Arrests being so frequent of late, the "City Fathers" will probably deem it incumbent upon themselves to make the vagrant law operative, toward discouraging lawlessness that would become rampant. Schiefelin, of Rock Point precinct, and we are pleased to hear of the good fortune that has visited them.

PASSED AWAY.—Another of the pioneers of Southern Oregon has been gathered to his fathers. Wm. A. Hamilton breathed his last at his residence near Uniontown on the morning of the 24th, having survived the accident that befell him a few short days. Thus ended the career of one whose life was most eventful. Mr. Hamilton was a native of Alabama, but left the parental roof at an early day. Going to sea, he became a mishapman in the service of his country and took part in the Mexican war. At the storming of Vera Cruz a splinter from a mast of the man-of-war upon which he was engaged fractured his skull and incapacitated him from active duty for a time, his iron constitution alone carrying him safely through. Coming to the Pacific Coast at a time when the gold fever was at its height, he drifted to Jackson county, where he has resided ever since. He first mined as Jackson creek in partnership with Judge Silas J. Day, afterward becoming interested in the mines near Uniontown he still managed when a cruel fate removed him from these earthly scenes. Mr. Hamilton was well known as a man of sterling qualities, enterprising and generous to a fault. He will be missed most by those who knew him best. His remains were interred in the City Cemetery on Tuesday last, Rev. M. A. Williams holding the last services over all that was mortal of Wm. A. Hamilton. Life's fitful dream is over and the troubled spirit has fitted to the rest it knew not of while it existed on earth. May he find that sleep that is in store for all good men.

Robinson of Pennsylvania a party to the suit and also allowed to file amended complaint. The Court then adjourned until nine o'clock this morning.

W. I. Friedlander, of S. Marks & Co., Roseburg, was called last week by the members of Umpqua Chapter No. 11, R. A. M., in appreciation of his services as their secretary for the past seven years. The token of their esteem was valuable in more ways than one, embracing a gold-headed cane and silver pitcher, goblet and ice-bowl. Billy evidently deserved it.

IS A NEW ROLE.—Fred, Grob of this place was the other day surprised to receive some business cards from San Francisco, by which it appeared that he was managing the City Brewery in this place in connection with John Flamel, who formerly was an employe of that establishment, but is now wanted at Canyonville on a charge of obtaining money under false pretences. Accompanying the cards, however, was a bill, which John explained that Flamel had ordered them but neglected to deposit the necessary coin in payment thereof, whereat Fred was importuned to liquidate the delinquency. Flamel is indeed a preciousascal, but nevertheless has a weakness for seeing his name in print, which he could gratify to an inordinate extent by sending for the Southern Oregon papers of the past few weeks. It seems that he also borrowed a mule, saddle, bridle and \$60 from a farmer living near Coquille City by false representations, and decamped with his booty.

Not Charlie Ross, but a remedy for the Barchae and all Kidney Troubles, in the Oregon Kidney Tea. This wonderful remedy covers a long history before the public for a short time only, but in that time has achieved a marvellous fame. Hundreds of our best citizens in all parts of the State have been cured or permanently benefited by its use. Try it.

FLUSH THE SEWERS.—They are talking about flushing the sewers in San Francisco all the time, and still it is only talk. In the meantime, many are carried off by malarious diseases who would be alive to-day if the cleanliness of that city were properly attended to. Freese's Hamburg Tea is an excellent medicine at all times, as it fortifies the human body against the bad effects of the gaseous poisons which, though invisible, are floating in the air every where potent to destroy.

BY UNIVERSAL ACCORD, AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious and successful chemical investigation, and their extensive use, by Physicians in their practice, and by all civilized nations, proves them the best and most efficient cathartics. King of the Blood

Cures all Scrofulous affections and disorders resulting from Impurity of the blood. It is needless to specify all, as the sufferer can usually perceive their nature. I hereby recommend King of the Blood. I have been troubled with Scrofula for the past ten years, which so affected my eyes that I was completely blind for six months. I was recommended to try King of the Blood, which has proved a great blessing to me, as it has completely cured me, and I cheerfully recommend it to all troubled as I have been.
