Pioneer Re-union.

The annual meeting of the Southern Oregon Pioneer Society was held at Jacksonville last Thursday and proved an interesting event, as is usually the case. Owing to the threatening weather the attendance was not as large as it otherwise would have been. R. S. Dunlap, Esq., president of the society, officiated with his customary urbanity. Excellent music was furnished by a choir composed of Misses Cora Linn, Carrie and Mollie Miller, J. M. Horton and John F. Miller, Miss Carrie Beekman presiding at the organ. The remarks by W. H. Parker, Esq., the orator of the day, were quite timely and interesting and attentively listened to, as also were the memorial resolutions on those members of the society who have died since the last re-union. A basket dinner followed. The native sons and daughters of southern Oregon also met and decided to take charge of the re-unions in the future. Among the oldest pioneers present we noticed Col. W. J. Martin, who crossed the plains with John C. Fremont in 1843; Hon, William Kabler, Mrs. J. M. Mc-Culty, Mrs. C. B. Hoffman and Rev. M. A. Williams, who crossed the plains and arrived in Jacksonville in 1852.

Beginning of its Fourth Session.

On Monday, Sept. soth, the Medford Business College began another year's work. For three years has this meritorious institution been handing down to the young men and women of southern Oregon the golden grains of knowledge, and many have passed from its doors well equipped for the higher callings of life. During this time this college has been advancing step by step, each year nearly doubling its attendance of the previous one. The fourth year opens under even brighter auspices than ever before, and it is hoped that the increase in pupils will be fully as great as at any previous opening. No institution in the state is more deserving of interest. The instructors spare no pains to elevate the pupil to the higher and nobler planes of life, while the excellent work Yaquina bay has benefited her health conperformed by those who pass both the siderably. normal and commercial departments | Kelton Bres., the clever express messenproves the thoroughness of their instruc-

A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genesee St.,

Lockport, N. Y., says: "Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair. and had about decided to sit up all night

in my easy chair, and presure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."

Ayer's Cherry Pectoral Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Promptto act, sure to cure
