

# THE DEMOCRATIC TIMES.

Published Mondays and Thursdays  
**Times Printing Company**  
CHAS. NICKELL, Editor & Manager.

**RYAN'S BRICK BUILDING, California St.**  
Advertisements inserted at reasonable rates

OWNERS of bicycles will not be required to pay the tax imposed upon them by the last legislature. The supreme court has decided the tax unconstitutional. Bicycle paths went out at the same time.

THE Salem Sentinel, which is a Republican newspaper, well says: "Senator Inman's friendship for the laboring man is not theoretical, but practical. His own success in business has not hardened his heart." He would make an admirable governor.

THE raising of hogs has become an important and profitable industry in southern Oregon. Over one hundred carloads, or about 7,500 porkers, were shipped from this section during the past year, which put in circulation \$100,000 of outside money among our farmers.

IMMIGRATION to the Pacific coast is likely to boom soon, as the transcontinental railroad lines have been restored to the low rates that formerly were given to those who intend settling west of the Rocky mountains. It will be the means of bringing many people to this land of promise.

SENATOR BROWNELL'S bill, providing for the holding of a constitutional convention in 1922, a meritorious measure, did not receive the requisite 16 votes when it came before the state senate for final action. A motion for reconsideration prevailed, and it will have another chance. Senator Cameron voted against it.

R. S. SHERIDAN, chairman of the Democratic state central committee of Oregon, and Chas. H. Fisher, editor of the Roseburg Review, have arrived at Boise city, Idaho. Their object is to start a morning Democratic newspaper, a bonus of \$10,000 having been raised for that purpose. The Roseburg people agree to put in a plant worth \$15,000. The paper will have the patronage of the present state administration.

WHAT is claimed to be a well-authenticated interview with Aguinaldo was published at New York, Jan. 29th. He said in part: "No, I will not accept amnesty. I would not trust them. I have not forgotten the professions of friendship and of support given me by Dewey and Otis and all of them, and especially Wildman. My army fought with them, and fought well to defeat the Spanish, and promises most solemnly given that we were to have independence were made. All these solemn promises have been repudiated by them all. No amnesty means slavery and obedience to the will of McKinley."

It seems as if Oregon is to have another senatorial deadlock. Both the Corbett and McBride factions are determined not to budge an inch in favor of the other. Speaking of this fact the Oregonian says: "Inasmuch as various efforts on the part of the anti-Corbett forces have been made to detract from his strength by suggesting transfer of Mr. Corbett's forces to other candidates, it can be stated on the highest authority that no such purpose will be entertained for a moment by that gentleman or his friends. Two years ago, when Mr. Corbett withdrew from the fight in favor of another, many of his friends deprecated the action. Now their advice then, reiterated now, shall be followed. This will be done." No doubt this knotty problem could be solved by the withdrawal of both Corbett and McBride. In such an event the chances of Blinger Hermann, the fast friend of the corporations at Washington, will boom, as Corbett's adherents prefer him next to their chief.

OFFICIAL CIRCLES in Washington are said to be uneasy about the growing naval strength of Germany. Their "uneasiness" will result in recommendations for increased appropriations for the building of warships. If this country starts in to keep up with the killing military pace of European nations, we will soon be provided with a cruiser or battleship for every port, with a few to spare to watch shallow ocean-creek outlets, says the Eugene Guard. The United States is in no danger from any possible increase of foreign navies. Our "expansion" policy causes the alarm. When we took hostile territory eight thousand miles from our shore the necessity for a strong navy came with it. Americans can easily protect America from any foreign fleet, however strong. Land defenses and torpedoedoes will do the work for the battleships that, to start with, must steam three thousand miles across the ocean from their base of supplies. The expansion policy forces us to protect country, clear across the broad Pacific on Asiatic shores.

## HERB AND THERE.

Remember The Boss.  
Oregon's legislature is still balloting for senator.

Queen Victoria's funeral will take place Feb. 23.

