Stone in the Kidney.

I was first taken with sharp pains in the wer part of my bowels in the region of the adder. Shortly blood appeared mixed with y agine, and a few weeks later I had an at-ck of brown gravel. I tried a number of octors. One said it was gravel, another dammation of the Bladder and unother stone in kidneys. For three monts I was under the care of an emment doctor at Albany, but constantly growing worse, went home to die. At this time I was induced to try Dr. David Kennedy's Favorite Remedy, of Rondbut, N. Y., and am now robust and strong. A remedy which can do this for one so near death as I was should be known everywhere. I hope this statement will cause others afflicted as I was to use the Remedy.—C. W. Brown, Petersburg, N. Y.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. Archer, M. D.,

Castoria cures Colic, Constipation, Court Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion. 111 So. Oxford St., Brooklyn, N. Y. Without injurious medication.

THE CENTAUR COMPANY, 77 MUSTRY Street, N. Y.

We challenge the reader to successfully controvert the assertion that an acre of thrifty, well-cultivated, producing orchard trees in the valley of Rogue River will yield a net yearly income of \$100. It will average 100 trees to the acre, and the estimate is based upon the demonstrated fact that each fruit tree will produce \$1 in value, net, of

## That is Leval Interest at 10 Per Cent. on \$1000.

In other words an acre of producing fruit trees has a valuation of \$1000. It is better than any bank-for the bank is sometimes carried into Canada by the cashier, Dame nature—a trust-worthy guardian takes care of the principle, and the dividends never fail. Of course if you plow your orchard once in twenty years, and rob the trees of their nourishment by making a cornfield of the orchard ground, and invite the birds and rob the ground, and invite the birds and orchard pests to make a restaurant of your orchard, you must not complain that your horticultural methods have precipitated a foreclosure of the mortgage on your orchard.

CULTIVATE YOUR ORCHARD With half the care you give wheat-fields, and it will yield an income on a valuation of \$1000 an acre. There is not a wheat-field in this

seeunty which yields such an income, and EVERY orchard does.

We propose to sell you an acre of fine alluvial soil, within cannon shot of five growing towns, close to the steel rails of a trans-continental railroad, in the most beautiful valley on the slope of the Pacific, with one hundred growing, thrifty producing fruit trees, to be selected by you. Buy it for a home to shelter you if adversity or the winters of old age overtake you and find you penniless.

IT IS WORTH \$1,000. We give away the land. Pay us \$10 a month, 10 cents a tree, for two years, and we will present you a warranty deed of the acre, and GUARANTEE it to have a thrifty, growing, producing orchard.

Despite these facts the farmers of the country continue to value

The Only Safe Protector of Butt. Every bread-winner at the forge or near the cutting saws, or in sound of the hum of the shuttles, or the thunder of the factories, or Protects Butter from all edors, last, heat and handling. Keeps Butter cool and sweet and is cestly and a home for a life-time out of the meagre savings of 2 years' work. A more beautiful and a larger home than ninety per cent. of the popula-

HOTEL FOR RENT. Despite these facts the farmers of the country continue to value their land high, and rob its soil by sowing it with wheat and competing in the markets of the world with the serfs of Russia and the slaves of India. "Export the wheat of a country and you ship away the vital. It would brick one and or it of its soil," says a great economic writer. The people of Jackson it of its soil, says a great economic writer. The people of Jackson is sufficiently assigned for the hotel business, will rented at a low rate to responsible parties.
