

DEMOCRATIC TIMES.

FRIDAY, AUGUST 27, 1920.

FOR HANCOCK & ENGLISH.

Col. C. H. Larrabee of Washington Territory will address the citizens of Southern Oregon at the following times and places:

Ashland, Friday, Sept. 3, at 7 o'clock p. m. Jacksonville, Saturday, Sept. 4, at 11 o'clock p. m. Williamsburg, Monday, Sept. 6th, at 1 o'clock p. m. Kerbyville, Tuesday, September 7th, at 1 o'clock p. m.

Everybody is invited to turn out and hear the political issues of the day discussed.

HEBREW NEW YEAR.—Rosh Hashanah, or Hebrew New Year, falls on September 6th and 7th, and E. Jacobs' store will be closed on those dates.

BITTEN BY A DOG.—As Mrs. W. C. Hale was passing John Hockeney's residence on Tuesday evening, the house-dog rushed out and bit her rather severely. This is the same kind that has attacked and bitten various other persons and should be put out of harm's way.

MINISTERS APPOINTED.—The M. E. Conference, in session last week at Eugene City, returned Rev. D. A. Crowell to this pastorate and appointed Rev. Ladru Royal to succeed Prof. L. L. Rogers at Ashland. Rev. W. T. Chapman is Presiding Elder of this district and stationed at Corvallis.

DISTRICT COUNCIL.—The Champions of Honor will meet in district council at Eagle Point today. Delegates are expected from different portions of the county and an interesting session will no doubt be held. Great preparation has been made for the event and no pains will be spared to make it an agreeable one. There will also be a picnic during the day and a party at night. Everybody is invited to participate in the public exercises.

PIONEER REUNION.—The fourth annual reunion of the Pioneer Society of Southern Oregon will be held at the Court House enclosure in Jacksonville on Thursday, September 16th next. A cordial invitation is extended to all, whether members or not. Families are requested to furnish provisions for the occasion. Members who are delinquent for their yearly dues are earnestly requested to pay the same to K. Kubli, Treasurer, to meet current expenses. WM. HOFFMAN, Secretary.

PRIVATE COURT.—The following proceedings have transpired in this Court since our last report:

In the matter of the estate of Dorothea Otten, deceased. Final statement of Fred Otten, executor, heard and approved and executor discharged.

In the matter of the estate of E. J. Ferra, minor heir of David Ferra, deceased. Annual report of H. C. Fleming, guardian, heard and approved.

TIME TO STOP.—The conduct of some of the hoodlums during the rendition of the cantata on the evening of the 19th was such as to bring the blush of shame to the respectable portion of the audience, at least. If these young rascals were not ashamed of their own disgraceful proceedings, others were for them. It is high time that this should come to a summary close. If they cannot behave themselves at public entertainments, it is best that they make themselves conspicuous by their absence, or the Recorder will attend to their cases.

RELIGIOUS.—There will be regular services at the Catholic Church next Sunday. Rev. Father Blanchet officiating. Rev. D. A. Crowell will preach at Grant's Pass on Sunday. Rev. M. A. Williams will hold services at Yreka, Cal., Sunday next. There will be a co-operation meeting at the campgrounds near Bybee's ferry, commencing on September 3d, at 3 o'clock p. m., and continuing the following Sunday. Elder M. Peterson and others will officiate. Everybody is invited to attend and remain during the meeting.

ON THE STAGE.—John Malone, son of the late Pat. Malone, and a former resident of this place, appeared in Shakespearean characters at the Baldwin theatre in San Francisco recently. Mr. Malone is practicing law at San Jose, Cal., but has achieved considerable success upon the stage. Supported by Ben Teal (son of Col. Jack Teal), also an Oregonian, he appeared in the Shakespearean booth during the Authors' Carnival at the Bay City last October, and between them carried off the laurels in that display of wit, beauty and talent, an affair in which the most refined and intelligent society participated. Mr. Malone's debut at the Baldwin was auspicious and we expect to hear more of him.

CONTRACT LET.—The building committee of the Board of Trustees let the contract for building the new town hall to David Linn for \$125,000, he being the lowest bidder by a few dollars. Edwin Smith was the only other bidder. The taking down of the old walls and cleaning out the cellar was let to Peter Brevert for the sum of \$125, there being two other bidders. The building is to be completed by the 1st of January next, except the plastering, which is to be done early in the Spring. It will be a handsome brick structure, twenty-five feet high, seventy-five feet long and twenty-five feet wide. There will be a council room, a calaboose and truck-house, with a commodious cellar underneath. The architecture will be of the latest and most convenient, and Jacksonville will have a building she will well feel proud of, and which would be a credit to much larger places.

SERIOUS ACCIDENT.—We regret to learn of a serious accident that befell Capt. Thomas Smith of Ashland last Saturday, and which may render his attendance at Salem as a legislator impossible. It seems that while returning from a trip after a load of wood he stopped at the stream near Judge Tolman's place to water his horses, which were young and high-spirited animals, and took off the bridles. At this they took a sudden start and ran over Mr. Smith, who was in front of them, also pulling the wagon over him as they went. The team and wagon soon parted company, after colliding with a telegraph pole. Capt. Smith received a number of injuries, the extent of which we are unable to learn. They are of a quite serious nature. Mrs. J. R. Tozer was on the wagon with him at the time, but fortunately escaped by jumping off just in time. The wagon was considerably damaged by the collision with the telegraph pole, which was also shattered to pieces. Capt. Smith now lies at his residence in a rather precarious condition. His many friends hope to learn of his early recovery.

