The O. & C. R. R.

D. P. Thompson, while here last week, stated that bids had been submitted by himself and others for the contract to complete the O. & C. R. R. to the junction with the California road. The bids were sent to London, where Mr. Villard, president of the O. & C., now is, and were to be opened on Wednesday of last week. Mr. Thompson is not expecting to hear for several weeks, however, what action the officers of the road may have taken in the matter. Instructions for the resumption of work, if they come at all, will most likely be transmitted by mail, not by cable. If the orders come from London to resume work, the boring of the tunnels and some of the rock cutting will be prosecuted through the winter.

Portland Business College.

We learn from a young man this week, who has just graduated from the Portland Business College that that institution is in a flourishing condition. He speaks in the highest terms of praise of the school and expresses himself as being well satisfied with the course of studies. He also reports students in attendance from all sections of Oregon and Washington territory. We hear of several from this county and Josephine, who will leave for Portland at an early date to take a course in the school mentioned. This is a wise step. All time and money spent in obtaining an education is a good and permanent investment, and one that is sure to yield handsome dividends during a life-time.

List of Jurors.

The following is the list of persons selected by the county commissioners to serve as jurors during the ensuing term of the circuit court: W. H. Breeding, H. V. Helms, W. Beeson, A. Alford, E. Tunnicliff, G. Naylor, L. Girvan, John Haney, O. J. Hershberger, F. M. Plymale, S. S. Linsey, Robert Goodyear, W. H. Atkinson, John Dosier, E. K. Anderson, S. Barnes, H. C. Mulvaney, L. Brownsworth, S. C. Allen, M. A. Houston, J. M. Nichols, J. J. Fryer, M. E. Fogle, J. A. Crain, John Haney, Wm. Jackson, A. Sinner, D. F. Crouch, H. C. Fleming, J. M. Roberts and Jas. Bell.

Shipment of Hogs.

Owing to the low price of grain the fattening of hogs is more profitable than it has been for sometime past. Quite a number of fat porkers are being shipped from this valley to Portland at present, the price there ensuring a fair profit to those shipping by the car-load. During the past week Hanley & Love have shipped nearly a hundred and Mrs. S. E. Ish about fifty. Jackson county has a greater number of hogs than any other section in the State and they are even more abundant than ever before, which may be one source from which the depleted finances of the valley will receive considerable benefit.

Syrup of Figs.

Nature's own true laxative. Pleasant to the patate, acceptable to the stomach, harmless in its nature, painless in its action. Cures habitual constipation, biliousness, indigestion and kindred ills. Cleanses the system, purifies the blood, regulates the liver and acts on the bowels. Breaks up colds, chills and fevers, etc. Strengthens the organs on which it acts. Better than bitter, nauseous liver medicines, pills, salts and draughts. Sample bottles free, and large bottles for sale by Merritt & Robinson of this place.

Waldo Game Club.

The Waldo Game Club met pursuant to adjournment. Vice-president Umphlett in the chair. Minutes of previous meeting read and approved. Committees on prosecutions reported that no violations of the game law have come within their knowledge during the past month. The chair announced that the meeting would adjourn until the regular time of meeting, the third Sunday in November, at 1 o'clock P. M., unless convened by special call of the president.

W. J. WILDER, Secretary.

Discharged and Bound Over.

Richard Davis had his examination in Justice Fowlray's court last week and was discharged, the court finding that there was no evidence to hold him on the charge of rape. He was immediately re-arrested on complaint of John Berg, charged with the crime of adultery. Davis was held to answer in his case, his bail being fixed at $200, which was readily furnished.

An Increase.

Exclusive of mortgages held by non-residents of the State, the assessment roll of Jackson county for 1884 shows an increase of over $2,000,000 of taxable property as compared with that of last year. Considerable more indebtedness is reported this year, but the railroad greatly assists in swelling the aggregate. Owners of land were not inclined to value their land as high as in 1883.

Shooting Affray.

News was received here Wednesday evening that Clinton Brown had shot and seriously wounded one of the Walker boys in Sprague river valley, Klamath county. Nothing further is known of the affray. Judges Hanna and Prim have been retained for the defense and the former has gone to Linkville to attend the preliminary examination.

More Improvement.

The structure in course of erection between the Red Men's and Postoffice buildings will be two stories high. This will greatly improve the looks of the town and is more evidence that there is plenty of faith left in the stability of Jacksonville.

Thanks.

Conrad Mingus of Heber Grove, one of our most enterprising farmers, has this year raised some of the largest and finest potatoes we ever saw. Some of them were perfect monsters. He has our thanks for a quantity of them.

