DON'T BE DUPED
There have been placed upon the market several cheap reprints of an obsolete edition of Webster's Dictionary. They are being offered under various names at a low price.

By dealers, agents, etc., and in a few instances as a premium for subscriptions to papers. Announcements of these comparatively worthless reprints are very misleading. They are advertised to be the substantial equivalent of a higher-priced book, while they are all reprinted dictionaries, phototype copies of a book of over fifty years ago, which was sold for about \$2.00, and which was much superior to those imitations, being a work of some merit instead of one Long Since Obsolete.

The Webster's Unabridged Dictionary published by our house is the only meritorious one of that name. It bears our imprint on the title-page and is protected by copyright from cheap imitation. As a dictionary lasts a lifetime it will not be better to purchase the LATEST AND BEST, Webster's International Dictionary of ENGLISH, Biography, Geography, Fiction, etc. Size 10x12 1/4 x 4 1/2 inches.

This Book is the Best for Everybody. STANDARD AUTHORITY of the U. S. Supreme Court, all the State Supreme Courts, the U. S. Government Printing Office and of nearly all the Schools. WARMLY COMMENDED by College Presidents, State Superintendents of Schools and many other eminent authorities.

Webster's Collegiate Dictionary, Recently abridged from the International and next to it the best for the family and student. Size 7x10 1/2 x 3 1/2 inches. Specimen pages either book sent for the asking.

The battalion of Porto Rican troops, which attracted so much attention at Washington on inauguration day, have returned to Porto Rico.
The Michigan Prohibitionist convention by an almost unanimous vote refused to endorse Mrs. Carrie Nation in smashing saloons in Kansas.

WASHINGTON LETTER.
Lectures to Midshipmen—Precedence Among Coachmen—Berths in the Navy Go Begging.
(Special Correspondence.)
The navy department has had under consideration for some time the project of instituting a series of lectures at the Naval academy to be delivered by eminent men in their profession or business and designed to bring the naval cadets into close touch with the world outside. The plan has contemplated the delivery of three or four lectures only during the term. It is with great difficulty that time can be found for this small number of lectures; besides the object in view can best be accomplished by making the visit of the lecturer an event of special importance.
The first lecture will be delivered by President Tucker of Dartmouth college on the evening of March 8.
The naval cadets are expected to gain much from this meeting in person and listening to a leader of thought or activity in the political, educational or business world. The experiment will be watched with great interest, and it is hoped that it may come in time to form a most important feature of the education at Annapolis.

All the Year Round.
POPULARITY GAUGED BY NO PARTICULAR SAISON.
The fact is now established that the most successful railway route, whether you take it in the spring, summer, autumn or winter, is the Rio Grande Western Railway, the only transcontinental line passing directly through Salt Lake City, that quaint and picturesque city on the shores of America's Dead Sea. The climate of Utah and Colorado is temperate the year round, which makes traveling over the Rio Grande Western Railway, in connection with either the Denver & Rio Grande or Colorado Midland railroads, an unbounded success and delight. The dining car service is unparalleled. The road operates only the newest Pullman Palace and ordinary sleeping car equipments, as well as free reclining chair cars. For illustrated matter apply or write to J. D. Mansfield, 253 Washington St., Portland, or Geo. W. Heintz, acting general passenger agent Salt Lake City.

Seattle has many cases of smallpox, as, indeed, it has had most of the time for months past; and yet little is being done to stamp out the disease or prevent its spread to other places.
A large quantity of newspapers, suitable for wrapping, pasting on walls, putting under carpets, etc. can be obtained cheap in quantities to suit, at THE TIMES Printing House.
The celebrated Snap Shot, the best medicine in the world for allaying inflammation in man or beast, can be found at Dr. Robinson's drug store, also at Dr. Hinkle's, Central Point. Try it.
While Mrs. Bulger of Portland was traveling on a train to Spokane she gave birth to twins. The elder, a boy, was born in Oregon, and the other, a girl, in the state of Washington an hour later.
The financial embarrassment of John E. Searies, one of the organizers of the American Sugar Company, and until recently president of the American Cotton Co., will not involve any of the 18 corporations with which he is connected as president, treasurer, secretary, director or trustee. His liabilities will reach about \$13,000,000, and are covered by assets.

