MASSONS AND THEIR FAMILIES.—A large number of Masons and their families were present at the affair proved a pleasant and profitable day.

FATAL ACCIDENT.—A serious accident occurred on Yankee creek, in Chimney Rock precinct, on Dec. 29th, by which Jos. Hess, an old resident of that section, came to a horrible death.

RECOVERIES.—The Rev. W. H. Klyce, who had an arm and a leg amputated some time since, was enabled to gain his feet, and while making one, he fell slipped on a frozen ground and he fell forward under the arms of a man, which was descending at the time he struck the unfortunate man on the head, and most cleaving it in two.

Business men will find a fine supply of ironical notes and receipts in book form at the TIMES office. The December number of the "College Column" has come to hand and is a sprightly, interesting one.

A large assortment of elegant calling cards have just been received at the TIMES office from New York. The party at Mart. Harat's, on Butte creek, was well attended and thoroughly enjoyed by those in attendance.

A flutter in Linkville society is anticipated soon, the couple about to join the majority being well and favorably known in this portion of Oregon. "Thus we glide."

P. B. Lewis, of the Kerbyville Mills, was in town this week. He informs us that the cold spell has reached Josephine county and caused a general suspension of business.

Matt. Obenchain has received information from Bonanza, Lake county, to the effect that snow lies to the depth of ten inches on a level, and is two feet deep on the ridges.

A correspondent of the TIMES, writing from Linkville under date of the 24th ult., informs us that the weather is clear and cold, sleighing good and stock doing well.

As the stage started from Roseburg one day last week the front wheel twisted the axle square off. The mud and water had frozen hard, which accounts for the accident.

A party in town one night recently adjourned with a general "hoosh-hoosh," in which the young ladies freely participated. Soothing-syrup has advanced in price since then.

For all tickets, programmes, rewards of merit, wedding invitations, cards of all kinds, circulars, pamphlets, posters and other plain and fancy printing, go to the TIMES office.

The thermometer indicated 18° below zero at the residence of L. W. Thomas, three miles east of town, on the 23d. The mercury rarely becomes so frisky, even on State occasions.

At a meeting of the Philanthropic Society of Roseburg, recently, Miss Alice Mosher was adjudged the handsomest young lady and Bud Crane the homeliest gentleman of that place.

We learn that John Marks, who is wintering his Angora goats near Chas. L. Thurman's, on Applegate, lost several head of them by a tree that he was cutting down for browse falling on them.

Never in the history of Southern Oregon have the holidays passed off more quietly, the disagreeable weather and bad roads having placed an embargo upon the festivities everywhere.

For all the ills that flesh is heir to, no matter what the age, there is no household remedy equal to Frew's Hamburg Tea. Besides, the children like it; there is nothing nauseating about it.

Oregonian-Poehontas Tribe No. 1, Improved Order of Red Men, will install its newly-elected officers next Tuesday evening. After the installation refreshments will be served and a sociable time had.

The large chronometer in C. C. Beckman's banking-house refused duty several times during the past week, the cold weather having stopped the works. After a short thaw the time-piece resumed business.

Many of the papers north of us failed to make their appearance during the holidays. The local press was more enterprising and furnished its readers with the regular issue, which was up to the usual standard.

The entertainment at Ashland College on the 23d is highly spoken of by those in attendance. An interesting programme was presented. The prizes for best recitations were awarded to Miss Lou Willis and G. J. Wisley.

R. Cook is associated with Jas. Herd in the management of a saw-mill on Big Applegate. The firm has purchased a steam engine of J. P. Davison of Eden precinct and will soon be ready to furnish an extra quality of lumber.

PERSONAL NOTES.

C. D. Chapman of Linkville is in town. M. Bam and wife of Ashland were in town the forepart of the week.

N. DeLamatter and family of Josephine county are paying this place a visit. Joe Beach returned to Linkville Friday, after spending Christmas in the valley.

Wm. Hoffman, Esq., agent of the Home Mutual Fire Insurance Company, has returned for a neat calendar. Geo. Freeman has retired from the Skikyou mountain well satisfied with his experience as driver over that route.

Jay Beach has gone to Reno to meet some fine stock recently imported from Kentucky for his farm near Linkville. Geo. Vandex, Sterling's P. M., informs us that snow lies quite deep there, but that the temperature is about the same as here.

Dr. A. C. Stanley, of Table Rock, elsewhere has something to say "to whom it may concern." He is desirous of an immediate settlement.

Messrs. Martin, of Salem, who have been paying Jacksonville a brief visit, returned home Wednesday morning. They were well pleased with their stay here.

Miss Millie Vining, of Ashland, was given a party at the residence of Jas. A. Carlwell by her friends last Monday evening, which passed off pleasantly.

