

## TO ADVERTISERS.

The TIMES has the largest circulation ever attained in Southern Oregon by any newspaper and therefore offers superior inducements to advertisers. Our list is principally confined to Jackson, Josephine and Lake counties. Business men should take note of this.

ACCIDENT.—James Stewart received severe injuries in falling backwards down the stairs of the Criterion saloon Wednesday night that might have resulted fatally. As it was, he had a narrow escape from bleeding to death.

L. O. O. F.—Members of Jacksonville Lodge No. 10 are requested to attend the last meeting in this month (Saturday, May 31st), as business of importance to the fraternity will be brought up.

J. H. HYZER, R. S.

LECTURE.—L. J. Powell, Superintendent of this Institution, will lecture at the M. E. church to-morrow (Saturday) evening on a subject he is familiar with. All are invited and no admission fee will be charged.

LEGISLATION.—The unusual brilliancy of the issue of the TIMES may be ascribed to the absence of the editor, who went to Yreka for the purpose of participating in the Red Men's powwow at that place and left the devil charge. Job work neatly executed.

TO HOMESTEAD CLAIMANTS.—We are authorized by the Register and Receiver of the Oregon Land Office to announce to homestead claimants that applications under the Act of Congress granting additional 80 acres within the railroad limits will now be made.

TRUCKS AT YREKA.—As will be seen by advertisement elsewhere, there will be two days' trading over the Siskiyou County Agricultural Society's track near Yreka on July 4th and under the management of Richards & Co. Several well-known horses are expected to enter and interesting trials of speed are anticipated.

SHIRIN'S LANE.—This eyecore to the traveling public is now being subjected to a course of treatment by L. Shidder, in whose district it is noted, which we hope will result in some day. Mr. Shidder has several teams at present engaged in plowing and scraping the lane and will attempt to free it from the unwholesome mud for which it is noted in the Winter by a system of ditching.

ARRESTED.—Frank Ryburn, until recently a resident of Corvallis, was arrested at Bay's Creek, Cal., by Deputy Sheriff Lloyd Siskiyou county, Cal., on the 4th and now languishes in jail at Yreka. He is charged with seduction, embezzlement and forgery. It will be returned to his former residence (Corvallis) as soon as a requisition on the Governor can be obtained.

WILSON TRUCK.—This well-known theatrical company gave two of its excellent performances at Veit Schatz's Hall the forepart of this week, fair-sized audiences being in attendance. "A Woman of the People" and the new version of "Uncle Tom's Cabin" were presented in a creditable manner. The troupe is unaccounted to again perform here on its return to Josephine county, where a new and attractive programme will be given.

RELIGIOUS.—The fourth quarterly meeting of Jacksonville circuit, M. E. Church, will be held at Grant's Pass on the 31st of May and the 1st of June. First service on Saturday, 31st, at 11 A. M. All the officers of this church are requested to be present at that meeting. If the interest will justify we propose to protract the meeting. All are invited to attend.

D. ALLEN CROWELL, Pastor.

CONTRACT LET.—The contract for building the new Masonic hall in Ashland has been awarded to Marsh & Co., who are to furnish everything and do all the work. A number of bids were handed in for the various branches of the work, for furnishing material, etc., says "The Times," but no other bid than that of Marsh & Co., including everything, and judging from results, none were as low. We have not yet learned when "ground is to be broken."

FROM CAYOTE CREEK.—Capt. H. Kelly of Leland is in town taking depositions in the case of the Cayote Creek Mining Company vs. Wm. and Walter Rubell. He reports that some of the miners in his section have plenty of water still, but others are not thus favored and are cleaning up. The Spring run, though a rather short one, has nevertheless been remunerative and establishes the reputation of Cayote, Grave and Wolf creeks as mining camps of more than ordinary excellence.

RAILROAD ANTICIPATIONS.—The citizens of Crescent City held a meeting on the 1st inst. to take steps toward securing the harbor of refuge for that place and also to see what could be done in the matter of a narrow gauge railroad from this section to that. A committee, consisting of G. J. G. Wall, J. K. Johnson, Wm. Saville, J. Wenger, L. F. Cooper and F. Knox, was appointed to present to the proper authorities a statement of the general and commercial advantages of Crescent City as a harbor of refuge, and also of the great resources that Del Norte county and Southern Oregon, which has its natural outlet at that port, possesses. Some of the committee also contemplate visiting Jacksonville and other places in the interior, in relation to the construction of the proposed railroad, in a few days.

