THURSDAY.......... AUGUST 29, 1889.

Important Manufacturing Enterprise.

In company with J. S. Howard of Medford and C. C. Beekman of Jacksonville a TIMES representative inspected the new planing mill at Central Point last Monday, and all expressed astonishment at the extent and variety of the equipment and plant of machinery. All of the later models of wood-working machinery, from the ordinary planer, through the various lines of mortising, tenoning, moulding and sash and door machinery, including matchers, edgers, dado cutters, ornamental picket shavers, and lathes of various descriptions, which, when in full operation, will give employment to many men. Through the courtesy of Dr. Whitney, and of the foreman, the practical workings of the picket machine were shown, and it was the unanimous opinion of those present that that machine alone should pay interest on the investment, if kept constantly at work, as the most ornamental pickets conceivable can be turned out at the rate of 20 per minute by one man operating the machine. Mr. Simmons, the foreman, was engaged in superintending the order for the woodwork, cornices and mouldings of the new business block of Kerth & Miller, the plans of which were exhibited, giving assurance of a highly ornamental front and conveniently arranged interior. In common with all wood-workers, Mr. Simmons was loud in his praise of the "working qualities" of our fine sugar-pine lumber, especially that from the head of Rogue river, where the noble pine shoots heavenward from the pummice formation to a height of hundreds of feet, "unshaken by winds for centuries." The services of J. W. Shepard, an experienced lumberman, have been secured as solicitor, and the product of the mill will doubtless soon be in demand from every side. The construction of a large wing to the present building, designed for a sash and door workshop, is proceeding rapidly, being now about roofed in, and the prospects are that the coming winter will witness busy scenes about the building.

G. P. and C. C. Railroad.

A San Francisco correspondent of the "Oregonian," in a dispatch dated August 23d, says; Superior Judge James Murphy, of Del Norte county, Cal., chairman of the committee to consult with the Southern Pacific railroad officials in regard to a railroad from Grant's Pass, Or., to Crescent City, a distance of eighty-seven miles, is in the city. "We have lately held public meetings at Crescent City," said Judge Murphy, "and the citizens of Grant's Pass have done the same. We are very anxious to get the road and would be willing to give some sort of subsidy in its aid. A railroad is the one thing we need. There are from 3000 to 4000 people in Del Norte county alone. The course of the road would be southwest from Grant's Pass, Or., through the Rogue river and Illinois valleys, a distance of forty miles, to the top of the Coast range. The pass is about 2000 feet high, and only a small tunnel would be needed there. The rest of the road, down Smith river, presents no obstacles of consequence. At present there are but two short pieces of lumbering railroad in the country, one owned by A. M. Simpson, and only three or four miles long, and the other by Hobbs, Wall & Co., both firms of this city. Villard's surveyors were in there two or three years, but since the Oregon & California road was bought by the Southern Pacific, we do not expect Villard to come to us. Our hope is with Senator Stanford and the Southern Pacific."

Crop Bulletin.

Bulletin No. 25, for the week ending Aug. 24, 1889, reports clearing skies in the Willamette country, refreshing showers having laid the dust and to some extent extinguished the forest fires. The heavy cloud of smoke has been dissipated in some sections. As to the wheat yield, the crop generally is much better than expected, exceptionally heavy crops being reported from portions of the Willamette and Umpqua valleys. Much more poor wheat in quality will be marketed this year than last, but the increase in acreage will make the state's surplus fully as large as last year. First-grade new wheat was selling at Pendleton for 60 cents during the week, and good wheat for 65 cents per bushel in the Willamette valley. The hop crop will not exceed 80 per cent. of an average, but will be of good quality. The fruit crop of the state will be enormous, although in some sections the quality is inferior, owing to dry weather. Short hay crops are reported throughout the eastern counties. The water supply is failing rapidly in many portions of the state.

Register of Physicians.

The following physicians of Jackson county have complied with the law in relation to registering with the county clerk: George O'B. DeBar, Jacksonville; Wm. L. Colvig, Rock Point; A. C. Stanley, Sam's valley; A. J. Lappeus, Central Point; J. W. Robinson, Jacksonville; E. P. Geary, Medford; R. Pryce, Medford; Jas. B. Wait, Medford; John S. Parsons, Ashland; Asbury C. Helm, Ashland; Chas. E. Beebe, Ashland; Mrs. Pamela M. Webster, Ashland; W. W. Stanfield, Ashland; Jesse Hinkle, Central Point; George Kahler, Phoenix; W. W. Rivers, Eagle Point; T. H. West, Phoenix; Wm. M. Marsters, Eagle Point; E. D. Pickel, Medford; Wm. H. Sommers, Jacksonville; C. Minnis, Medford; W. S. Jones, Medford; A. D. Dodson, Central Point. The majority hold diplomas from medical schools of approved standing, and all who do not are experienced practitioners. There are a few resident physicians in the county who have not yet attended to the matter of registration.

