

CHURCH DEDICATION.—The new church building just completed at Phoenix by the M. E. Church, South, will be dedicated on Sunday, August 24th, Rev. J. R. N. Bell, Presiding Elder of this District, conducting the ceremony.

A CURIOSITY.—C. Magruder brought a specimen of the Japanese cucumber to town Tuesday, which may be seen at the Railroad saloon. It is several feet in length and as crooked as the story of a Louisiana witness before an investigating committee. This vegetable curiosity was grown in the garden of Isaac Constant, where it flourishes exuberantly.

RUNAWAY.—T. McKenzie's team thought to create a sensation on Sunday last by indulging in a first-class runaway, but were checked in their wild career before doing any considerable damage. Some of the occupants of the wagon were well shaken up, two of them testifying to the elasticity of terra firma, to their discomfort. As it was, the escape proved a fortunate one.

MAIL CONTRACTS LET.—Jas. Hart has received the contract for carrying the mail from this place to Wright's on Big Applegate, via Sterling and Uniontown, at \$373 a year. The contract for carrying the mail between Sam's valley and The Meadows has been awarded to J. B. Thomas, who receives \$150 per annum for the service. Those contracts commence in October next and run until 1882.

SUCCESSFUL.—The gobblers reported a few weeks since as being assiduously engaged in incubation on the farm of W. B. Kincaid proved himself master of the situation and is now rearing a brood of turkeys that rewarded his misdirected efforts. This is a new departure in ornithology, as Audubon fails to record a similar instance; but he was spared the innovations of this progressive age, in which wonders are never known to cease.

PERSONAL.—Rev. Geo. F. Guebler of Clear Creek, Cooper county, Missouri, an Evangelical minister, is in this section on a flying visit. He has preached in the German language at various points in Butte creek precinct during the week, holding services at Phoenix to-morrow and at this place on Sunday. Mr. Guebler owns 640 acres of land near Brownsborough, and is looking after the interests of a German colony that has already commenced its settlement.

CONFIRMED.—Several of our farmers cut their grain as soon as it was struck with rust and we hear of several instances in which they thus prevented it from damaging their crops to any great extent. The grain also seemed to mature as well as if it stood in the field. This in a certain degree confirms the efficacy of the experiment reported from Douglas county in the TIMES of a few weeks ago, which being the case, should receive the general attention it merits.

RELIGIOUS ITEMS.—The district conference of the M. E. Church, South, commenced at Rybee's yesterday and will continue until after Sunday. Rev. Messrs. Bell, Stahl, Miller, Hardison and Kline will be in attendance during the session. A public table, under the management of J. S. March, may be found on the grounds. Rev. Geo. F. Guebler of Missouri will preach in the German language at the M. E. Church on Sunday morning next, at the usual hour. All are invited to attend.

PROFANE.—Dr. J. A. Chastain also where announces to the citizens of Phoenix, Ashland and the surrounding country that he has located on Wagner creek, three miles south of the former place, and will promptly attend to all calls for his professional services. Doctor Chastain has been practicing in Table Rock precinct for some time past, is a physician of experience and comes highly recommended by his many former patients, which is the most fitting testimonial that could be given him.

"THE TRAIL AND FOOT-LOG."—The time for the Pioneer reunion is fast approaching and the programme will no doubt soon be forthcoming. E. K. Anderson, J. Houck and J. M. McCall were appointed a committee to make the necessary arrangements for this event—which will take place at Ashland on September 11th—from whom we expect to hear before long. These annual gatherings of the pioneers of Southern Oregon have proved pleasant and most eventful affairs and it is to be hoped that they will be uninterrupted.

A CLOSE CALL.—Newman Fisher and family had a narrow escape from what might have been a serious accident while returning home from Ashland after the laying of the cornerstone. The night being dark, Mr. Fisher did not observe the culvert's short distance the other side of A. Gordon's place, and before he was aware of the danger his carriage upset and threw its occupants to the ground, slightly bruising some of them. The team fortunately did not prove fractious and the party was soon on its way again rejoicing, none the worse for the accident.

ARM BROKEN.—Billy Williams, aged about five years, a son of the proprietor of the Pioneer saloon, formerly of Jacksonville, met with a very painful accident last Saturday afternoon. He was wrestling with some other boys about his own age and was thrown in such a manner as to break his right arm between the elbow and wrist. He got up and walked home and told his mother that his arm was "bent." She looked and saw what was the matter and sent for Doctor Forrest, who set the fractured bone. Billy stood the operation with a fortitude that would be a credit to a grown person.—[Alturas Independent.]