Surveyors Jeffrey and Howard have been this place and Medford, one of which surveying two straight roads between will probably be adopted by the county commissioners.

A terrific thunder storm prevailed in the valley last Friday, but it did not last long. There was a great deal of lightning and rain fell in torrents for a brief period. No damage resulted, however.

It may not be amiss to inform the patrons of schools that a change of text books, wholly or in part, may take place this fall, therefore it is well at present to buy sparingly of those now in use.

Fountain has one of the handsomest stores in southern Oregon and he keeps it stocked with a fine, large assortment of general merchandise. When in Ashland don't fail to give him a call.

M. E. Pogue of Gold Hill, as will be seen by notice elsewhere, requests everybody indebted to him to settle without delay, as he has use for every cent due him. There should be a prompt response.

Miss Fannie Dowell has commenced action against the city of Portland to restrain the Chief of Police from selling block 182, for non-payment of assessments against it on account of street improvements.

A number of children are in the habit of meddling with the material being used in the construction of the new buildings in town. Parents should forbid this conduct, as it is quite annoying and expensive.

Jasper Head of Eden precinct has sold his place to Jos. Cliff and David Payne. The former, who lately returned from Washington territory, will engage in raising hops, on which subject he is enthusiastic.

W. H. Parker, administrator of the estate of J. P. Parker, deceased, expects to make a full report before long. This is a most difficult estate to settle and the administrator is succeeding admirably in bringing order out of the chaos he found.

Sulky plows, gang plows, reversible tooth and smoothing harrows, five and seven tooth cultivators, and all kinds of agricultural implements just received direct from the factories in the East by Bilger & Magly. Farmers, don't fail to see them.

Though numerous causes may operate to turn the hair gray, all that is needed to restore the natural color is Hall's Vegetable Sicilian Hair Renewer. For more than twenty years its sales have been enormous, but we have yet to learn of its first failure.

Frank Lewis, formerly of Lakeview, now a foot-racer of considerable note, beat Fred. Harmon, the San Francisco sprinter, at Portland last Sunday. The distance was 100 yards and Lewis won by about four feet. We have not learned whether it was a genuine contest.

Noustadter Bros. of Portland are the most popular dealers in gent's furnishing goods on the coast. Their goods are the best, their prices most reasonable and they spare no pains to please their customers. We recommend them to those who desire anything in their line.

The various saloon-keepers of this place have petitioned the board of trustees to reduce the rate charged for license to sell liquor, which is now $250 per year. A majority of our citizens are thought to favor the reduction, and the board is expected to act favorably upon the same.

"Prof." Potter, who is traversing the county with a panorama, gave an exhibition at Holt's hall Wednesday and Thursday evenings of this week. As his prices of admission were very low (25 cents and 10 cents) the attendance was good—especially of children. Very few who attended seem satisfied.

An elastic step, buoyant spirits, and clear complexion, are among the many desirable results of pure blood. The possessor of healthy blood has his faculties at command and enjoys a clear and quick perception, which is impossible when the blood is heavy and sluggish with impurities. Ayer's Sarsaparilla is the best blood-purifier and vitalizer known.

Tumble in Prices.

J. W. Howard & Co. of Grant's Pass are offering great bargains in every line, and quote the following as a sample of their cash prices:

Threshing Report.

Bybee & Bishop's machine threshed nearly 40,000 bushels of grain, divided as follows: Wheat, 20,002 bushels; oats and barley, 17,795 bushels; rye 900 bushels.

We learn that Patterson Bros.' machine threshed nearly 70,000 bushels of grain during the past season, and Alford & Anderson's thresher also did a large amount of work. We have reports from every machine in the county, excepting these two, and will soon be able to tell how much grain was raised in the valley during 1884.

Prepare for a Cold Winter.

Is the order from the Nobby Clothing Store, Ashland, Or., and buy your clothing, furnishing goods, hats, caps, etc., there, because you can save from five to ten dollars on a suit. This is worth saving. Go and see the Nobby Clothing Store at Ashland and buy your fall and winter clothing, if you want to keep warm and be happy. Remember that the Nobby Clothing Store has the best tailor in the State. Suits made to order on short notice. No Chinamen employed and good fit guaranteed. Ready-made suits sold for tailor-made goods. Remember what we say.

Thanks.

The undersigned tender their sincere thanks to the people of Jacksonville for the kindness shown and assistance rendered during the last illness of their son. The sympathy so generously expressed will ever be remembered by

MR. AND MRS. A. L. REUTER.

