How Three Women Found Relief.

While no woman is entirely free from periodical suffering, it does not to have been the plan of nature that woman should suffer so severely. Lydia E. Pinkham's Vegetable Compound is the most thorough female regulator known to medical science. It relieves the condition which produces so much discomfort and robs menstruation of its terrors.

The three letters here published should encourage every woman who suffers: Aug. 6, 1898. "DEAR MRS. PINKHAM: - I have suffered since the age of sixteen with painful menstruation. I have been treated for months, and was told that the womb had fallen a little. The doctor says that is now in place again, but I still have the same pain. Please tell me what to do."—Mrs. EMMA KURHL, 112 Trautman St., Brooklyn,

E. D., N.Y. Jan. 19, 1899. "DEAR MRS. PINKHAM:—After receiving your reply to my letter of Aug. 6 I followed your kind advice, and am glad to tell you that I have been cured of the severe pain at time of menstruation through the use of Lydia E. Pinkham's Vegetable Compound. I have taken six bottles of it, felt better after the first bottle, and after a while had no more pain

or womb trouble. "I had doctored from the age of sixteen to twenty-six, and had lost all hope, but your medicine has made

me well.
"I would like to have you use my testimonial, so that others may see, and be inspired with hope, and take your medicine." - MRS. EMMA KUEHL, 112 Trautman St., Brooklyn, E. D., N.Y.

Feb. 20, 1900. "I saw your medicine so highly recommended I thought I would write

to you for advice. My menstruation occurs every two weeks, lasts a week, and is painful. I have been troubled in this way for some time. I suffer from sick headright now, and appear once a month, and I feel so much stronger. I shall always praise your medicine."—Miss MAGGIE POLLARD, 319 So. 4th St., Richmond, Va.