With the best and neatest job printing THE TIMES will accommodate you.

Representative Roberts' bill, to pay the outstanding scalp bounty warrants, has passed the legislature.

Stationery, notions, smokers' articles, etc., also a fresh line of lunch goods, at Joe Wetterer's.

The M. E. Church, South, will establish a well-equipped college at Roseburg, whose citizens have pledged the \$5000 bonus asked.

Certificates for scalp bounties for the use of notaries and justices of the peace—latest forms—for sale at THE TIMES office.

The estate of the late Philip D. Armour is valued at \$150,000,000. Of this \$14,900,000 is realty. The property will be distributed among the members of the Armour family.

Wm. Koeppe, watchmaker and jeweler, is located at the corner of California and 5th streets, opposite Judge Day's real-estate office. Satisfaction guaranteed.

Cut this out and take it to City Drug Store and get a free sample of Chamberlain's Stomach and Liver Tablets the best physic. They also cure disorders of the stomach.

Gambling in Portland, which was practically licensed for a while, has been prohibited. There are 500 professional gamblers in that city. This prohibition also applies to fantan, nickle-in-the-slot machines and card-cigar machines.

Sue M. Mulkey of Tacoma, a niece of the late Senator Dolph of Oregon, shot herself at San Francisco, Jan. 26th, dying instantly. Her poor health and disappointment at the failure to sell her Nome mines were the causes of the act.

Now is the time when croup and lung troubles prove rapidly fatal. The only harmless remedy that produces immediate results is One Minute Cough Cure. It is very pleasant to take and can be relied upon to quickly cure coughs, colds and all lung troubles. City Drug Store, Jacksonville, and Dr. J. Hinkle, Central Point.

The establishment of district and county high schools is the purpose of Senate bill No. 103, by Kykendall of Lane county. The bill provides that when one-third of the legal voters of any district petition for a high school, the school board of that district must submit the question to a vote of the district; and if a majority of all the votes cast are in favor of the high school, it shall be the duty of the board to establish such school and provide for its maintenance.

City Drug Store guarantees every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two-thirds of the contents. This is the best remedy for la grippe, coughs, colds, croup and whooping cough, and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

Preliminary skirmishing in a battle for about \$15,000,000 already begun in Washington. Holders of the Cuban war bonds, issued by Spain to raise funds for the prosecution of the war in Cuba, are again moving to get their money back. In Cuba the bondholders have met with defeat. The draft of the constitution now being considered shut out any possibility of a compromise on these bonds; but has left the way open for the payment of the bonds the republic of Cuba issued by the junta.

The largest number of bills introduced in the legislature is 15, and this record belongs to Senator Sweek of Multnomah county. Senator Mulkey of Polk is a good second with 13 bills. In the House three men—Colvig, Pearce and Watson—are tied for first place with a record of 11 bills each. In the Senate the only man who has not introduced a bill this session is Senator Cameron of Jackson.

In the House this distinction is held by six men—Emmitt, Hartman, Ingram, McQueen, Talbert, Vincent. President Fulton of the Senate has introduced seven bills, and Speaker Reeder of the House one.

Walter C. McAllister, William A. Death and Andrew J. Campbell, who were found guilty of murder in the second degree for the killing of Jennie Boschlester on October 18, 1900, at Patterson, N. J., by the administration of chloral and subsequent rape, together with Geo. J. Kerr, who pleaded non-vult contemto to a charge of rape, were sentenced Tuesday by Judge Dixon. McAllister, Death and Campbell were each sentenced to 30 years' imprisonment at hard labor, and Kerr to 15 years' imprisonment at hard labor. The sentences are the full terms of imprisonment which the law provides, and give general satisfaction. Their escape from hanging was an accident.

