

THE DEMOCRATIC TIMES.

Published Mondays and Thursdays by Wimes Printing Company CHAS. NICKELL, Editor & Manager. RYAN'S BRICK BUILDING, California St.

The Oregonian of Sunday made the simple announcement of the departure of Senator Mitchell—nothing more or less: "Senator J. H. Mitchell, who has been making his headquarters at the Perkins, left last evening for Washington."

The fifty-sixth congress came to a close Monday when adjournment took place. The river and harbor appropriation bill failed to reach a vote, being talked to death by those opposed to its passage, principally Senator Carter.

CONGRESSMAN SHAFROTH of Colorado correctly says that the Republican bill providing for the redemption of silver dollars in gold will start a new policy in the treatment of the precious metals, and prove a radical departure from the principles of monetary science. No government on the face of the globe requires its treasury to redeem its silver coins in gold.

ALMOST every part of the globe is represented in Scribner's Magazine for March, and in every case by some well-known writer who has actually visited the country which he describes. Four of the contributors are distinguished correspondents who have had many romantic experiences. Their articles in this number have to do with the changing conditions brought about by recent upheavals.

The British government recently approached the French foreign office unofficially to inquire what course France would take in the event that the United States undertook to construct a fortified Nicaragua canal. The French reply was that France had larger interests in the canal question than England herself. The French government was, however, indisposed to take the initiative, thinking that, under the circumstances, it would be better that France should maintain complete freedom of action, and that Great Britain should also take its own course without regard to French policy.

The President has made no change in the personnel of his cabinet, and on the 5th sent the following nominations to the U. S. Senate, which were confirmed: John Hay of the District of Columbia to be secretary of state; Lyman J. Gage of Illinois to be secretary of the treasury; Elihu Root of New York to be secretary of war; John W. Griggs of New Jersey to be attorney-general; Charles Emory Smith of Pennsylvania to be postmaster general; John D. Long of Massachusetts to be secretary of the navy; Ethan A. Hitchcock of Missouri to be secretary of the interior; James Wilson of Iowa to be secretary of agriculture. It is understood that Mr. Griggs will remain in office until the President has been able to select his successor.

PROBABLY the greatest trotting race ever seen will be arranged this season for the largest purse ever hung up. The proposition is contained in the following letter, issued by Thomas W. Lawson, owner of the champion gelding Borloma. As there is considerable controversy about the merits of Croesus, Charlie Herr and The Abbott, and there seems to be so much trouble in getting a match between all three or any two of the three, perhaps I may be able to assist, now that I have concluded, on account of the cup race, not to send Borloma to Europe until next fall. To that end I am willing to race Borloma against the three, each entry to subscribe \$10,000; and further agree that the association holding the race will add a purse of \$20,000, making \$60,000 in all, the first horse to take \$10,000, second \$15,000, and third \$50,000. All minor conditions to be arranged on a mutually satisfactory basis to all.

The supreme court has decided the case of W. R. Willis, respondent, vs. A. M. Crawford, appellant, in favor of the latter. This is a case that has attracted considerable attention, for the reason that Crawford was arrested on the charge of embezzling the funds over which the present suit arose. In the criminal action the grand jury refused to indict Crawford; but when the civil suit was tried in the circuit court by Judge Hanna, he gave Willis a judgment against Crawford for \$4250, being half of the sum received by Crawford from Capt. Nash for services rendered. In an opinion written by Justice Moore the lower court is reversed and the suit dismissed. The supreme court holds that it was not shown in the court below that a partnership existed, and that as Willis has a sufficient remedy by an action for money had and received, if Crawford had collected and retained money due him, he can have no relief in equity.

HERE AND THERE.

