For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Pever, Dumb Ague Periodical or Bilious Fever, &c., and indee

all the affections which arise from malarious, marsh, or miasmatic poisons. This is a compound remedy, prepared with scientific skill from vegetable ingredients, which rarely fails to cure the severest cases of Chills and Fever and the concomitant disorders. Such a remedy the necessities of the people in malarious districts demand. Its great superiority over any other medicine yet discovered for the cure of Intermittents is, that it contains no quinine or mineral, and those who take it are free from danger of quinism or any injurious effects, and are as healthy after using it as before. It has been extensively employed during the last thirty years in the treatment of these distressing disorders, and so unvarying kas been its success that it has gained the reputation of being infal-

lible. It can, therefore, be safely recommended as a sure remedy and specific for the Fever and Ague of the West, and the Chills and Fever of the South. It counteracts the miasmatic poison in the blood, and frees the system from its influence, so that fever and ague, shakes or chills, once broken up by it, do not return until the disease is again contracted. The great variety of disorders which arise from the irritation of this poison, such as Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Pal-

pitation, Splenic Affections, Hysterics, Pain in the Bowels, Colic, Paralysis, and derangeof the Stomach, all of which become intermittent or periodical, have no speedier remedy than AVER'S AGUE CURE, which cures them all alike, and protects the system from future attacks. As a preventive, it is of immense service in those communities where Fever and Ague prevails, as it stays the development of the disease if taken on the first approach of the premonitory symp-Travellers and temporary residents are thus enabled to defy these disorders, and few will ever suffer if they avail themselves of the protection this remedy affords. For Liver Complaints, arising from torpidity, it is an excellent remedy; it stimulates this organ

into healthy activity, and produces many remarkable cures where other medicines fail. Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists LOWELL, MASS. SOLD BY ALL DEUGGISTS EVERYWHERE.
