"Puritan" Waterproof Calf.

This Leather is manufactured by a Process similar to that by which the Patent Kids known as Dongola are made. The Points Claimed for it are these:

TOUGHNESS—It is almost Impossible to Tear, and it will not Crack.
SOFTNESS—Whether Cold or Hot, Wet or Dry, it is always Soft and Easy for the most Tender Feet.
WATERPROOF—It will Turn Water better than any other Leather.
COLOR—A Jet Black that will not Fade or turn Red.
POLISH—Unlike all other Grain Leather it will take a High Polish with ordinary Shoe Blacking.
CLEAN AND LIGHT WEIGHT—Not being Weighted with TanningMaterials and Grease, it will not soil a Stocking and weighs Light for the Substance.

We carry in custom-made work of the Highest Grade of this stock, a hand welt (men's) lace shoe, made on the English Waukenphast last, at $5 00, and a lace shoe made on the Harvard Box-Toe last, calf lined throughout and soles of Genuine English Sole Leather, at $7 00. Both are in seven different insteps and widths to each size. For 25cts. additional they will be sent charges prepaid to any address by mail or express.

MEDICAL.

EVERY NIGHT I SCRATCHED

Until the skin was raw. Body covered with scales like spots of mortar, Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your Cuticura Remedies performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed, were scratched off again. In vain did I consult every physician in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspapers, about your Cuticura Remedies, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the Cuticura Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the Cuticura Remedies to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babes with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the Cuticura Remedies have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and clear as a baby's.

GEO. COTEY, Merrill, Wis.

Sept. 21, 1887.

Feb. 7, 1888.—Not a trace whatsoever of the disease from which I suffered has shown itself since my cure.

GEO. COTEY.

We cannot do justice to the esteem in which Cuticura, the great Skin Cure, and Cuticura Soap, an exquisite Skin Beautifier, prepared from it, and Cuticura Resolvent, the new Blood Purifier, are held by the thousands upon thousands whose lives have been made happy by the cure of agonizing, humiliating, itching, scaly and pimply diseases of the skin, scalp and blood, with loss of hair.

Sold everywhere. Price, Cuticura, 50c., Soap, 25c., Resolvent, $1. Prepared by the Potter Drug and Chemical Co., Boston, Mass.

☞ Send for "How to Cure Skin Diseases," 64 pages 50 illustrations, and 100 testimonials.

PIMPLES, black-heads, rough, chapped and oily skin, prevented by Cuticura Soap.

CATARRH to CONSUMPTION.

Catarrh in its destructive force stands next to and undoubtedly leads on to consumption. It is therefore singular that those afflicted with this fearful disease should not make it the object of their lives to rid themselves of it. Deceptive remedies concocted by ignorant pretenders of medical knowledge have weakened the confidence of the great majority of sufferers in all advertised remedies. They become resigned to a life of misery than torture themselves with doubtful palliatives.

But this will never do. Catarrh must be met at every stage and combated with all our might. In many cases the disease has assumed dangerous symptoms. The bones and cartilage of the of the nose, the organs of hearing, of seeing and of tasting so affected as to be useless, the uvula so elongated, the throat so inflamed and irritated as to produce a constant and distressing cough.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

Each package contains one bottle of the Radical cure, one box Catarrhal Solvent, and an improved inhaler, with treatise; price, $1.

Potter Drug and Chemical Co., Boston.

Pains and Weaknesses OF FEMALES

Instantly relieved by the Cuticura Anti-Pain Plaster, a new, most agreeable, instantaneous and infallible pain-killing plaster, especially adapted to relieve Female Weaknesses. Warranted vastly superior to all other plasters, and the most perfect antidote to pain weakness yet compounded. At all druggists, 25 cents, five for $1, or postage free, of Potter Drug and Chemical Co., Boston.

Long-Standing

Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alterative, and causes a **radical change** in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, **the result is certain.** Read these testimonials:—

"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.

Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more

Wonderful Results.

Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Tyron, (of Fernandina, Fla.,) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 146 Chambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. Furbush, Haverhill, Mass.

Newspaper Law

For the benefit of all who may seek to swindle the newspapers out of their just dues, we publish the following which is kept standing at the head of the best editorial column in many of our exchanges:

1. Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscriptions.

2. If subscribers order the discontinuance of their periodicals the publisher may continue to send them until all arrears are paid.

3. If subscribers neglect to or refuse to take their periodicals from the office to which they are directed, they are held responsible till they have settled their bill and ordered their paper discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former direction, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office, or removing and leaving them uncalled for, is "prima facie" evidence of intentional fraud.

