"Puritan" Waterproof Calf.

This Leather is manufactured by a Process similar to that by which the Patent Kids known as Dongola are made. The points claimed for it are these:

TOUGHNESS—It is almost Impossible to Tear, and it will not Crack.
SOFTNESS—Whether Cold or Hot, Wet or Dry, it is always Soft and Easy for the most Tender Feet.
WATERPROOF—It will Turn Water better than any other Leather.
COLOR—A Jet Black that will not Fade or turn Red.
POLISH—Unlike all other Grain Leather it will take a High Polish with ordinary Shoe Blacking.
CLEAN AND LIGHT WEIGHT—Not being Weighted with Tanning Materials and Grease, it will not soil a Stocking and weighs Light for the Substance.

We carry in custom-made work of the Highest Grade of this stock, a hand welt (men's) lace shoe, made on the English Wankenphast last, at $5 00, and a lace shoe made on the Harvard Box Toe last, calf lined throughout and soles of Genuine English Sole Leather, at $7 00. Both are in seven different insteps and widths to each size. For 25cts. additional they will be sent charges prepaid to any address by mail or express.

MEDICAL.

ECZEMA CAN BE CURED.

The most agonizing, humiliating, itching, and burning Eczemas are cured by the Cuticura Remedies when physicians and all other remedies fail.

I have been afflicted since last March with a skin disease the doctors called Eczema. My face was covered with scabs and sores, and the itching and burning were almost unbearable. Seeing your Cuticura Remedies so highly recommended, concluded to give them a trial, using the Cuticura and Cuticura Soap externally, and Resolvent internally, for four months. I call myself cured, in gratitude for which I make this public statement.

MRS. CLARA A. FREDERICK,
Broad Brook, Conn

Eczema Three Years Cured.

Cuticura Remedies are the greatest medicines on earth. Had the worst case of Salt Rheum in this country. My mother had it for twenty years and in fact died from it. I believe Cuticura would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the Cuticura Resolvent.

F. W. BROWN,
12 Mull St., Brooklyn, E. D., N. Y.

Eczema on Hands Cured.

Two years and a half ago Salt Rheum broke out on my right hand. It appeared in white blisters, attended by terrible itching, and gradually spread until it covered the entire back of my hand. The disease next appeared on my left hand. I tried many remedies, but could find no cure until I obtained the Cuticura Remedies, which affected a speedy and permanent cure.

JAS. P. KEARNEY,
284 Wood Avenue, Detroit.

Eczema Cured on Baby.

My baby has been troubled with Eczema on his face, neck, head, ears, and entire body. He was one mass of scabs, and we were obliged to tie his hands to prevent his scratching. I have spent hundreds on remedies without effect, but after using one box of Cuticura and one cake of Cuticura Soap the child is entirely cured. I cannot thank you enough for them.

A Word About Catarrh.

"It is the mucous membrane, that wonderful sensitive lined envelope surrounding the delicate passages of the air and food passage, that Catarrh makes stronghold. Once established, it eats into the vitals, and carries life and a long-drawn breath of misery and disease, dulling the sense of eating, tramneling the power of speech, destroying the faculty of smell, fastening on the taste and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelopes the bones, eating through the delicate coats and causing inflammation, sloughing and death. Nothing short of total eradication will ensure health to the patient, and all alleviations are simply procrastinated sufferings, leading to fatal termination. Sanford's Radical Cure, Inhalation and by Internal administration, has never failed, even when the disease has made frightful inroads. Sufferers from Catarrh, who lose all smell and taste have been recovered, and the disease thoroughly driven out."

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler; price, $1.

A WOMAN'S WAY.

A Startling Business Proposition.

A little over six weeks ago Mrs. Fowler of 927 Ellis street, San Francisco, stopped in at a leading city druggist's to ask what effect Joy's Vegetable Sarsaparilla, about which she had heard so much recently, would have in case one of her prospective sons-in-law should call on her. She was answered that in most cases it would relieve both. She was, however, solicitous that finally the druggist gave her a bottle, not to be paid unless it effected a cure. A proposition so startlingly practical have about, if ever before, been made. The following just received is the convincing conclusion, in all-sixteen days:

San Francisco, February 8, 1888.

DEAR SIR: I write to admit that, notwithstanding my misgivings, Joy's Vegetable Sarsaparilla did all that you promised. I had tried so many prescriptions, to no purpose, that I had come to believe nothing would relieve my dyspepsia and sick headache, but I have not had a return of either since I commenced taking it. I believe I am permanently cured, but will, out of an abundance of caution, continue to take it regularly for a while yet. You have my permission to make this public, for it is my belief that a remedy that will cure dyspepsia and sick headache should be generally known. Respectfully,

Mrs. M. Fowler,
927 Ellis street.

Green Mountain Mines.