Senator Croebel's nickel-in-the-slot machine bill prohibits the operation of the machines. The main features of the bill are: "Any person who shall conduct, etc., or who shall play or use any nickel-in-the-slot machine, or other device of like character, wherein there enters any element of chance, whether the same be played for money, checks, credits or any other thing of value, shall be guilty of misdemeanor, and, upon conviction shall be punished by a fine of not less than \$10, nor more than \$100, and shall be imprisoned one day for each two dollars of the fine not paid. In all prosecutions for conducting any slot machine, proof of the possession of such machine, or of permitting the same to remain in any public place owned or controlled by the person so prosecuted, convenient for use, shall be prima facie evidence against such person of violation of this act. One-half of every fine collected shall go to the private prosecutor and the other half to the county."

## TRUTH ABOUT CATARRH.

INTERESTING STUDY OF THE CAUSES WHICH PRODUCE IT—HOW THE MUCOUS MEMBRANES BECOME DISEASED—THE ONLY WAY TO CURE CATARRH.

Catarrh is a disease of the mucous membrane or inner lining of the nose, throat, lungs, bowels and other organs. These membranes are protected by a secretion known as mucus. When they become diseased, as in catarrh, nature attempts to afford relief and additional security by an increased supply of mucus. Hence the constant and disagreeable flow from the nose and accumulation of mucus in the throat in cases of catarrh of the head.

Catarrh is caused by an undue exposure to cold, which irritates the delicate membranes, contracts the blood vessels and prevents a healthy flow of blood through the mucous tissues, depriving them of proper nutrition and causing them to wither and decay. When the blood is in a depleted or impure condition so that it cannot keep the membranes properly nourished, they are not prepared to resist the causes which produce catarrh, just as the man who is denied food and loses strength is unable to resist the exhaustion caused by toil.

Catarrh in the head is the most common form of the disease, because the membranes of the nose and throat are most likely to become diseased. Its symptoms include ringing, buzzing in the ears, discharges from the nose, pain over and between the eyes, difficulty about breathing and continual desire to clear the throat. Catarrh in the head is not only an exceedingly disagreeable disease, but it is very dangerous, as it often leads directly to consumption.

In the treatment of catarrh the first and most important is to enrich and purify the blood and give it power to repair the injuries to the membranes. When this is done the unpleasant effects of the disease at once disappear. The wonderful success of Hood's Sarsaparilla in curing catarrh is due to its great blood-purifying power. When all so-called catarrh remedies and local applications fail, Hood's Sarsaparilla completely and permanently cures, because it strikes at the root of the trouble by removing the cause. The rich, pure blood which it makes, circulating through the delicate passages of the mucous membrane, soothes and rebuilds the tissues, giving them a tendency to health instead of to disease, and ultimately curing the affection.

At the same time Hood's Sarsaparilla strengthens and invigorates the whole system, and makes the debilitated victim of catarrh feel that new life has been imparted. As catarrh, like all other diseases, has its natural causes, so its permanent cure can be effected; not by harsh, spasmodic and unreasonable attempts to remove the symptoms with local applications, snuffs, inhalants, etc., but only by removing the cause, repairing the injury, and putting the system in such condition that the causes which produce catarrh will not return. This is done by Hood's Sarsaparilla, which by its great power to purify and enrich the blood and build up the system is the unequalled specific for catarrh, as well as for all other diseases caused or promoted by impure blood or a low state of the system.

## Cold Steel or Death.

"There is but one small chance to save your life, and that is through an operation." This was the awful prospect set before Mrs. L. B. Hunt of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on the marvelous power of Electric Bitters to cure Stomach and Liver troubles; but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure Stomach, Liver and Kidney troubles, and never disappoints. Price 50c at City Drug Store.

## From the Philippines.

After the passage of the army reorganization bill Secretary Root will cable permission to Gen. McArthur to organize 10 regiments of Filipino infantry and cavalry. This action will be taken upon the recommendation of the Taff Commission which says that while the American soldiers are unsurpassed in war they do not make the best policemen in the Philippines. Native troops, in the main, the Commission believes, should be officered by Americans.

Gen. Funston reports that practically all the organized insurrectionists in his district have been dispersed with the exception of disconnected bands in the mountains.

