I suffered for years from catarrh. It destroyed my appetite and weakened my system. None of my appetite and weakened my system. None of the remedies I took afforded me any relief, until I commenced using "the California Remedy," Joy's Vegetable Sarsaparrila. I began taking it last spring and am now entirely free from this disgusting disease, and am again strong and healthy.

NEW BASEBALL RULES.

There are few perhaps who fully appreciate the magnitude and beauty of our amateur detective system, and a brief outline of its thorough and comprehensive work will doubtless be of engrossing interest to the readers of the Times, and also be an insignificant tribute to the philanthropic individuals who have given so passaringly of their value.

One of the most important subjects discussed was the position of the pitcher. During the past season some players complained that the pitcher was not far enough away from the batsman, and that a position three or four feet back that a position three or four feet back would be more suitable. A motion to that effect was voted down.

Since it was decided that an umpire should stand behind the pitcher, he has interfered with rather than helped the

of midnight, the faithful detectives innocently smile upon their victims; while with noiseless tread, they dodge and climb through dark alleys, over fences and housetops, in cellar and causeways, as they shadow those upon whom they have set the benignant rays of their enlightened understanding. And how often the disinterested developes of this means that disinterested developes of this means the disinterested developes of this means the disinterested developes of this means the disinterested developes of this means a have when it hits the disinterested devotees of this most matchless science are called upon to sup-

toilers upon this mundane sphere, what heroic self-sacrifice and self-abnegation it requires to give one's whole time to the affairs of others. How those who full uniform, ready at the end of an engage in this delightful occupation even inning to take the place of any must forego the care and responsibilities player. Out With Mosby's Men'' is one of the most striking sketches to be found among the Pecember magazines. It is the adventure of a Southern belle, shut up in Richmond, who managed, by the aid of this moted hand, to cross the Union lines and get back, bearing fresh supplies for her wardrobe. The adventure is related with great spirit, and the fact that every incident actually happened adds to the charm. The opening story, "An Unexpected Reply," is charmingly written and illustrated, as is charmingly written and illustrated in lumber. It is estimated the wind to lumber.
