

Retake of Preceding Frame

The Democratic Times.

FRIDAY, JUNE 20, 1920.

RAIN-FALL.—Through the courtesy of P. Britt we are enabled to state that the rain-fall from October last to the 14th of the present month was 22 1/2 inches, but little less than for the same time of the year previous.

THANKS.—Our politest how to Misses Maggie Linn and Rhoda Kenney for an abundance of delicious cherries, accompanied by two bouquets of beautiful flowers. We can assure the fair donors that these acceptable presents were duly appreciated.

SCHOOL MEETING.—The directors of Jacksonville district have called a meeting of the patrons of our public school for the purpose of ascertaining their wishes in regard to the employment of teachers and their salaries, which will be held at the school-house to-morrow afternoon at two o'clock. A full attendance is anticipated.

ADJOURNED.—Although several cases remain untried, Judge Hanna found it necessary to adjourn Court in order to enable him to reach Lakeview in time to hold the June term of the Circuit Court for Lake county, which commences on Monday next. However, His Honor has called a special term for the second Monday in August, at which time the cases unheard will come up for trial.

CORRECTION.—In reporting the Circuit Court proceedings last week an error occurred, which we hasten to correct. The item stating that the indictment against Frank Elliott was dismissed for want of evidence should have read "the indictment against Andrew Elliott, etc." Of course this mistake was unintentional and we cheerfully make the correction.

LAKE COUNTY CIRCUIT COURT.—Judge Hanna and Hon. A. C. Jones left for Lakeview yesterday, their presence being necessary there Monday, when Circuit Court convenes. More business appears on the docket this term than usual, one of the principal cases being that of the State vs. Wm. Wallace, charged with murder, which has been transferred from Grant county, where it was once tried, the jury failing to agree.

A RESPONSE.—Booth & Clough have not permitted the challenge of Joe Taylor to go by unnoticed, but elsewhere announce that they are prepared to accommodate him whenever it is convenient for him to show his hand. "Scamperdown" is one of the best thoroughbreds on the Coast, has "the heels" and if Mr. Taylor can produce the horse to beat him he will make a very profitable clean-up.

DISTRICT FAIR RACES.—We call attention to the speed programme issued by the Siskiyou County Agricultural Society and which appears in our advertising columns. Liberal purses are offered and interesting contests of speed consequently anticipated, in which the flyers of Jackson county will no doubt compete. The directors of the Society assure us that the next annual fair will eclipse all preceding ones and they will spare no efforts in that direction.

PIONEER REUNION.—The Pioneer Society of Southern Oregon at its recent meeting resolved to hold the annual reunion at Ashland on the 11th of next September and appointed a committee composed of J. H. Hock, M. McCall and E. K. Anderson to make necessary arrangements. The reunions of our Pioneers have always been most enjoyable affairs, fraught with pleasure and incident, and the one approaching will certainly not be an exception to the rule.

ANOTHER CLASS.—In addition to the large number of pupils he is favored with in Jacksonville and vicinity, E. T. Kugler has also undertaken the instruction of a large class at Ashland, which place he will visit every Monday and Thursday. Mr. Kugler is a graduate of the Conservatory of Music of Munich, an excellent performer on the piano and organ, and from the demand for his services evidently expects an instructor also. He will soon be in receipt of two fine instruments for the use of his class.

OUR CELEBRATION.—A TESTIMONY, aggregating over \$100, has been subscribed by our citizens for the appropriate celebration of the coming Fourth of July in Jacksonville, preparations for which are under way. Besides the customary exercises at Bybee's Grove there will be various amusements for both young and old. The arrangements being made are of a more extensive character than usual, and we have no doubt but that the 103rd anniversary of the declaration of our independence will be celebrated in a manner worthy of the occasion.

VACATION.—St. Mary's Academy will today suspend studies for the summer vacation. The examinations which have been progressing for several days past have proved highly satisfactory to the teachers and creditable to the pupils. During the fourteen years that the Academy has been established it has gained an enviable reputation, both at home and abroad, and we cannot therefore be surprised at the increase in students noticeable during the scholastic year about closing. The Sisters will take a brief respite from their labors, leaving for Portland in a few days, to return in the latter part of August.