A Fine School.

The seventh annual catalogue of the Oregon state normal school is on our table. This excellent school has usually a pretty fair representation from this valley, but is deserving of a more extensive patronage. As a means of enabling teachers and those intending to become teachers to obtain a liberal education there are few better schools can be recommended in the northwest. Jackson county is entitled to three free scholarships in the institution, for which application must be made to the county school superintendent. The institution is not confined to the work of educating teachers by any means, and persons of good morals and sufficient scholarship are invited to enter the normal at any time. It is a progressive, thorough school, where a good education may be obtained for a minimum cost.

Pioneer Day Programme.

The following is the outline of the programme for the annual meeting of the Pioneer Society of southern Oregon to be held in Ashland, Thursday, Sept. 12th 1889: Meet on plaza square at 10 o'clock A. M.; form and march to grove under direction of Gen. J. M. McCall. Prayer by Chaplain, Rev. M. A. Williams of Medford. Reading memorials by Sec. Silas J. Day. Oration by Geo. W. Dunn. Instrumental music by Close Bros., band. Following committees were appointed: On vocal music, Mrs. M. L. Alford; on grounds, Capt. Thos. Smith, E. M. Miller, J. Wagner; on basket dinner, A. D. Helman, B. F. Myer and J. H. Russel. A general invitation to all pioneers and their friends to attend and help make the day a pleasant reminder of the pioneer days of southern Oregon. By order of the committee.

THOS. SMITH, Chairman.
W. N. LUCKY, Sec'y.

A Heavy Blaze.

The Glendale fire on the morning of the 18th instant was very destructive, consuming entire the store house and stock of goods of Sol. Abraham and the residences of Calvin Wright and D. Tucker, adjoining. A large amount of winter goods had just been received at the store which makes the loss much heavier to Mr. Abraham than it would otherwise have been. The families of Messrs. Wright and Tucker lost everything and are in destitute circumstances. But for the presence of mind of Mrs. Wright, the loss would have been much more extensive, and she undoubtedly saved the life of Carl Abraham who was asleep in the store at the time of the fire, and barely escaped with his life. There was an insurance of $8000 on building and contents.

Catholic Church Opened.

The new Catholic church at Ashland was opened by Rev. Father F. S. Noel of Jacksonville, with the celebration of high mass, last Sunday morning at 10 o'clock. There was a very large congregation present and the capacity of the building, a very neat church edifice, was tested to the utmost. The Jacksonville choir, consisting of Misses Josie and Emma Orth, Mamie Donegan, Mrs. Celia McClallen and George Bloomer, Josie Nunan, organist, assisted in the services, and their singing was highly complimented.

School Opening.

The fall term of Central Point school will begin Sept. 2d. We hope that all who are interested will realize the importance of entering school at the beginning of the school year, and attending regularly. There will be a vacation of one week during the district fair.

E. E. SMITH, Pr'n.

They will add greatly to the attractions at the Salem exhibition.

A peculiarly sad death was that of Mrs. Cora Lehners, which occurred at Phoenix last Tuesday. Deceased was a bride of but a few months, and the affliction to the family is doubly felt, following so closely upon the death of her mother, Mrs. M. V. B. Soule. The insidious work of consumption cut short her young life in its prime, and all who knew her mourn over her untimely end.

A large congregation was in attendance at divine services at the Enterprise school house last Sunday, to witness the ceremony which made Mr. Henry Griffin, late of Josephine county, and Miss Belle True, accomplished daughter of Mr. and Mrs. J. P. True, man and wife. Rev. M. A. Williams was the officiating minister. The ceremony was performed at 12 o'clock, after which a large number of guests partook of the hospitality of the bride's parents at a sumptuous marriage feast.

About thirty timber land hunters passed through Ashland for the Dead Indian country two weeks ago and it is said that they located between Deadwood and Lost prairie. They reported to settlers that they represent the Michigan syndicate that has secured such large holdings in Washington territory.