Remember The Boss. A lot of 91 bales of hops sold at Chehalis, Wash., last week, for 15 cents per pound. Stamp pictures 24 for 25 cts. Portraits from \$1.00 per dozen up. At Mackey & Boyd's. Senator McBride occupied his seat in the U. S. Senate during the last days of Congress. Stationery, notions, smokers' articles, etc., also a fresh line of lunch goods, at Joe Wettler's. Senator Morgan of Alabama has introduced a resolution declaring the Clayton-Bulwer treaty abrogated. It went over until today. Certificates for seal bounties for the use of notaries and justices of the peace—latest forms—for sale at THE TIMES office. The national House of Representatives voted against government appropriations in aid of the Buffalo and Charleston expositions. See that you get the original DeWitt's Witch Hazel Salve when you ask for it. The genuine is a certain cure for piles, sore and skin diseases. Wm. Koeppe, watchmaker and jeweler, is located at the corner of California and 5th streets, opposite Judge Day's real-estate office. Satisfaction guaranteed. Pat. Gay, the gambler who murdered Mr. McNamara, the proprietor of a hotel in Crescent city, Calif., some time ago, was allowed to plead guilty and was sentenced to imprisonment for life. He should have been hanged. A trust combining the principal manufacturers of tin cans in this country under one direction has been completed. The capitalization is fixed at \$10,000,000. It will consequently cost more to put up fruit this year than usual. The handsomest flower that blooms is the rose. Every lover of the beautiful should have an assortment of them. The California Rose Co., Los Angeles, Calif., are headquarters of the coast for nice field-grown rose bushes. All the latest and best sorts. Send for a catalogue today. The state board of fish commissioners, consisting of the governor, secretary of state and treasurer, Monday appointed H. G. Van Dusen of Astoria master warden and Lewis Bean of Roseburg deputy. The latter is a brother of Chief Justice Bean. Fish Commissioner Reed was legislated out of office. Tuesday morning a southbound freight train, of which Rockwell Willis was engineer, ran into another freight train, also southbound, at Riddle, throwing the caboose of the forward train on top of the rear one. Willis was the only one hurt. He received serious and painful injuries in the abdomen and back. How far the Cubans will resist the demands of the United States, or to what extent our government will press these demands, if compliance with them by treaty is refused, can only be determined by the event. Because we are a strong nation and Cuba a weak one is not a reason why we should make harsh or unreasonable demands; on the contrary, it is a reason for taking especial care to be fair and just. The San Jose scale is becoming a serious menace to the fruit orchards in Washington and in all the warm river valleys of the northwest. State Horticulturist Baker of Tacoma reports that the insect has so thrived and increased within the past few years that farmers having big fruit orchards have an immense contract on their hands to keep the pest down; and in many cases it appears as if their case is hopeless. In competition with 20 of the best shots of the state, H. J. Stillman of Pendleton, at the live-bird shoot, near Portland, Sunday, carried off the Beal trophy and the first prize of \$100, by making a clean score on 20 birds. J. M. Spence of Pendleton, Joseph Bowles and William Jones of Portland, tied on 19 birds apiece for second place. The third prize, \$40, was divided between H. Beal, E. Long and Captain E. W. Moore of Portland and Mr. Howe of Salem, who tied with 15 birds apiece out of 20. President Schurman of Cornell University is an expansionist, with regard to the Philippines; but he indulges in no rosy dreams about the task in hand there. He has been to the islands as a government commissioner, and he knows of what he speaks. He says that it is not a question of keeping the Philippines, for we have them and cannot let them go; that until the Filipinos are fit to be partners they must be proteges; and that to establish and maintain good government there will require a large army for a long time. Timely information given Mrs. Geo. Long of New Straitsville, Ohio, prevented a dreadful tragedy, and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors; but steadily grew worse until urged to try Dr. King's New Discovery, she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c. and \$1.00. Every bottle guaranteed. Trial bottles free at City Drug Store. Try Grain-o! Try Grain-o! Ask your Grocer today to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All that seal brown of Mocha and Java; but it is made from pure grains, and the most delicate stomach receives it without distress. The price of coffee, 15c. and 25 cts. per package. Sold by all grocers. Property for Sale. The undersigned offers his residence, located in the best part of Jacksonville, for sale at a reasonable figure. O. BIEDE.

MINING NEWS.

