

NEW RATE BILL.—The Board of Directors of Jacksonville school district has levied a rate-bill of \$1.60 a pupil term in the first and second departments and \$1 per pupil in the third and fourth. Being graded about right, these discriminative rates of tuition will no doubt give satisfaction.

ACCIDENT.—Geo. W. Holt had the little finger of his right hand broken in handling some plank last Saturday. While the accident is an unfortunate one, especially at this juncture, work on his brick building is nevertheless progressing and it will soon be in a fair way of completion. The broken member was set by Dr. Aiken and Mr. Holt expects to resume his place before many days.

THE MINSTRELS.—The Jacksonville Minstrels will give another performance to-morrow night. They will perform an entirely new programme, consisting of popular songs, dances, sketches, etc., superior, if anything, to the one presented on the occasion of their former entertainment. The boys are practicing assiduously and will leave nothing undone to give the fullest satisfaction. The hall should be crowded.

RUNAWAY.—P. Boschey's team made a sudden strike for freedom last Friday morning while standing in front of Veit Schultz' brewery and started down street at breakneck speed. After caroming on fences, lamp posts, etc., on the way they succeeded in freeing themselves from the wagon and took a lively chase up the Oregon stage-road, finishing which, they halted and were captured.

HORSES POISONED.—Jas. McDonough of Willow Springs precinct met with a serious loss last week in the death of four fine colts by poison. They were running in Wm. Kahler's field at the time and it is supposed got some wild parsnip, a poisonous herb that is often found in this section. This falls heavily upon Mr. McDonough, who would have refused several hundred dollars for any one of the animals.

THE DAGGER COCKLE BEER.—This noxious weed grows exuberantly in many localities and is becoming a greater nuisance than ever. Road supervisors should not delay in destroying it immediately, as there is a penalty for failing to do so; besides, the weed goes into seed soon, and it will be too late to remove it then. We shall publish the law relating to this matter in our next issue for the information of those unacquainted with its provisions.

CAPTURED.—John Ray, against whom the last Grand Jury found a true bill for an assault with intent to kill John Allen, was captured at the farm of Stephen Taylor, on Reese creek, last Monday by Deputy Sheriff McManamy. A previous attempt was made to arrest him, but he eluded the vigilance of the officers of the law and fled to California. Judge Hanna had placed the bonds for his appearance at the next term of the Circuit Court at \$500, which he furnished. He was thereupon released from custody.

A FORTUNATE ESCAPE.—One of Thomas F. Seal's teams had a narrow escape from being wrecked one day recently while on its way to Fort Klamath with a load of grain. By some means the trail wagon rolled off the Rogue river bridge, near Deskins' mill, and the most strenuous efforts alone prevented the entire outfit from being precipitated into the stream, which runs through a tortuous and very rocky channel at this point. Fortunately no serious damage resulted and matters were soon righted, though it was indeed a close call.

BOUNTIES FOR SCALPS.—We are informed by Thos. McAndrew that an effort will be made by stock-raisers to form a club for the destruction of coyotes, panthers, etc., that are proving such an annoyance to them. These "varmints" are becoming so numerous that a determined effort for their extermination has become akin to the success of stock-raising in many localities, and the project we have above mentioned has been decided upon as the most efficient. The County Commissioners will probably be requested to do something in the matter. It is evidently high season that the necessary measures should be taken and the most interesting must not be taken in taking time by the forelock.

POTATO DISEASE.—The present year proves one of misfortune to the agricultural interests of Southern Oregon, although we must say that matters could have been much worse. Besides the rust, which destroyed considerable grain, a few other diseases almost entirely unknown to Rogue river valley have attacked the fields and gardens, doing some damage. Potato rot is one of these. Though it is not by any means general, there are instances in which it has proved injurious and "spuds" may command a premium before the new crop comes in next Spring. The humid weather that has prevailed, coupled with the numberless meteorological changes, are causes to which this state of affairs may be directly ascribed. It is quite probable that we may not again encounter this for years, in which the present sufferers may find consolation.