A GLORIOUS TIME ANTICIPATED.—A large assemblage is expected here next Monday, when Jacksonville Lodge No. 10, I. O. O. F., will celebrate the nineteenth anniversary of its institution. Delegations from Ashland, Kerbyville and other lodges of Southern Oregon will be in attendance, to say nothing of the many who, although not members of the Order, will be on hand to witness the ceremonies. The exercises will be varied and no doubt highly interesting, as much preparation is being made. The tuneful glee club organized for the occasion and the brass band will furnish vocal and instrumental music of a superior character, while ex-Governor Chadwick, the orator of the day, is certain to furnish an excellent speech. Those who attend will have no reason to regret their presence.

BRIEF REFERENCE.

Give us a breeze! More dust than ever. Drummers abundant. Base ball is below par. Warm weather continues. Saw-mills are all busily engaged. The printer should not be forgotten. Among the many articles placed in the corner-stone of the Masonic building at Ashland was a copy of each of the three local newspapers. Nothing could have been more appropriate.

PERSONAL NOTES.

Major James T. Glenn is expected here at any time.

John Woods, the genial P. M. of Woodville, was in town this week.

A. Sloum, Frank Bros.' agent at Roseburg, is expected here during the Fall.

Mr. Walker, agent for J. L. Cass & Co.'s agricultural machinery, is in town.

Mrs. M. Obenchain has gone to Lake county to join her husband, who will be absent during the Summer.

Henry Pape, Jr., has gone to Yreka (Cal.) to take a position in the "Union" printing office at that place.

Wm. D. Corps and wife of Linkville, are spending a few days in town. They will return after the 18th.

J. W. Manning returned from Fort Klamath this week and informs us that the hay contract will soon be finished.

We learn that Dr. J. W. Robinson will return to this place soon with the intention of permanently locating.

J. Nunan is engineering our saddle-shop during the absence of H. Judge, who is rusticated at the Soda Springs.

John Nolan's family arrived from San Leandro (Cal.) on Friday last and has taken up a permanent abode among us.

Mrs. W. B. Cantrell, of Yreka, is paying this section a visit. She is a guest of John B. Wristley of Manzanita precinct.

Misses Annie Miller and Ella Prim left for Fort Klamath Tuesday, intending to pay Mrs. Jay Beach a brief visit. Bon voyage.

Wm. M. Turner is expected home from San Francisco before long, the operation performed on his eye promising to prove successful.

We regret to learn that C. C. Brogan's health is such as to probably necessitate his removal to a more equable climate than our own.

E. Emery, of the firm of Inlow & Emery, Eagle Point, left for Portland Wednesday, where he will lay in a fine assortment of new goods.

M. Menor leaves for San Francisco soon, to be gone several weeks. He will lay in a fresh supply of goods for the New York Store while absent.

B. R. Willis spent a few days in town this week. He reports the saw-mill on Keen creek as having closed down, owing to the failure of the water supply.

Joe Clough arrived from Roseburg Tuesday and will remain a few days before returning. The Umpqua evidently agrees with him, for he is as handsome as ever.

Jas. Griffin, agent of the Universal Copying Co., of San Francisco, whose enlarged pictures have gained an enviable reputation, will canvass this section for orders in a few days.

H. L. Webb returned from Roseburg this week and has gone to Linkville to take charge of the lively stable recently purchased of W. D. Corpe by J. W. Manning and himself.

The genial countenance of Rev. J. R. N. Bell is again perceptible in our midst. He is attending to his ministerial duties in this region and will be with us for several days.

Our genial Linkville tiler, H. M. Thatcher, made Jacksonville a flying visit last week. He reports Lake county flourishing and rapidly filling up with immigration.

Mrs. Emma Gassman of San Francisco, formerly of this place, is paying her parents (Louis Herling and wife) a visit at present, intending to remain several weeks before returning.

W. C. Hale of Linkville passed through town this week, en route for home from Portland, where he has been purchasing machinery for the future establishment of Chapman & Hale.

Rev. D. A. Crowell will not leave for Conference (which meets at Portland) on the 20th until Monday next, owing to the sudden indisposition of his wife, who is suffering from a severe cold.

J. B. Fletcher, agent of the Oakland "Journal of Fashion," returned to Oakland Monday, via the Crescent City road, having heard of deceptions by bogus agents in Humboldt county.

Henry Ammerman of Eden precinct was in town Monday, from whom we learn that harvest is coming to a close in that neighborhood. The yield will be very fair, rust having damaged the crops but little there.

E. D. Fondray and party, who have been rusticated in the vicinity of Rogue river for the past few weeks, returned home Sunday evening. They are well pleased with their trip, which proved an enjoyable one.

Mrs. Vining of this place will take charge of the boarding-hall connected with Ashland College as soon as it is completed. This lady has been the hostess of the Vining House for several years past and has given entire satisfaction as such.