Wash Grimes and Ed. Farra had bad luck last week in delivering G. Karewski's flour to Waldo. A broken axle on the big wagon detained them on the out trip, and before reaching home Mr. K.'s fine mare "Nellie" was taken suddenly sick and had to be left at a ranch on the road, where she soon afterwards died.

The Southern Oregon State board of Agriculture is making arrangements for the publication of a pamphlet descriptive of the seven counties composing the district, with the object of encouraging immigration to this section. An edition of upwards of 20,000 copies will be issued and cannot fail to do much good.

There is nothing uncertain about the effects of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The fact is, it is the only preparation in the market that can always be depended upon, and that is pleasant and safe to take. 25 and 50 cent bottles for sale at City Drug Store, Jacksonville, and Engle Bros., Phoenix.

W. B. Gray and wife of Ashland precinct were in town yesterday and called on the TIMES. Mr. Gray is still suffering from the effects of the injury done his foot by the red-hot piece of iron which flew into a hole in his overalls while welding in his blacksmith shop two months ago, but is gradually recovering the use of his limb.

This is the season of the year when the raw, cold winds create sad havoc with the hands and complexion. Soft, white hands and a clear, "peachy" complexion can be assuredly preserved by the frequent application of Dutard's Specific. If rubbed into the skin it will leave no greasy surface. The skin absorbs it. Sold by E. C. Brooks.

Panthers are again devastating the ranges on Elk creek and the local stockmen will find it necessary to offer special bounties to secure their extermination. A large one killed a yearling calf at Holmes Bros.' ranch last week, and the barnyard of William Pence was also invaded by one of the brutes at almost the same time.

The immediate symptoms of dyspepsia, or indigestion, are a distressing sense of weight, oppression and fulness in the stomach, heartburn, loss of appetite, foul breath, belching, flatulency, nausea, pains in the shoulders and breast. Dr. Henley's Dandelion Tonic promotes healthy digestion and removes all unhealthy symptoms. Sold by E. C. Brooks.

A bottle of koumiss exploded in a Grass valley drug store last Sunday afternoon. The force was sufficiently powerful to rock the whole building and to pi half the forms in the "Telegram" office upstairs, says the Yreka "Journal." The average Jacksonville koumiss and budge are not dangerous unless applied internally. They rarely pi an office when in the bottle.

Oregon is one of the most productive states in the Union. Its vast mineral regions contain gold, silver, copper, iron and coal. Its immense tracts of grazing lands support thousand of cattle and sheep, and its extensive agricultural regions produce all the cereals in abundance, the yield per acre being, in some instances, the largest in the world. Among the useful and valuable products of the webfoot state may be mentioned Oregon Kidney Tea, which has proved a boon to thousands afflicted with pain in the back and kidney difficulties. It is purely of vegetable composition and never fails. Sold by E. C. Brooks.

Let us give the readers of the TIMES a little timely advice. Hot weather is coming and with it colic, cholera morbus, dysentery and diarrhoea. The only safe way to combat these diseases is to keep some reliable remedy at hand, and all who have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy will admit that it is the most prompt, reliable and successful medicine known for these complaints. It costs but 25 or 50 cents, and may be the means of saving you or your family much suffering, if not life itself, before the summer is over. For sale at City Drug Store, Jacksonville and Engle Bros., Phoenix.

Prof. Watt's party of Crater lake excursionists arrived in town after a dusty trip last Tuesday evening, without serious mishap or thrilling adventure. The party consisted of Prof. Watt, Fletcher Lien, K. Kubli, Jr., Everett Mingus, and Misses Carrie and Nina Beekman and their guest Miss Brauman, of Salem. They were fortunate enough to have one beautifully clear day while at the lake.

N. A. Jacobs, of the Ashland "Record," was in town last Saturday in the interest of his paper, and called on the TIMES.

Mrs. Grace Gillingham, who has been visiting in Ashland for a month past, returned to her home in Salem last Saturday.

Hon. E. B. Watson and family will return to Portland next week, after their summer outing at Jacksonville and in the mountains.

Mr. and Mrs. D. Bloomer, of Gold Hill, are at the McAllister soda springs on Butte creek. Joel Stover and Miss Emma Fitzgerald accompanied them.

Postmaster Farlow of Ashland sent his wife and child, accompanied by Miss Allie Farlow, to the Dead Indian springs last week, for a summer vacation.

John Peebles and Cooke Patton have gone to Newport for a week among the fair belles who are encamped there, says the Salem "Statesman" of last Friday.

