

DEMOCRATIC TIMES.

Official Paper for Jackson, Josephine & Lake Counties.

FRIDAY, MARCH 10, 1882.

HAZEL won the recent walking-match for the championship of the world at New York, with Fitzgerald second.

We have authentic information to the effect that J. M. Shephard of Baker City will be a candidate for Congressman before the Democratic Convention.

BETWEEN March 1st and July 1st the commissions of three hundred and fifty postmasters will expire, and three hundred and fifty Stalwarts will receive the reward prepared for the faithful.

INVESTIGATIONS into the Treasury expenditures show that big bouquets were presented to Secretary Windom and paid for out of the contingent fund. And still poor taxpayers vote for Republican rule.

THERE are twenty-one candidates now being groomed for the Presidential steed-chase of 1884. Of these we count up seven in the Senate, one in the House of Representatives, and the balance in retirement.

THE Republicans seem to have some misgivings as to their overwhelming success in Oregon next June, or they would not assume their cowardly policy of waiting to take advantage of their opponents' mistakes. There is a lack of aggressiveness that does not augur well for them.

HON. J. F. WATSON has been confirmed as U. S. District Attorney for Oregon and has already gone to Portland to assume this position. He makes about \$3,000 by changing places. We have not appointed who Gov. Thayer has appointed as his successor as Judge of the Second Judicial District.

Tax damage done by the spring freshets in the south and southwest is immense and reports of much suffering come from that section. The Mississippi river was higher and wider than ever before known, inundating land supposed to be entirely out of reach. Congressional aid has been solicited.

CONGRESS does not seem inclined to accept his appointment of associate Justice of the Supreme Court—at least he is in no hurry to do the errand. He evidently does not relish retirement from active politics and probably would much rather raise the highest breed scaly than serve in the halfbreed section of the land.

It is said that O. J. Salisbury is on the Post Office Department's black-list for being a straw-bond conspirator, and will therefore not be awarded any contracts. Cabell, Boone and others are in the same condition, and it is believed that the routes they otherwise might have secured will be re-advertised. Salisbury is the lowest bidder for the Redding and Roseburg and Siletta and Yreka routes.

A paper of Republican proclivities, has lately returned from a tour in the Southern States, and this is what he says: "Some northern editors would have you believe that the Southerners are still unrepentant, irreconcilable rebels. Go down South, with the people, behave yourself like a gentleman, and when you return, you will unhesitatingly call those editors something worse than liars."

MENDEES continue in Portland and the county jail contains seven or eight individuals whose hands are stained with human blood. While the community is still in a state of excitement over the Bradley revelation, it is further horrified by the murder of Henry Prang, a well-known saloon-keeper, by Annie Murray, a notorious courtesan, who shot herself after the commission of the deed. Some whole-some hanging ought to be indulged in there.

ONE of the crying necessities of the hour is a law for Oregon that will insure us at least passable roads during all seasons of the year. The present system has proven farcical in the extreme and the next Legislature ought not to adjourn without giving the people something that will meet their requirements. They have tired of being confined to their abodes for several months during the year by the fathomless quagmires known as county roads.

GEORGE SCOVILLE has severed connection with the Guiteau case. This is the result not only of unpopularity almost amounting to a quarrel, but the opinion held by prisoner's relations that Scoville's abilities are not of the best order. John W. Guiteau has returned to Boston and there announced discovery of important evidence in regard to insanity and that the new board of counsel will move for an other trial. It is rumored that Ben Butler has consented to undertake the case.

RAILROAD NEWS.

Railroad rumors continue favorable. The railroad route south of Roseburg is being rapidly cleared of obstructions.

The railroad bridge across Parrott creek, south of Roseburg, has been finished.

Blasting still continues a short distance this side of Roseburg and some heavy work is being done.

Four carloads of Chinamen came up to Roseburg on the 2d and have been put to work on the railroad.

The northwest is to have a deluge from the following clipped from the Oregonian: "The inability to secure white men in sufficient numbers to do the required work has impelled the railroad corporations to make a virtue of necessity, resulting in contracting for the services of an immense number of Chinamen to carry on the proposed work during the present year, and from well-informed sources we learn that from five to nine thousand Chinamen will reach here within a few months from Hongkong."

Teams are busy hauling piles and bridge lumber along the line of the railroad and pile-driving has been going on for some time past, days on account of the mishap to material for the O. & C. R. R. viz: 1,900 bars steel rails; 572 bundles fish plates; 42 keg bolts; and 201 keg spikes, came on the 9th of January on the ship H. S. Gregory, direct from Philadelphia.

Mr. Volk's party have completed the preliminary survey through Cow creek canyon, and are now engaged in making the permanent location which settles the question as to the route. A. S. Miller & Co. are progressing with their bridge-work right along, although quite slowly on account of bad weather. The piles are driven and sawed off, and the caps, stringers, ties and guide rails put on as far as bridge No. 11. The work will be detained in a measure for a few days on account of the mishap to the pile-driver.—Placidator.

ANTI-CHINESE DEMONSTRATION

Congress has again taken hold of the Chinese question and there is some probability that the country will receive some relief. On our first page will be found the full text of the bill introduced by Senator Miller of California, which stands a good show of becoming a law. Two self-explanatory amendments, intended to be offered to the bill when it reached the stage for amendment, were admitted and ordered to be printed. The first was by Senator Grover, who proposes to amend by adding a new section declaring that the word "Chinese laborers" wherever used in the act shall be construed to mean both skilled and unskilled laborers, and Chinese employed in mining. The other is by Senator Farley, who desires to add a section prohibiting State and U. S. courts hereafter from admitting Chinese to citizenship, and repealing all laws in conflict with this act. The bill, with these amendments, will be a good one, although not nearly so effective a measure as the one passed by the last Democratic Congress and vetoed by Mr. Hayes. Still it is better than none at all and should pass, for it is high time the wholesale immigration of Chinese now going on should cease at once. A monster meeting, at which speedy and effective anti-Chinese legislation was demanded, was held in San Francisco last week, and the whole country is awakening to the necessities of the hour.

