A Page From Her History. The important experiences of others are interesting. The following is no exception: "I had been troubled with heart disease 25 years, much of that time very seriously. For five years I was treated by one physician con-tinuously. I was in business, but obliged to retire on account of my health. A phy-sician toid my friends that I could not live a month. My feet and limbs were badly swol-len, and I was indeed in a serious condition when a gentleman directed my attention to Dr. Miles' New Heart Cure, and said that his sister, who had been afflicted with heart dis-ease, had been cured by the remedy, and was again a strong, healthy woman. I purchased a bottle of the Heart Oure, and in less than an hour after taking the first dose I could feel a decided improvement in the circulation of my blood. When I had taken three doses I could move my ankles, something I had not

Brown Shire Stallion [Vol. 10] foaled 1887; bred by A.C. McCorquedale, Lawton Grange, New-ton C. Willows, Lancashire, England, Imported for S. F. Cass, of Summer, lowe,

PEDICREE: Sired by Agricola (2700); he by Thumper (2136); he by Waxwork (2208 y Matchless (1509), he by Active (29) he by Farmer's Profit (873); he by Howard's Profi

Dam, Mediar [Vo', 9]; she by Adam [Vol. 65] Grand dam, Jip (Vol. 9]; she by Duk f Thornton.

The above pedigree is certified to by J. Sloughgrove, secretary of the Shire Horse Society, of Great Britain and Ireland, August 29, 1888,

The great Agricola [2700] has won, among the other prizes, first at the Royal Manchester, and Liverbool show in 1892, first and champion over all ages at the same show in 1883; first at Lancaster Spring Stallion Show; first at Leyland; first at Nelson and first at Skipton, all in 1886. In 1887 he won first at Ormskirk Spring Stallion Show, first at Ormskirk, Southport and Bootle Show, and champion prize for best stallion in the show yard. In 1877 he was imported by Galbreath Bros. of Janesville, Wisconsin, and in 1888 he won first prize in Chicago in the

Bootle Show, and champion prize for best stallion in the show yard. In let he was imported by Galbreath Bros., of Janesville, Wisconsin, and in 1988 he woo first prize in Chicago in the strongest class of -bire horses ever shown in America. Mediar, (Vol. 9, dam of Maximillion) is a Shire mare weighing 2360 pounds, whose breed-ing is as time as any horse in England. While Maximillion, 'ike his sire, the great Agricola, is not extra large, weigh'ng only from 1800 pounds, his get is universally large, and, like himself, they posess the build-bonc and muscle-necessary to make them selfers in any market. The breeders of Oregon have found to their sorrow that breeding scrub stock dors not pay. We must either breed for saleable draft horses or for speedy trotters. Either class is 'n demand and will bring good prices, and while the Mongrel is unsaleable at from twenty-five to fifty dollars the well bred, heavy draft horse is in good demand at from \$160 to \$250 each, The English Shire 's the draft horse for this mountainous ccuplry. In them is combined the action of the pony and the strength of the draft horse. Did you ever see an English Shire that would balk, or had curbs or spavins on his timbs? We think not. Have you ever sees a breed of horses as tree from disease, as hardy and as easily kept in good condition as the Shire horse? Statistics say so. The borse breeders of Oregon who are now so liberally pa-tronizing Maximilion this seeason will find they have made no mistake in so doing. Maximiliton this seeason will find they have made no mistake in so doing. Maximiliton can be found at Williams' livery stable in Medford, on Thursday, Friday and saturday of each week. Terms: §10 single services, §15 for the season (with usual return privileges) and \$20 to insure. In case your colt meets with an accident or dies before a week old, you shall have the free use of the horse the next season for the same mare, provided there is no change in ownership. W. M.
