OFFICIAL PAPER OF JACKSON COUNTY, OR

FRIDAY .... DECEMBER 5, 1890

Mass Meeting at Murphy.

A mass meeting was held at the usual place of voting in Murphy precinct Nov. 21, for the purpose of discussing and adopting some resolutions in regard to the proposed Oregon tax law.

The meeting was called to order with F. G. Day in the chair; George A. Fenn acting as secretary. By order of the chairman the bill was read. After some discussion the following resolutions were read and adopted:

RESOLVED, That we, voters of Murphy precinct, are opposed to the proposed bill as proposed by the senatorial committee.

1st. We favor doing away with county assessors and having precinct assessors instead, to be elected by the voters of the precinct.

2d. We favor the county court acting as a board of equalization.

3d We are in favor of paying taxes to the county treasurer on or before April 1st; balance July 1st

4th. We favor the household exemption of $300 as now.

5th. We oppose electric light, telegraph, insurance, telephone companies, etc., mentioned in the proposed bill paying taxes to the state treasurer, which rightly belong to the different counties.

6th We oppose the repeal of the Mortgage Tax law or any part of it

7th. Also resolved, that hereafter we will not vote for any man regardless of party, who will not pledge himself to work and vote for the same

After which F. G. Day, G. A. Fenn and Lee Sill were appointed as a committee to draw up a petition, praying for the same to be circulated throughout the county.

WHY PAY $50 AND MORE FOR A CHEAP LOT

When you can get an ENTIRE ACRE of the best fruit land in Nickell's Addition to Medford for the SAME price?

Nickell's Addition joins Medford's western corporation line, is situated in a beautiful and healthful location, and is within a stone's throw of the Medford school-house. The land is particularly adapted to horticulture, and great returns would be realized there from a few acres planted in prunes, peaches, grapes, etc.

Two of its best features are that it is free from city taxes, although not being a great distance from the business portion of Medford, while the Jacksonville-Medford railroad will run through the land near the northern boundary.

It has been laid out in tracts of five acres and less, and will be sold at very reasonable rates on the most favorable terms, viz: one-third in cash, one third in one year, and balance in two years.

For further particulars apply to any reputable real-estate dealer, who will take pleasure in showing you the addition.

Ashland Clothing Thieves.

As a concluding item, on the two burglars spoken of in the article published in another part of this paper says the Yreka "Union," we will state that the men were brought before our superior court and one of them pleaded guilty, was sentenced to the state prison for one year, and was taken down by Deputy Sheriff Clarkson last Tuesday. The other was taken sick the latter part of last week, and growing worse asked to be removed to the hospital. He was removed there, but died Monday night. He seemed to think he would die, and did not want publicity given to his real name as he said he was of respectable parentage and had a mother living. The one who was sent below said he was burnt out in the Seattle fire, and he could not beg, would rather steal than beg, and so he stole. He, too, claimed to have respectable parents.

Read it.

Attention is called to the article treating of the forestry of southern Oregon, from the able pen of E. W. Hammond of Wimer, contributed by him to the recently issued "Resources of southern Oregon." It is full of interest to our readers, and replete with information not readily obtainable. Mr. Hammond is thoroughly familiar with the subject, and has taken great pains in the preparation of the article. He was naturally much chagrined at the carelessness of the proof reading in the state printing office, and we have endeavored to eliminate the errors which occur in the previous publication, although the botanical terms are somewhat difficult for the uninitiated to keep in order.

Killed by the Bartender.

Redding, Cal., Dec 1.—A report arrived to-night that Joe Goodwin, an ex-stage driver, who has of late been tending bar at Fall city, well known in southern Oregon, killed a man on Sunday by the name of Allen. It appears that Allen went into the saloon drunk, had words with Goodwin, and told him if he would come out from behind the bar he would thump him. Goodwin grabbed a pistol, struck Allen twice, when some one caught him by the arms and told him to desist; but Goodwin thrust the pistol out to one side and shot Allen through the head, killing him instantly.

It is the purpose of the company to colonize the tract as a fruit tract, and 600 acres will be planted with trees this winter. Marion Griffin is a brother of Scott Griffin of Tolo, and is well known in this section.

It is somewhat significant that the Salem canning company is thus early advertising for vegetables for next year's use, and offering to contract for them in advance of planting. The immense possibilities afforded by a few good canneries, properly operated, for consuming the surplus product of a valley such as this are hardly realized as yet. Whenever we can market such bulky products as vegetables to local buyers in unlimited quantities it will mean that the tide of dollars will once more set our way.

Mr. Southwick, a good-natured Republican mail clerk on the Ashland San Francisco run, tells this story, which is too good to keep: "While crossing on the Contra Costa ferry-boat one night, just after the recent elections, two honest old gentlemen from the interior were discussing the effects of the Democratic victory in the eastern states, when one said: 'If the Democrats have a majority what do you think they will do about the McKinley bill?' Better Than A Gold Mine—Ten acres set to fruit when in a bearing condition will yield an income of from $3000 to $4500 per year and requires no expensive machinery to operate it. A fruit-raiser in the Willamette valley requires but a small outlay, has all the advantages of a civilized and cultured society, has good and convenient markets and receives a better income from the same investment than can be had from any other line of business. You can get this land from $55 to $75 per acre of The Oregon Land Company of Salem, Oregon.