RETURN OF THE RED MEN.—The members of Oregonian-Pocahontas Tribe No. 1, who last Friday started for Yreka to join Ika Tribe No. 53 in celebrating St. Tammany's Day, have returned. In asserting that they are highly pleased with their trip we do not begin to express the appreciation felt in the premises. The celebration was a magnificent success in every particular, eclipsing anything of the kind ever attempted in Northern California or Southern Oregon and reflecting much credit upon the Tribe managing it. The Red Men of Yreka were untiring in their efforts to make the stay of their visitors a pleasant one, in which they were seconded by the pale-faces of that hospitable little city. It does not remain for us to add that they were eminently successful, for that such was the case is only too evident. We had the good fortune to be among the visiting members from Oregonian-Pocahontas Tribe and in the next issue of the TIMES we shall attempt a resume of the incidents of the occasion.

## THE NEW SHEEP LAW.

For the information of stockmen we publish the following, entitled an act to prevent the spreading of contagious and infectious diseases among sheep, which was passed by the last Legislature:

SECTION 1. There shall be appointed by the county court, sitting as county commissioners, an inspector of sheep for each of the counties of Wasco, Lake, Grant, Union, Umatilla and Baker, who shall reside in the counties for which they are appointed respectively. Each of such inspectors, before entering upon the duties of his office, shall give an undertaking to the county court, to be approved by the county Judge, conditional for the faithful performance of the duties of his office. Each inspector shall have power to appoint deputies, not exceeding four in number, for whose acts he shall be responsible, and by any of whom he may perform any act required of him by this act. It shall be the duty of each inspector of sheep, at any time, upon the written request of one or more citizens of his county, owning or having possession of sheep, that sheep owned by, or in charge of any other person is affected with scab or scabies, and that such owner or other person has been notified of the fact and fails to take proper steps to cure such diseased sheep, it shall be the duty of the inspector, without delay, to examine said sheep, and if he shall find said sheep to be infected with said disease, he shall take said sheep into his possession at once, and cure them or cause them to be cured. He may call to his assistance such aid as may be necessary for that purpose, and the owner or owners of said sheep shall be liable to said sheep inspector for all necessary expenses, costs and charges incurred in curing the sheep, including a compensation of three dollars per day to such inspector, for every day or part of a day in which he shall be necessarily employed, together with the expenses of traveling to and from such place; provided, that if the complaint shall be false, the party complaining shall be liable to the sheep inspector for his compensation of three dollars per day for every day or part of a day employed in the examination of said sheep, and the expenses of traveling to and from such place, and the sheep inspector shall be liable to the owner or owners of said sheep for the expenses incurred under the provisions of this act, may be recovered by such sheep inspector in his official character, by an action in any court having jurisdiction of the amount.

SEC. 2. Any person, company or corporation intending to bring or cause to be brought into any of the counties enumerated in section 1, any sheep or bands of sheep, must first obtain a certificate of inspection, to be appointed under this act, a certificate that said sheep, or bands of sheep, are sound and free from scab or scabies before crossing the boundary line of said county; and any person, company or corporation desiring to bring or cause his or their sheep from one county to another, or from one section to another, shall secure from the sheep inspector of the county which he leaves, or which he enters, a certificate of inspection, and traveling permit, duly signed, that such sheep are free from scab or scabies and all other infectious or contagious diseases. Any person willfully or negligently violating the provisions of this section, shall be guilty of a misdemeanor, and on conviction thereof, shall be punished by a fine of not less than one hundred dollars, nor more than two hundred and fifty dollars.