Geo. W. Frey was in town this week, from whom we learn that cattle are faring tolerably well yet, though a continuance of the prevailing weather may prove disastrous.

T. L. Beck, Willow Springs' energetic miner, was seized with a severe pain in the back while pulling on his boat the other morning and has been incapacitated ever since.

Dr. J. A. Callender, of Roseburg, a gentleman well known in Jacksonville, arrived here Monday night and will spend a few days with us. Time has dealt gently with the Doctor.

"Dashing from Oregon" is to be the title of the volume of poetry, now nearly ready for publication, which Oregon's favorite bard, Sam. L. Simpson, is preparing for the press.

Mr. Wasson of Ventura county, California, is in town prospecting for a location, which he may find. He is an old miner and seems well pleased with our varied resources.

A Davison left for Yreka this week with a large amount of crock, dried fruit, etc., amounting in all to about 9,000 pounds. Ardy has opened a produce store at that place and seems to be prospering.

John Pearson, the veteran freighter, has just completed the season's work, during which time he has traveled 3,100 miles with his teams, freighting from Reading, Cal., for Thatcher & Worden, of Linkville.

MINING NEWS.

Mining is suspended everywhere. The cold snap has made mining items as scarce as gold-dust.

Ed. Hensley and Jimmy Burns are opening a claim on Missouri Flat that promises well. Henry Ankeny, who has been visiting the Southern Oregon mines, has returned to Marion county.

Egan & Co.'s arastra is frozen tight and operations have been discontinued until more favorable weather. Copp's Handbook of Mining Law and every description of mining blanks can be obtained at the TIMES office.

J. Frost still asserts his sway and the miners are wearing an ultramarine hue. How long, O Lord, how long! There is an unusual amount of snow in the mountains, which will form a base of supply for the miners when water begins to fall in the Spring.

Superintendent Klippel, of the Squaw Lake Ditch Company, is in town awaiting a thaw. He made a fine run recently, but it was of short duration.

Superintendent Fitzpatrick, of the Applegate Gravel Company, made us a pleasant call last week. He informs us that the cold weather has caused a temporary suspension of operations there as elsewhere.

A thaw is all that is necessary to give the miners an abundance of water. A warm rain might prove disastrous to them, as well as to others, a great quantity of snow still lying on the ground everywhere.

Wm. Healy came down from Elliott creek this week and reports the same story with the miners there as elsewhere. His company has just completed a cabin and made other preparations for the season's run.

Thos. Berryman of Galice creek was in town this week, from whom we learn that the cold weather has not neglected that section. Green Bros., of the Sugar Pine Lodge, are still taking out ore that will pay \$50 to the ton.

A correspondent of the Times, writing from Williams' creek, says: "A good winter for mining now seems an assured fact, and miners are correspondingly jubilant. Alex. Watts in making money on Horsehead in his placer claim, while uncovering a bonanza in the shape of a quartz ledge at the same time."

R. M. Garrett showed us a handsome gold nugget last week that weighed 106. It was picked up by John Meldrum in the Steamboat diggings, together with twelve ounces in finer gold. Meldrum has been mining in that locality with indifferent success for some time past, but has evidently struck the pay streak at last.

B. F. Luce of San Francisco, who is interested in the Grand Applegate mines, was recently in this section, sub rosa, inspecting our mining resources. He is well pleased with the outlook and located several claims while here, including a quartz ledge in the Willow Springs district. We are gradually receiving that attention from capitalists justly duo us.

A GRAND SUCCESS.—The ball given by Rath Bebekah Degree Lodge No. 4, I. O. O. F., proved the event of the season. About eighty tickets were sold, and had the weather not been the worst, the number would probably have reached one hundred. Nothing was spared for the comfort of the guests, the members vying with each other in doing their utmost, and all seemed well satisfied with the evening's amusement. The supper was first-class in every particular, fully sustaining the excellent reputation enjoyed by the Bebekahs as caterers.

PROBATE COURT PROCEEDINGS.—The following proceedings have transpired in this Court since our last report: In the matter of the estate of Oliver M. Hurt, deceased. Citation issued to Jas. Jones, executor to make an inventory on Feb. 2d.

In the matter of the adoption of Amelia Plutz by Fred Otten. Petition granted and name of said child changed to Amelia Otten by order of the Court.

A SOLAR ECLIPSE.—A total eclipse of the sun, visible to the Pacific Coast, will take place January 11, 1880. This eclipse is central and total along a line twenty miles south of, and parallel to a line drawn through Monterey and Mariposa, Cal., and Salt Lake City, Utah. There it will be total and elsewhere partial. The eclipse will begin at Jacksonville at about 2:30 P. M. The sun will set partially eclipsed.