Sixty-five rebels in the island of Panay have surrendered to the United States authorities at Cabatuan. Geo. T. Rice, editor of the Bulletin, who was ordered to be deported because of the publication in his paper of allegations against Commander Braunsreuther, captain of the port, sailed today, and it was ordered that he be held a prisoner until he arrives at San Francisco.

The Philippine Commission has passed an act annulling that part of the Spanish code which disqualifies judges and magistrates for trying certain cases on account of alleged incompetency. The act declares that judges are incompetent only when peculiarly interested in the litigation or related to the litigant.

The great criminal and civil codes are almost completed. Only two natives objected to the church property taxation feature, and no objection will be entered on behalf of the church or other organization.

**COUPON.**  
Cut this Coupon out. It is worth 50c on each dozen Photos, if presented at H. C. Mackey & Boyd's studio on or before March 1, 1901.  
H. C. MACKEY & BOYD,  
Medford, Ore.

**The Best Prescription for Chills**  
and Fever is a bottle of GROVE'S TASTELESS CHILL TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. Price, 50c.

**Your Cold Cured for 50c.**  
Get Dr. Miles' Laxative Cold Cure.

## AN IMPORTANT MEASURE.

Representative Barrett of Grant county has introduced a bill in the legislature, which will make a considerable change in the present mining law of Oregon, if it passes. The following are its principal provisions, which in the main are meritorious. Sections two and three will probably be amended, as the time given locators is not sufficient:

SEC. 1. Any person, a citizen of the United States, or one who has declared his intentions to become such, who discovers a vein or lode of mineral-bearing rock in place upon the unappropriated public domain of the United States within his state, may locate a claim upon such vein or lode so discovered, by posting thereon a notice of such discovery and location, which said notice shall contain: First, the name of the lode or claim; second, the name or names of the locator or locators; third, the date of the location; fourth, the number of linear feet claimed along the vein or lode each way from the point of discovery, with the width on each side of the said lode or vein; fifth, the general course or strike of the lode as nearly as may be, and by defining the boundaries upon the surface of each claim so that the same may be readily traced. Such boundaries shall be marked within 30 days after posting of such notice by six substantial posts, projecting not less than three feet above the surface of the ground and not less than 4 inches square in diameter, or by substantial mounds of stone, or earth and stone, at least two feet in height, to wit: One such mound or post of rock at each corner and at the center of such claim."

SEC. 2. Such locator shall within 30 days from and after the posting of the location notice by him upon the lode or claim file for record with the Recorder of Conveyances, if there be one, who shall be the custodian of mining records and miners' liens, otherwise with the clerk of the county wherein the said claim is situated, a copy of the notice so posted by him upon the lode or claim, having attached thereto an affidavit showing that the work required to be done by section 3 of this act has been done and performed, and shall pay to the recorder or clerk a fee of \$1 for such record thereof, which said sum the recorder or clerk shall immediately pay over to the treasurer of said county and shall take his receipt therefor, as in case of other county funds coming into the possession of such officer. Such recorder or clerk shall immediately record such location notice and the affidavit annexed thereto. No location notice shall be entitled to record or recorded until the work required by section 3 of this act has been done and the affidavit in proof thereof is attached to the notice to be recorded.

SEC. 3. Before the expiration of 30 days from the date of the posting of the notice of discovery upon his claim as aforesaid, and before recording the notice of location as required by section 2 of this act, the locator must sink a discovery shaft upon the claim located to a depth of at least 10 feet from the lowest part of the rim of the shaft to the surface, or deeper if necessary, to show by such work a lode or vein of mineral deposit in place. A cut or crosscut or tunnel which cuts the lode at a depth of 10 feet, or an open cut at least six feet deep, four feet wide and ten feet in length along the lode from the point where the same may be in any manner discovered, is equivalent to such discovery shaft. Such work shall not be deemed a part of the assessment work required by the revised statutes of the United States. The locator or some one for him who did work upon the lode or claim, and who is required by the revised statutes of the United States to attach to the copy of the notice of location to be recorded an affidavit showing the compliance with the location law, shall make and record, which affidavit shall be recorded with such copy of the location notice.