THE CRESCENT CITY ROAD.—More freighting is now done on this road than for several years past. W. F. Sutton, who came that way from Ellensburg, striking it at Smith river valley, informs us that the road is in as good a condition as when toll was collected on it and says that about all the freight from Josephine and Del Norte counties, as well as some from Jackson, is coming over it at present. Shippers and teamsters alike find this the cheapest thoroughfare, transportation charges to Crescent City being quite reasonable, while no tolls are collected. Del Norte also affords a market for much produce, which is now supplied by California; but, as we can furnish everything in this line more reasonably than it is now procured, little trouble would be experienced in gaining the entire trade for Jackson county. This is no inconsiderable item. There are other matters that could be profitably turned to account, and we should not be slow in embracing an opportunity to thus benefit ourselves in more ways than one. In the absence of railway communication with the markets of the world, nothing would prove a better substitute than a first-class wagon-road to some point on the coast—Crescent City, Ellensburg or Cheeta. One has little advantage over the other; but which the people believe the best should be determined at once and our efforts shaped in that direction. To procrastinate is but to evince our inability to cope with a matter that any other country would easily overcome.

The tomato is masquerading about the market under more aliases than you can shake a stick at. There are tomatoytes, tomaters, tomatyotes, tomatyuses, tomatoyotes, tomatoytes, and the other day we heard a woman inquire: "How do I sell yer tomatoytes?"

Jacob Ish realized 4,000 bushels of oats from 50 acres, which may be considered a first-class yield, especially for this year of rust and unfavorable circumstances. Mr. Ish's crops are generally good, his wheat averaging thirty bushels to the acre and barley forty-six.

The Jacksonville Brass Band will contest for the premium of \$100 offered by the Siskiyou County Agricultural Society and we have no doubt will assert its superiority as the best band in the district, though Yreka also has a band whose claims are not to be sneezed at.

The Jacksonville Minstrels and Brass Band start for Yreka Sunday and will give a series of performances during the Siskiyou County Fair, which commences next Wednesday. The boys are well up in their burnt-cork professions and will give entertainments that cannot fail to please.

Jas. McDonough lost another colt—a fine four-year-old—last Tuesday. This is the fifth one that has died during the past week from the effects of eating some poisonous herb. Mr. McDonough has been peculiarly unfortunate of late, having lost nine animals, valued at several thousand dollars, in the last year.

The Ashland Wooden Mills are busily engaged in filling orders for their goods from Northern California and Southern Oregon and there is also a considerable demand for them in the Willamette valley. This speaks in praise of the fabrics manufactured by this establishment, which are becoming deservedly popular everywhere.

PERSONAL NOTES.

Capt. H. Kelly is in Portland. Major Glenn and daughter returned to California yesterday.

David Shook, of Lake county, was in the valley this week after a load of supplies.

Capt. Riley and escort returned from Vancouver yesterday.

We learn that Jas. Wheeler of Yreka will open a saloon at Linkville soon.

We are pleased to note that Squire Hoffman, who has been quite ill, is able to be about again.

B. F. Dowell is giving his friend Griswold a breathing-spell and has turned his attention to water-pipes.

J. G. Birdsey has recovered from his recent illness and is again swinging the hammer at Central Point.

John Shook has some intentions of engaging in the mercantile business at Bonanza, Lake county. Success to him.

P. Britt is now employing the latest and most popular methods of photography and takes first-class pictures.

Geo. S. Walton and family of Eugene City have removed to Manzanita precinct and will permanently locate there.

O. Gunnison, formerly of this place, but now carpenter at the Klamath Indian Agency, paid us a flying visit last week.

A son and daughter of D. H. Feathers of this place arrived from the East last Monday and will probably locate here.

The condition of Claude Thayer is improved and prospects for his ultimate recovery are favorable, we are glad to say.

N. A. Haady, formerly a merchant of Yreka, was in town last week. He is making a tour of Oregon and purchasing hides.

John Windom, formerly of Phoenix, is constructing a blacksmith shop in Sam's valley and will soon be ready for custom.

Adam Klippel and family will arrive from Missouri next week. A hack left this place Wednesday to receive them at Reading.

Charley Marrell will be at the State fair with his minstrels, having recently returned from California with a first-class troupe.

Charley Howard, our County Surveyor, is constructing a neat residence in the northern portion of town, near that of Squire Huffer.

Col. John E. Ross returned to the Willamette valley Saturday with twelve fine horses, which he will offer for sale during the State Fair.

D. H. Feathers has returned from Ashland and will be happy to meet his friends at his establishment in Dr. Aiken's building as of yore.

Bishop Segher, who is making his diocese a pastoral visit, is expected here in about a month and will be the guest of Rev. Father Blanchet.