F. E. Wilson, one of the stockholders in the above-named mine, called upon us Monday. He reports that for one week's run of a four-stamp mill they cleaned up $200 free gold and saved a large quantity of sulphurets worth probably more than the free gold. They have new machinery from San Francisco that offers better facilities for reducing the ores, and now better results are anticipated. The machinery is propelled by a 12 horse-power engine. A new ledge has been struck near by that prospects well. The company has started in on another tunnel that carries more mineral than the lower one, which is combined with lead and silver and some other metals. The mountains there appear to be full of the precious metals, and these people have settled down to the business of mining with all the modern improvements, with every prospect of success. Our old-time friend, James Weaver, we learn, is mining with good prospects.—Plain Dealer

Ladies, Beware

Of those cosmetics which give to the face a ghastly (yea, ghostly) whiteness. Such preparations contain lead or some other equally poisonous and dangerous substances, the use of which, if long continued will, besides giving the skin a tough and leathery appearance, ultimately produce paralysis of the nerves. This statement is no "bug-a-boo," but facts well-known to chemists and physicians, based on the well-known physiological effects of such substances whose presence in preparations for the complexion are indicated by such outward signs as before cited. If you would use an article which will at once produce natural activity and beautiful complexion try Wisdom's Robertine, which is guaranteed under a forfeiture of $1000 to be absolutely free from all poisonous and injurious substances. Pronounced by leading ladies of society and the stage superior to anything ever produced for beautifying and preserving the complexion.

Send The "Times" Abroad.

A California exchange mentions the case of a gentleman who, with very small expense to himself brought a large immigration to his county. The way was this: Every paper that he received that had an article favorable to his locality, he would send it to some friend in the east first marking the article carefully. He was a subscriber to a large number of good local papers and the number of papers he sent was quite large. The result was quite appreciable. This is a plan that all subscribers to the TIMES can try. Don't burn up your papers. Mark them and send them east to your friends.

Mothers!

Castoria is recommended by physicians for children in preference. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It constipation, regulates the bowels, quiets pain, cures diarrhœa and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing natural sleep. Castoria is the children's panacea—the mothers' friend. 35 doses, 35 cents.

THOROUGHBREDS FOR OREGON.

Perhaps the best representative lot of pedigreed Durham cattle which ever left Calloway county in one car was shipped from the Fulton depot Tuesday morning last, consigned to Holmes Bros., of Medford, Oregon. The shipment, with the exception of three or four native animals, was composed of young heifers selected from the choicest strains in the county, with reference solely to individual merit and purity of pedigree, and of loyal calves, the get of some of the most noted sires in the county, which will be used in grading up the native stock of southern Oregon. Several descendants of the noted show herd of Col. Larimore were in the consignment, including a number of Young Marys, Adelaides, White Roses, and Rose of Sharon heifers, tracing to Basil Duke and Hillhurst Duke, probably the best bulls ever used in the Kingdom. Conspicuous among the young bulls were three of the get of Imported Liddesdale—the Cruickshank bull owned by Miller & Tucker—from Red Bird and Rose of Sharon cows, which illustrate the happy results obtained from crossing the Scotch strains upon our local familiesed thoroughbreds. Three 1-d bulls by 11th Royal Ravenswood—the annual purchased two years ago by W. D. Lynes from Charles Leonard of Cooper county—and one by the descendants of the Larimore show herd, also showed unusual merit; while a June calf of Bride's Duke of Hillhurst, Daniel Tucker's fine show bull, gives promise of equaling his illustrious sire in excellence. A three-year-old Hillhurst bull, a half brother of Bride's Duke, also accompanies the shipment, and many of our citizens regret to see him leave the county, because of his perfection of form and usefulness as a one of first-class feeding cattle. For the past two years he has been at the head of W. E. Tucker's herd. Another animal, which should have been retained in the county, is the four year old Bellanora cow, Cleopatra 11th, bred by Chas. Bailey. She was pass among the best anywhere.

The entire shipment consisted of six bulls and five heifers from the herd of W. E. Tucker; three bulls and three heifers from the herd of W. D. Lynes; two bulls, of Hillhurst stock, bred by J. C. Reynolds; one cow and heifer calf from the herd of Charles Bailey; yearling heifer and heifer calf, by Duke of Fulton, from herd of Chas. Alexander; and a bull calf bred by Daniel Tucker.

Five years ago such stock as the foregoing was selling in this county for $200 to $500 per head, and in spite of the present depressed market all authorities agree in prophesying that high prices will again prevail. Those who go for the finer representatives of the "Grand old Breed," as the admirers of the Shorthorns of Chicago terms them, instead of the coarser, beefier and more showy, when fine prices prevail, our breeders should hold their interest and remain in any depth of water long enough, with his head and shoulders out of the water, or by climbing it under the sides of his feet the roots of the water. The only explanation that can be given relative to the ease with which Ireland is supposed to be supported is that the people of the east first mating their horses carefully, then by judicious feeding and handling, and by avoiding "boarding" and "swallowing" some of its water, for the strength of the horse is so intense that the muscles of the throat are convulsed and strangulation ensues.
