THROUGH the negrum of one of your books received through Mr. Frank T. Wray. Druggist, Apollo, Pa. I became acquainted withour Caticura Remedies, and take this opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning, in connection with crysipelas that I have ever seen, and this after having been pronounced incurable by some of the best physicians in our county. I take great pleasure in forwarding to you this testimonial, unsolicited as it is by you, in order that others suffering from similar maladies may be encouraged to give your the uninitiated matters for wonderment. And yet even this is easy of explanation. It often happens that the owners of these outfitted and producing mines own also undeveloped claims in the neighborhood, sometimes a number of them. In the value of these claims they have such confidence that they would be willing to spend money in opening and testing them if they had or could procure it for that purpose. These claims, so long as they remain unprospected, are valueless. Caticura Remedies strial.