Mrs. B. F. Dorris of Eugene city is at Ashland attending her daughter, Miss May Dorris, who has been quite ill with typhoid fever. Miss D.'s place in the Ashland district school is temporarily filled by her cousin, Mrs. H. C. Myer.

Geo. Schimpf returned from Yreka last week, where he spent several days on business connected with his mines. He says a great deal of mining is going on in Siskiyou county and that the Chick quartz mill being operated near Henly, Cal., is a success.

Death of Charlie T. White.

A bright, beautiful bud, just beginning to unfold in all its loveliness, when the reaper, death, claimed him for his victim. Three short years he had made home a joy, and earth a paradise to his fond parents. But, for two months a slow fever had been gradually wearing his little life away until the morning of the 11th of October, he went to sleep to awake on earth no more.

Dearest Charlie, how we've missed you
Since you s'eep beneath the sod.
Now we know you rest in heaven
With the angels and with God.

Still our hearts were nearly broken
When we laid you down to sleep.
Earth is drear and heaven is glorious;
Dearest Charlie, we'll not weep.

Rest, dear boy! We'll not wish you back
To this dull world of pain.
Willie now will be our baby
Till we meet in heaven again. MAUDE.

"Wonderful Efficacy."

Some people are slow in telling what good things have been done for them, but Mr. John P. Daly, of Gillisonville, S. C., says he takes great pleasure in testifying to the wonderful efficacy of Brown's Iron Bitters in dyspepsia, fever and ague, and general debility of the system. He has personally experienced the most satisfactory results from the use of this valuable medicine. Make a memorandum of this, all ye whose systems are run down. Brown's Iron Bitters will cure you.

Obituary.

On Sunday night last F. Heber, a highly esteemed citizen of Jackson county, died at his residence in this city. He had been gradually failing for sometime, and although confined to his bed for but a few days his death was not unexpected. He was one of the pioneers of this county, having filled the office of county commissioner for several terms, and was known as an upright, honorable man. His funeral was conducted by the Masonic fraternity, he having been one of the charter members of the lodge in this place. His remains were followed to their last resting-place by a large number of friends, who had assembled to pay a final tribute of respect to his memory.

Silas P. Hanna, who died at his residence in this city on the 11th inst., was a native of Steuben county, New York, and a brother of Hon. H. K. Hanna of this place. He came to California in pioneer days, then to Josephine county and to Jacksonville in 1876, where he has since resided, and where his sterling worth and excellent business qualifications have been recognized and appreciated by all who knew him. His energetic spirit will be missed from among us, but the memory of his generous deeds and manly qualities will long be cherished by those who knew him best. He was one of God's noblest works—an honest and good man. Requiescat in pace.

Speaking in Josephine County.

Hon. A. C. Jones, Democratic candidate for Presidential Elector, and Hon. P. P. Prim will speak on the political issues of the day at the court-house in Kerbyville on Tuesday evening, Oct. 28th. Let everybody turn out.

A Grand Speech.

Decidedly the largest crowd we have seen in southern Oregon in a long time was present at Holt's hall in this place last Saturday evening to hear Hon. W. D. Fenton, one of the Democratic candidates for Presidential Elector. Quite a number of ladies were also in attendance. Everybody voted the meeting a grand success in every particular and the many Republicans who were there agreed with their opponents that Mr. Fenton made one of the most masterly and eloquent political speeches ever delivered in the State. For more than two hours the speaker held his large audience and no one offered to leave until he had concluded. We never heard the issues of the day discussed in a fairer, more logical and pleasant manner. Every argument he proposed was clinched with the proof. The Democratic portion of the audience was more than pleased. Mr. Fenton was frequently applauded and at the close of his speech he was accorded three rousing cheers, after three had been given with a will for Cleveland and Hendricks. We regret that we are unable to give a full resume of his remarks in this issue of the TIMES, as they richly deserved it. We will endeavor to give an extended review in our next, however.

Waldo Items.

The town is free of measles now.

Wimer & Sons are raining again.

Game is very scarce, particularly deer.

Miss Deborah Gay is now toll collector for Wimer & Sons on the new road.

Miss Mary Fehely has closed her school at Althouse. As usual, she gave satisfaction.

There is an abundance of blue and black huckleberries on the new wagon road, especially near the 6-mile post and near the top of the Diamond creek hill; also at Diamond creek. W. J. Wimer, Doc Morrison and Dan Sann have just returned from there and report that one person can easily gather 10 gallons per day of very large berries.

Travel on the road has been increasing rapidly. The stages are loaded every trip, leaving as high as ten passengers behind at times. Pat McMahon is wideawake and should have control of the entire route. Julius Schmitt, formerly of your town, drives
