greater. The wool is of an excellent quality and will command the best price. San Francisco quotations are low, but are gradually improving. The latest advices announce that Spring wool is coming forward more freely; yet there are some of importance and prices are nominal. There have been sales of Fall in a small way at \$6.14c for California and \$59.20c for Eastern Oregon.

DECEASED.—Sometime since Sturges & McKee laid claim to eighty acres of land situated in Jacksons mining district and which had been located upon by Samuel Hall under the homestead law. This property was contested by the homestead claimants, who contended that the land was not valuable for agricultural or other mineral purposes. Depositions were taken and the case was submitted to the officers of the Roseburg Land Office, who decided it in favor of Sturges & McKee. The decision is of considerable importance, as the land in question is valuable.

PROMISE RENDERED.—Sometime since Sturges & McKee laid claim to eighty acres of land situated in Jacksons mining district and which had been located upon by Samuel Hall under the homestead law. This property was contested by the homestead claimants, who contended that the land was not valuable for agricultural or other mineral purposes. Depositions were taken and the case was submitted to the officers of the Roseburg Land Office, who decided it in favor of Sturges & McKee. The decision is of considerable importance, as the land in question is valuable.

PROMISE COURT.—The following business was transacted before Judge Day since our last report: In the matter of the estate of Geo. W. Bressler, deceased. Administrator files her report of sales made, which was approved. Petition for further allowance for support of widow and children denied.

END OF LETTER.—The Easter Sunday services at the Catholic Church were well attended. High mass was held in the morning and in the evening an interesting sermon was preached by Rev. Father Blanchet. The attending ceremonies were beautiful and impressive, the singing by the choir being most excellent.

JOSEPHINE COURT.—The Circuit Court for Josephine county, Hon. H. K. Hanna, Judge, will convene on Monday, April 29th. This session promises to be one of considerable importance, as some important cases will appear on the docket. Several of our attorneys will be in attendance.

EXECUTIVE APPOINTMENTS.—Governor Flayler has made the following appointments: Chas. A. Cogswell, of Lakewood, Aid-camp on late ourselves upon our narrow escape from the dry season that at first threatened us.

MARRIED.—GRAY-PEARSON.—At the M. E. Parsonage in Jacksonville, on April 16th, by Rev. D. A. Crowell, Dan. T. Gray and Elizabeth M. Pearson.

BORN.—STANLEY.—In Sam's Valley, April 12th, to the wife of W. J. Stanley, a daughter.

KAHLER.—In Jacksonville, April 17th, to the wife of Robt. Kahler, a son—a twin-ponlet.

DIED.—MCANDREW.—On Bear creek, April 14th, James Edward, son of Thomas and Margaret McAndrew; aged 9 years, 5 months and 16 days.

WANTED.—A GOOD, RELIABLE, ENERGETIC MAN competent to act agent for the sale of THE NEW NO. 8, WHEELER & WILSON MACHINE in Jackson and Josephine counties.

Most able to furnish a testimonial and give references as to energy and honesty. The right kind of a man can make money. Address, WHEELER & WILSON Mfg Co., Portland, Or.

NEW THIS WEEK.

FOR SALE OR TRADE.

THE UNDERSIGNED HAS AN EXCELLENT lot of thrashing machinery in good order, which he will sell or trade upon liberal terms. For further particulars inquire of THOS. CHAVNER, at Chavner's livery.

SHEEP FOR SALE.

THE UNDERSIGNED HAS A BAND of good, clean and well-graded sheep for sale, consisting of about five hundred head of fine, mostly ewes with lambs. These sheep are in good order—in fact there is not a finer bunch of sheep in the country of its size. They will be sold cheap, as we have no sufficient range for them. For particulars inquire of BIRNEY & MATHEW, Rock Point, Oregon.

The Fine Stallion, DICK TURPIN!

WILL MAKE THE ENSUING SEASON the following named place: At J. Bailey's, on the east side of Bear creek two miles north of Phoenix, Mondays and Tuesdays of each week during the season; at P. Simon's at Eagle Point, Wednesdays and Thursdays; at my place, on the north side of Rogue river, Fridays and Saturdays.

DESCRIPTION AND PEDIGREE: Dick Turpin is five years old next June and is a beautiful dapple bay with a small white star in forehead, one white foot, and weighs 1,200 pounds. He was sired by Ad. Sizemore's "Frank," and he by imported Suffolk Punch, or better known as the Noble Fox Hunter, of England. Dick Turpin's dam was sired by S. Burgess's "Lambton," and he by Owensby's "Lambton" and out of a Messenger mare bred in Kentucky. Dick's grand dam, on the horse-side, was a Jack Hawkins mare.

TERMS.—Single service \$1 for the season \$10. Wheat, oats and barley taken at market price. Ten per cent. discount on cash payments. For further information inquire of SAM'S VALLEY, April 4th, 1879.

JOHN MILLER'S

Is the place to go for anything in the hardware line. He has a large and superior stock of Rifles, Shot Guns and Sporting Material, and in fact everything from an Anvil to a

SKELETON

Key. He sells at LESS than Bedrock prices FOR CASH, and all those purchasing Building Hardware, Tools of every kind, Paints, Glass, Cordage, Brushes, &c., have

FOUND

That he is determined to under-sell any one in the market, and people who wish Cutlery, Quartz or Spy Glasses, or anything made of iron;

IN ASHLAND

Fact people from every place or from ASHLAND

Will find that he means business, and will get bargains by calling on him before going elsewhere.
