THE GIST OF THE WEEK'S HAPPENINGS AS TOLD BY TELEGRAPH. Interesting Items From Europe, Asia, Africa and North and South America, With Particular Attention to Important Home News.

Secretary of State E. G. Waite died very suddenly at his home at Alameda Tuesday. He was ill only 36 hours with colic. The local investigation of the police department of New York is still continued. Police Commissioner Sheehan was on the rack last week. He finally refused to answer Lawyer Goff's questions.

The Burlington has begun the regular running of trains to Billings, Mont., and by way of the Northern Pacific to Helena, Butte, Spokane, Seattle, Tacoma and Portland, and all northern Idaho, Montana and Puget Sound points. This gives to the railroad world another transcontinental line, which will play no unimportant part in the matter of freight and passenger traffic in the future.

A complaint filed in the circuit court at Milwaukee is a novelty in legal documents. It is a suit for \$30,000 damages on account of breach of promise, the plaintiff being Adolph Scholz, a banker who has been doing business in Berlin. He tells how he sold out his business in Germany and journeyed to Wisconsin to make Catherine Pilger Mrs. Scholz, and how when he arrived she refused to marry him. Thereupon he returned to Germany, but in January, 1893, relying upon her renewed promise, he came back and was again spurned by Catherine. The two trips, together with the injury to his feelings, he considers worth \$30,000.

Juan Cenefuegos, one of the Salvadoran refugees who was detained at San Francisco at the request of the government of San Salvador, has been released from custody. The state department at Washington has refused to grant the extradition of Cenefuegos. He came to San Francisco with Antonio Ezeta and other refugees, and all were charged with murder and robbery. The United States court decided that the alleged crimes were committed during a state of war and that extradition could not be granted.

Nine lots of fruit, principally apples from Oregon, though some pears were from San Francisco, were destroyed at the public crematory at Vancouver, B. C. The apples were affected with codlin moth and the pears with San Jose scale. Dealers here are anxious that the fruit inspectors in the states of Oregon and California should in some way punish these firms for sending out infected fruit. The inspector has publicly announced that infected fruit is coming from Oregon. San Francisco was not mentioned in his statement, as only one lot coming from there was condemned. On account of this announcement orders for fruit from the south have fallen off, and orders are being placed with Ontario (Can.), and Australian agents.

Massachusetts proposes to begin at once an active warfare on tuberculosis in cattle within the state with a view to completely eradicating it. Since the state board of cattle commissioners began work a few months ago with an appropriation of \$50,000, more than 1,000 cases of tuberculosis have been located. Within two weeks 149 cattle have been reported as suffering from the disease, and the daily reports grow more alarming. Some 400 odd inspectors have been appointed to inspect the state, and beginning on Nov. 15 slaughtering of affected cattle will be begun on a wholesale plan. On that date the commissioners will begin a quarantine system, and all cattle brought into the state will be placed in quarantine and held until they have been inspected and tested. The tuberculosis test will be depended upon in the examination of all herds.

The third anniversary of a dog's death was observed with high honors at Providence, R. I. Bells were tolled, anecdotes of the deceased were recited, and anthems were sung in praise of his deeds. Food, raiment and money were distributed among the poor, and a special service at his grave, over which a lofty column rises. The dog was Jumbo, a magnificent specimen of the St. Bernard breed. The celebrated theophist, Blavatsky, is positive that Jumbo was existing as a dog through some misfortune and that he had a pre-vious existence as one of the mightiest of men. The person at the head of the celebration was H. L. Dorsey. At the banquet trip was the principal dish. Jumbo was very fond of it. Out of respect of him it was served in a dozen different styles. The guests were 14, the number of years Jumbo lived as a dog. On this occasion Mr. Dorsey announced his intention to bequeath a sum of money for the founding of a retreat for homeless dogs, to be called 'The Jumbo Retreat.'

Willison, formerly a minister at Portland, has been found guilty of forgery by a jury in the Oregon state circuit court. There are four indictments against Willison for forging promissory notes, amounting in all to \$6,800.

Governor Markham has appointed Albert Hart secretary of state to act until the successor of the late E. G. Waite qualifies. Mr. Hart is familiar with the duties of the office, having been employed at the capitol for many years. A monument to General U. S. Grant is to be erected in Golden Gate park, San Francisco. It will be a fac-simile of the bust on the tomb of the hero at Riverside park, New York city.

