A discovery of very rich ore in Alfred Hatch's mine in Jackson creek district is reported, fuller particulars of which will be given in our next issue. L. B. Matney and Mr. Runyon, who

are prospecting on Chapman creek, a ributary of Jackass, have struck placers which prospect very well.

Two-thirds interest in the Molly Hill

TAYLOR—OSBORN—At Woodville, Sept. 20edge on Mount Reuben was sold last

1894 by Rev. Joel Milton, E. H. B. Taylor
and Miss Bertha Osburn. ledge on Mount Reuben was sold last week to Jacob Kamm of Portland, for \$3000. George Keams of Wolf creek and Willis Kramer of Myrtle creek own the other third.

Kubli & Knight, who are developing a ledge in Gall's creek district, are taking out better ore than ever. The richest vein of the two is now five inches wide, and continues to increase in size. H. D. Kubli brought 13 ounces of bullion to Jacksonville yesterday, which is the result of a short run with an arastra.

Shearer, Brown & Co., who have taken up a considerable body of ground on the left fork of Carberry creek, struck excellent prospects sometime since and are getting ready to commence work on an extensive scale. A great portion of the placers in Steamboat precinct have been located by different parties.

Considerable prospecting seems to be going on this year upon lower Rogue river and tributaries. Early this season Messrs. Aubery and Moore found good pay upon the river, and have just returned from a couple of months' work there. Frank and Henry Fry have also found a rich crevice, which will take them several months to work out, and which has paid \$2.75 to the pan so far. Another rich strike of gold quartz has been found at the forks of Mule creek, and other good prospects have been uncovered.

Highest of all in Leavening Power .- Latest U. S. Gov't Report.

THE FRUIT CONTEST.

ty would have been victorious in the contest for the first premium in the hortical tural department at the late state fair if those in charge of our exhibit had displayed more style. The reporter must have been purblind, as our county's representatives at the fair are known to be stylish people. Here is what that paper says: "Great interest was shown in the respective exhibits of Jackson and Yamhill counties, and the rivalry between the two for the first premium, although goodnatured in the extreme, was, nevertheless, very spirited. Hon. O. N. Denny and Professor Coote of the state agricultural college was delegated the task of awarding the blue and red ribbons. It was a hard task for them, and it took several hours of consultation before they could . hours of consultation before they could arrive at a decision. As a result of their deliberations, it was decided to place the blue ribbon upon both displays, the Has- award to Jackson county being for the best display of fruit and to Yamhill tor the most artistically arranged exhibit. equally divided between the two counties. The award was to be made for the most ar-First premium \$1 50, asters, Mrs. Chas.

Jackson county's favor, so far as the
C. Lawton, Medford. quality of the fruit was concerned. Had more care been taken in arranging the exhibit, Jackson county would have wor

LATER .- On Thursday evening, when the judges who made the award upon the made their report, wherein they recommended a division of the premium, the board refused to accept their decision, claiming it was obligatory upon the judges to award the blue ribbon to either one or the other of the displays. Thereupon they decided to give the first place to Yamhill county, while to Jackson they awarded the red ribbon. The Oregonian. speaking of this judgment, says: undoubtedly acted justly, in view of the conditions attached to the entry, which they were compelled to take into consideration, regarding the artistic arrangement of the display. It was not considered altogether just to attach any such condition. Where competitive entries are made for fruit, the premiums should be awarded solely on the quality and nothing else. Jackson county had the best fruit of the two, and to say this is not in any sense a reflection on the quality of fruit shown by Yamhill. It would be an easy matter to arrange scrubby fruit in a most artistic manner, yet the quality would be lacking. As a matter of justice to all fruit-growers, quality alone should be the condition governing awards in this department, the same as in all others."

STUDIES WILL BE RESUMED for BOARD-ers and Day Pupils in September 3.1894.

The course of study in this institution is thorough, embracing all the branches belonging to a first-class education. Languages, drawing and vocal lessons in class being included in the English course, form no extra charge.

Young ladies wishing to follow the higher art course or musical course are afforded special facilities in each.

The usual modification is made when more than one of the same family attend the Academy at the same time.

There will also be attached to the Academy a day school for boys in a separate building. Jacksonville is conceded to be the most healthy place in Southern Oregon and easy of of access. Rogue River Valley Railway Co.'s trains run within a block of the Convent.
