A BIG FLOOD.

The only thing that will wet a man who wears a "Fish Brand Slicker" is a flood; but even then he must be under waiter. This statement may seem strong, but a coat that will stand a two days storm without leaking, and will not rip or tear, is sure to fill the bill. The additional advantage is that it costs less and wears longer than any other waterproof coat. Have you one? If not, why do you wait until it rains? Sold everywhere. Buy it

waterproof coat. Have you one? If not, why do you wait until it rains? Sold everywhere. Buy it now. It is a great mistake to wait until it rains to buy a waterproof coat. The time to buy is when the dealer has a clean, fresh stock. Be sure the coat is stamped with the "Fish Brand" Trade Mark, and you will get the best waterproof coat ever made. Don't accept any inferior coat when you can have the "Fish Brand Slicker" delivered without extra cost. Particulars and illustrated catalogue free
