

DEMOCRATIC TIMES.

Official Paper for Jackson, Josephine & Lake.

FRIDAY, AUGUST 6, 1880.

DEMOCRATIC TICKET.

FOR PRESIDENT:
GEN. W. S. HANCOCK,
OF PENNSYLVANIA.

FOR VICE-PRESIDENT:
WM. H. ENGLISH,
OF INDIANA.

FOR PRESIDENTIAL ELECTORS:
J. K. WEATHERFORD of Lion County.
JAMES FULTON of Wasco County.
T. G. OWEN of Crook County.

The Greenbackers are about to lose the fall of their ticket, as Gen. Hancock will withdraw on account of ill-health.

FIVE THOUSAND DOLLARS is the price of Jackson county's future prosperity. Shall we neglect the golden opportunity?

GARFIELD practically abandons the contest. He says that "New York settles the case." There is no intelligent doubt that New York will vote for Hancock.

THE Democratic campaign in Oregon is not altogether a hopeless one. It will take work, and plenty of it, to overcome the Republican majority piled up in June, however.

THE betting in New York is all in favor of Hancock. Hancock men are offering a commission of 10 per cent. for the securing of opportunities to bet on their candidate.

GARFIELD not only voted against the bill to remonetize silver, but spoke and worked against it. He is on record as being one of the most pliant tools of John Sherman and the money sharks of Wall street.

AS Hayes carried Pennsylvania by only 17,000 votes, a change of less than 9,000 is all that is required. Forney claims a change of that number in the city of Philadelphia alone among the soldiers who served under Hancock.

OBVIOUSLY indeed must be those who cannot realize the great benefits that will accrue from the C. C. W. R. If Jackson county cannot furnish the paltry sum of \$5,000 for so valuable an enterprise, it is best that she remain unconnected with the outside world, and hard-times croakers should forever hold their peace.

A SMALL lot of Irish Republicans recently met in Indianapolis to endorse the nomination of Garfield & Arthur. It is perfectly natural that they should do so. It goes to show that there are a few Irishmen in America who are Republicans. But they are generally those who side with England in her Irish policy and believe in a "strong" government.

THE New York *Standard* Zeitung, the most widely circulated and by far the most influential German paper in the United States, and which of late years has been rather cool toward the Democracy, fairly bristles with enthusiasm for Hancock and English. Under its leadership the independent German vote of New York will be cast almost solidly for Gen. Hancock.

REPUBLICAN journals are lamenting the serious discussions existing in the Democracy at the South, which, to use their words, threaten to disrupt the party; and in the next breath they endeavor to scare the people of the North by dilating upon the evils of a "Solid South." If there is one thing about another for which the Republican press excels, it is its glaring inconsistency.

THE nomination of Hancock & English has raised Democratic enthusiasm to the highest pitch. This could not be more forcibly illustrated than in Alabama, where the first gun of the campaign was fired Monday. The Democratic majority is larger there than ever, notwithstanding the assurance of the Associated Press dispatches that matters were mixed there. Hurrah for Alabama and her 60,000 Democratic majority!

THE Democratic ratification meeting held in New York City last week was one of the largest that ever occurred anywhere. Several halls were unable to hold the immense audience that assembled to ratify the nomination of Hancock & English and the enthusiasm was unbounded. The "old chief," Samuel J. Tilden, presided at the Academy of Music and received a "tremendous welcome," to use the Associated Press' modest words. This augurs well for Democratic success in New York in November; and, as the Empire State goes, so goes the Union.

IS his able letter of acceptance, Gen. Hancock says just enough. There is no redundant verbiage about it, and it teems with good sense. It is apparent that he is a man of few words and less promises—just such a one as makes a good executive officer. Mr. English's epistle discusses the leading topics of the day at considerable length. It is a masterly document and one that will favorably impress all who may read it. Both letters are well received and quite satisfactory. We take pleasure in presenting them to our readers, knowing that they will be read with interest and admiration.

SCINTILLATIONS.

As was generally expected, the indictment found against W. H. Watkins for illegal voting wasted in thin air.

The ranks of the party "on the fence" are fast thinning out. They're all jumping down into the Hancock pasture.

Mayor Harrison of Chicago says he complained to Garfield one day about the way he voted on the 8-to-7 swindle. DeGolyer chuckled and said: "Carter, if you had the cards, wouldn't you play them?" That was Credit Mobilier morality.

Chairman Jewell is distributing cash in Pennsylvania and other doubtful States. The money squeezed from the hard-working department clerks is now being used to advantage by the managers of the immaculate Garfield. For ways that are dark the Heathen Chinese is not alone peculiar.

The Pittsburgh *Post* hits the nail squarely on the head by saying that "Garfield is just as much a link in the chain of crime by which Hayes crawled into the Presidency as old Wells, Zach Chandler or John Sherman. The Democrats could not shut the issue if they would. They will not."

The Republican leaders in California are so badly scared that they are beseeching their national committee to send Blaine to the Pacific Coast to save them; but Blaine will have as much as he can do to keep Maine straight, as the Democrats and Greenbackers have fused there and threaten mischief.