There may be persons in this community who are at times troubled with colic, or subject to bowel complaint. If so, they should try Chamberlain's Colic, Cholera and Diarrhoea Remedy. It will afford almost immediate relief, and when reduced with water is pleasant to take. If taken as soon as the first indication of the disease is felt it will ward off the attack. Many people use it in this way, and find that it never fails them. A 25 or 50 cent bottle may be obtained from Dr. J. Hinkle, Central Point and G. H. Haskins, Medford.

Some little time ago a party placed what purported to be a gold nugget before W. Hirst, of Montague, of the supposed value of about a dozen dollars, and asked the loan of four or five upon it. It looked valuable, but Hirst gave it to Charley Herzog to have it tested and he took it to the Siskiyou County bank. Mr F. Wadsworth tried it, and it proved to be utterly valueless. People had better "look a little out" about loaning money on nuggets. Had the piece referred to been good, it would have been worth about fourteen dollars.

John Keown, the worthy postmaster at Keown, Alleghany county, Penn., says: "Chamberlain's Cough Remedy sells better than any other." The reason of this is because it can always be depended upon. Let any one troubled with a severe cold give it a trial and they will find that the first dose will relieve the lungs and make breathing easier, and that its continued use will free the system of all symptoms of the cold. The promptness and certainty of this remedy in relief and cure of colds has won for it many sincere friends and made it very popular. For sale by Dr. J. Hinkle, Central Point, and G. H. Haskins, Medford.

The work of leveling up, ballasting and filling in the washouts on the Y. R. R., from the damages caused by last winter's heavy storms and floods, is about completed under the superintendence of A. J. Storts, the scientific section foreman on the S. P. line, for the eleven mile section south of Montague. Mr. Storts has made a fine job of fixing up this road, over which the trains run now as smoothly as over any road on the coast, the train going out to Montague last Sunday in 11 minutes without any extra exertion on the part of the engineer, which is good traveling for a distance of 7¼ miles with a number of curves, and 116 foot grade to the mile a portion of the way, says the "Journal."

PROF. KOCH'S DISCOVERY.

FOR THE CURE OF CONSUMPTION IS CREATING THE GREATEST COMMENT ON BOTH CONTINENTS.

It has been known and fully demonstrated on the American continent for the past twenty-five years that Dr. Aborn, the well-known throat and lung physician, does absolutely cure Asthma, Bronchitis and consumption. Many living witnesses to-day do testify that he cured them 20 to 25 years ago, many of them residing in Oregon and California to-day, which is no less remarkable than the wonderful discovery made by Professor Koch, of Berlin.

HOME EVIDENCES.

The following recent cure is most conclusive home evidence of Dr. Aborn's wonderful success in curing asthma, bronchitis, catarrh and consumption.

EX-SHERIFF.

D. M. Dunbar, of Forest Grove, Oregon, cured of Asthma, Bronchitis and Catarrh.

HE COULD NOT LIVE MUCH LONGER.

One of the Most Remarkable Cures on Record, Considering his Physical Condition.

IN JUSTICE TO DR. ABORN.

FOREST GROVE, OR., Nov. 10, 1890.

To whom it may concern,—For the last three years I have been very badly affected with asthma, catarrh and bronchitis. I had nine very hard attacks and came very near dying five or six times. I was so far reduced that no one thought I would live very long. About three months ago I consulted Dr. Aborn, Fourth and Morrison sts., Portland, Or., and have been treated by him since that, and I am compelled, in justice to Dr. Aborn, to say that he relieved me at once and that I have improved steadily. I have not had any hard attacks of asthma and am not troubled with it at all now, and I think that the catarrh and bronchitis are nearly if not quite cured, and that I am entirely satisfied with his treatment of my case, and would advise those afflicted as I have been to consult Dr. Aborn at once.

D. M. DUNBAR.

DR. ABORN

Has devoted twenty-five years to the successful treatment of the Eye, Ear, Catarrh of the Head, Asthma, Consumption, and all affections of the Throat, Lungs, Heart, Liver, Kidneys and Digestive Organs, Nervous Debility, Scrofula, Blood Taint and all diseases of the Skin, Neuralgia, Rheumatism, All acute pains instantly relieved, also Ear Diseases and Deafness often cured at the first consultation at the office.

Dr. Aborn's essay on the "Curability of Consumption," and his large paper with a "Treatise on Catarrh of the Head," with evidences of some extraordinary cures, mailed to any address upon receipt of a two-cent stamp. Dr. Aborn can be consulted daily 10 to 12 A. M., 2 to 4 and 6:30 to 7:30 P. M. Sundays 10 to 12 and 2 to 3 only. No charge for consultation. Happy Hoosiers.

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only 50c, a bottle, at all drugstores.

Baby Cured.

My baby had the worse case of Catarrh that I ever saw a small child afflicted with. The nasal discharge was very large and very offensive. Having some personal knowledge of the curative properties of S. S. S. I gave the baby a course of S. S. S., using nothing else. In a short time the discharge from the nose stopped, and the Catarrh was cured entirely and permanently, and there has been no return of it since.