H. Fleckenstein, a member of the popular firm of Fleckenstein & Mayer, wholesale liquor dealers of Portland, was in town this week looking after business. This house is agent for Damiana, a tonic that is gaining a widespread reputation.

Rev. Father Heinrich of Roseburg occupied the pulpit of the Catholic Church on Sunday last, delivering discourses in the morning and evening. The reverend gentleman is a fluent and graceful speaker, and the many who listened to him were afforded a treat. He returned to his mission Monday.

C. Schieffelin of Rogue river started for Pennsylvania Wednesday to pay the old folks at home a visit. He will be absent from the county for about three months, during which time he may visit his sons in Arizona, who are largely interested in some rich mines there. Mr. Schieffelin is accompanied by his eldest daughter (Miss Charlotte) and Miss Dolly Harper of Woodville. We wish them a pleasant journey and safe return.

REAL ESTATE TRANSACTIONS.—The following deeds have been recorded in the County Clerk's office since the last issue of the TIMES: Maria Colver to Donna D. Sisley, 32.80 acres in Eden precinct. Consideration, \$1.

L. J. Phillips and wife to Sarah Gregory, 12.53 acres of land. Consideration, \$1.

A party of ladies and gentlemen, piloted by a couple of genial millers residing not many thousand miles from Central Point, started for the soda springs on Butte creek last week, intending to spend a few days in recreation. All went well until that stream was to be forded, when, for some peculiar reason, the wagon upset and spilled its precious load into the placid waters. This imprudent bath rather cooled the ardor of the company, which returned home to attempt the trip upon a more auspicious occasion.

MINING NEWS.

The stockholders of the Emeline Cinnabar Company will hold a meeting to-morrow.

We learn that there is a probability that the Squaw Lake diggings will be bonded to the interests of California capitalists.

A full supply of mining blanks and Copp's Hand-book of Mining Law can always be obtained at the TIMES office.

Mining operations are principally confined to robbing in many localities now-a-days. Fair wages are made in this way.

The party intending to pay the Grand Applegate diggings a visit are expected from the north to-day. They number about fifteen strong.

Thurman, Collins & Co. are reported to be making an on-site a day on Elliott creek in drifting. Their diggings are hard to work, but pay regularly.

T. J. Kenney, who is rusticated on Applegate, writes us that Beck Bros.' dam broke on the 6th, but was repaired without much difficulty, as the break was slight.

Orme Bros. of Gall's creek inform us that the mining season has closed there, having proved a fair one. Considerable prospecting, mostly in quartz, is now going on in that vicinity.

Work has been suspended at the Hamilton diggings for the season. The company has ordered 30,000 feet of lumber for fluming purposes and will soon commence preparations for winter.

Superintendent Klippel of the Squaw Lake Company was in town this week, from whom we learn that operations are progressing satisfactorily at those diggings, though insufficient dump proves somewhat of a disadvantage.

Mr. Lightner, the California mining expert, is expected here soon and may inaugurate some important enterprises, as he comes with the determination of fully testing our mineral resources in the interests of capitalists from abroad.

Operations will be suspended at the Sterling mine this week, the clean-up that has been progressing for sometime being about completed. Nothing definite as to the result can be ascertained, but the supposition is that it has proven highly satisfactory.

Magruder Bros. and J. W. Hays will, in a few days, complete a ditch leading from Sam's creek to their diggings on Rogue river, which is 900 rods in length. They are quite sanguine that the enterprise thus inaugurated by them will prove a successful one.

The Cayote creek mining suit having been decided, we learn that the company now in possession will immediately proceed to put those diggings in first-class order for next season's work. Considerable improvement upon the previous mode of working them is contemplated.

A correspondent, writing under date of the 9th, says that Klippel, Keaton & Co., mining on Elliott creek, are busily at work and making a clean-up the other day that establishes the excellence of their diggings. That section promises to furnish a lively camp at no distant day.

Ex-Governor Chadwick arrived from Salem last week and is engaged in looking after mining investments for capital from abroad. He seems sanguine that a large amount of money will be introduced in this section, as much confidence is placed in the mineral resources of Southern Oregon.

Recent assays of ore from the Yank ledge leave no doubt of its richness. Though McNevin & Co. have thrown up their bid, it is quite likely that other representatives of California capitalists will thoroughly prospect this immense body of quartz. Those who pretend to know assert that "there are millions in it."

Fine prospects have been struck in the Applegate gravel Co.'s diggings, that reassure the proprietors and will go far in encouraging them to continue the work they have begun. As high as \$1.25 to the pan is said to have been obtained and the pay-streak is believed to be quite extensive. There is a lamentable lack of dump at present, however.