RELIGIOUS ITEMS.—Rev. M. C. Miller of Applegate Circuit will hold a basket meeting near the mouth of Foot's creek, commencing on the 29th and continuing the following day. Elder M. Peterson will officiate at the basket meeting at Eagle Point next Sunday and also at another to be held at the Morgan grove in Sam's Valley on the 29th. Rev. M. A. Williams will preach at the M. E. Church in Jacksonville next Sunday morning. Rev. D. A. Crowell occupies the pulpit in the evening. Rev. Father Blanchet has gone to Jacksonville on a pastoral visit, intending to be absent about two weeks. There will be no services at the Catholic Church during that time.

AN ACCEPTABLE PRESENT.—The Jacksonville Brass Band last week made the recipient of an elegant cake by Miss Kate Hoffman, on behalf of the ladies of the Presbyterian Church, who in this manner expressed their appreciation of its admirable efforts at the recent strawberry festival. The Band felt duly grateful for the honor shown and reciprocated in a neat card of thanks, signed by all the members, which we append: "We, the members of the Jacksonville Brass Band, desire to return thanks to Miss Kate Hoffman for the very beautiful cake presented to us as an acknowledgment of our slight service. We fully appreciate the delicate compliment paid us, and our services can always be commended in behalf of religion and education."

MINING NEWS.

Gold is coming in at a lively rate.
Miners are going into Summer quarters.
Considerable prospecting is now in progress.
A final clean-up is now progressing at the Hamilton diggings, which promises excellent returns.

The Sterling Company and Gin Lin are piling up two "giants" and a full supply of water. Heavy clean-ups are anticipated.
The annual meeting of the Galice Creek Mining Co. will be held at the office of C. W. Kahler, in this place, on the 1st of July.

Wm. Haskley informs us that the Grand Applegate Company is engaged in ground-slicing and making preparations to commence piling soon, perhaps as early as next week.
Judge Hanna has appointed E. D. Fondray as receiver in the case of Wm. Bybee vs. A. W. Hawckett, Jesse Robinson and E. C. Robinson, involving the Taylor mining claim on Rogue river.

Every prospector should have a supply of notices of location of placer and quartz mines and a copy of Copp's Hand-book of Mining Law, all of which can be obtained at the TIMES office.
The Squaw Lake Ditch Company is steadily piling away and moves a considerable amount of gravel daily. Operations will be continued for sometime before a clean-up is made. The prospects are favorable.

The large amount of gravel dumped into Big Applegate by the Squaw Lake Ditch Company causes the water to back up into the Grand Applegate Company's ditch and may cause the latter some inconvenience.
Work has been suspended on the Fisher quartz ledge until the return of H. P. Macnevin from San Francisco, a few weeks hence. One of the veins was lost in crosscutting, but otherwise the prospects for plenty of good ore are fair.

A. H. Magly has returned from the Grave creek mines and will turn his attention to prospecting diggings in the vicinity of Elliott creek. He reports water falling rapidly in the northern portion of the county, which is generally the case everywhere.
N. M. Muncy of Canyonville, an interested party in the Cayote creek mining suit, is in town. He informs us that some excellent assays of ore from the Tellurium mine have just been made and that the prospects are favorable. The mill will soon be completed and ready for operations.

H. S. Brown and W. L. French, of San Francisco, passed through town this week en route for Altitude, in Josephine county. These gentlemen will visit the diggings now being opened at that point with success by the Brown Bros., as also other points of interest in Southern Oregon before returning.

John Cimbrinsky and W. A. Cannon, an expert from Portland, paid the Emlene claim on Beaver creek a visit recently. The latter is favorably impressed with that section, which he believes to be very rich in cinnabar and equal to some regions in California now being worked with profit.