Alabama leads off with the first election this year, which occurred last Monday. Arkansas follows on the first Monday of September, and Maine on the second Monday of September. The general disposition of the public, however, is to wait for the big shows in Ohio and Indiana in October before they get excited.

Becoming Interested.

Since the outside world has awakened to the fact that the people of Southern Oregon are determined to free themselves from the monopolies that have been so sorely grinding them for several years past, there is some probability that a few concessions will be made to us at last. This can be noticed in the sudden anxiety expressed by the people of Douglas county for better roads leading from Roseburg. As long as Jackson county was content to ship her goods via Portland, so long were the quagmires of Douglas good enough for her teamsters to wallow in. It made no difference then what length of time was necessary to make a trip in the Winter or Spring of the year, or what inconvenience was experienced. But, now that the Crescent City wagon-road enterprise is assuming some tangible shape, considerable labor and money are being expended in the improvement of the roads from Roseburg this way. Even Portland, the metropolis of the northwest coast, is taking a lively interest in our welfare, and her merchants are responding liberally to the subscription list for road improvement funds being circulated by P. G. Strickland, the energetic agent of the O. & C. Stage Co. They see the "hand-writing on the wall" and are at last willing to accord us some consideration. "So much, so good." But it may transpire that their solicitude has come too late. If Southern Oregon and Northern California know their best interests they will see that the road to Crescent City is completed at once. The acquisition of this enterprise having accomplished considerable good already, its consummation will naturally result in more benefit than can at present be computed.

The Cause of Our Prosperity.

Let it be remembered that the revival of business prosperity followed the advent of the Democrats to power in Congress, and that it was due to Democratic economy and large crops. As long as the Republicans had control of Congress the business of the country languished and there was a cry of hard times from one end of the country to the other. But when the Democrats obtained power in Congress they instituted reforms that resulted in the saving of \$40,000,000 a year in the administration of the government. Relief followed immediately and the country began to prosper. The people are \$200,000,000 richer than they would have been; and these \$200,000,000 have set the factories and iron foundries and other industries a-going, and brought about prosperity.

The Greenbackers for Hancock.

Peter Cooper and Gen. Samuel F. Carey, the Greenback nominees for President and Vice President in 1876, called on Gen. Hancock. The former presented him with a number of documents, among them being his version of the Greenback question and a history of the Cooper Union, and in speaking to the General Mr. Cooper said he felt convinced he was addressing the next President of the United States. Gen. Hancock took the documents, expressed himself happy to receive them, and promised to look them over when he was at leisure. Gen. Carey shook Gen. Hancock warmly by the hand, and congratulated him on his nomination. He said he was hopeful of the success which he felt assured would follow his nomination.

Excellent Campaign Documents.

The press is publishing General Hancock's letter to General Sherman written during the Presidential struggle in 1876. It has the right ring and places our standard-bearer where he has always been: on the side of right and the people. He felt that Mr. Tilden had been elected and thought he should have been inaugurated. The more we read of General Hancock's letters the better we like them. They stamp him as a statesman and a patriot—able and pure—one whom the American people can trust with perfect safety. We shall publish this letter at our earliest convenience.

C. C. W. R.

At a called meeting of the representatives of Jackson and Josephine counties, Oregon, and Del Norte county, Cal., held at Wimer's hotel in Waldo on Wednesday, July 28th, for the purpose of hearing the report of J. S. Howard, surveyor, and transacting any other business that might properly come before the meeting, the following gentlemen were present: E. H. Antierieth and J. Numan, representing Jackson county; Chas. Hughes, N. Delamater and W. J. Wimer for Josephine; J. K. Johnson, Edgar Mason, J. E. Eldridge, E. Yates and Jos. Clark, for Del Norte.

Mr. Numan called the meeting to order and Mr. Johnson acted as secretary.

Mr. Howard's report, with his bill for making survey, was read, approved and the amount ordered paid.

The total cost of said survey was \$1,244 73, each county paying her share, or \$414 91.

Horace Gasquet of Del Norte county, Cal., made a proposition to the effect that he and his associates will build and construct the proposed wagon road according to the plans and specifications contained in the report of Mr. Howard and accompanying field notes; provided

1st. That the county of Josephine, by its citizens or duly authorized officers, shall construct that portion of said road after and in accordance with the aforesaid survey, from its initial point in Illinois valley to the summit of the divide, or the six-mile post, at their own cost and expense.

2d. That the county of Del Norte, by its citizens or duly authorized officers, shall construct that portion of said road after and in accordance with said survey, from Crescent City to the south fork of Smith river, at their own cost and expense.

3d. That Jackson county, or the citizens thereof, shall pay to H. Gasquet and his associates (as a bonus) the sum of not less than \$5,000, and as much more as may be subscribed by said citizens in installments, as specified in the subscription list circulated in said Jackson county, the same to be free from all demands and relocations forever hereafter.