DEMOCRATS TO THE FRONT.

The Democratic State Convention has been called to meet on April 5 to nominate a full ticket, and the county convention will be held on the 25th inst. for the purpose of electing eleven delegates to represent the Jackson county Democracy in said meeting at Portland, with primaries on the 18th. It is to be hoped that every Democrat will take it upon himself to be on hand at the primaries and see that the delegates sent are of the best material the party affords. We are on the eve of an important campaign, and everybody interested in the success of the party and welfare of the country should attend. Let there be a full attendance generally and the sentiments of the people cannot but be correctly expressed and the best work done.

INDICTMENTS FOUND.

The grand jury for the District of Columbia last week presented indictments for conspiracy in connection with star-route mail service against the following: Thos. J. Brady, S. W. Dorsey, Henry M. Vail, John W. Dorsey, John R. Minor, John M. Peck, Mc R. Odell, J. L. Sanderson, Wm. H. Turner, and also against Alvin O. Buck, Wm. S. Barringer and Albert E. Boone, and against Miss Kate M. Armstrong, for perjury. The indictments against Brady, Dorsey and others are voluminous. Some high-toned rascals will be brought to justice if there is fair play.

TARIFF ROBBERY.

Protection operates as a robbery of the laboring man and the man receiving wages. The agriculturist has no protection except pretentiously on wool, while he has to pay seventy-five to one hundred per cent on the woolen goods he must have. The day laborer receiving wages, or the mechanic, carpenter, shoemaker and men on a salary, all have no protection and are compelled to pay from twenty-five to sixty per cent of what they receive in the increased price of goods which are protected, and which they are obliged to buy.

I visited the house of a friend of mine in Toledo the other day, who had a family of seven children. He had a wage of \$1 50 a day, bringing him in a year an income of \$450. I asked him how much he paid for the clothing of his family. He said \$100, at least. I told him he could have bought those clothes in Canada for \$75. I demonstrated to him that he paid in a year nearly \$200 more for articles required by himself and family than they could be purchased for in Canada. I told him that this was the nefarious result of a protective tariff. He said that this would tell all his neighbors and friends that the protective tariff was taking nearly one-half their wages, which the Government did not receive (because these goods were manufactured in America, and therefore paid no duty to the Government), but which went into the pockets of the home manufacturers.

The result of a protective tariff for twenty years has been the robbery of all men on wages of from one-third to one-half of what they have received, with no advantages to compensate for the loss to any, unless it be those who are employed in the manufacturing industries whose products are protected; but these men are out of employment a great portion of the time, and the last ten years, I will undertake to show, the average wages of the men in such manufacturing industries have been less daily than those of the same persons similarly employed for the last ten years preceding 1860 under a revenue tariff.—Hon. Frank H. Rowland of Ohio.

DEMOCRATIC STATE CONVENTION.

A Democratic State Convention is hereby called to meet at Portland, on Wednesday, April 5, 1882, at eleven o'clock a. m., for the purpose of nominating a candidate for Governor, a candidate for Secretary of State, a candidate for State Treasurer, a candidate for Superintendent of Public Instruction, a candidate for Prosecuting Attorney in each of the Judicial Districts, and to transact such other business as may come before the convention. The convention will consist of 202 delegates, proportionately among the various counties as follows: Baker..... 7 Lane..... 12 Benton..... 9 Marion..... 10 Clatsop..... 3 Multnomah..... 10 Columbia..... 3 Polk..... 9 Cook..... 7 Tillamook..... 2 Curry..... 4 Union..... 12 Douglas..... 12 Wasco..... 10 Grant..... 11 Washington..... 10 Josephine..... 4 Yamhill..... 10 Lake..... 5 Total..... 202

The committee suggests, unless otherwise ordered by the local committees, that the primaries be held on Saturday, March 25, and the County Conventions on Wednesday, March 29th. By order of the Democratic State Central Committee. C. F. BRADY, Chairman.

KIDNEY DISEASE.

Kidney disease afflicts the greater part of the human race, and they are constantly on the increase; but where the virtues of Kidney-Wort have become known, they are held in check and speedily cured. Let those who have had to constantly dose spirits of nitre and such stuff, give this great remedy a trial and be cured. In the dry form it is most efficacious, in the liquid the most convenient.—(Phila. Press.)

In the Whole History of Medicine.

No preparation has ever performed such marvelous cures, or maintained so wide a reputation, as AYER'S CURE FOR RHEUMATISM, which is regarded as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The attention it affords, by its timely use in throat and chest disorders, makes it an invaluable remedy to be always kept on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its composition and effects, physicians use the GREAT PECTORAL extensively in their practice, and chieftain recommended. It is absolutely certain in its remedial effects, and will always cure where cures are possible. FOR SALE BY ALL DEALERS.

WHENCE COMES THE UNBOUNDED POPULARITY OF

Alcock's Porous Plasters?

Because they have proved themselves the Best External Remedy ever invented. They will cure asthma, colds, coughs, rheumatism, neuralgia, and any local pains. Applied to the small of the back they are infallible in Back-Ache, Nervous Debility, and all Kidney troubles; to the pit of the stomach they are a sure cure for Dyspepsia and Liver Complaint.

ALCOCK'S POROUS PLASTERS are painless, fragrant, and quick to cure. Beware of imitations that blister and burn. Get ALCOCK'S, the only genuine Porous Plaster.

NEW THIS WEEK.