## REAL ESTATE TRANSFERS.

The following deeds have been recorded in the office of the county recorder since the last report of THE TIMES:

Jacob Myer to Mary A. Vincent, 514 acres in Table Rock precinct, \$ 1 00  
Clarence Farham to E. E. Parker and G. R. Goetz, 20 acres in sec 16, twp 9, r. 16, \$ 250 00  
G. E. Parker to E. E. Parker and G. R. Goetz, 10 acres in same locality, 125 00  
Geo. Irwin to Geo. Sheppard, 24 acres in Ashland, subject to mortgage, 800 00  
Geo. Irwin to H. L. Whitte, same property, 800 00  
F. Roper to Lawrence George, lot 16, Pracht's add to Ashland, 225 00  
H. G. Nicholson to H. E. Boyde, interest in lots 14 and 15, blk 14, Medford, 300 00  
Total, \$2401 00

## Lodge installations.

CHESTER A. ARTHUR POST, G. A. R., Medford.—Frank Kassabafer, Com.; L. T. Pierce, S. V. C.; W. Brown, J. V. C.; W. T. Kame, O. M.; J. R. Erford, Chap.; M. S. Ramon, O. D.; D. R. Andrus, Adj.; Wm Forsyth, O. G.; G. H. Howland, S. M.

## Bids Wanted.

Sealed proposals for the building of a ditch, about fifty rods long, six feet wide and two feet deep—mostly rock work—will be received by the undersigned until Saturday, Feb. 9, 1901, at noon. The successful bidder will be required to give a good and sufficient bond for the faithful performance of the contract. The right to reject any and all bids is reserved. For further particulars enquire of me at my farm in Union precinct.

P. F. SWAYNE.  
Dated Jan. 30, 1901.

## Property for Sale.

The undersigned offers his residence, located in the best part of Jacksonville, for sale at a reasonable figure.

O. BIEDE.

WANTED.—Capable, reliable person in every county to represent large company of solid financial reputation, \$500 salary per year; payable weekly; \$5 per day absolutely sure and all expenses straight; bona-fide, definite salary, no commission; salary paid once Saturday and expense money advanced each week. F. ANDRUS HOUSE, 381 DEARBORN ST., CHICAGO.

## MARRIED.

BOYCE—MANSFIELD.—In Jacksonville, Jan. 29, 1901, by Rev. N. N. Hansen, A. A. Boyce and Miss Cassie Mansfield.

## BORN.

SUTTON.—At Willow Springs, Jan. 23, 1901, to Mr. and Mrs. Emmett Sutton, a daughter.

## DIED.

EDINGTON.—At Central Point, Jan. 28, 1901, Jas. Alex. son of W. W. and Frances Edington; aged 21 years and 17 days.

RANDALL.—In Josephine county, Jan. 22, 1901, Frank I. Randall; aged about 40 years.

CURRY.—At Medford, Jan. 29, 1901, Anna, wife of John W. Curry; aged 34 years.

GEORGE.—At his home, near Kersyville, Jan. 29, 1901, of pneumonia, B. E. George; aged 75 years.

## JOSEPHINE COUNTY ITEMS.

Mrs. Jos. Moss has returned from a visit with her sister at Roseburg.

W. E. Davis of Jump-off-Joe left for Chicago last week, but will return soon.

Grant's Pass comes up smiling with a prospective tax of five per cent. on its taxable property.

Grant's Pass, which is always in the lead, is having its houses numbered and assuming other metropolitan airs.

There are seven hundred children enrolled in the Grant's Pass public schools. The average attendance is 525.

Arthur Woolfolk and Dennis Stoval have been on Grave creek, doing effective missionary work for the K. O. T. M.

Grant's Pass has a floating indebtedness of about \$23,000, including interest, besides outstanding bonds amounting to \$6000.

