Exaggeration a Boomerang.

The Medford paper says that zero was not reached in the valley during the recent spell of cold weather. The necessity of such prevarication on the part of Mr. Carlisle is hardly evident; but, perhaps, "it is the nature of the fellow." Everybody knows that the thermometer registered a few degrees below zero on two or three different occasions this month, and this attempt to deceive the outside world would prove a boomerang if anybody outside of the immediate vicinity of Medford read the "Transcript." It is just such exaggeration that has injured southern Oregon more than anything else.

Chinese new year has commenced and the average Celestial is happy. The cold wave extended over the entire United States, and in some places it proved a first-class blizzard. Hundreds of people were frozen to death and much damage resulted to stock and property. Even in Florida the mercury dropped below zero. The Willamette and Columbia rivers were frozen over.

Logan, the popular Ashland photographer, who has been in California recently, "took in" several new wrinkles in the art while in San Francisco and Oakland, and is consequently better prepared than ever to furnish his patrons with photographs of every style and size. A Habeas Corpus Case.

Sheriff Daley, of Miner county, Dakota arrived in the valley last week in search of an old gentleman named Abel Allen, who draws a large government pension and has been placed under the legal guardianship of his son in Miner county, Dakota. He came out here not long since with his daughter and her husband, Mr. and Mrs. Bunce, and was living with them on Wagner creek. The officer from Dakota, representing the guardian of Allen, sued out a writ of habeas corpus, and the case came before County Judge DePeatt, sitting in chambers in Ashland. The guardian's counsel said the old gentleman was "kidnapped," and demanded his return to the custody of the guardian, which, after the full hearing of the case, was what the Judge ordered. The Sheriff started at once for Dakota with Allen. The old man, who has two daughters living on Wagner creek, declared he did not want to return; that he wished to live with his daughters; but as he had been placed under the legal guardianship of his son in Dakota, he, of course, had to go, says the "Tidings."

Cold Weather.

During the past month we have experienced the coldest weather known in southern Oregon for a great many years; in fact, about the severest which has prevailed in the past quarter of a century. The mercury went down to three degrees below zero Friday and Saturday nights, but since then the weather has moderated, though still being cold for several nights afterwards. Rogue river, Applegate, Butte, Bear, Evans and other creeks have been frozen over during the week, for the second time in the memory of "the oldest inhabitant." So it will readily be seen that this cold snap is a very unusual occurrence. Outside of the freezing of vegetables, apples, etc., little damage has been done by this weather. Stock will winter safely, unless there should be more of these pranks by "Old Boreas."

Gone to His Rest.

The late John T. Rolison was interred in the Jacksonville cemetery last Friday under the auspices of the Improved Order of Red Men, of which he was a respected member. Mr R. was a native of Mecklenberg, Schuyler county, New York, and has resided in Jacksonville for several years past. He entered the Union army at an early age, serving with credit until the close of the war. His reputation was that of an industrious, upright citizen, which made him a host of friends wherever he resided. The funeral services took place at the Presbyterian church, Rev. Robt. Ennis preaching an impressive and quite appropriate sermon.

A Quack as Mining Expert.

Dr. Willis E. Everette, the so-called mining expert, who was discharged by the Hope Extension Mining Co. for incompetency, I understand, went around Medford and other places and reported the company as bankrupt. If the company had retained him it probably would be bankrupt in due course of time. The company is able to pay all bills and will continue to be so. As this is the Doctor's first mining experience, he is excusable on that account for any bad breaks he made. A little more experience probably might improve his knowledge of mining, if he is not too old to learn. A. G. E.

A New Society.

A debating society has been organized in Jacksonville, with a good membership, which promises to hold interesting sessions. The following are the temporary officers: President, R. A. Miller; secretary, John Jeffrey; treasurer, Geo. H. Watt; censor, W. M. Colvig. The question, "Resolved, that the law has done more for civilization than the church," was debated last Wednesday evening, which was decided in the negative by the five judges who had been appointed. R. A. Miller was leader of the affirmative side and W. M. Colvig led the negative.

Thanks.

The undersigned takes this occasion to return her sincere thanks to the Improved Order of Red Men and others, who so kindly administered to her husband during his last illness. LOUISA ROLISON.

100 Doses

One Dollar. Hood's Sarsaparilla is the only medicine of which this can be truly said; and it is an unanswerable argument as to the strength and positive *economy* of this great medicine. Hood's Sarsaparilla is made of roots, herbs, barks, etc., long and favorably known for their power in purifying the blood; and in combination, proportion, and process, Hood's Sarsaparilla is *peculiar to itself.*

"*For economy* and comfort we use Hood's Sarsaparilla." MRS. C. BREWSTER, Buffalo.

"Hood's Sarsaparilla takes *less time and quantity* to show its effect than any other preparation I ever heard of. I would not be without it in the house." MRS. C. A. M. HUBBARD, North Chili, N. Y. *100 Doses*

One Dollar

Hood's Sarsaparilla cures scrofula, salt rheum, all humors, boils, pimples, general debility, dyspepsia, biliousness, sick headache, catarrh, rheumatism, kidney and liver complaints, and all affections caused by impure blood or low condition of the system. Try it.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. I took five bottles of Hood's Sarsaparilla, and consider myself entirely cured." C. E. LOVEJOY, Lowell, Mass.

"Hood's Sarsaparilla did me an immense amount of good. My whole system has been built up and strengthened, my digestion improved, and my head relieved of the bad feeling. I consider it the best medicine I have ever used, and should not know how to do without it." MARY L. PERLE, Salem, Mass.