Five stamps will be added to the mill at the Lucky Boy mine in Blue river district. Notices for the location of placer and quartz mines, etc., for sale at THE TIMES office. Several tons of ore from the Dixie Queen mine, in Foothills creek district, yielded over \$100 a ton. Miners' liens, deeds to mines, water right locations and other mining blanks always on hand at THE TIMES office. O'Neil, Whitehead & Co. are not operating their mining property, situated in Grave creek district, this season. John Webber recently discovered a ledge on the Klock place, situated in Gold Hill district, which is said to be three feet wide and rich. The American Mining Code, stand, and authority on all subjects pertaining to mining, water-rights, etc., is kept on hand at THE TIMES office. J. B. Agner, an expert miner, who has been making investments in Sardinia creek district, recently made a fine strike in one of the properties. Dr. Ray has a force employed in developing the extension to the Gold Bug mine, situated in Mt. Reuben district, and also the Moon claim in Galice creek district. O. Swacker and son, who are engaged in placer mining in Foothills creek district, are doing well. They recently picked up several nuggets, one of which was worth \$65. Alfred Anderson has sold his quartz ledge, situated in Foothills creek district, to Jos. McKee and Mr. Richards of Portland, who will immediately commence development. J. D. Graham recently discovered a nice pocket in the property, which he bought of Lane & Varner, located a few miles from Gold Hill, that yielded several hundred dollars. It is reported that the company prospecting the big Yank ledge, situated in Galice creek district, will operate on a more extensive scale, and perhaps put up a smelter during 1901. A. W. SturGIS of Forest creek, who owns one of the best mines in southern Oregon, made a partial cleanup a few days since, which yielded \$2300. He will make a larger and better run than ever this season. The Baby quartz mine, in Jump-off-Joe district, has been bonded to Harry Rice, D. Myers and J. B. Smith. The bond runs for a year and calls for \$1500. Considerable gold has been taken from the mine by means of an arrastra. The Jacksonville Mining and Milling Co., which has spent several thousand dollars in developing a big quartz ledge in Jackson creek district, lately levied an assessment of 4 per cent. on its capital stock, and will resume operations at an early day. The first payment of \$5000 on the price agreed to be paid C. C. Beekman by J. W. Opp for 200 acres of land in Jackson creek district, which includes the Holman ledge, mill, etc., was paid last Tuesday. The new proprietors will immediately commence the development of the property, which is rich in minerals, and in due time will invest in a large quantity of machinery with which to crush and treat the ores. There is every probability that the enterprise will prove a success. There is a general disappointment among mining men and brokers over the defeat of the bill introduced during the late session of the legislature for the creation of a state bureau of mines. There was really no opposition to the bill; and the only reason why some members of the House fought it was that they feared a certain aspirant for mine inspector would get the position. Two years hence this bill will become a law, and a Portland man to the Telegram one day this week. "It is a shame that it did not pass this year, as it is high time Oregon was taking her rank among the other great mining states of the Union. There is nothing that gives a mining state so much standing as a mining bureau. It is notice to the world that there are mines within the confines of the state, and that the mining industry is of sufficient magnitude to merit the recognition of the state. Our mines will perhaps not suffer by reason of the failure of the bill to become a law; but the diffusion of knowledge in reference to our mineral resources will be retarded. Oregon's mineral wealth will to a certain extent be kept under a bushel basket until the state recognizes the mining industry to the extent of the establishment of a state mining bureau."

Remarkable Cures of Rheumatism. From the Vindicator, Rutherfordton, N. C. The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder, from which he suffered excruciating pain for ten days, which was relieved with two applications of the Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in high joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. Sold by City Drug Store. Probate Court. The following business has been transacted in this court since the last report of THE TIMES: Estate of J. N. Young. April 9th set as day for hearing final statement of administrator. Estate of Wm. Pernoll. Semi-annual account of administrator approved. Estate of John Cromar. April 6th set as day for hearing final statement of administrator. Estate of E. E. Folman. 1st semi-annual report of administrator approved. A Branch Gallery. H. C. Mackey & Boyd have started a branch gallery in Jacksonville, in the Aiken building, California street, opposite Ryan's store. All work will be finished at Medford, and satisfaction assured. Work guaranteed to be the best.

MEDFORD SQUABS.

Mrs. F. W. Hutchison is visiting in Los Angeles, Calif. Miss Jo Orth of Jacksonville visited in Medford Tuesday. Mrs. F. Luy, Jr., is visiting relatives in Jacksonville. O. Biede, a prominent citizen of Jacksonville, was among us Tuesday. T. J. Kenney and John Orth were down from the county-seat Wednesday. R. H. Whitehead and family have returned from their trip to southern California. E. P. Hughes of Talent and J. S. Tucker of Grant's Pass were in Medford Tuesday. John Curry left Tuesday night for Washington, to resume his position in the census office. Jesse Wilson, who now resides near Salem, is in Medford, looking after his property on C street. Mrs. Edie Prim of Jacksonville spent Tuesday night in Medford, the guest of Mrs. L. L. Jacobs. C. B. Rostel is being visited by his sister, who is the wife of a prominent farmer of Siskiyou county, Calif. Dr. R. T. Burnett, the clever dentist, expects to locate in Ashland for the practice of his profession. D. T. Pritchard, the pioneer jeweler of Medford, has returned from a successful business trip to Siskiyou county, Calif. We are pleased to learn that the health of Mrs. G. L. Davis (who is now sojourning in southern California) is considerably improved. Nearly all of our people who are musically inclined left this week for Grant's Pass, to attend the R. R. V. Choral Union's convention. Ransie Rouse has returned from his trip to St. Louis, accompanied by his sister. He is again doing the grand at Al. Helms' popular resort. E. D. Weston has been commissioned to organize camps of the Modern Woodmen of America, and will operate in southern and southeastern Oregon. Frank Wilson has purchased the Model restaurant, on C street, of B. J. Coffer, and will conduct it on a more elaborate scale. The best meals are always served there. Miss Carrie George, the popular manager of the Postal Tel. Co., is nicely located on Seventh street, opposite Hotel Nash. She also carries a good line of cigars. A. Ray, the genial blacksmith, has purchased the grocery store on the west side of the railroad track, and will engage in mercantile pursuits. Success to him. Newt. Morcy will continue blacksmithing at the old stand. A camp of Modern Woodmen of America was organized in Medford Tuesday night by Messrs. Woollever and Abbott. G. W. Mackey is consul; A. Ray, advisor; Geo. Kirtz, clerk; H. B. Nye, banker. The new lodge starts with a good-sized membership and under favorable auspices. Captain, Judge or Mayor Crowell—whichever you please—who was instrumental in having Hon. J. H. Stewart's property placed within the corporate limits of Medford, has been circumvented after all. Mr. Stewart, having purchased the Fordyce farm, across the road from the premises annexed, will make that his headquarters in the future, and move the buildings on the Hill place thither. Old Windy has a decided weakness for throwing down those whom he should serve most.

