him.

I cannot say enough in praise of the Cuticura Remedies. My boy, when one year of age, was so bad with eczema that he lost his hair. His scalp was covered with eruptions, which the doctor said was scald head, and that his hair would never grow again. Despairing of a cure from physicians, I began the use of the Cuticura Remedies, and, am happy to say, with the most perfect success. His hair is now splendid, and there is not a pluple on him. I recommend the Cuticura Remedies to mothers as the most speedy, economical, and sure cure for all skin diseases of infants and children, and feel that every mother who has an afflicted child will thank me for so doing.

A CALIFORNIA SENSATION.

[Petaluma Courier.]

It is reported that the sales of the California remedy, Joy's Vegetable Senaparilla, have grown within a few months till they are now really sensational. The way the fame of this production has spread is simply marvelous. Six months ago it was unknown. To-day it is all over the country. It is authoritatively stated that they have been actually giving it away in San Francisco to people afflicted with dyspepsia, sick headaches, indigestion and liver troubles, not to be paid for unless it cured. Such practical tests are so startlingly convincing as to be almost sensational. It is stated that two of the active principles of the new remedy.

His name is Johnnie McAllister, and he has been in the hospital for some time sick with malarial fever. A few days ago he showed signs of improvement, but yesterday his case took a turn for the worse and Dr. Jeffries, who is the attending plysician, thinks he is now suffering from an ulceration of the bowels, and that the chances for his recovery are not very flattering. Everything has been done for the comfort of the young criminal, and he is now under the immediate care of Warden McKinnon's wife.
