Only first-class, up-to-date work done at the Medford Photograph Gallery, opposite post-office. Prices reasonable, nevertheless. Geo. S. Howard of Medford is in Jacksonville, visiting his wife, who is lying seriously ill at the residence of her mother, Mrs. I. Eaton. W. R. Cook, having resigned the position of street commissioner, the board of trustees appointed G. L. Epperson to succeed him. The town trustees, at their last session, appointed Jas. Fresh candies—up to date and of superior quality—can always be found at Joe Wetterer's; also nuts, tropical fruits, etc. Shipments received almost daily. We have been favored with a complimentary ticket by the officers of the 2d Southern Oregon District Agricultural Society, whose fair will be held at Marshfield next month. Owing to the absence of the editor at Kansas city during the past two weeks, THE TIMES has not been up to its usual standard. It will resume its normal condition after this issue. The eighth annual session of the Southern Oregon Chautauqua Association is progressing and is being well attended. The programme is a peculiarly strong and interesting one. The report that meat was selling at 15 cents a pound in Jacksonville is erroneous. Although good stock is scarce, choice cuts can be obtained at Orth's butchery at the old price. The firm of White, Harbaugh & Co. of Medford is having internal troubles and closed their store for a few days. Business has been resumed, however, L. L. Jacobs having been placed in charge. Mrs. J. Goodell had an examination before Judge Prim at Ashland one day this week, and was adjudged insane by Dr. Brower. He was taken to Salem by Sheriff Orme and E. A. Carter. Goodell was but recently discharged from the asylum at Stockton, Calif. He has softening of the brain. During last May an infant child of our neighbor was suffering from cholera infantum. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. Curtis Baker, Rockwater, Ohio. Sold by City Drug Store.

The platform adopted by the Democratic national convention is a magnificent one, and at once appeals to the earnest consideration of every one who is purblind to the welfare of the country. It will be printed in full in the next issue of THE TIMES. Notwithstanding all rumors to the contrary, the fate of the foreign ministers at Peking, China, is in doubt, save alone Baron von Kettler, the German minister, who was murdered and cut to pieces, while riding to consult with the Chinese council, at a meeting called by it. The case of Ray vs. Mitchell, in voicing title to the Whitney mine near Gold Hill, has been transferred from the circuit court of Jackson county to the U. S. district court at Portland. Dr. Ray and Mr. Mitchell, who are the opposing principals, are on the scene at the metropolis. The rear Pullman car of Wednesday's southbound train left the rails seven miles north of Delta, Calif. It was finally stopped, bottom side up, by a ledge of rocks. The nine occupants were all more or less injured, but none fatally hurt. The accident occurred at the exact spot where seven freight cars were ditched the day before. The Roseburg Review of July 9th says: Edwin W. Stratford, son of Rev. J. L. and Emma Stratford, who was born at El Dorado, Kansas, March 11, 1882, died at the home of his brother-in-law, Henry Stewart, at Comstock, Douglas county, July 8th, of measles. He was employed in the Western Union Telegraph office in this city up to a few months ago, and was a quiet, studious boy, who made many friends among his associates and gained the respect and confidence of all. His early death is a sad bereavement to his parents, and the sympathy of the community goes out to them to the fullest measure.

Paris Fair. The American exhibit at the Paris Exposition will be an open volume, whose lessons of skillfully directed endeavor, unflinching energy and consummate performance may be read by all, of every age. The United States Government Building is about completed, and no effort has been spared to make it worthy to represent our nation. It was by the same American perseverance, industry and unflinching energy, that Hostetter's Stomach Bitters, the famous dyspepsia cure, was first produced. Since that time, it has never failed to perform its duty—the cure of constipation, malaria fever and acute liver and kidney troubles. It is an excellent tonic for the general health. All druggists sell it. There is nothing to equal it.

Medford Squibs. D. T. Sears has gone to the Willamette valley on a visit. Miss Grace Foster has gone to Applegate to visit Miss Bernice Cameron. Misses Lizzie and Dora Reuter of Jacksonville were among our visitors during the week. Horace Nicholson, who was seriously injured on the 4th of July by a runaway team, is able to be about again. Prof. G. A. Gregory, who has been school superintendent of Jackson county during the past two years, left for Nebraska last week, accompanied by his family. He has secured a lucrative position in a school there.

County Finances. W. B. Jackson, who was appointed by Judge Croxy to make an exhibit of the financial condition of the county on July 1, 1900, reported that there were then warrants in the sum of \$124,436.88 outstanding, upon which \$18,682.53 interest has accrued, making the total county indebtedness \$143,119.41. The county treasury contains \$10,606.20 applicable to the redemption of warrants, and Mr. J. estimates that the net county debt on the day above mentioned was \$132,513.21. However, the expenses of the late county election, salaries of county officers due on that date, warrants in clerk's office at the time, etc., amounting to nearly \$5,000, were not included in the exhibit.

BRIEF MENTION.

Judge Willard of Trail creek was with us one day last week. Prof. Horton is at Crescent city, Calif., accompanied by his father. There will be no services at the Catholic church in Jacksonville Sunday. Mrs. N. E. Graves and daughter left Jacksonville last week, en route to Portland. On the 4th of July at Medford Eagle Point's club beat the home nine by a score of 20 to 13. Carroll Bryne, W. Haskins and D. Dorn o' Watkins were in Jacksonville not long since. Interesting reading matter will be found on the first and last pages of THE TIMES today. Miss Sylvia Hazel and Mrs. Mattie Sowden of Medford spent yesterday afternoon in Jacksonville. Sixteen photos, four positions, for 25 cents, at the studio in Orth's building. For a few days only. J. W. Opp, who is developing the Gold Standard mine, situated west of Jacksonville, is being visited by his brother. Melville Stine, a prominent young resident of Yreka, Calif., spent several days in town recently, accompanied by his wife, nee Miss Emma Plymale. Ashland's nine won the return game of baseball from Jacksonville by a score of 6 to 5. It was a splendid game, one of the very best played in Oregon. L. R. Hilleary and Gus Mitchell, who have been prospecting in the southern part of Josephine county, returned not long ago and will next go to Steamboat. Suicide at Phoenix. Mrs. Lulu Devenney Walters, aged 32 years, who with her three children occupied the Lavenberg property in Phoenix, was found Friday morning about 2 o'clock by her little son in bed and in an unconscious condition, with an empty bottle of carbolic acid lying on the floor alongside the bed. He had been attracted to the room by her moaning, and went to a neighbor's house. The unfortunate woman was alive, but unconscious, when found. Antidotes were freely applied but after lingering until the afternoon she died. No reasons are assigned for the deed. Mrs. Walters was in comfortable financial circumstances, though she had been experiencing ill health for some months past. She was the widow of W. W. Walters, who died about 12 months since, leaving a valuable copper mine near Henley, Calif., which has recently been bonded to a company heavily capitalized for its development.—Ashland Tidings.

STARVED Slow growth of hair comes from lack of hair food. The hair has no life. It is starved. It keeps coming out, gets thinner and thinner, bald spots appear, then actual baldness. The only good hair food you can buy is—AYER'S HAIR VIGOR. It feeds the roots, stops starvation, and the hair grows thick and long. It cures dandruff also. Keep a bottle of it on your dressing table. It always restores color to faded or gray hair. Mind, we say "always." \$1.00 a bottle. All druggists. "I have found your Hair Vigor to be the best remedy I have ever tried for the hair.