Hon. H. K. Hanna left on the train Sunday morning for Oakland, Cal., whither he was summoned by dispatches from Mrs. Hanna, who has been quite ill for a week past.

J. C. Williams of Wimer postoffice called to see us yesterday, while in town on business. He was looking for a teacher for the district school in that section to teach a fall term.

Rev. Father Noel has been at Colestein springs since last Monday, in the hope of recuperating his strength at that retreat of rest, after his recent severe trip through the eastern counties.

J. C. Whipp and family returned from their trip to the Dead Indian country last Saturday. Whipp holds championship honors as the boss fisherman, having caught 1575 trout while at the springs.

Mrs. McClallen, Misses Josie and Emma Orth, Josie Nunan and Mamie Donegan, George Bloomer and John Orth, Jr., drove up to Ashland last Sunday morning to furnish sacred music at the Catholic church opening at the Granite city.

MINING NEWS.

Notices for the location of placer and quartz mines etc., for sale at the TIMES office.

Ore from the Humbug mine of Boyle & Co. near Yreka continues to average about $75 to the ton.

A growing demand for mining codes shows increased interest in prospecting. Miners anticipate a good season next winter.

About twenty men are engaged in the Steamboat mines, and if there is a good season next winter more than the usual amount of gold will be taken out.

Reuben creek prospectors report the finding of diggings on the higher bars along the stream that will pay eight to ten dollars per day to the man. Considerable gold be taken out there the coming winter.

The Warren quartz mill on Yreka flats will be started up again soon, to crush quartz taken out at the Witherell ledge on the head of Spring gulch, near the summit of Humbug.

Well diggers at Manistee have discovered blue channel gravel under a stratum of sandstone 42 feet below the surface, and miners will prospect it extensively within the next few months.

D. J. M. McCoy and others have about completed the building of a wing dam in front of the town of Gold Hill, and are ready to begin work on the gravel in the river bed that has never been mined in that quarter. The low water materially aids the enterprise.

The river miners on the Klamath are commencing to hoist pay gravel again, their wing dams and machinery having been repaired and rebuilt since the terrific cloudburst of July 25th, which caused such great damage along the river from Cottonwood creek all the way down to Happy Camp.

The Portland company, as the Portland Ditch and Hydraulic Gold Mining Company is called, now has about 40 men employed in their mining operations on Grave creek. About five miles of new ditch will be made this season, and the old ones cleaned out and put in thorough repair. When the fall season for mining opens up, the roar of five pipes will rumble through the pine forests of Grave creek, and 30,000 inches of water at high pressure will be forced against the gold-bearing ground. Mining on Grave creek has long ago passed the experimental stage. It is now an established business, paying handsome returns upon labor and investments, says the Grant's Pass "Courier."

F. J. Smith, editor of the Ft. Abercrombie, Dakota, "Herald" says: "The most wonderful medicine I have ever met with is Chamberlain's Colic, Cholera and Diarrhoea Remedy. In case of colic it gives speedy relief. On hunting trips I have found it indispensable. Put in alkali water and it imparts a pleasant taste and prevents the painful diarrhoea which alkali water produces. I could not feel safe without it in my house." 25 and and 50 cent bottles for sale at City Drug Store, Jacksonville, and Engel Bros., Phoenix.

Dissolution Notice.

The firm known as Taylor, Taylor & Co., dealers in lumber and other building material, at Grant's Pass, has been dissolved by mutual consent, Taylor & Allen retiring. Business will be continued at the old stand by W. B. Taylor, L. E. Hoover, A. A. Ross and W. B. Nelson, under the firm name of W. B. Taylor & Co. Thankful for past favors, so liberally extended, we solicit their continuance for the new company.

TAYLOR, TAYLOR & CO.
Grant's Pass, Aug. 10, 1889.

The work done by Logan, the Ashland photographer, has never been surpassed in southern Oregon for finish or excellence of detail, and as he keeps thoroughly up with the times in all the late discoveries connected with his art, the productions of his gallery are deservedly popular. No more acceptable token of affection or love than a crayon or cabinet photograph of the giver from his finishing touches can be imagined. A call at his gallery will convince those unfamiliar with his work, of its excellence.

ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea, griping in the bowels, and wind-colic. By giving health to the child it rests the mother. Price 25c. a bottle.