The S. P. D. & L. Co., at its annual meeting elected H. C. Kinney, president; J. H. Booth, secretary and treasurer; R. A. Booth, manager.

Frank Randall, who has been a resident of Josephine county for some time, died on the 23d, after a lingering illness. He leaves a family.

The new officers of the F. N. Bank of S. O. are the old ones, too. R. A. Booth is president; J. C. Campbell, vice-president; J. D. Fry, cashier; E. E. Dunbar, assistant cashier.

Twenty men are employed in building a dam across Rogue river for the G. P. N. W. L. & P. Co. Water will be taken out of the stream above Gilbert creek before long, which will improve its quality.

Every time the legislature meets Grant's Pass' charter is up for amendment. It is now proposed to fix it so that the mayor will appoint all of the municipal officers and give him other powers, all of which is entirely wrong.

Representative Colvig's bill to change the time of the meetings of the county court has no reference to the sessions of the county commissioners' court, which will remain the same as they now are. The county court (probate) will meet monthly after the bill becomes a law, however.

## Daily Trains Between Ogden and Denver.

The increase in transcontinental travel by way of Salt Lake city, in consequence of the scenic and other attractions of the route, has recently justified the Rio Grande Western Railway—in connection with the Denver & Rio Grande and Colorado Midland Railroads—says the Salt Lake Tribune, in establishing a triple daily fast passenger service between Ogden and Denver. All of these trains are equipped with the latest appliances, improvements and cars. This road now operates through sleepers between Chicago, Ogden and San Francisco, also a perfect dining car service. Send 2c postage for literature or other information to J. D. Mansfield, 253 Washington St., Portland; or Geo. W. Heintz, general passenger agent, Salt Lake city.

## Teachers' Examination.

The superintendent of Jackson county will hold the regular examination of applicants for state papers at Ashland, as follows: Commencing Wednesday, February 13th, at 9 o'clock A. M., and continuing until Saturday, February 16th, at 4 o'clock P. M. Wednesday—Penmanship, history, spelling, algebra, reading, school law. Thursday—Written arithmetic, theory of teaching, grammar, book-keeping, physics, civil government. Friday—Physiology, geography, mental arithmetic, composition, physical geography. Saturday—Botany, plane geometry, general history, English literature, psychology.

P. H. DAILY,  
School Supt. of Jackson County.

## Land for Sale.

I have 1560 acres of land, all in one tract, on Antelope creek for sale. It is situated 18 miles from Jacksonville, 12 miles from Central Point, and 10 miles from Medford. I will sell this land in tracts of 100 acres up until all is sold, at \$10 per acre. It is good farming and grazing land, and a good stock range on the outside. I will sell all, or as low as \$100 acres in a tract. Enquire of Wm. BYRKE, Jacksonville, Or.

## A Monster Devil Fish.

Destroying its victim is a type of Constipation. The power of this murderous malady is felt on organs and nerves and muscles and brain. There's no health until it is overcome. But Dr. King's New Life Pills are safe and certain cure. Best in the world for Stomach, Liver, Kidneys and Bowels. Only 25 cents at City Drug Store.

## Letter List.

Following is a list of letters remaining uncalled for in the Jacksonville postoffice, Jan. 31, 1900:  
Beck, J. N. Barton, Mr.  
Davis, Rev J. A. Hatfield, B.  
Kelly, Fred. Kincaid, D. W.  
One cent will be charged upon delivery.

JOHN F. MILLER, P. M.

**DOCTORS**  
say "Consumption can be cured."  
Nature alone won't do it. It needs help. Doctors say  
**"Scott's Emulsion"**  
is the best help. But you must continue its use even in hot weather.  
If you have not tried it, send for free sample.