NEW TOWN HALL.—The Board of Trustees propose purchasing the old Mason building on the corner of Oregon and Main streets and will fit it up for a town hall, that can be used by public assemblies of every nature as well as a place of meeting for the City Fathers. This has long been a necessity and we are pleased to see that steps have been taken in this direction.

EXTRA READING MATTER.—Holiday supplements, containing several columns of choice miscellany, have been furnished our readers in connection with the regular issue of the TIMES. We always aim to do our best by the patronage of this journal and shall continue making improvements commensurate to the requirements of the day.

LOCAL BRIEFS.

The party given by Wm. Eaton on New Year's night was a success, notwithstanding the counter attractions.

The Jacksonville Minstrels have postponed their performance announced for to-morrow evening until another time.

The new year was ushered in quite auspiciously. The Times, although a day after the fair, wishes its readers many happy returns of the day, hoping that joy and prosperity will ever be their lot.

Mrs. Margaret Hubbard, widow of Jas. Hubbard, died at her residence on Wednesday last of pneumonia, after a brief illness. She was one of the pioneer residents of Jacksonville and leaves two daughters and a son and a large circle of friends to mourn her loss. "Requiescat in pace."

A box in the rear of Beckman's banking-house, in which some hot ashes had been deposited, caught fire one night last week and might have caused a conflagration but for its timely discovery by J. A. Boyer, the clerk, who was awakened from his slumbers by the persistent barking of his dog, which seemed aware of the impending danger.

There was a house-warming Monday evening in honor of the completion of Geo. Brown's new residence. Dancing to excellent music furnished by Prof. Scott and Mr. Brown was the order of the evening, and a pleasant time was experienced by those in attendance. Reputations in this line would not be disapproved of by the young folks.

A quartet returning from the party at Willow Springs last Tuesday evening broke down in the midst of their journey. A charming tete-a-tete was ruthlessly demoralized and the gallants obliged to seek the nearest farm-house for another vehicle, while the ladies were perched upon the fence to await their return. A dead ax wagon being procured, everything was soon progressing swimmingly.

Over forty couples were present at the party given by the Jacksonville Band at Vett's Hall on Christmas night. Everything passed off buoyantly to the excellent music furnished and all seemed to thoroughly appreciate the affair, which did not close until early morn.

The supper did not exceed the one provided for General Grant at the Palace Hotel previous to his departure for the East.

The Adm. Cal. "Lawyer" says that "Helen" D. C. Hay, (not altogether unknown in Jacksonville) who had the contract for furnishing the County Clerk's office at Alturas, Modoc county, after receiving the greater portion of his pay, silently and secretly left the town between two days, and, by some oversight, neglected to settle numerous little bills against him. Hay is in demand at Alturas.

EVERY person engaged in growing fruits or flowers should take a paper exclusively devoted to these subjects, as is "Fairy's Fruit Recorder and Cottage Gardener"—a monthly of 16 pages, at only \$1.00 per year, published at that great Florist City and fruit section, Rochester, N. Y., but controlled and edited by M. Purdy, of Palmyra, N. Y., a life-long fruit grower and florist, and now having over one hundred acres in fruits, flowers, etc., and editing his paper from a practical daily experience and years of close observation and study. Send to him, at Palmyra, N. Y., for a specimen copy. It will speak for itself. Or by sending on the subscription price now (\$1.00) you get the full volume for 1880 and either of the following premiums, postpaid, now or next Spring, as you may choose: The three last numbers for 1879; or Purdy's 64-page Small Fruit work; or either his beautiful Fruit or Flower piece, 13x6 inches, or four assorted post-grown roses, or four assorted geraniums, or ten papers assorted choice flower seed, or one strong root of the most beautiful, hardy and fragrant Honey-suckle grown—the Helena, or 25 assorted strawberry plants of the best sorts grown for this latitude, or six assorted hardy raspberry plants, or six hardy gooseberries.

ALMOST A SERIOUS ACCIDENT.—The "Ashland Tidings," speaking of the narrow escape the participants in the Christmas ball at that place had, says: "A little after eleven the ball supper was ready, and more than half the dancers had come to supper, when an accident happened to the hall which caused a change in the programme of the ball. The heavy weight of snow on the roof caused it to press outward at the eaves with such force as to split some of the heavy upright timbers at the joints, when the timbers of the roof timbers were pined. The cracking of the timbers caused a stampede from the hall, and the dancing during the rest of the night was done at the Lodge room and one of the other rooms in the upper story of the Masonic building." The discovery was luckily made in time by Geo. Brown, one of the musicians, and a serious calamity averted.

