# DEMOCRATIC TICKET.

FOR PRESIDENT:

OF PENNSYLVANIA.

FOR VICE-PRESIDENT:

T. G. OWEN of Coos County.

WM. H. ENGLISH. OF INDIANA.

FOR PACSIDENTIAL ELECTORS: J. K. WKATHERFORD of Linn County. JAMES FULTON of Wasco County.

REV. JAS. A. GARFIELD has three favorite texts from which he preaches, viz: Sal-

Southern Oregon will maintain the prestige in the future so nobly won in June. Hancock and English are good for 500 majority in November.

THE nomination of Gen. Hancock of with the Presidential nomination. Pennsylvania effectually disposes of the the Union army-brave and merciful.

Pennsylvania may now be considered sey, Connecticut and Indiana are safe for the Democracy, and the nomination of Gen. Hancock makes Republican Pennsylvania very doubtful.

of Garfield's nomination says "he is the as follows. Republicans in Roman; most corrupt man in America. He would Democrats in Italics and Independents in steal heaven's livery to serve the devil SMALL CAPS: in." If Garfield can beat Belknap, truly he is a rogue of the first water.

THE Democrats of Albany raised over \$200 tor a grand ratification of the Presidential nominations. The pluck of the Linn county Democrats is worthy of emulation. Though routed in the recent election they will "pick their flints" and attack the enemy again in November.

If the salaries of the Supreme Judges are not increased it will not be the fault of the next Republican Legislature. And they ought to be, too, if the gentlemen recently elected possess half the ability claimed for them. No respectable lawyer should be compelled to sit in the Court of last resort for the paltry sum of \$2,000

ALTHOUGH the war ended fifteen years Stearns ago, the Republican Furiosos who occupied prominent positions in the homeguard during "the unpleasantness" are valiantly fighting it over again. Those who kept in respectful distance of gun powder then are the most warlike now that the danger is over. And Southern Oregon has a few of them, too.

THE stupendous influence of the Dell-Mercury-Independent menagerie was grandly exercised during the recent campaign. Although gross were the slanders they fulminated against Judges Prim and Kelly, and unscrupulous and malignant their war on them, each of these gentlemen received a considerable number of votes more than did Congressman Whiteaker, whom the two former supported.

OF COURSE Garfield isn't a friend of the Chinese. But why is the Republican press so assiduously engaged in making this fact apparent to the people of the Paeific Coaste If these journals really believed that such was the case it is hardly probable that they would employ so much J. M. Thompson, J. C. Wallace. space in defense of Garfield. They know full well that he has always been the Schooling, Geo. E. Chamberlain, H. Shel champion of monopoly and arrayed against the people. Honce their travail.

THE Sentinel is busily engaged in explaining why it should so suddenly develop into a Republican organ in which there is no guile, after expatiating so long and fondly upon independence in politics pre- M. ### A CARD.

JACKSONVILLE, June 23, 1880. EDITOR TIMES: I herewith ask permis sion to make a little explanation to the pub lie through the columns of your paper. During the sitting of the last Grand Jury for this county I was indicted for an assault upon one Jane McCully of this town, to which indictment I, through the urgent request of the District Attorney and the friendship that he expressed for me in the matter, was over persuaded to plead guilty to the charge: when the facts are that I never committed any such offense or any violation of the law in this or any other State. I would not have pleaded guilty had it not been for the advice I received from Mr. Neil, whom I presumed to be my friend, and the assurance that he gave me that the Court would not place my fine over \$15. All that I have to say to those that are busying themselves about me and my affairs is to attend to their own busmoss, and if they have any record against me is any place where I have lived to produce it W.