## THE WAR IN CHINA.

Geo. Lynch, an English war correspondent who has arrived at New York, on his way to England, after having gone through the disturbances in China, said of the atrocities committed by the allied soldiers—from which the American, Japanese and English troops were excepted: "Any thoughtful person who has been in Pekin with the allied troops cannot but speculate what effect this visitation will have on the people of China. It is luminous; evident in my mind that for generations to come the progress of Christianity is absolutely killed. In China the faith made practically no real progress; but what little progress it has made among the lower classes and destitute coolies, who form the bulk of the so-called converts, is now utterly wiped out. It will be generations before the recollection of the latest crusade is erased from the memory of the Chinese people."

A dispatch to the N. Y. Herald from Shanghai says: Russia is secretly offering the following terms in regard to Manchuria: No money compensation to be demanded for losses in Manchuria. Manchuria is to be restored to China, and the official power to be Chinese. Russian officers to administer Manchuria, with power to receive all war materials, forts, and so forth; no arms, forces or arsenals to be allowed in Manchuria; China to allow sufficient Russian forces to remain for the protection of Russian railways. These terms are refused by the Tartar general, Tseng Chi. Li Hung Chang is urging the appointment of a pro-Russian commissioner who will accept the proffered terms, and he has requested the execution of Gen. Tseng Chi, who was the instigator of the attack on the Russian frontier.

Leading Chinese papers received via the United States transport Arab from the Orient make pertinent comment on the recently published peace terms, holding that the princes and officials to be punished should have been designated by name. The "Universal Gazette" says: "As for Prince Tuan, the very chief of sinners, it is known that the Chinese Peace Commissioners have received definite imperial instructions not to consent to any punishment heavier than imprisonment for princes of the royal blood. The foreign representatives thus have before them the distinct refusal of the Chinese government to punish Tuan with severity. The return of the Emperor to the capital is one of the chief points upon which the Chinese and foreigners have alike insisted."

## ROCKY MOUNTAIN SCENERY BY DAYLIGHT.

Daylight stop-over at Niagara Falls—Through first-class tourist sleeper from Pacific coast weekly for Chicago, Boston, New York and other eastern points via Rio Grande Western (Great Salt Lake Route) Denver & Rio Grande C. P. & P. and Illinois Central to Chicago connecting in the Union Depot with Michigan Central's similar car for points east. For particulars call on or address B. H. TRUMBULL, Com'l Agt., 142 Third St., Portland, Oregon.

## Tonight

Just before retiring, if your liver is sluggish, if you feel full, bilious, constipated, take a dose of

## Hood's Pills

And you'll be all right in the morning.

# BACKACHE?

If you have Backache you have Kidney Disease. If you neglect Backache it will develop into something worse—Bright's Disease or Diabetes. There is no use rubbing and doctoring your back. Cure the kidneys. There is only one kidney medicine; but it cures Backache ever time—

## Eastman's Kidney Tablets.

Fifty doses 50 cents.  
For sale by Dr. Robinson, Jacksonville.

## BAD COLDS.

Quinine is 10 years behind. Colds do not now have to be endured. Mendel's Dynamic Tablets (called dynamic from their energy) crowd a week's ordinary treatment into 12 hours, and about the worst of colds over night. "It was the worst case of cold I ever had. A half dozen friends had sure cures. Still it hung on. Heard of the Dynamic Tablets. To my amazement they stopped both cold and cough the first night. I endorse and recommend them to the people."—Barclay Henley, ex member of Congress and attorney, 101 San some street, San Francisco, July 7, 1900.  
"Winter colds have always been serious things to me. They are hard and stay 10 months. But the last was stopped suddenly by Mendel's Dynamic Tablets. Both cough and cold disappeared in a couple of days. Nothing else does this for me."—Emma L. Rollin, 14, Moss St., San Francisco, Aug. 6, 1900.  
"I live across the street from where Mendel's Dynamic Tablets are made. That is how I first took them. They stop colds without notice. I took a dozen boxes with me for myself and friends when I went to Nome."—H. L. Van Winkle, Capitalist, 3017 Washington St., San Francisco, Aug. 10, 1900.  
For sale by City Drug Store, Jacksonville.