TRUE MERIT ALWAYS WINS.—In these days of sham it is refreshing to become acquainted with true merit. "For value received" could be appropriately printed on every subscription receipt given by Andrew's Bazaar. This marvelous paper, with its low price, only \$1.00 per year, is the one successful Fashion Paper published in America. Always original, reliable and in advance, it is the acknowledged standard Fashion authority of this country. Notwithstanding its low price, every subscriber is presented free with 50c. worth of patterns; and all those who subscribe for 1880, beginning with the January number, will receive as a present a gorgeous supplement, 33x6 inches in size, which contains designs for fancy work which could not be obtained from any dealer for less than \$10.00. For an appropriate gift to mothers, wife or sweet heart we can surely think of nothing better than a year's subscription to Andrew's Bazaar. All communications should be addressed to W. R. ANDREWS, Publisher, Tribune Building, New York.

Grateful Women. None receive so much benefit, and none are so profoundly grateful and show such an interest in recommending Hop Bitters, as women. It is the only remedy peculiarly adapted to the many ills the sex is almost universally subject to. Chills and fever, indigestion or deranged liver, constant or periodical sick headaches, weakness in the back or kidneys, pain in the shoulders and different parts of the body, a feeling of lassitude and despondency, are all readily removed by these Bitters.—(Courant.)

A CARD. JACKSONVILLE, Dec. 31, 1879. EDITOR SEVENING: I find that you have stated in your paper that Herman Heim's child, which is sick with typhoid fever, is recovering. This is correct, published under Dr. Aiken's care, as you state, as I have been the only physician attending. Mr. Heim, please let the truth be known, if you cannot be just. L. DANFORTH, M. D.

We congratulate the Emperor of Russia upon a narrow escape from an attempt on his life. In starting for Moscow his baggage was sent on ahead. He, starting soon after, passed it and reached Moscow safely, while the baggage was blown up. A tunnel was found running to a house one hundred and fifty feet from the point where the explosion occurred. It is supposed the author of this heinous plot was suffering from a diseased mind, unimpaired by severe pain in the back and kidneys. To prevent a repetition of like occurrences, it is said the Emperor has sent to Hodge, Davis & Co., Portland, Oregon, for a large shipment of the Oregon Kidney Tea.

BIG BETTER CORRESPONDENCE.—A correspondent, under date of Jan. 1st, says: "The dance at King's last night was a grand success. D. Danlap officiated as chief musician. Stock has fared poorly and many will die before Spring comes. The weather is moderating a little. Pat. McMahon, the mail carrier, is punctual and gives general satisfaction in this locality."

SETTLERS can have their notices for final proof and other land notices published in the TIMES by requesting the editors of the Roseburg Land Office, through the County Clerk or other agents, to send them to this establishment, where the service will be performed at the very lowest rates.

FOR SALE.—One of those superior Wheeler & Wilson sewing machines. It is new, possesses all the latest improvements and attachments, and is in perfect running order. For further particulars enquire at the TIMES office.

A CARD. To all who are suffering from the errors and imbalances of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. ISMAN, Station D, New York City.

MARRIED. TOWE—McDONOUGH.—At the residence of the bride's parents, by Hon. S. J. Hay, County Judge, M. Reynolds, Rose and Miss Helen McDonough. [We extend our congratulations and wish the happy couple a long life of unalloyed bliss.]

BORN. BAYLEY.—In Table Rock district, December 21st, to the wife of Thomas Bayley, a daughter. WRIGHT.—Near Jacksonville, December 23d, to the wife of Prof. Wm. A. Wright, a son. ISAACS.—On Butte creek, December 8th, to the wife of Geo. W. Isaacs, a son. NICKERSON.—At Walden, December 28th, to the wife of F. M. Nickerson, a son.

DIED. HUBBARD.—In Jacksonville, December 31st, Mrs. Margaret Hubbard; aged 54 years and 11 months. HILL.—In Ashland, December 14th, 1879, Mrs. Elizabeth Hill, widow of Isaac Hill; aged 72 years, 3 months and 3 days. [Mother Hill] was one of the pioneer residents of this county, coming to Rogge river valley when the red man asserted his sway and dispelled the encroachments of civilization. She died in the fullness of her years, respected by all. Mrs. Hill leaves three daughters (Mrs. J. H. Russell, Mrs. P. Dunn and Mrs. A. V. Gillette), all of whom are residents of Ashland precinct, and two sons, one living in this State—the other in California. Her estimable qualities of mind and heart had won for her a large circle of friends, by whom she is sincerely mourned. Another pure spirit has been wafted over the dark river; another household has been bereft; and the holy work of Him, who doeth all things well, has been exemplified: "The righteous shall inherit the Kingdom of Heaven."
