Remedies in five weeks.

I am going to tell you of the extrandinary change your Cuticura Remedies performed on me. About the 1st of April 1ast I noticed some red pimples like coming out all over my body, but thought nothing of it until sometime later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and purchased them from my druggist and obtained almost immediate relief. I began to notice that the scaly cruptions gradually drouged off and disanvered one bear. 20c per fb

rist and obtained almost immediate relief. I began to notice that the scaly cruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the discase thirteen months before I began taking the Cuticura Remedies, and in four or five weeks was entirely cured. My disease was exzema and psoriasis. I recommended the Cuticura Remedies to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babes with scaly cruptions on their heads and bodies. I cannot express in words the thanks to you for what the Cuticura Remedies have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and cicar as a baby's.

GEO. COTEY,
Sept. 27, 1885.—No trace of the disease from which I suffered has shown itself since my sure.