Geo. Greer, the affable traveling agent for J. C. Ayer & Co., of Lowell, Mass., made us a pleasant call Tuesday. He is on his way to California.

W. H. Shook returned to Lake county Wednesday, where he has taken up a ranch and will turn his attention to stock-raising. And then what!

E. M. Waite has favored us with an invitation to attend the ensuing State Fair, which commences on the 1st of October and continues nine days. Thanks.

Mr. Wood, reported as having died from injuries sustained by a log rolling over him a few days ago, proves a lively corpse, being now in a fair way of recovery.

Jas. A. Carlwell returned Monday from a trip to San Francisco, where he purchased four fine buggies, besides many other articles for his stable in this place.

We this week received a pleasant call from W. H. Atkinson, one of Ashland's most enterprising citizens. He speaks encouragingly of the future of that town.

We are pleased to learn that both Gen. Mart. V. Brown and Major J. R. Heron of Albany are convalescing and will soon be able to resume their wonted avocations.

Mrs. Stroud, wife of the well-known conductor of the Oregon and California Railroad, is visiting friends in this section. She is a guest of Judge Day and family.

A number of our Ashland friends were in town Monday, among whom we noticed Capt. J. M. McCall, I. O. Miller, W. H. Atkinson, J. Q. Willis and Dr. J. M. Taylor.

J. M. Elliott of Vacaville, California, a brother of Geo. W. Elliott, was in town this week. He left for Pitt river the other day, where he is interested in a band of cattle.

H. L. Webb came in from Linkville Tuesday, but returned the next day. "Carly" is well pleased with his present location and reports Lake county going steadily ahead.

We learn that John E. Young of Salem, who got his start in this place, will soon succeed J. H. Hoffman at Bilger's hardware store. The latter will engage in business at Lakeview.

Jasper Honck, Ashland's popular bootmaker, was in town Tuesday. He reports a continual stream of teams flowing in from various directions, which gives the town a lively appearance.

Our patriotic ex-Sheriff, J. W. Manning, was in an unusually pleasant mood Saturday, which a glance at the notice under "Horn" will explain. It is a Democrat of orthodox weight.

C. S. Sergeant of Phoenix has fitted up new quarters and will in a few days remove his stock of merchandise into them. "Cooney" keeps an excellent assortment of goods and sells reasonably.

First Lieut. John Q. Adams, of the 1st Cavalry, has been appointed ad-jutant-camp to O. O. Howard. The Captain is a gallant soldier and well deserves the distinction that has been accorded him.

It is possible that Gen. Grant will pay Oregon a visit, in which event we may have an opportunity to catch a glimpse of the "man with the cigar." No inordinate display of toadyism is in store for him here.

Assessor Goldard has been in town this week attending the sessions of the Board of Equalization. He has made an excellent assessment of the county, which the very few changes made in it go to substantiate.

Prof. W. I. Nichols, of Ashland College and Normal School, was in town Saturday. He will be pleased with the manner in which the College opened, a very fair number of students being in attendance, which will increase as the season progresses.

Next Edlings, the genial knight of the whip, entered the matrimonial traces Wednesday, being united in wedlock to Miss Minnie Gill on that date. We tender our congratulations and wish for the happy couple a long and pleasant trip through life.

PERSONAL NOTES.

Our friend Walter Sutton, whilom knight of the shooting-stick and mallet, but now Clerk of Curry County, is paying this section a visit. Time has weighed lightly on Walter, and he is the same good-natured "muldoon" he was of yore. He will return home next week.

I. O. Miller of Ashland was in town Monday, from whom we learn that improvements are progressing steadily there. Many new buildings are in course of erection and a lack of lumber, which is manifest, may seriously retard progress. The structures are generally substantial and will add greatly to the appearance of the town.

MINING NEWS.

Mining news is scarce and becoming scarcer. Operations are still progressing at the Grand Applegate diggings under the supervision of A. L. McKenzie.

A full supply of mining blanks and Copp's Hand-book of Mining Law can always be obtained at the TIMES office.

The Silver creek excitement has died out, but promises to be resuscitated soon. What news we have is of a favorable character.

Gen. Linn has closed down for the present, but will resume operations on a more extensive scale than ever when water becomes abundant again.

John Meldrum & Co., engaged in placer mining on Steamboat, are doing better than ever. They realized several ounces from a short run recently.

L. Orme was up from Gall's creek Saturday, who informs us that the miners of that region are beginning to make preparations for next season's work.