Precedence Among Coachmen.
The coachmen of Washington had a ball the other night. The rules of social precedence are strictly observed at these functions. The Washington coachmen drive famous people, and they rank as their employers rank.
For instance, Mr. William Blatcher, the coachman for Secretary Hay, takes and took precedence over Mr. Henry E. Pettit, the coachman for Secretary Root. And Mr. James Campbell, the coachman for Senator Chauncey Depew, comes behind Mr. James Smith, the coachman for Secretary Wilson.
The men who drive the horses of all the cabinet members, senators, representatives and government officials were there with the exception of Mr. William Biglin, the coachman for Lord Pancoeote, the British ambassador. Owing to the recent death of Queen Victoria Mr. Biglin was forced to forego the gayeties of the evening.

Remarkable Cures of Rheumatism.
From the Vindicator, Ruthertfordton, N. C.
The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder, from which he suffered excruciating pain for ten days, which was relieved with two applications of the Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. Sold by City Drug Store.

Navy Berths Go Begging.
The medical corps of the navy is experiencing considerable trouble in securing young physicians who are willing to accept appointments as assistant surgeons.
As soon as the applicants learn of the prospects for advancement they prefer to enter the service of the army, where there is promise of a brighter future. An assistant surgeon in the navy is a lieutenant in the junior grade.
There are at present 15 vacancies in the corps, and two more will occur during the year by the retirement of Medical Director W. K. Schofield, senior officer of the medical corps, and Medical Director J. G. Ayers. Surgeon General Van Reypen says it is impossible to lower the standard, and in order to get efficient men it will be necessary for congress to offer better inducements than exist at present.
One on Justice Harlan.
Justice Harlan of the supreme court is the most demagogue of all the judges. He will talk to anybody who will talk to him and is not too dignified to laugh at a joke, especially if the joke be upon himself.
One of the best jokes upon the judge was the remark of a local lawyer at the Loyal Legion banquet a few nights ago after Harlan had made a speech. "We have listened to the eloquent justice," said the lawyer, "and now that he has finished we cannot tell whether his speech is an obiter dictum or an obiter drinkum."
The guests around the banquet room laughed heartily, but none more than Justice Harlan, who told the lawyer that if he wasn't careful he would be summoned for contempt.

The Blind Chaplain.
Rev. Henry N. Couden, the blind chaplain of the house, is always led to the capitol by his wife. Just before noon each day the venerable pair come along East Capitol street arm in arm. There is nothing about Mr. Couden to indicate that he is blind. He is sprightly despite his age. Mrs. Couden is one of the sweetest and most benevolent looking women in Washington. She is a devoted attendant on her husband, who seems perfectly happy despite his affliction.
Thomas L. Turnipspeed is the unique name of the beneficiary in a private pension law that was recently passed by congress and approved by President McKinley. Private Turnipspeed's name goes on the pension roll for \$12 a month as "late of Captain R. T. Elmore's company, South Carolina volunteers, Florida Indian war."
When Senator Morgan was speaking in the senate, some one suggested that a quorum of the senate ought to be present. "Don't call it on my account," said Morgan, with a smile. "I always feel as if there were a quorum in the senate when I am here."
CARL SCHEFFIELD.

RELIGIOUS APPOINTMENTS.
Rev. Mr. Hansen will hold services at the M. E. church in Jacksonville Sunday morning and evening.
Rev. Father Berthiaume will hold services at the Catholic church in Jacksonville, Sunday, March 17th, at 8:30 A. M.; and in Medford, on the same day, at 10:30 A. M.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.
If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.