Still More Counterfeiting. The Secret Service has unearthed another band of counterfeiters and secured a large quantity of bogus bills, which are so cleverly executed that the average person would never suspect them of being spurious. Things of great value are always selected by counterfeiters for imitation, notably the celebrated Fowler's Stomach Bitters, which has many imitations, but no equals for indigestion, dyspepsia, constipation, nervousness and general debility. The Bitters set things right in the stomach, and when the stomach is in good order it makes good blood and plenty of it. In this manner the Bitters get at the seat of strength and vitality, and restore vigor to the weak and debilitated. Beware of counterfeiters when buying.

THE WAR IN CHINA. In an edict the Emperor of China annuls all decrees and reports rendered from June 30th to August 14, 1900, in order that no trace of them be preserved in history. PEKIN, March 4.—The foreign ministers are united and firm in their demand that the punishment of death be inflicted upon twelve additional high officials, and that adequate punishment be inflicted upon ninety provincial mandarins. The officials named by the foreign ministers were especially active in the persecution of foreigners. The Chinese government, as usual, seeks to delay negotiations; but the demands of the ministers are bringing it to a realization that something more than promises are required. A Peking correspondent, telegraphing March 3d, says: The Emperor will return to Peking at the end of March. A bodyguard is already assembling at Sian Fu. Smallpox has broken out among the allied troops.

Your Best Work Cannot be done unless you have good health. You cannot have good health without pure blood. You can have pure blood by taking Hood's Sarsaparilla now. THROAT REST You can cough yourself into bronchitis, pneumonia, and consumption. Bandaging and bundling your throat will do no good. You must give your throat and lungs rest and allow the cough wounds to heal. There is nothing so bad for a cough as coughing. Stop it by using Ayer's Cherry Pectoral. Even the cough of early consumption is cured. And, later on, when the disease is firmly fixed, you can bring rest and comfort in every case. A 25 cent bottle will cure new coughs and colds; the 50 cent size is better for settled coughs of bronchitis and weak lungs; the one dollar size is more economical for chronic cases and consumption. It's the size you should keep on hand. All families ought to be on the watch for sudden attacks of croup or acute lung troubles. Every country home in the land should keep Cherry Pectoral constantly on hand to provide against an emergency. JOSEPH W. WILSON, M.D., Dec. 14, 1898. Holland, Mich.

Rheumatism. is Uric Acid in the blood. Unhealthy kidneys are the cause of the acid being there. If the kidneys acted as they should they would strain the Uric Acid out of the system and rheumatism wouldn't occur. Rheumatism is a Kidney Disease. Eastman's Kidney Tablets have made a great part of their reputation curing Rheumatism. So get at the CAUSE of those fearful shooting pains and stiff, aching joints. There is but one sure way— Eastman's Kidney Tablets. Fifty doses 50 cents. For sale by Dr. Robinson, Jacksonville.

BAD COLDS. Quinine is 10 years behind. Colds do not now have to be endured. Mendel's Dynamic Tablets (called dynamic from their energy) crowd a week's ordinary treatment into 10 hours, and about the worst of colds over night. "It was the worst case of grip I ever had. A half dozen friends had sure cures. Still it hung on. Heard of the Dynamic Tablets. To my amazement they stopped both cold and cough the first night. I endorse and recommend them to the people."—Harley Henley, ex-member of Congress and attorney, 101 Sansome street, San Francisco, July 7, 1900. "I live across the street from where Mendel's Dynamic Tablets are made. That is how I first took them. They stop colds without notice. I took a dozen boxes with me for myself and friends when I went to Nome."—H. L. Van Winkle, Capitalist, 2017 Washington St., San Francisco, Aug. 10, 1900. For sale by City Drug Store, Jacksonville.
