A dilapidated remnant of a poor show returning to California from an unsuccessful campaign through Oregon gave a series of performances on the flat in the lower portion of Jacksonville. The patronage was not the most extravagant and the concern therefore did not pack away many sacks of coin to California. The people of Oregon are past being humbugged by such bare-faced frauds.

Geo. Kuttow, a commercial traveler from San Francisco, who was in town last week, says that the wholesale merchants are taking considerable interest in the C. C. W. A partial list of those he is now taking subscriptions for will be found in his advertisement elsewhere, and he will announce others soon. These books are standard, bound in the best style, and will be disposed of at reasonable rates.

PRESIDENT HAYS. The validity of Hays' title may always be questioned, and his administration criticised, but the payment of one dollar gives a valid title to one bottle of Dr. Pierce's Golden Medical Discovery, and its administration can never be criticised in cases of coughs, colds, influenza, consumption, and general debility, for leading physicians of all schools endorse the Discovery and prescribe it in their practice.
