

AN EMINENT VISITOR.—Archbishop Seghers of Portland arrived in Jacksonville on the evening of the 29th ult. Friday evening he was serenaded by the Brass Band, which discoursed some of its sweetest music. J. Nunan then delivered the address of welcome, and was very appropriately responded to by the Archbishop. Mr. Nunan said: "May it please your Grace: We, the Catholic inhabitants of Jacksonville and the surrounding district, beg to offer our most affectionate and respectful welcome on the occasion of this, your first visit to Southern Oregon. To us, especially, the event is one of no ordinary gratification. We recognize in your Grace a Prelate distinguished for eminent scholarship and exalted piety, elevated to the highest office in the Church in which, for many years, you have been considered one of the brightest ornaments. Called to succeed in time our most worthy and venerable Archbishop, who has ruled this archdiocese for thirty-four years, we faithfully anticipate that your government will be equally distinguished and beneficent. In conclusion, we pray that your Grace may be spared in your high and sacred office with comfort and happiness to yourself and benefit to the flock committed to your care." The Archbishop will remain in Southern Oregon for some time, and it is to be hoped that he will favor us with one of his excellent lectures before he takes his departure.

APPOINTED.—G. Karowski of this place has been appointed agent for the celebrated J. I. Case & Co. farming machinery and is now prepared to give inducements in this line farmers should consider. He also has a number of the well-known Fish Bros' wagons on hand, which he is selling cheap. Read Mr. Karowski's advertisement elsewhere and give him a call.

LEO SACHS, of the well-known firm of Schaeffer, Sachs & Co., San Francisco, is lending his influence to the C. C. W. R., an item worthy of note. Max. Muller and Capt. J. M. McCall, now at the Bay City, are also doing their utmost for it. If this enterprise is not successful, we will miss our guess sadly.

J. E. Beggs returned from Lake county last week. He reports some snow on the mountains between Spencer's and Jenny creek, though the roads are now fast improving.

MARRIED.—Geo. W. Howard, who is in charge of Henry Smith's store at Galice creek, informs us that Green Bros. of the Sagar Fine ledge have run another tunnel and struck richer quartz than ever, some of which will pay at least \$60 to the ton. They are now down over 100 feet on the ledge and it is improving. Mr. Howard also says that the miners are generally busily at work, will have plenty of water for some time to come, and seem to be doing well.

BORN.—Cardwell desires to have it understood that he keeps the finest turnouts in the State at his stable. Prices, reasonable.

MINING NEWS.

The Squaw Lake Company will make another clean-up soon.

Egan & Co. will resume work on their quartz ledge near Willow Springs at once.

Jack Layton has two pipes in operation and expects to make a good clean-up soon.

Montgomery & Dodge have struck a rich pocket of quartz in the Blackwell diggings.

Geo. Megerle informs us that the miners of Evans creek have plenty of water and seem to be doing well.

Ralls & Co., in the Willow Springs district, are cleaning up and making several dollars a day to the hand.

Kahler, McDonough & Co., of the Fort Lane diggings, made another clean-up last week, which resulted favorably. They will do quite well this season.

Superintendent Fitzpatrick has closed down the Applegate Gravel Co's diggings and will return north soon. He is suffering from an injured eye, a small piece of a rock he was breaking having entered it.

W. J. Savage, who is interested in mining claims on Savage creek, informs us that panning will soon cease there, as water is getting light. His company has been able to work nearly all winter and are sanguine of a good clean-up.

Wimer & Co., who are extensively engaged in mining operations near Waldo, Josephine county, made a clean-up last week, from which they realized \$2,500. This was the result of a thirteen-day's run, and is evidence that these gentlemen have some of the best diggings in the State.

Deselles & Co.'s diggings on Scott's gulch, a few miles from Waldo, are in first-class running order and will no doubt pay well this season. The Cranston elevator used works to a charm and Mr. Deselles informs us, gives satisfaction. The company is an enterprising one and deserves success.

Wm. Benson, of the Centennial Company, operating in the Willow Springs district, this week showed us a number of very fine specimens of gold taken from their mine, the largest of which weighed 811. He says that they are now panning after night, cleaning up during the day. The ground is rich and yields well.

D. C. Courtney, who left this place for the Skagit mines sometime ago, writes to J. S. Howard that they are a first-class find. The snow is very deep and little work has been done as yet. Many miners are unable to get out for lack of means, though anxious enough to do so. The rush thither is abating and another mining excitement will soon be no more.

Geo. W. MILES FOR VANCOUVER.—Capt. John Q. Adams on Saturday last inspected the miles put in by S. Booth, who had the contract for furnishing the Government with thirty-nine, and accepted thirty-two of the number. The balance have been engaged and will be inspected at Hoodburg. The haul was driven north Sunday and will be shipped to Vancouver.

W. H. Shook came in from Lake county Friday and left for Roseburg Monday, intending to return the forepart of next week. He says the last storm proved quite serious, hundreds of cattle dying since the 27th of March. The total loss he estimates at about 50 per cent. The pleasant weather of the past few weeks is doing much for grass and stock.

Remember Prof. Kingler's concerts on the 13th and 14th. He will be assisted by the best local talent and very fine entertainments may be expected.

The funeral of Mrs. R. Benedict will take place today. Services will be held at the M. E. Church at three o'clock p. m. by Rev. M. A. Williams.

The election is fast approaching and candidates are informed that Dillon keeps the best of liquors and cigars.

A large number of visitors are expected from Yreka and Linkville on the 12th of May.

A Fine Thing for the Teeth. Fragrant SOZODONT is a composition of the purest and choicest ingredients of the vegetable kingdom. Every ingredient is known to have a beneficial effect on the teeth and gums. Its emollient or anesthetic property and aromatic fragrance makes it a toilet luxury. SOZODONT removes all disagreeable odors from the breath caused by catarrh, bad teeth, &c. It is entirely free from the injurious and acrid properties of tooth pastes and powders which destroy the enamel. One bottle will last six months.

CORRECTIVE.—The "Sentinel" of this week says: "Next Sunday is my regular appointment in Jacksonville at 11 A. M." This is a mistake, the following Sunday, (the third Sunday in the month) being my regular appointment. D. A. CHOWELL.

A GOOD THING. German Syrup is the special prescription of Dr. A. Roschke, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an export or medicinal, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Beware of medicines of similar names, lately introduced. Roschke's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary Cough. Price 75 cents. Sample bottle, 10 cents.