Have you heard what Mr. G. L. Weast of Cambridge city, Ind., says of Chamberlain's Colic, Cholera and Diarrhoea Remedy? If not, here it is: "During last summer I was troubled very much with severe pains in the stomach and bowels, and was induced by a friend to try this Remedy. I took one dose, as per directions, and it gave me almost instant relief. I cheerfully recommend it to the afflicted." 25 and 50 cent bottles for sale at City Drug Store, Jacksonville, and Engle Bros., Phoenix.

Take It In Time.

"For want of a nail, a shoe was lost; for want of a shoe, a horse was lost; for want of a horse, a rider was lost." Never neglect small things. The first signs of pneumonia and consumption can "positively" be checked by Dr. Acker's English Remedy for consumption. For sale by E. C. Brooks.

Children Cry for Pitcher's Castoria.

CENTRAL POINT POINTERS.

Nine new buildings going up in town.

F. T. Downing visited the county-seat last Friday.

G. F. Hershberger was in Jacksonville last Thursday.

J. S. Mowrer is now sole proprietor of the new planing mill at this place.

Six race horses are now in training at the fair grounds and others are expected soon.

Jas. H. Gay and family moved down to to Central Point from Ashland during the week.

Jackson's shipments of watermelons continue at the rate of two or three carloads per week.

Wm. Hanley left Central Point on Sunday's evening train for Portland and the sound cities.

The Central Point schools, under the principalship of Prof. E. E. Smith open next Monday.

News has been received that there will be seven horses at the district fair from Curry county alone.

Mr. Morse of Eddings & Morse of Ashland, was in town last Saturday, securing space for a booth at the fair grounds.

Applications for space for advertising exhibits and for locations for booths are being received daily by Secretary Miller of the district board.

Rippey's "Percheron" sprinter is being worked at the track daily. His despised lineage doesn't prevent him from "getting there, just the same."

Central Point's detractors, who come to town to gibe, "remain to praise," like the camp-meeting scoffer, who usually brings up on the mourner's bench.

Trade at the Point has been good all summer and prospects are fair for a large fall and winter custom. Residents of every section are seen on our streets daily.

The planing mill proprietor recently placed an order with Welch's mill, in the Meadows, for 60,000 feet of lumber, to be furnished before the rainy season sets in.

It is rumored that the directors of the county fair association have negotiated for the sale of twenty acres of the fair grounds lying west of the track and outside the enclosure.

Chas. Logan of Ashland was in town a few days since, making arrangements to secure a location on the fair grounds on which to erect a permanent building for a photograph gallery.

Dr. Hinkle offers his new variety store room for rent on reasonable terms for one year from September 1st, 1889. The room is elegantly finished, stained and varnished, and one of the finest store-rooms in the county. Apply at the drug store.

Many have erroneously gotten the impression that there will be an additional fee of admission to the grand stand, after paying admittance to the race course at the district fair, but such is not the case. Tickets of admission to the race course entities the holder to grand stand privileges.

J. S. Howard of Medford was in town last Monday on road business, and while here visited the fair grounds. He unhesitatingly pronounced the track to be the best in the state, perhaps on the coast; and, in common with other visitors, expressed his surprise at the work already done on the grounds.

Before the end of the week the following horses will be in training at the county fair grounds: John Banks of Ashland now has two trotters, Hambletonian and Lexington stock; Dr. Van Dyke of Grant's Pass will have his Adirondack stallion and one other to develop; W. G. Cooper of Medford has a promising Vermont trotter exercising there, and Mr. Boynton has his two Hambletonians.

Kerth & Miller's veneered brick store building is rapidly going up and will be one of the finest buildings for the purpose intended, in the county. The store room proper is large and well lighted and will have tasty counters and shelving on one side and short tables for the display of clothing on the other side. The second floor will be divided into compartments for residence purposes.

MEDFORD SQUIBS.

The "Mail" prophesies rain on the 21st of September.

D. T. Sears who has been quite ill, is about again.

The new semi-weekly paper is announced for next week.

Medford merchants are anticipating a good fall trade.

The waterworks question is bothering the city council.

Mrs. H. E. Baker spent the week visiting friends in San Francisco.

J. W. Fanning and Ed. Hamlin are spending the week in the mountains.

Another newspaper is among the probabilities at Medford in a short time.

The ladies all praise the new roller process flour made by the Medford mills.

Medford artists intend to contribute largely to the success of the district fair.

The Medford roller mills shipped their first car load of flour to Yreka last Friday.

Dr. Geary's fine ranch on Griffin creek is this year yielding some exceedingly fine fruit.