MINING NEWS.

The Squaw Lake company is piping again.

The Applegate Gravel Company is about making a cleanup.

Gen. Lin is still at work and will continue the season through, as he has an abundance of water.

The Sterling Company is now cleaning bed-rock, which will occupy its attention for several weeks to come.

Mr. Hutchings, the California mining expert, is now examining the various quartz ledges in this vicinity. He is awaiting parties from below, who may conclude to become interested in our mines.

Prospectors will find a full line of mining blanks, printed after the latest and best forms, on hand at the Times office. Also a supply of Copp's Hand-book of Mining Law, standard authority.

Rogue river is being windgammed at different points, which will prove a popular mode of mining if the enterprises now going on are successful. V. S. Ralls and B. W. Dean are throwing a dam across the stream near Chavner's bridge, and Keaton & Klippel have theirs near Fisher's ferry, nearly completed.

P. Fehely of Althouse, Josephine county, formerly of this place, has been in town for several days past. He informs us that the miners of that section have done well, though some of them have not cleaned up as yet.

McRoy & Co., on Bolon creek, made a good day, obtaining some pieces worth as high as \$50. Brown Hawk, however, was enough ground to clean up to keep them busy for several weeks to come.

THE CANTATA.—A good-sized audience assembled at Holt's hall on the evening of the 19th inst. to witness the rendition of the cantata of the Flower Queen, in which many of the young ladies of Jacksonville participated. The performance was good under the circumstances, and would have been much better had the stage been properly arranged and more effectively rehearsed.

The singing was generally excellent, but the acting proved too tame to make the contrast the best. It should not have been expected that so large a number of performers could have been appropriately trained in less than two weeks for a style of an entertainment none of them were accustomed to and the majority of them had never witnessed. To make the embarrassment greater, the stage management was miserable. The structure itself was rickety, put up and awkwardly arranged, greatly inconveniencing the performers. All things considered, it is a surprise that the cantata was performed as well as it was. We have no doubt that under more favorable auspices the "Flower Queen" can be produced by the same performers with much better success than it was on Monday night, and we hope to see it done at an early date.

FIRE AT BROWNBOUGH.—Henry R. Brown writes us that the blacksmith shop at Brownborough was destroyed by fire, together with all its contents, on Monday, the 23d, at about four o'clock p. m. Several men were at work in and about the shop at the time the fire occurred, but, as it got considerable headway before being discovered, and three breech-loading guns and several boxes of cartridges being among them in the room where it originated, effective work was out of the question. Norval Kennedy, Geo. Marine and Chas. Carey lost a lot of clothing, money and other valuables, while two sets of buggy wheels and other wagon materials were also burned. The fire spread so rapidly that few blacksmithing tools were saved, though by dint of great exertion some of the parties saved a portion of their property. The total loss is estimated at \$1,200.

The fire originated from a fire-place in an adjoining room used for storing tools, etc., and also used by those employed about the premises as a place for hanging their clothing. It was an unfortunate affair for all concerned, as they can't bear the loss sustained.

ROCK POINT ITEMS.—A correspondent, under date of the 23d, sends the following: A few days ago Miss Anna Savage shot and killed a large catamount, which the dogs had treed. It was her first shot with a rifle.

The proprietors of Rock Point bridge are having it roofed over and otherwise perfectly finished. The work is supervised by Messrs. Campbell and Robinson.

J. W. Hays has just completed two neat residences in Rock Point. One is occupied by N. Eldings; the other is intended for Toke Martin and family.

Mr. Vance, of the firm of Birdsey & Vance of Willerville, has been spending a few days among acquaintances near Rock Point. He made it hot for the fish while here.

No large trout reported caught this Fall. They are a month later than usual in coming up.

A few members of Reene Council, C. of H., took "drop judgment" on the majority. They disposed of the funds on hand to their own satisfaction, and then unanimously resolved to suspend.

GOKE HOME.—Mrs. Margaret Chavner, wife of Thos. Chavner, died at the family residence at Dardanelles on the 22d inst. Death came so unexpected, for she had suffered long and patiently. That fell destroyer, consumption, had claimed her as a victim and she met death with a Christian fortitude. Mrs. Chavner was a native of County Carlow, Ireland, and an early resident of Jacksonville county, being in her 33d year at the time of her decease. A devout believer in the Catholic faith, her funeral took place from the church in Jacksonville on Tuesday last, after services by Rev. Father Blanchet. A large concourse of sorrowing friends and relatives followed all that was mortal of Margaret Chavner to last resting-place, for she was highly esteemed by all who knew her. Requiescat in pace.

REAL ESTATE TRANSACTIONS.—The following deeds have been recorded in the County Clerk's office since the last issue of the TIMES: Sarah J. Gregory to Mabel Pool, property in Manzanita precinct. Consideration, \$350.

NOTICE.—Great Reduction.