The new constitution of California has evidently discouraged mining speculations and many capitalists are withdrawing the mineral resources of that State and are putting it into circulation elsewhere. This, in the case of Southern Oregon may result in a temporary benefit, though the workings of the new organic law may also affect us similarly.

Articles of incorporation have been filed in the offices of the Secretary of State and County Clerk by H. K. Hanna, E. K. Anderson, Jas. Herd, B. F. Dowell, J. M. McColl, R. Cook, J. C. Tolman, H. B. Oatman, Loyal B. Stearns and Thos. A. Wood, composing a company to be known as the Lower Quartz Co., whose prime object will be the thorough prospecting of the old Fowler quartz ledge on Steamboat, which paid so fabulously in early days. Stock will be issued at once and work commenced soon. Those well posted in the premises are sanguine that the enterprise will prove a success, which we hope will be the case.

Our Galice creek correspondent, K. H. G., under date of the 10th, writes: The gravel claims have cleaned bedrock and suspended operations for the season. The English Co. will shortly open a new claim. The "Sentinel" reports a nugget of gold found on Silver creek as large as a man's hand and weighing over \$1,000. This story is incorrect. The largest piece known to have been found on Silver creek was \$87. Last week A. Lemerial found a nugget in his claim weighing \$64. Several claims on Silver creek are paying well, while many others are comparatively worthless. Capt. A. P. Ankeny was here last week looking after his mining interests.

Big Butte Items. 12 4

The saw-mill and planing machine are doing a driving business.

Chas. M. Snider is lying at the point of death with consumption.

Some of our citizens are talking of going to Lake county to look for stock range.

Sleep men are encroaching on our range, which causes complaint among cattle men.

W. A. Snider, who has been our popular sawyer for more than a year, has purchased a half interest in Wisdom's mill at Sterling, whence he has moved his family.

Our district school closed on the 1st inst. after a few months session. Students, patrons and teacher parted on amicable terms. Miss Ida May Parker was awarded the prize for the most improvement in penmanship, while Miss Emma Snider was adjudged the best scribe by the judges. Just prior to the opening of the district school Mr. Cary closed a subscription school, making seven months without much vacation.

Big Butte, Aug. 9th. VINDEX.

COMING.

We notice that the Scepticon Gallery will be here about the 18th to afford the people of Jacksonville and vicinity an opportunity for a short time to get some of these fine pictures which only come from that institution. The proprietors have the best outfit obtainable and are men who understand their business. All sized pictures made, from the tiny gem to large framed work. Bring old pictures and have them copied and enlarged. A word to the wise is sufficient.

We were highly amused at overhearing the following colloquy between two little girls, playmates, who had been separated a few days on account of the illness of one of them, named Clara. Her friend Bessie remarked to her: "I am so glad to see you out again." Clara—"I was very sick. Papa was anxious to have the doctor, but mamma said she would rather try Dr. Reese's Hamburg Tea; and as soon as I began to take it I began to get better. I am glad she gave it to me, for I think it is much better to take than the horrid medicines the doctor always gives us." Bessie—"Well, if that is so, I will ask my mamma to get some and have it in the house. I don't like doctors' stuff, either."

MARRIED.

JEFFERSON—BEACH—In Jacksonville, August 13th, by J. H. Huffer, J. P., R. B. Jefferson and Mrs. Martha Beach—both of Lake county.

HULL—WILLARD—In Florence Rock precinct, August 7th, by A. H. Boothby, J. P., John W. Hull and Miss Mary A. Willard.

BORN.

HOWARD—Near Kerbyville, August 5th, to the wife of Chas. J. Howard, a son, a 11-pounder.

ANDERSON—In Manzanita precinct, Aug. 13th, to the wife of Robert Anderson, a daughter.

NEW THIS WEEK.

J. A. CHASTAIN, M. D.

PHYSICIAN AND SURGEON.

Takes pleasure in announcing to the citizens of Phoenix, Ashland and surrounding vicinity that he has permanently located on Wagner creek, three miles south of the former place, for the practice of his profession.

Calls promptly attended at all hours, day or night.

IMPORTANT INFORMATION for the PEOPLE.

I HAVE RECEIVED ANOTHER LARGE consignment of the celebrated Singer Sewing Machines, which are for sale on the usual liberal terms and at the regular prices established by the company. Therefore waste no time, money and patience on inferior machines when you can purchase a genuine Singer at the same figures. In buying a Singer you get a machine of acknowledged merit and established reputation, and are certain of having value received for your money, as every machine is warranted by the company.

The Singer Company now sell three-quarters of all the machines sold in the world, the capacity of their works at Elizabeth, New Jersey, enabling them to turn out over a thousand machines a day, and they have 4,500 offices for the sale of these justly celebrated sewing machines, which have taken
