Runaways.

One of Thompson & Stephenson's four-horse teams which were conveying the Stuttz troupe to Yreka last Wednesday morning became fractious and indulged in what at first promised to be a serious runaway. While on the summit of the Siskiyou mountains one of the wheel-horses commenced kicking and jumping, which caused the others to act badly also, and they started down the mountain at a rapid rate. They were fortunately stopped before going very far, but not until the party, including the driver, were thrown out, and the wagon and harness considerably damaged. One of the ladies had a collar-bone broken and another received an ugly gash in her forehead, while the balance of the occupants of the wagon were more or less bruised. Fortunately none were dangerously injured, though it was a narrow escape. The company is still stopping at a house in the vicinity of the accident, but will soon be able to proceed.

A John Orth's team ran away last Friday afternoon, throwing the occupants, John Schumpf and old Jake, to the ground with great violence. The former had his shoulder dislocated and a rib broken, while the latter was badly hurt internally. The team ran against a fence near the school-house and stopped without doing much damage to themselves or the wagon.

Religious Items.

Elder M. Peterson will preach at Gold Hill next Sunday, at the usual hour.

Our Cemetery.

Two ladies of this place have been soliciting subscriptions to a fund with which to bring water into the Jacksonville cemetery from Walker creek, and succeeded admirably. One hundred and fifty dollars have already been subscribed, and it is believed that this sum will be considerably augmented by further subscriptions, while the board of trustees may also be relied upon to donate a neat sum. Should the proposed enterprise prove successful, and there is every indication that it will, there is no reason why our town should not have the handsomest cemetery in the State. It already has natural advantages which are unsurpassed anywhere.

Steamboat Items.

Russell & Davidson are still running, with plenty of water.

Mennis Caldwell has lots of water and expects a good cleanup.

Prickett, Shearer & Finney are engaged in piping and expect a good run.

Baker & Co. have their dam about completed and will begin operations soon.

Steve Oyster has returned after a considerable absence, and will resume work on his mines.

John O'Brien is opening his ditch and will mine on the dump of the old Steamboat ledge.

An Excellent Troupe.

The Stuttz dramatic company gave two performances in Jacksonville last week—on Thursday and Friday evenings. Large audiences greeted them each time—especially on the first night, when over $200 were taken in at the door and at the S. F. Variety Store for tickets of admission. Two excellent plays, "A Celebrated Case" and "Under Two Flags," were presented, each being well performed. The cornet band of eight pieces was a drawing card, its music being equal to some of the leading bands on the coast. The company was, in fact, one of the very best that has ever visited this section, and merited the liberal patronage extended to it.

I visited St. Helena for change of climate, but found it too hot. Then I went to Hayward's and it was too dull. At Berkeley the students annoyed me with their hoodlumism. It was too foggy in San Francisco and too bleak at Santa Cruz. Wherever I went I was uncomfortable, uneasy and unsettled. A friend suggested that this state of unrest might possibly be occasioned by biliousness or a disordered stomach, and advised a trial of Prese's Hamburg Tea, giving me a package as a present. Since then I use it occasionally, and was never better in my life. I advise all to try it.

He is well bred and proportioned on a handsome sorrel color, and his motion is graceful for so large a horse. Excellent testimonials, given by reliable citizens, will be found in the advertisement elsewhere.

A street fakir, with bogus jewelry and brass watches without works, stole in upon the people of Jacksonville on Thursday of last week, and found a bountiful crop of "suckers" ready to swallow his tawdry bait. It was wonderful to see persons who were supposed to possess a reasonable amount of common sense donate their money to this unparalleled fraud. After he had relieved them of about $100 he quickly drove away to avert the wrath of his victims when they returned to their senses.