Saltmarsh Bros., on Sterling creek, are making a very good clean-up. They have taken out about \$2,700, which sum they expect to increase to over \$3,000. When we consider that the mining season was brief and the ground hard, it will readily be seen that these gentlemen have diggings of uncommon richness.

E. F. Walker returned from Grave creek Tuesday, from whom we learn that, water having failed, operations were suspended at the Grave Creek Ditch Company's diggings for the season the other day. Prospecting will be continued and work resumed in earnest when wet weather sets in. The main ditch will also be completed for a considerable distance this fall, preparatory to more extensive operations.

Parties from Silver and Briggs' creeks report nothing of a particularly interesting character. Some of the claims opened this year promise to pay well, while others will not yield expenses. There is a disposition upon the part of many to hold their claims without developing them, in the hope of selling out at speculative prices. The ground in both sections is rather spotted and it is quite probable that some of the prospectors will return disappointed. Still there is a large number busily engaged in opening claims, who seem sanguine of a "good thing."

To Mr. Joseph Taylor.
Joe Taylor, of Portland, replies to the item given in your paper recently in regard to Joe Clough's proposition to run the horse "Scamperdown" against any Oregon horse, single dash of four miles. In order to give Mr. Taylor latitude we will modify that proposal. We will run Scamperdown against any named Oregon horse Joe Taylor has control of at any time in October, 1920, in Jacksonville, Oregon, for \$1,000 or \$2,000. Five hundred dollars is to be placed with Wells, Fargo & Co. as a forfeit August 1st, 1920, the race to be either mile heats three in five, two mile heats two in three, or a single dash of four miles. Now, Mr. Taylor, if you wish to run let us know. In regard to coming and going we will say this: When we take "Scamperdown" from Jacksonville we propose to pay our own expenses, and if any one comes here to run against us they must expect to do the same.

PROCEEDINGS OF THE BOARD OF TRUSTEES.—A special meeting of the Board of Trustees was held on Monday evening last. Present—President Langell, Councilmen Reames, Nickell, Orth and Kenney. The following bills were favorably reported upon by the Finance Committee and authorized paid: Reames Bros. sundries, \$25.00; R. S. Dunlap, services, \$2; E. D. Fondray, Recorder's fees, \$21.75.

The report of J. S. Howard on the survey establishing the west boundaries of Oregon street was received and ordered filed.
The Committee on Streets was ordered to have the sidewalks on the west side of Oregon street, from its intersection with Miner street to the north line of G. H. Young's lot, constructed to conform with the grade established by the survey made by J. S. Howard.

The following bills were referred to the Finance Committee: J. S. Howard, surveying, \$7.50; TIMES office, printing, \$5. The consideration of the ordinance prohibiting the construction of wooden buildings on blocks seven and eight was deferred until the next regular meeting.

WOOL QUOTATIONS.—Nothing new is reported in the San Francisco wool market, which shows a very slight decline in prices. Choice lots of Humboldt and Mendocino are quoted at 27¢@28 1/2¢; other grades of good to extra choice at 25¢@26 1/2¢; 20s and 22s; slightly burry and burry, 18¢@22¢. Back's wool of all grades, half rates.

PROGRAMME PERFECTED.—Arrangements are now being perfected for the celebration of the coming Fourth of July at McKay's grove, near Willow Springs, in excellent style, the programme for which was perfected on Sunday last. N. Langell of this place has been selected as Orator of the Day, Frank Sifers, as Reader, Elder Martin Peterson as Chaplain, and Jas. G. Birdsey as Chief Marshal. In addition to the usual exercises there will be presented such specialties as an equestrian quadrille by sixteen ladies and gentlemen and under the direction of Prof. Scott, lancers' tournament, military parade and a base-ball contest for a cash prize of \$20. A dancing-floor, 24x50 feet in size and covered with canvas, now in course of construction, will afford ample accommodations for those desiring "to trip the light fantastic too." Nothing will be left undone for the entire success of the celebration, which promises to be a first-class affair.

