Many schools in America are planning to give an Easter entertainment for the benefit of the orphan children in the public schools of Cuba. Proceeds are to be sent to Cuban Orphan Society, New York.

Teachers occasionally ask if a certificate can be granted on papers from another state. A circular has been issued by the state department, stating that a certificate can be issued by the state board without examination, only upon papers secured by examination under the state department of other states equal in grade and kind with those secured in this state by public state examination. No institution in the United States can issue a diploma that will exempt a person from examination by a state department in order to teach in Oregon.

We had the pleasure of being present at the closing exercises of the Brownsboro school last Friday afternoon, and can say that it was an ideal closing. A programme of superior merit was rendered by the literary society of the school. There was not a pupil prompted during the two hours. The debate, by four young ladies, would have done credit to any pupils in the high schools of the county. Parents were present in large numbers to express their appreciation of the work done by J. A. Eish in the two terms he has been there.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory. There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble. Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in fifty-cent and dollar sizes. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y. and mention this paper.
