CROP WEATHER BULLETIN NO. 9

The following is the report of the Oregon weather bareau for the week ending Saturday, May 9th, 1891:
WESTERN OREGON. shiand soon.

The Meadows school opened on the 4th with E. Potter, the vectran school teacher, at the helm.

The temperature has been about average for the week, while the rainfall has been in excess from one to two inches. In souther Oregon the rain was unusually heavy, generally a few to the 4th to the 4t

J. E. Potter, the vecran school teacher, at the helm.

The Antioch school is preserved as greetly under the efficient management of Miss Dee Ankeny of Sterling.

The farmers of this section who have just this shed planting corn are quite jubilant over Monday and Tuesday's rain.

Henry Atteberry, one of Mertin's bright young men, is paying his father, T. F. Atteberry of this place, visit.

The aged father of Joe Martin of this place has been lying dangerously ill at the home of his daughter, Mrs. George Smith, but is somewhat improved now.

The Mountain school, which has been closed on account of sickmiss, has resumed studies. Miss Martha Cardwell, our teacher, gave her tropicles lessons in house-cleaning last Friday and the school-house now presents a very neat appearance.

The many friends of Grandma and Grandpa Myers, who have been so near death's door for the past two months, will be pleased to Meaftord.

The Mountain school because of Grandma and Grandpa Myers, who have been so near death's door for the past two months, will be pleased to Meaftord.

The many friends of Grandma and Grandpa Myers, who have been so near death's door for the past two months, will be pleased to Meaftord.

The many friends of Grandma and Grandpa Myers, who have been so near death's door for the past two months, will be pleased to Meaftord.

usually promising EASTERN OREGON The temperature has been about an average, Showers fell on the 4th, 5th 6th, and 7th, quite copious in Wasco county and decreasing in amount, eastward. In Morrow county only sprinkles were experienced. Light frosts occurred in sections on the 7th, 8th and 9th, no damage is reported. The weather has been more cloudy than usual. more cloudy than usual.

Late spring grain is in need of more rain; unless more moisture is soon to be had the spring grain will be a short crop. Fall wheat promises unusually well. In Umatilla county the ground is quite hard, but the late showers benefited it somewhat. In sections fall wheat has begun to head. In Baker and Malheur counties irrigation is mainly depended upon for crops and here they are very promising, as the cool, cloudy weather retarded evaporation. In Union county wheat prospects are excellent. South of the Blue mountains spring is backward, frosts are frequent. Fruit is now ore cloudy than usual.

backward, frosts are frequent. Fruit is blooming, frost has done no damage to blooming; frost has done no damage to it far. Spring grain is coming up, but mo rain is wished for. Snow yet lingers in ti mountains, seeping the afrecool. Througho eastern Oregon the fruit prospects are exelent. Sheep-shearing is progressing finel some clips being delivered to warehouses.