New arrivals are daily seen on our streets. Medford offers superior inducements to immigrants.

Dr. Pryce now has attractive office apartments on the second floor of Mrs. Stanley's new building.

W. G. Cooper of this place is having his fine Vermont trotter developed at the Jackson county fair grounds.

Prof. W. Crawford, of McMinnville, the new principal of the Medford schools has been in town for ten days past.

Wheat is rolling in rapidly at Medford, principally for storage. Baker has upwards of 140 carloads on hand already.

R. Westlake, late of Shasta county, California, last week took charge of the Clarendon hotel, and will conduct it in the future.

Mrs. D. T. Lawton, who was so seriously injured in an accident at the Siskiyou mountain, is recovering very slowly, we learn.

Many Medford people are preparing exhibits for the district fair, and quite a number of our merchants will have booths on the ground.

W. B. Adkins is lecturing in northern Oregon and Washington territory on the themes, "What is man?" and "What America most needs."

E. F. Walker, who has been laid up for four weeks with a badly sprained ankle is able to be about again but still suffers much inconvenience from his hurt.

The Monarch saloon at Medford, under the management of H. H. Wolters, is proving a popular resort. The best of everything in that line is kept there.

The wife of Frank Davis and two daughters arrived from Minnesota a few days since to reside permanently in Medford; where Mr. Davis has been for sometime.

One of our physicians whose practice extends over the county last week had sixteen cases of fevers and summer ailments of various kinds. Health is improving at present, however.

J. M. Bently will open a real-estate office in Pendleton soon. He formerly resided in Medford. His little son Eddie recently won renown as a hero in rescuing a baby from a camp fire into which it was toppling, burning his own feet severely in making the rescue.

H. H. Wolters, the mixologist, has reopened the saloon formerly kept by A. H. Carlson, thoroughly refitting it and making many improvements. He has supplied the bar with the finest wines, liquors and cigars, and a fine billiard table can also be found there. Give him a call for he will treat you well.

Make No Mistake.

By dispelling the symptoms so often mistaken for consumption, Santa Abie has brought gladness to many a household. By its prompt use for breaking up the cold that two often develops into that fatal disease, thousands can be saved from an untimely grave. You make no mistake by keeping a bottle of this pleasant remedy in your house. California Cat-R Cure is equal effective in eradicating all traces of nasal catarrh. Both of these wonderful California remedies are sold and warranted by all druggists at $1 a package, 3 for $2.50.

Do Not Suffer any Longer.

Knowing that a cough can be checked in a day, and the first stages of consumption broken in a week, we hereby guarantee Dr. Acker's English Remedy for consumption and will refund the money to all who buy ake it as per directions, and do not find ur statem ent correct. For sale by E. C. Brooks.

Money to Loan.

A Wonderful Record.

OUR business is now so great that if located in New York, Chicago or Philadelphia, and allowing for the difference in population, it would be from three to five times larger than any of the largest stores in those cities. This is a wonderful record approached by no other store on the Coast and probably not by any in the country. *It shows on its face that the business must and does present advantages of a most unusual sort.* In a word or two, we wish to point out that this success is due to our goods, prices and service.

AS TO SUPERIORITY OF OUR GOODS. Our Catalogue (which we send free to any address) in itself is one proof. A glance through its pages, will show that we are handling the goods of the best manufacturers in this country and Europe. For many of these makers we are agents. It pays the leading manufacturers to give us the preference because we have the largest outlet for their goods on the Coast. We think the beautiful illustrations in the book will also show that in that other important quality—*style*—our goods are second to none in the country. We have many buyers, and get novelties and new fashions as fast as they appear in the markets of the world.

AS TO LOW PRICES. The size of our trade is proof of the leading position we hold on this point. It is a sort of *public verdict.* If our goods were not better and prices lower than those of other dealers, we should not have long the largest general retail trade on the Coast. *People look to us for low prices, and we cannot afford to disappoint them.*

AS TO SERVICE. Our business is splendidly organized with trained and skillful people in all the leading positions. Through a system of profit-sharing, their interests are identical with those of the business. Customers see the effects of this plan in the spirit of enthusiasm and willingness with which everything is done, as well as in the attention paid their slightest wants.

THE EVER-PRESENT QUESTION. "How can we better serve our customers?" is an ever-present question with us. It keeps us constantly busy studying, devising, experimenting. It allows of no stand still. Month by month, year by year, the business is becoming more and more perfect. We take great pride in having all its countless transactions run smoothly and satisfactorily.