Work is progressing finely at the Sterling mine. The ditch will be completed and everything ready for active operations when the rainy season commences.

Beck & Co., on Big Applegate, have finished their ditch and are about to commence ground-sluicing. They have good diggings and expect to make an excellent run.

Ex-Governor Chadwick and Major Fehet have gone to Josephine county to examine the mines of that section. They will probably spend some time longer in Southern Oregon before returning home.

It is said that some capitalists from abroad have intentions of purchasing the Squaw Lake White Sulphur Springs. The price offered is \$100,000. Although this is a large sum, the present owners are not at all anxious to sell, knowing that they have one of the best pieces of mining property on the northwest coast.

John Egan & Co. have struck it rich again in their quartz ledge near Willow Springs. The vein is constantly widening and the ore is of a superior quality, being full of free gold. They have been working at a great disadvantage, owing to the superabundance of water in the shaft, but hope to overcome this by means of a pump, when operations will be commenced in earnest.

AT HAND.—The Siskiyou County Agricultural Society's annual fair will commence next Wednesday and promises to be a first-class exhibition in every particular. The Society is sparing no efforts to make it such, and what its efforts are generally prosecuted to a successful termination. The races will be especially interesting as many fast horses are in training. The Yreka "Journal" says that at Hallock's stable there are five trotting horses, named Lady Clyde, Black Frank, Mattie Glenn, Mary and Little Hope, five running horses at Filmer's stable, named Siskiyou Boy, Ida Hammond, Kate Kirby, Charley Hammond and Edson's Charley; five trotters at Sutherland's stable, named Sir Walter, Dan Rice, Sunflake, Nettie Young and Anything; three runners at Mace's stable, named Orphan Girl, Rock and Downey; two trotters at Ed. O'Neill's stable, named John Andrews and Abdallah. From Oregon ten horses are to be there, so as follows: Stevenson, of Jacksonville, two; Jay Beach, of Fort Klamath, four; J. N. T. Miller, of Jacksonville, three; J. W. Manning, of Jacksonville, with the celebrated trotting horse Ophir. Besides the above, Clubfoot, Nellie Hawkins and other half-mile horses are in training, and there are a number of other horses yet to arrive from Jacksonville. Scott Valley and other sections have not reported so far.

BOARD OF TRUSTEES.—A special meeting of the Board of Trustees was held Monday evening last. President Langell presided, with Councilmen Reames, Nickell, Kenney and Orin in attendance.

The following bill was presented and referred: Geo. Howard, slaughtering dogs, \$4.

The petition of J. H. Huffer for the purchase of lot 3 in block 60, and that of L. Hubert, desiring to purchase a portion of lot 61, were referred to the Committee on Streets.

The petition of citizens of Jacksonville, praying for the privilege of forming a fire department and using and controlling fire truck and apparatus, was granted.

The President and Recorder were authorized to turn over the truck and apparatus in good repair to said department when fully organized.

The Fire Wardens were instructed to have the street lamps placed in proper repair.

The Board then adjourned.

REAL ESTATE TRANSACTIONS.—The following deals have been recorded in the County Clerk's office since the last issue of the TIMES: Geo. W. Wildfire and wife to J. B. Cartlidge, four-hundredths of an acre in Ashland precinct. Consideration, \$2.

L. P. White and wife to Jane E. White and sons property in Rock Point precinct. Consideration, \$1,700.

G. W. Lance and wife to Nelson Hoemer, 20 acres in Foot's creek precinct. Consideration, \$3,650.

C. C. Beckman and wife to G. W. Lance, 71.33 acres in Foot's creek precinct. Consideration, \$163.46.

C. C. Beckman and wife to Alex. Martin, lot in Jacksonville. Consideration, \$30.

Horace L. Ish to Jacob Ish, 163.58 acres in Manzanita precinct. Consideration, \$190.

John Daley and E. Emery and wives to David Hendery, lot 6 in block 5, Eagle Point. Consideration, \$20.

Jas. Trimble and wife to J. L. and Mary A. Scott, 160 acres on Pleasant creek. Consideration, \$800.

THERE are many who believe the vegetable kingdom has within its range an antidote for all the diseases to which flesh is liable. Judging from the wonderfully beneficial effects which have been derived from the use of Freese's Hamburg Tea in a great variety of diseases, the belief seems well founded. The occasional use of it will always ward off bilious and malarious affections. Do not be without it.