Then the said H. Gasquet and his associates, at their own cost and expense, shall construct and maintain the balance of said road in accordance with said survey between the two aforesaid points, to-wit: from the south fork of the south fork of Smith river to the Oregon line. And the said H. Gasquet shall have sole ownership of said road as a toll road in accordance with the laws of the State of California.

On motion, it is ordered that the proposition of said H. Gasquet be and the same is hereby accepted.

On motion, it is ordered that the said H. Gasquet and his associates be and they are hereby requested to form a corporation in accordance with the laws of the State of California, to have its principal place of business at Crescent City, Del Norte county, Cal., and the following named persons are designated as directors thereof: H. Gasquet, W. A. Hamilton, P. Darby, J. K. Johnson, J. Numan and Chas. Hughes.

On motion, it was ordered that the map, report, estimates and field notes of the survey be put in possession of the secretary of this Committee, Mr. J. K. Johnson, who is to be delivered to the trustees of the corporation.

E. H. Antierieth, Esq., addressed the meeting.

No other business appearing, the meeting adjourned, subject to call of the President.

J. K. JOHNSON, Secretary.

Now is the Appointed Time.

The proposition laid before the wagon-road meeting last Saturday for the levying of a tax by which to raise the \$5,000 required of Jackson county in the C. C. W. R. enterprise is the best that could have been suggested. It would only require a 3/8-cent mill tax to make up this amount, and everybody would then give in proportion to his means. No one would feel it and the raising of the amount would not be doubtful. But, unfortunately, the road to be built is out side of the State, and is to be a toll road, beside, and the levying of a tax for such purposes is specially prohibited by our laws. This, of course, settles it, and it remains for our citizens to show their liberality, enterprise and public-spiritedness in subscriptions. About \$4,000 were previously subscribed, and less than \$2,000 more is necessary to make up the sum required. We hope to see everybody respond promptly and as liberally as possible. Five thousand dollars is a very small amount to raise to ensure the success of so important an enterprise. If we fail to grasp the golden opportunity now it will be lost forever afterwards. Long waiting has proved that we cannot wait for others to assist us; and we must help ourselves. Let there be no delay in this matter. Prompt and decisive action will secure to us something that assures our prosperity—a prosperity that will be permanent.

The DeGolyer Bribe.

The Chicago paving ring employed one Clitenden to help them push their plan during schemes through Congress. Clitenden begged Garfield with a \$5,000 bribe, and then wrote exultingly to DeGolyer and McClellan as follows: "To-day's and to-night's work has secured the assistance of Gen. Garfield. You cannot overrate this accession. He, as the chairman of the committee on appropriations, holds the purse-strings of the National treasury. Through him must come every dollar of appropriations. I need not say that I now feel certain of success."

It was through Garfield's help that this infamous ring was enabled to filch \$11,250,000 from the public treasury.

What a Team.

For President of the United States: Salary Grabber, 8-to-7, DeGolyer, Credit Mobilier Garfield, of Ohio.

For Vice President: Custom House, Chester Anrona Arthur, of New York.

The man who can swallow such a ticket can be set down as being an iron-clad Republican; but there are scores of honest Republicans who say they will not do it.

The American People.

No people in the world suffer as much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as Sour Stomach, Heartburn, Water-brash, Sick Headache, Palpitation of the Heart, Liver Complaint, coming up of food, low spirits, general debility, etc., the discovery of the introduction of GRASS' AUGUST FLOWER we believe there is no case of dyspepsia that cannot be immediately relieved. 30,000 bottles sold last year without one case of failure reported. Go to your Druggist and get a sample bottle for 10 cents and try it. Two doses will relieve you. Regular size, 75 cents.

Sir Astley Cooper's

VITAL RESTORATIVE—The Great English Remedy, has made more cures of Nervous Debility, Spasmodic, Seminal Weakness, Loss of Manhood, nocturnal emissions, inability for mental labor, despondency and other diseases induced by youthful excesses, than all other medicines combined. Dr. Mittle treats all private diseases successfully. Medicines sent secure from observation upon receipt of price or C. O. D.

Health, Strength and Vigor

Of the Kidneys and Bladder always follows the use of the great Buchu Compound, "Dr. Mittle's Nephropoietum." Bright's Disease, Diabetes, Inflammation, Straining and PRIVATE DISEASES are quickly cured by it. For Leucorrhoea it has no equal. Don't be deceived by cheap imitations. Liberal reward will be paid for return of any information that may lead thereto.

Pills of Solid Gold

Are not worth as much to the victim of Dyspepsia or Biliousness as Dr. Mittle's English Dandelion Liver and Dyspepsia Pill. It clears the liver of bile, tones up the stomach, clears food, water-brash, acid indigestion, rush of blood to the head, pimples, sallow complexion, is sugar-coated, and no mercury or other mineral in it. For sale by all druggists. Price \$1 a bottle, or six bottles for \$5.

A CARD.

To all who are suffering from the errors and intemperance of youth, nervous weakness, early decay, loss of manhood, etc., I will send a recipe that will cure you FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, Station D, New York City.