6. Any person who receives a newspaper and makes use of it, whether he has subscribed for it or not, is held in law as a subscriber.

7. The postmaster who neglects to give the legal notice of the neglect of a person to take from the office the newspaper addressed to him, is liable also to the publisher for the subscription price.

Consumption Surely Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. W. A. Noyes 149 Power's Block, Rochester N. Y.

How Doctors Conquer Death.

Dr. Walter K. Hammond says: "After a long experience I have come to the conclusion that two thirds of all deaths from coughs, pneumonia and consumption, might be avoided if Dr. Acker's English Remedy for Consumption were only carefully used in time." This wonderful remedy is sold under a positive guarantee by E. C. Brooks.

The endorsement of German Syrup is unparalleled. We will publish 1000 testimonials received during the last six months. Read them. May save your life.

BURLINGHAM, N. Y., May 31, 1888.

G. G. GREEN, Dear Sir:—I am frequently troubled with severe colds, and the only remedy that will relieve me of them is your Boschee's German Syrup. I have used it for more than twelve years. It is a constant household companion with me. Our merchant here procured it first at my solicitation, and says he has sold a great many bottles. It is a very popular remedy in this section. Every person who has used it speaks in the highest terms of its merits. I do not know of a single case it has not cured. I first used it in Vermont, where I lived before coming here. I advise everyone to use it, as it is certainly the best cough medicine I have ever known. I have tried nearly all of them at different times.

Yours respectfully,
MOSES GRAY,
Proprietor Grist Mill.

Important to Subscribers.

As the beginning of the year is the popular time to commence subscribing for newspapers, now is the time to send your name to the TIMES office and get whatever paper you wish for 1889. We club with all the leading newspapers and magazines of the United States and give great inducements, as we furnish them at much less than the publishers' regular rates. For further particulars see our clubbing inducement on the second page of the TIMES.

Mothers!

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing natural sleep. Castoria is the children's panacea—the mothers' friend 35 doses, 35 cents.

KLAMATH COUNTY LANDS.

Now that the construction of one or more railroads through southeastern Oregon seems almost certain within a few years at most, land in that region is increasing in value. There is no desirable land not occupied or owned, but both improved and unimproved land of good quality can be purchased at reasonable figure. Irrigation is necessary in cultivating crops, and land thus rendered arable is equal in fertility and productiveness to any in the state. Some of our land-wise residents arge that Klamath county realty will advance fifty per cent. within the next two years, but we do not give as conclusive that such will be the case. There are two irrigating ditches of generous proportions in the county, one taken from Big Klamath lake, running from thence a distance of about fifteen miles, emptying into Lost river. This ditch has been in successful operation for more than two years, and has distributed water along its line to quite a number of farmers, much to their benefit, and also a small profit to the owners. It will, in time, no doubt, be a paying investment. There is another ditch of about equal dimensions, known as the Little Klamath ditch, which has not been so successfully operated as the first referred to, on account of the irregularity of its source, Lower Klamath lake; but it is presumed that this defect will be remedied the coming season, and ample water be furnished for a vast body of land lying adjacent to Lost river and Tule lake, which is of a pronounced desert character, yet produces well when thoroughly irrigated. A company has recently been incorporated, known as the Klamath Ditch & Canal Company, with a capital stock of $100,000, the object of which is to construct a ditch or canal of mammouth dimensions from the Big Klamath lake to the Oregon and California state line, on Tule lake, which will necessarily be a distance of about forty miles by the meanderings of the proposed ditch or canal. This enterprise is in the hands of men of means, and if brought to perfection will, without doubt, be a great pecuniary benefit to the owners, as well as Klamath county at large.

SOME QUESTIONS ANSWERED.

A prominent real-estate firm of this valley has sent the following circular in answer to queries propounded by intending settlers:

Look at a map and you will see that Jackson county is in southern Oregon, west of the Cascade mountains and east of the coast range. The climate is a mean between the heat and drouth of California and the excessive rains of the Willamette valley. The winters are mild, the mercury rarely falling to zero, and scarcely ever in midsummer higher than 100 deg. in the shade, with always cool, refreshing nights. The heat is seldom oppressive and never prostrating. Sun stroke is unknown here.

The average annual rainfall is 20 inches, occurring in November, December, January and February, with light rains in March, April, May and June. There are no destructive floods, disastrous drouths, blizzards or cyclones.

Fish abound in all the waters; they are taken with spear and hook, and weigh from 2 to 20 lbs. The mountain streams are full of trout, and the expert angler can take as many as he pleases. There are deer, bear and cougar in the mountains, and plenty of quail, grouse, squirrels and pheasants.