SEC. 3. Whenever, on examination of any bands or herds of sheep, or herded in any county included in the provisions of this bill, the sheep inspector shall find such sheep, or any portion of them, affected with scab or scabies, or any other infectious or contagious disease, he shall forthwith notify the owner or person in charge of such diseased sheep, in writing, to put such diseased sheep and the band or herd in which they have been kept, into an enclosure, or by other sufficient means be kept there, in from contact with other sheep, and to proceed immediately to treat them for the cure of such disease, under his supervision; and any person, company or corporation who shall refuse or neglect to immediately put such sheep into an enclosure, or by other sufficient means, secure them from contact with other sheep, or who shall neglect or refuse to proceed to treat such sheep for the cure of such disease, shall be guilty of a misdemeanor, and on conviction thereof, shall be punished by a fine of not less than one hundred dollars, and not more than two hundred and fifty dollars, and for each day of such neglect or refusal to treat such sheep, after thirty days after notice, such person, company or corporation shall be guilty of a separate misdemeanor, and upon conviction thereof, shall be punished by a fine not less than twenty dollars nor more than fifty dollars, and in addition to the punishment provided in this section, the inspector shall, in case of a refusal or neglect to secure such diseased sheep from contact with other sheep, immediately upon the notice being given as herein provided, or in case of refusal or neglect of fifty days after such notice to treat such sheep for the cure of such disease, seize such sheep and by enclosure or other sufficient means, secure them from contact with other sheep, or proceed to treat them, and the expense of such seizure, keeping and treatment, together with the cost of the enclosure, shall be charged on the sheep so seized, and the inspector shall hold the sheep until the same is paid; or if it be not paid within ten days after such treatment is completed, he shall collect the same, together with the expenses of collection, by advertising and selling such sheep, or so many thereof as may be necessary, in the manner provided by law for the sale of personal property upon execution.

SEC. 4. The text of the sheep inspector shall be as follows: For inspecting, granting certificates and traveling permit, two dollars and fifty cents each, together with ten cents per mile necessarily traveled in making such inspection.

SEC. 5. All persons, company or corporation owning and controlling sheep, shall adopt means to be recorded in the office of the County Clerk of the county in which such sheep are kept, a brand, which brand shall be put on all sheep owned or controlled by them, with lamp black or paint mixed with linseed oil; as a sign of person, company or corporation who shall willfully fail or neglect to comply with this section shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not less than one hundred dollars, nor more than two hundred and fifty dollars.

SEC. 6. Any person, company or corporation violating any of the provisions of this act, shall be liable in civil action for all damages sustained by any other person, company or corporation, in consequence of such violation.

SEC. 7. On any action or proceedings, civil or criminal, arising under this act, all persons having an interest in sheep, concerning which such action or proceeding is had, shall be deemed the owners of such sheep, and such owners shall be liable severally and jointly, for violations of this act; any herder, shepherd, or other person in charge of sheep, who shall willfully refuse to give an inspector information as to the condition of sheep in his charge, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not less than one hundred dollars, nor more than two hundred and fifty dollars.

SEC. 8. Courts of justices of the peace shall have jurisdiction of all misdemeanors defined in this act, and of all criminal prosecutions for violations of the provisions of this act requiring the inspectors of sheep to prosecute for violations of its provisions; shall not be so construed as to prevent such prosecutions from being commenced and prosecuted by other persons, as other criminal actions are commenced and prosecuted.

SEC. 9. It shall be unlawful for any person, company, corporation or common carrier, to receive or transport in any vehicle, in or out of any of the counties enumerated in this act, on land or by water, from any person, company, corporation or common carrier, who shall fail to present to the parties so transporting sheep

a sheep inspector's certificate and traveling permit, certifying that said sheep are free from scab and other contagious or infectious diseases at the date of shipment. Any person, company, corporation or common carrier, who shall fail to comply with this section, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not less than one hundred dollars, nor more than two hundred and fifty dollars.

SEC. 10. In consequence of the rapid spread among sheep of the contagious or infectious disease commonly called scab, and inasmuch as there is no adequate law for the protection of sheep against said disease, this act shall take effect immediately upon its approval by the Governor.

Approved October 22, 1878.

PROBATE COURT.—The following business has been transacted in this Court—Hon. S. J. Day, Judge—during the past week:

In the matter of the estate of C. H. Picken, deceased, E. P. Picken, administrator, files the inventory and appraisal of property belonging to said estate, showing the same to be \$9,396, which was approved. Order made for sale of personal property.

In the matter of the estate of Matthew Fountain, deceased, Sarah Fountain, administratrix of said estate, files the inventory and appraisal of property belonging to said estate, showing the same to be \$3,739.57, which was approved. Order made for sale of personal property.

TEACHERS' INSTITUTE.—It is to be hoped that everyone who has a desire to see the cause of education furthered will lend a helping hand in making the Teachers' Institute next week what it should be—an unqualified success. Teachers particularly should interest themselves in this affair and do their utmost in its behalf. There is no computing the benefits that may accrue therefrom.