All the letter-carriers and clerks in the Victoria (B. C.) postoffice struck the other day against a reduction in salary. No mail was delivered for one day. The men returned to work at the request of the Board of Trade. They will work one month and then strike if their wages are not restored. An idea is gaining ground in Lake County, Or., that the Polled Angus will be let alone. Chicago buyers claim that their meat always kills out dark, giving it the appearance of spring beef. Some say this discrimination will exterminate the breed from those ranges.

The British flag ship Royal Arthur and four ships of the Pacific squadron have been ordered to Callao, Peru, and the flagship left Victoria, B. C., on the night of Nov. 1 under full steam. The British consulate at Callao has been taken possession of by revolutionists, the consul made a prisoner, his wife and daughter killed and the consulate destroyed by burning. Colonel S. B. Lovell, Second regiment, Oregon National Guard, has been convicted of embezzlement by a court-martial. Lovell was sentenced to dishonorable discharge and fined double the amount of his defalcation. His shortage was \$1,200. Governor Penoyser approved the first penalty of the sentence, but set aside the fine.

James B. Montgomery has commenced suit in the United States court at Portland against the Northern Pacific and the receivers to recover \$18,789 which he paid the company in 1876 for timber lands in Waiilatama county, Wash. He alleges that the company warranted his title, but that it had no title to the lands, and he was evicted by the United States.

The owners of the Bull Dog gold mine of Gold Field, 35 miles from Phoenix, A. T., refused an offer of \$200,000 cash for their lease, which has still a year to run. Rich ore was struck about three weeks ago. The mine is bonded for \$95,000 and the owners already have secured 1,000 tons of ore running from \$30 to \$40 a ton. S. D. Worden, the accused train wrecker on trial at Woodland for wrecking a train during the railroad strike and killing four men, has made a confession, giving in detail a history of the crime. Worden implicates six others in the derailing of the train. Six of the accused are under arrest, but the seventh, named Wheeler, disappeared soon after the tragedy.

Use it in Time. Catarrh starts in the nasal passages, affecting eyes ears and throat and is in fact, the great enemy of the mucous membrane. Neglected colds in the head almost invariably proceed on to cause an excessive flow of mucus and if the mucus discharge becomes interrupted the disagreeable results of catarrh will follow, such as severe pain across forehead and about the eyes, a roaring and buzzing sound in the ears and oftentimes a very offensive discharge. Ely's Cream Balm is the acknowledged cure for these troubles.

The latest investigations by the United States and Canadian Governments show the Royal Baking Powder superior to all others in purity and leavening strength. Statements by other manufacturers to the contrary have been declared by the official authorities falsifications of the official reports.

ROYAL BAKING POWDER CO., 106 WALL ST., NEW-YORK.

In Chicago Police Officer George Krum was shot and killed at a place where he had gone to stop a disturbance. General Juan H. Cortina, once the terror of the Rio Grande frontier, died at the City of Mexico from pneumonia. A correct list gives 70 as the number of those drowned through the wrecking of the Wairapa off the New Zealand coast.

Frank Orantes attempted suicide at Santa Cruz through jealousy. He made two ugly gasps in his throat. W. S. V. Renwick, accountant for Spokane county, Wash., has been arrested, charged with forgery and embezzlement. J. W. Bain has been convicted at San Francisco of using the United States mails for fraudulent purposes. Bain conducted a swindling marriage bureau.

In Fonghkeepsie, N. Y., Michael Salvatore tried to kill his rival, Eugene Geneva, and wife by a combination of shooting and dynamite. The house was wrecked and its inmates badly bruised. Salvatore escaped. Ed Abernethy, a well-known liveryman of Pasadena, while driving a team attached to a carriage filled with people returning from a political gathering, was thrown out and severely injured. The carriage struck a stump. The passengers were shaken up, but not injured.

'Dolly, the Queen of the Outlaws,' who is identified with the Cook gang in Indian territory, and accompanies them on their pillaging expeditions, is said to be a handsome, dashing young woman who possesses courage unlimited and whose dare-devil recklessness exceeds that of the once noted Belle Starr. Sixteen men, some of them tramps and others men who had been at work and were saving their money by 'beating' their way home, were in a box car at East Clinton, Ia., when four men with pistols and dark lanterns entered and robbed every one of the occupants. About \$400 was secured.

A dispatch from The Dalles, Or., says: Frank Kline, son of ex-City Marshal Kline, and Otis Savage, whose father was circuit judge of this district for years, have been arrested for the Pacific Express robbery of \$14,000. All but \$400 has been recovered. Five thousand was found in the house of the ex-marshal. The arrest has caused a tremendous sensation.