Many ask, what could a man do with a limited amount of money here? We would say that perhaps he can do more than he could in older states. Our advantage is apparent; it does not require so much land to make a living here as it does in some of the older states. Land can be bought from $20 to $25 per acre, and large tracts are being divided into 5 and 10-acre lots to suit purchasers, and sold upon easy terms. Lumber is much cheaper here than it is in many other places, and the cost of building is much less. Rough lumber costs $12.50 per M; fencing the same. Dressed lumber costs from $16 to $20 per M. Much of the land that is offered for sale has timber growing on it in sufficient quantity to furnish posts to fence it, that would lessen the cash expenses of fencing. A small tract planted to fruit will bring a handsome return in three or four years, and in the interim the land can be farmed, raising profitable crops, and at the same time cultivate the trees.

The schools here are very creditable; the school buildings are not as good as desirable, but the disposition of the people is to build well as fast as the demand makes it necessary.

Nature has been lavish in her gifts. A perfect climate, rich soil, sparkling waters, running over pebbly bottoms, beautiful valleys, and fairest clad hills and wild mountains, covered with an immense growth of valuable timber; and here and there a glade, a lake, a park, and all threaded with innumerable streams, rushing through the wild canyons, thence to the mighty river and the sea. Add to this the health and life-giving, even-tempered climate, and you see we have a country which excels—"it is the Italy of America."

This country produces everything in the catalogue of fruits, except oranges and lemons. Apples, peaches, pears, prunes, plums grapes, and all fruits belonging to a semi-tropical country do well here. It is believed that the fig will do well here. Small fruits do exceedingly well. In field and garden crops, all varieties of the Mississippi valley are produced here to a great state of perfection.

The potato-bug is not known here; in fact, no insect pests to speak of.

Stock-raising is a good business here in the foothills and mountains.

Dairying is a good business in this country in the foothills.

Poultry does well, and always brings a good price.

Lands vary in price, owing to location, quality, &c. Land near town is offered in lots to suit at from $40 to $100 per acre; out a few miles it is from $20 to $30 per acre. These are prices for No. 1 improved lands. Land ten or fifteen miles from the railroad can be bought for $10 or $15 per acre, or less.

There is no end to the water supply; the water is pure and soft. It is not necessary to irrigate in order to raise any of the grain or orchard crops or grapes. Alfalfa produces three or four crops, of two or three tons each, per year. Timothy is not raised extensively; oats, wheat and barley, cut before fully ripe, are our main dependence for hay.

Jackson county has fifty-eight school districts. The school privileges in the towns and many of the country districts are very good. The same may be said of church privileges, except the number. Nearly all denominations have organized societies here.

The people are quiet, sober, honest, industrious and frugal. Society is as good as the average. The people here are from all parts of the east and south. The new-comer will find congenial associates and neighbors. The MEDFORD MAIL and DEMOCRATIC TIMES are representative newspapers of the valley.

Consumption Surely Cured.

TO THE EDITOR:—Please inform your readers that I have a positive remedy for the above-named disease. By its timely use thousands of hopeless cases have been permanently cured. Ladies, Beware

Of those cosmetics which give to the face a ghastly (yes, ghostly) whiteness. Such preparations contain lead or some other equally injurious and dangerous substances, the use of which, if long continued will, besides giving the skin a rough and leathery appearance, ultimately produce paralysis of the nerves. This statement is no "bug-a-boo," but facts, well-known to chemists and physicians, based on the well-known physiological effects of such substances whose presence in preparations for the complexion are indicated by such outward signs as before stated. If you would use an article which will at once produce natural activity and beautiful complexion try Wisdom's Robertine, which is guaranteed under a forfeiture of $1000 to be absolutely free from all poisonous and injurious substances. Pronounced by leading ladies of society and the stage superior to anything ever produced for beautifying and preserving the complexion.

A CANDID CONFESSION.

For several years I suffered from Dyspepsia and Kidney Complaint, the latter being so severe at times that I could scarcely attend to my work. My appetite was poor and I was much emaciated, but through the free use of Joy's Vegetable Sarsaparilla my appetite and digestion improved 'till my health was perfectly restored.

PUT ME ON THE LIST.

I suffered for years from catarrh. It destroyed my appetite and weakened my system. None of the remedies I took afforded me any relief, until I commenced using "the California Remedy," Joy's Vegetable Sarsaparilla. I began taking it last spring and am now entirely free from this disgusting disease, and am again strong and healthy.
