The Balm does not irritate or cause sneezing. Sold by druggists at 50c each, or mailed by Ely Brothers, 56 Warren St., New York.

As THE TIMES went to press the death of Mrs. Geo. N. Lewis was announced. She was a very estimable lady, highly respected by all.

Representative Colvig has introduced a bill in the legislature changing the times of holding circuit court in this district, which will doubtless be passed. Four terms of court will hereafter be held in Josephine county, instead of two. No other important changes are made.

A chicken dinner and musical entertainment was given Friday afternoon and evening by the lady members of the various churches at Ashland, for the benefit of Mrs. Edelhoff, who was shamefully deserted and left by her husband in a destitute condition. A neat sum was realized.

He was successful in getting \$1,250,000 worth of bonds, which will build and equip the road nicely, and has returned to Yreka.

An interesting event took place at the Catholic church in Jacksonville, Sunday afternoon, when Miss Elizabeth Phillips of Medford was received into the Catholic faith. The solemn administration of the sacrament of baptism was performed by the pastor, Rev. Father Berthiaume, who, in simple but convincing language, explained the meaning of the ceremony, the importance and necessity of baptism, together with the useful lessons that we should draw for ourselves on witnessing its administration.

Rev. S. A. Starr, a notorious libertine, formerly a resident of southern Oregon, who was suspended from the ministry on account of gross immorality, appealed his case to the Northwest Methodist conference. The judicial committee thereof heard the case at Tacoma, Wash., behind closed doors Jan. 23d. Rev. H. W. Kellogg, D. D., of the Taylor-Street church, Portland, acted as prosecutor, and Dr. Starr conducted his defense. The vote stood 12 for acquittal, 3 to sustain the Portland verdict, and one blank. This action does not reflect on credit on Starr or his accusers, as he is guilty of the act he was charged with and others of a worse nature.

Hotel, and enjoyed a sumptuous repast. The happy couple left on the train for Medford, accompanied by the best wishes of many friends. They intend going shortly to Buffalo, N. Y., where Mr. S., who is an energetic, intelligent young man, will engage in business. THE TIMES tenders its congratulations.

On account of increased business D. H. Miller, our leading hardware dealer, has been compelled to enlarge his salesroom. He is displaying the largest stock of goods ever brought to the valley.

The contest over the recordership is still unsettled, having resulted in another tie when it came up in the council for decision. Councilmen Duell and Willeke voted for Purdin, while Messrs. Kame and Klippel cast their ballots for Hubbard. The matter was postponed until the February meeting.

There is considerable of a rumour over the adoption of the proposed charter of Medford, now before the legislature, principally because it intends to enlarge the boundaries of our town and make citizens of some who do not wish it. Mayor Crowell and W. I. Vawter have been at Salem, advocating the passage of the new incorporation act, and were met by a foreman worthy of their steel in Hon. J. H. Stewart, who objects to being arbitrarily made one of Medford's citizens.

For Over Fifty Years.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Criminal Caught. Fred Croker, alias Charles Read, wanted in Seattle for obtaining money under false pretenses, was captured at Grant's Pass Saturday afternoon after a lively chase. Chief Meredith of Seattle sent a description and photograph of Read to Marshal Bell of that place a few days ago. The officer soon located him under an assumed name as a man who recently bought out the restaurant of Bert Cortelli. When confronted with the charges he denied his identity; but while the marshal had gone out to send a telegram to Seattle, Read, who was left in charge of the day policeman, stepped out of the room on some excuse and slipped out of the back door. After considerable trouble he was finally located in the house of Mrs. King, near the factory, and made no resistance. The prisoner is a small man about 40 years of age, and has one daughter in Seattle.

A County Seat Bill Introduced. Senator Brownell of Clackamas county is the author of a bill that provides that a special election for the relocation of the county-seat shall be held only upon petition of five-eighths of the legal voters of the county, the necessary number to be determined by the votes cast at the preceding election. Before such special election is held 90 days' notice shall be given, and a majority of the votes cast is required to change the location of a county-seat. If no town receives a majority of the votes cast, another election shall be held a year subsequent. In the event the second election decides nothing, no further election shall be held for a period of five years. The bill also provides that no election for a relocation of a county-seat shall take place within five years after the establishment or relocation of a county-seat.

## THE WAR IN CHINA.

Tien Tsin, Jan. 24.—Preparations are being made in Tien Tsin to make it the military base for the coming spring and summer, when, it is believed, a majority of the troops in Pekin will encamp in this neighborhood preparatory to gradual debarkation.

The agreement agreed to has been delivered by the Chinese plenipotentiaries, thus relieving the anxiety of the foreign envoys, who had begun to fear that, in spite of the promises made, something might occur to prevent delivery. There is a general feeling of satisfaction among the foreigners and soldiers. Most of the latter look anxiously forward to leaving China this year.

A dispatch to the N. Y. Herald from Pekin says: Germany has put the screws on England, with the result that the negotiations have retrograded to where they were three months ago. A demand for the death penalty will be preferred against all the leaders mentioned in the decree, in addition to the posthumous degradation of such anti-foreign leaders as have committed suicide. Minister Conger stated at the meeting that he could not supercede the demand if it should be made in writing; but verbally he would do so with heart and soul. This is the situation now, and will continue to be for six months or more, unless the American plan for change of venue finds acceptance. Tung Fu Siang, whose head is asked for, possesses, as the ministers well know, at this moment more real power and controls more troops than any other man in China. Moreover, the Emperor is at present in his custody. Count von Waldersee is making ostentatious preparations to leave; but evacuation is not near. The peace and tranquility of the country are now further away than ever.

How Are Your Nerves? If they are weak and you feel nervous and easily "frustrated," can't sleep, and rise in the morning unrefreshed, your blood is poor. Strong nerves depend upon rich, nourishing blood. Hood's Sarsaparilla makes the nerves strong by enriching and vitalizing the blood. It gives sweet refreshing sleep, and completely cures nervous troubles. Begin taking it today. Nausea, indigestion are cured by Hood's Pills.