AN IMPORTANT MINING CASE.—The Cayote creek mining suit, which has been on trial in the Circuit Court for some months past, was argued on Tuesday last and submitted to Judge Hanna for his decision. The testimony was voluminous, the reading of which occupied several days. The case is one of the most important that has appeared on docket for years, involving as it does the title to some valuable mining property on Cayote creek, in the northern end of the county. The plaintiff, the Cayote Creek Mining Company, is represented by Messrs. Jones, Holmes, Kahler and Kelly, while Messrs. Gatzley and Kelsay appear for Wm. and Walter Bybee. It is probable that the case will be carried to the Supreme Court in any event, and a final decision will not be had for sometime, as either side will strenuously contest it to the end.

GRAND JURY REPORT.—The following report was submitted by the late Grand Jury prior to its discharge by the Court: "That we have been in session four days and have returned two indictments; that a number of alleged crimes have been investigated by us and ignored; that we have examined the hospital and public buildings and the records of our county as thoroughly as our limited time would permit; that the hospital is in good order, the Jail, Clerk's and Sheriff's offices are neat and clean, and the public records well kept. We find the Court House old and dilapidated and would recommend that it be replaced with a new one as soon as convenient."

AN EXCELLENT PERFORMANCE PROMISED.—Our citizens will next Monday and Tuesday evenings have an opportunity to witness the wonderful feats of Prof. A. E. Rice, the mind-reader, which have attained a wide-spread reputation. This gentleman is accompanied by some first-class artists and the entertainments will include exhibitions of jugglery, ventriloquism, etc., as well as mind-reading, to say nothing of the Marionettes, which are also a prominent feature. Prof. Rice will be received by the press everywhere, which commends his performances in eulogistic terms. His appearance should be greeted by large audiences.

REAL ESTATE TRANSACTIONS.—The following transactions in real estate have been recorded since the last issue of the TIMES:
Philip Gleave to I. B. Williams, 320 acres of the Swingle donation claim. Consideration, \$1,000.
I. B. Williams to Geo. W. Isaacs, same premises as above, for a like consideration.

A sheriff's deed to W. C. Myer and U. S. patents to J. O. C. Wimer, S. P. Oliver, Thos. P. Thompson and the widow of Owen Clark have been recorded.

THE ROSEBURY "INDEPENDENT" says that the O. & C. Stage Company is building a new stage station on the opposite side of Grave creek from which the present line is located. A new house for the accommodation of the public is also being put up, and will be kept by Wm. Carr, the obliging division agent. Mr. Carr will take his family to Grave creek during the Summer months. He will keep a first-class hotel, where the traveling public can always find the best accommodations.

NOTICE.—Notice is hereby given to the stockholders of the Enclosed Quiver Mining Co. that the annual meeting of the Company will be held at the Court House in Jacksonville, Oregon, on the 17th day of July, 1920, at 1 o'clock P. M. of said day, for the election of officers for the ensuing year and for the transaction of such further business as may properly come up.

NOTICE, STOCKMEN!
THE WELL-KNOWN DRAFT HORSE, **TURK,**

WILL MAKE THE SEASON, COMMENCING at Jacksonville, where he will be on April 1st; at the Penning place on the 24th; at Westport's farm, Sam's Valley, on the 3d, 4th, and 5th; at Phoenix, at G. W. Bailey's stable, on the 7th, 8th and 9th and will be at said places every ninth day.

DESCRIPTION AND PEDIGREE.
Turk is 9 years old this Spring. His sire was Arabus of Jacksonville, where he was born. Turk's dam was French. He is a dark chestnut sorrel, with white points, 17 hands high, and weighs 1,500 pounds in working condition.

Competent judges agree that Turk's colts will compare favorably with any yet produced in the State, and he is highly recommended by leading stock-raisers of Douglas county, where he has made several seasons.

TERMS.—\$15 for the season, payable in cash, grain or note on the 1st day of July. He has engaged Hall's pasture, adjoining Penning's ranch, containing plenty of good feed and running water, and will be prepared to furnish pasturage at \$1.50 per month. The best of care guaranteed.
