a terrible condition, being covered with sores. Sulphur springs fail. Cured by the Cuticura Remedies. Suppar springs fail. Cured by the Catheura Remedies.

I have used your Cuticura Remedies in two cases where it proved to be successful. The first was in the case of a boy a year and a haif old. His face and body were in a terrible condition, the former being completely covered with sores. I took him to the Massena Sulphur Springs, but he did not improve any. I was then advised to try Cuticura Remedies, which I did. He took one and one half bottles of Cuticura Resolvent, when his skin was as smooth as could be, and is to-day. I used the Cuticura on his sores and the Cuticura Soap in washing him. He is how 5 years of age, and all right. The other case was a disease of the scalp, which was cured by washing with the Cuticura Soap and rubbing in the Cuticura, one bottle of Cuticura Resolvent being used. They have proved successful in every case where I have advised the use of them. It is surprising how rapidly a child will improve under their treatment. I recommend them for any disease of the skin as being the best in the world. This is my experience, and I am ready to stand by my statement.
